SIND PROVINCIAL STUDENTS CONGRESS.

KARACHI. 1. Dt/- 9.6.47.

To,

The Minister for Education,
Indian provinces,
and
The Vice Chancellor,
Universities of India.

Sir,

The Sind Muslim League Government has started Sind University. The students of Sind have from the very beginning declared their resolve to oppose the Sind University Act in its present form, for it is based on unsound lines. Preponderance of officials and the members of the local bodies and Sind Legislative Assembly on the senate, very meagre representation to the educational experts on the Senate, under powers of the Senate, compulsion in affiliation and the elimination of the atheists from the University services are our main objections.

The Sind Government is not prepared to accept any amendment. This is challenge to the youth of this province, which has risen in revolt against such university. The students of Sind have therefore decided to boycott the University and continue their affiliation to Bombay University. The Sind Government in order to cripple our movement of boycott has thought of following measures.

1. Not to admit the students of the college not affiliated to Sind University, in the technical courses.
2. To withdraw the Grants of the institutions refusing to affiliate to Sind University.
3. Not to give service to the graduates of the Universities other than Sind University.

At this critical moment we students stand in the urgent need of the cooperation of all the national minded & patriotic Indians.

You can effectively help us to make this boycott effective by the following measures.

1. Freely admit our students to technical course in your colleges and give them accommodation in hostels.
2. Kindly move your Governments to admit to Provincial services the victimised Sindhi graduates, because of seeking degrees from other universities.

I shall feel much obliged if you kindly let me know your attitude in this direction at earliest possible date.

Thanks in advance,

Yours for the same cause.

SINDH UNIVERSITY STUDENTS CONGRESS
MAR 1947

To,
The Minister for Education,
Indian provinces,
and
The Vice-Chancellor,
Universities of India.

The Sindh Muslim League Government has started Sindh University. The students of Sindh have from the very beginning declared their resolve to oppose the Sindh University. It is their present form for it is based on wrong lines. The Government of Sindh has appointed a committee of local bodies and legislative assembly on the subject, very many representatives of the educational experts on the Senate, under powers of the Senate, compilation in relation and the elimination of the students from the University, services and our main objections.

The Sindh Government is not prepared to accept any amendment. This is challenge to the youth of this province which has taken in "Sindh" against such university. The students of Sindh have therefore decided to boycott the University and continue their affiliation to Bombay University. The Sindh Government in order to cripple our movement of boycott has thought of following measures.

1. Not to admit the students of the college not affiliated to Sindh University in the technical courses.
2. To withdraw the Grants of the institutions relating to Sindh University.
3. Not to give service to the graduates of the Universities other than Sindh University.

The Secy. to the Govt. of India,
Ministry of Health, New Delhi

Sir,

Subject - Medical Colleges, Madras
Presidency. Admission of refugee students.

In continuation of this Govt's letter no 72176 D2/47-13 M. & 30.9.47, I am directed to state that in June last, representations were received from Sahilramani Secy, Sind Assembly Congress Party, President, Sind Provincial Congress Committee and the General Secy, Sind Provincial Students Congress that Hindu and Non-Muslim students from Sind were finding it difficult to secure admission to the Dow Medical College, Karachi and requesting this Govt. to arrange for the admission of some of these students into the Medical Colleges in the Madras Presidency.

Presidency. This Govt. ^{then} replied, ~~by~~ stating that
no seats ~~can~~ ^{could} be reserved for those students in any of the
colleges here, as the seats available in them ~~are~~ were
quite insufficient to meet the requirements of
students of this Province. This Govt. however feel that
the case of these students ^{may be} deserves sympathetic
consideration and ^{may be} dealt ^{with} along with that of the refugee
medical students whom this Govt. have undertaken
to admit into their medical colleges. I am directed
to request that if the Govt. of India have no objection,
a reasonable number of Sindi Hindu students
may be included in the quota of 120 refugee
medical students.

Sind has got its own medical college and
Hindu students are given admission there
in proportion to their population. There is
a great demand here for medical education
and we are not able to meet this demand.
In the present circumstances there is no
justification for us to provide seats for
Sind Hindu students in our medical
colleges.
