Sir,
Sub: ELEMENTARY EDUCATION FUND - Villupuram Municipal Council
Revision of scales of pay - Additional expenditure
involved - Particulars called for - Submitted.

Ref: G.O. No. 975 Education dated 10-5-47, G.O.No. 1154 Edn
dated 5-6-47, this office B2. 3562/47 dated 19-7-47
and Government Memorandum No. 52511/47-1-c-1 Education
and Public Health dated 26-7-47.

End (1)

I submit that I have already submitted through the
Director of Public Instruction Madras, proposals for meeting the
extra expenditure involved in giving effect to the revised
scales of pay with effect from 1-1-1947 to the Educational staff
(Both Secondary and Elementary Education) in my letter
No. B2. 3562/47 dated 19-7-47. A copy of my letter No. B2. 3562/47
dated 19-7-47 is enclosed.

Further particulars called for in the Government
memorandum cited above are furnished hereunder.

- (1) The actual opening balance of the Elementary Education Fund on 1-4-47 Rs. 1500- 4- 0
- (2) The additional expenditure on account of the revision of Scales of pay which should include expenditure in giving retrospective effect to the scales from 1-1-47. Rs. 8080- 0- 0
- (3) The anticipated closing balance for 1947-48 (either plus or minus) If the actual opening for 47-48 (i.e. Rs. 1500/-) is taken into consideration the anticipated closing balance for 47-48 will be Rs. 1505/- as per the approved Budget. But it is submitted that as per recommendations of the Educational authorities the 4 additional teachers (Two secondary grade and two Higher grade) has to be appointed in four Elementary Schools for which no provisions was made in the approved Budget. The opening balance will have to be utilized for the purpose.
- (4) The rate of Education tax now levied in this Municipality Education tax on property - 2% per annum. Education tax profession - 12% per annum as surcharge.

ESTABLISHMENT - Secondary & Elementary Schools - under Municipal Councils - Villupuram Municipality - Revised Scales of pay - introduction of - Additional expenditure involved - advance payment - Requested.

Ref: G.O. No. 975 Edn dated 10-5-47 & G.O. No. 1154 Edn dated 5-6-47.

In pursuance of the orders of Government cited above, the pay of the staff in Elementary and Secondary Schools have been fixed in accordance with the rules laid down by the Government and the extra cost involved over and above provisions made in the approved Budget was worked out. The particulars of the extra cost entailed in giving effect to the revised scales of pay from 1-1-47 for the two years 46-47 and 47-48 are as noted hereunder.

	Arrear for 46-47	for 47-48	Total
1. Elementary Education staff	910/-	7170/-	8080/-
2. Education other than Elementary (Sec. Education)	1860/-	11490/-	13350/-

Secondary Education:- Steps have been taken to levy uniformly 12 10 instalments of fees in all the Forms of the Municipal High School. This proposal was sanctioned in G.O. No. Rt. 77 Edn dated 12-5-47. This will bring in an additional income of Rs. 200/- over and above that anticipated the approved budget. In addition, proposals were submitted in this office letter No B2.3369/47 dated 8-6-47 to increase the rate of fees in Forms I to VI in accordance with the scale given below:

For Forms IV to VI ^{from} Rs. 5-4-0 to Rs. 6-0-0 per instalment.
Forms I to III ^{from} Rs. 2-12-0 to Rs. 3-0-0 per instalment.

This suggestion if approved is likely to bring in a further additional income of Rs. 6000/- per annum. Orders of Government on my letter dated 5-6-47 are still awaited. It will thus be seen that in case the Government approves my proposal to increase the rate of fees in Municipal High School as suggested above with effect from the current school year, the net cost involved in giving effect to the revised scales of pay for Secondary Education staff will be Rs. 5350/-. This includes the increased rate of dearness allowance likely to be paid in some cases due to the adoption of the revised scales of pay. An advance or Grant as the case may be to the extent of Rs. 5350/- in 1947-48 from Government will be required to meet the extra cost involved.

In working out the extra expenditure, the non-teaching staff viz., Clerks, Librarian, attenders etc., have also been taken into account. It is presumed that the revised scales of pay are to be given effect to those employees also from 1-1-47.

ELEMENTARY EDUCATION:- The extra expenditure involved in giving effect to the Elementary Education staff including peons works to Rs. 8080/-. I request that an advance of Rs. 8080/- may be sanctioned to give effect to the revised scales.

In this connection I submit that in Memorandum No. 20828-1G L.A. dated 4-7-47 (copy enclosed) the Government have passed orders that the Council with its present resources cannot give effect to the revised scales of pay to its staff. It is presumed that the said orders does not apply to the staff employed in the Educational Institutions. I solicit instructions as to whether my presumption is correct.

Sir,

Sub: Villupuram Municipality - Elementary School Teachers - Revised scale of pay - Implementation of - Requested.

The Government was pleased to frame a new scale of pay for teachers in Elementary Schools under Local Bodies in which it was fixed that a Higher Elementary Grade Trained teacher should get Rs.30-1-45 and a secondary Grade teacher Rs.40-1-55-2-75. Though it is some months since this decision was made by Government, the teachers in the several Elementary Boys and Girls schools under the Villupuram Municipality have not been placed on this revised scale.

The Elementary and Secondary Teachers in this Municipality are all men and women of fairly long service and this non-implementation of the revised scale of pay has caused great discontent among them. In these days of ever rising prices of commodities necessary for life the teachers find it extremely hard to maintain themselves and their families. So much so they are obliged to run into debts.

This union understands that Government before asking local bodies to give effect to new scales of pay, enquired into the financial position of the local bodies concerned and permitted only such bodies to implement the new scale as were in a position to do so without difficulty, and in such an enquiry this union learns that Villupuram Municipality did not stand the test. Hence perhaps the delay in the introduction of the new scales of pay for teachers in Elementary Schools.

If this union is permitted it would submit that the financial position of the Municipality could be easily improved to enable it to introduce the new scale of pay for these teachers. On a rough calculation the Municipality will have to incur an additional expenditure of about Rs.4250/- inclusive of managements share of Provident Fund contribution per annum as a result of the introduction of the new scale. Apart from the fact that the Municipal annual income would be increasing consequent upon the growth of the Town. Its rapid industrialisation and the number of cinema shows resulting in the increase of income under entertainment tax. The Union will respectfully suggest an increase of one percent of the property tax specially year marked for Elementary Education. So that the financial position of the Municipality may be on irrefutable basis. The incidence of taxation in this Municipality at present is 15% and an additional one percent cannot therefore be said to be a heavy burden on the rate payer and the newly elected Municipal Council that would come into operation from 1st. October, next would, the union submits, approve this increase. An increase

(Contd.)

of one percent for Elementary Education would fetch Rs.3500/- annually and this would itself cover the major portion of the additional charge that would be incurred by the implementation of the new scale of pay for the teachers in the Elementary Schools. If however Government is pleased to grant an equal sum in as much as the increase of taxation is yearmarked for Elementary Education it would very much strengthen the Elementary Education fund of the Municipality. This giving scope for further improvement and progress in this department of activity.

While publishing the revised scale of pay for teachers in Elementary Schools under Local Bodies Government stated that the additional charge by the introduction of the new scale would be met by a free grant for the first year to Municipalities and by an advance of the required sum for the first year to the District Boards. If therefore, Government would be pleased to give as a free grant the additional sum required by the Villupuram Municipality for this year to enable it to put the teachers in Elementary Schools on the revised scales the new Municipal Council which would function from October 1st. next may be advised to put its financial position on a satisfactory basis so that it would be possible for that body to continue the revised scale of pay for the teachers in its Elementary Schools. If it is not possible for Government to see its way for the payment of a free grant towards the additional charge for the I year, this union would respectfully request the Government to at least grant an advance for the sum required to be repaid by the Municipality in convenient annual instalments.

After all this Union requests Government only to grant barest justice to teachers serving in the Elementary Schools under the Villupuram Municipality. Elementary Education, it need hardly be submitted forms one of the most important activities of a Municipality and these teachers engaged in it have been giving their best all these years. They are poor and need the utmost mercy in these hard days. It makes them extremely disappointed to know that differentiation is made between one Municipality and another. This Union would respectfully submit that teachers cannot be mulcted if the financial position of the Municipality should be considered unsatisfactory by Government. They pray only for mercy and justice and for appreciation of their long and faithful service by the immediate implementation of the revised scale of pay.

This Union therefore request on behalf of the teachers employed in the Elementary Schools under Villupuram Municipality that Government may be pleased to interfere without any more delay and direct the Villupuram Municipality to place the teachers in the Elementary Schools under its management on the revised scale of pay ordered in G.O.No.975 Education dated 10.5.47 as amended by G.O.No.1154 Education dated 5.6.47 without any more delay and thus bring immediate redress to these teachers and save them.

Please see the petition on pages 5-7 c.f. since received. The M.C. Villupuram is not eligible for a subsidy towards the payment of dearness allowance to its E.E. staff.

2. The estimated extra expenditure on revision of salaries is Rs. 8080. Enhancement of Taxation required for the purpose is Rs. 1 $\frac{43}{50}$ p.a. The expenditure on weightage for service is about Rs. 1100 and the enhancement of taxation required is $\frac{12}{50}$ p.a. The total increase of Tax required, therefore, is $2 \frac{5}{50}$ or $2 \frac{1}{10}$ p.a.

3. It may be pointed out here that the figures furnished above, include the expenditure for 14 months i.e. from 1.1.47. The annual recurring liability will be about Rs. 6920, on salaries and Rs. 960 on weightage for service. L.A. have agreed to the enhancement of Tax by 2% p.a. with effect from 1.10.47, which will result in an extra income of Rs. 4345 during the current year and an addl. income of Rs. 8690 p.a. in future years. The Council will, then, be able to meet the entire extra expenditure of Rs. 7880 out of the proceeds of the enhanced Tax from the next year and will still have a surplus of Rs. 800 p.a. to its credit.

the payment of an advance to cover this amount. If weightage for service is also permitted the deficit in the current year will increase by Rs. 1100. The Council is not eligible for a subsidy for the purpose. Vide para. 4 on page 2 of (E). But in view of the fact that the assistance required is small and is limited to this year only, it is for orders whether the Council may, as a special case, be paid a further sum of Rs. 1100 as advance for the purpose. The B.E. for 1947-48 of the Elementary Education fund of the
 Ilupuram Municipal council is expected to close with a deficit on the
 payment of the revised scales of pay to the Elementary Education staff
 from 1-1-47 as under:-

	Rs.
(1) Taking into account Rs.8080 being the cost of the revised scales of pay.	-8,075
(2) Taking into account advance increment with reference to the revised pay of teachers.	-1,100

Open B.E. #5
 Rs. 8080
 Rs. 8075

It is stated that the above deficit took into account the expenditure on revised scales of pay for 14 months from 1-1-47 and that the annual recurring liability above two items will be only 7,880 per annum. E & P.H. have proposed that the rate of Education tax may be raised by 2% from 1-10-47 which is expected to get an additional revenue to Rs.8,690 per annum and Rs.4,345 during the second half in 1947-48 and to grant an advance of Rs.4,800 to be recovered in 5 or 6 annual instalments. L.A. have agreed to the above proposal.

The deficit in the current year is expected to be Rs.9,175 or Rs.9,200 roundly. The additional income expected by the enhancement of the Education tax by 2% in the current year is raised Rs.4,345 or Rs.4,400 roundly. The balance required to cover the deficit anticipated in the current year will be Rs.4,800.

The additional income anticipated in future years is Rs.8,690 or Rs.8,700 per annum. Setting off total cost of Rs.7,880 or Rs.7,900 against the above proceeds the net surplus ^{with Rs.4,800 p.a.} ~~that would~~ be available to meet the repayment of the advance of Rs.4,800 proposed in the current year ~~to~~. ^{The advance will be recovered} ~~therefore be recovered~~ with interest in 6 annual instalments. In the circumstances stated above, Finance may agree to increase the rate of Education tax by 2 % per annum and to grant an advance of Rs.4,800 to be recovered in 6 annual instalments with the usual interest.

Rs.1,500 being the closing balance on 1-4-47, should be recovered and the net advance of Rs.3,300 may be sanctioned.
