A copy of the report of the Revenue Inspector was submitted to Government with this office Re.3612/47 K7 dated 3-5-47. Another copy of the same is enclosed.

Trj.28.5.47.A.

Encl: one copy of R.'s report.

1/2 For Collector:

Copy of the report of the Revenue Inspector N.Dis. 406/47
dated 13-5-47.

The survey number 13/1 of Z.Burakuppam village was inspected by me. The land is registered as dry with an assessment of Rs.1/- per acre. The extent of the land is A.9.19. Some part of the land is said to be within the water spread of Burakuppam tank. The land lies on the inner side of the tank. Similar dry lands lying just on the western side of S.13/1 are cultivated with dry crops and there seems to be no distinction between the soil of S.13/1 and adjacent lands. The land in question is a levelled ground fit for cultivation of dry crops such as varagu etc.

The party who was enquired represents that he was arranging to plant fruit garden in one part and to cultivate food crop in the southern part of the land as the land lies in one block of A.9.19 and he propose to dig a well for the purpose.

On account of the prohibition to cultivate the land the party represents that he has to suspend his work. Thereby he represents that he was put to a loss of Rs.200 as he could not enter in the land. Further he had to pay Rs.9-3-0 to Dewasthanam without utilising the land due to definite prohibition imposed on the land. He therefore requests that the land may be purchased at the market rate of Rs.3000/- or to permit him to cultivate the land and also to dig a well for irrigation purpose only.

p.t.o.

-2-

The village officers who were enquired, report that the land is fit for dry cultivation and best suited for fruit gardens due to suitability of land lying in one block of large extent. It is valued at Rs.3 per cent. They further say that there was no sale of similar lands during the ~~past~~ past years.

In the above circumstances the land may be ~~acquired~~ acquired or the party may at least be permitted to cultivate the lands, prohibiting mining operation and also permitted to dig one well only solely for irrigation purpose.

I have made enquiries in the village regarding the present value of the land. Due to the present increased value of lands and due to the land lying in one block with a large extent suitable for cultivation of dry ~~crop~~ crop it is estimated at Rs.3/- per cent and I agree with the valuation.

The statement of the party and the village officers are enclosed herewith.
