Department.

Sir,

I have the honour to submit for favourable consideration of Government the following proposal for the conversion of one of the posts of Drawing Mistress in the Lady Willingdon Training College, Madras, into that of a combined post of Drawing and Sewing Mistress.

Originally there were the following posts in the Lady Willingdon Training College, Madras.-

- (1) One combined drawing and sewing mistress in the scale of Rs 100-5/2-125 and
- (2) One drawing mistress in the scale of Rs 45-3-90.

Government in their Order No. 2164 Law Education, dated 16th November 1933 abolished the post of the combined drawing and sewing mistress on Rs 100-5/2-125 and created in its stead a post of drawing mistress and a post of needle work mistress, with effect from 1st June 1934. Thus since 1934 the institution is having (1) two posts of drawing Mistresses and (2) one of post of needle work mistress.

One of the posts of drawing mistresses in the college is reported to be vacant since 1943 as it has not been found possi-

ble to secure the services of a qualified hand and in consequence the whole time table of drawing and needle work is shared by one drawing mistress and one needle work mistress each one of them having 30 periods a week out of 35.

The Principal reports that after the experience with separate posts over a decade, it is felt that institution is now needed of fully qualified teachers in each of the subjects Drawing and Needle-work and one teacher qualified in both the subjects for the reason that after the abolition of the drawing examination in Secondary and Elementary training courses, there is no need now for so much time being devoted to the study of drawing whereas one needlework teacher is not enough for all the teaching to be done in needle work. Further from the next school year there will be 10 extra periods for drawing and 6 more for needle work due to the opening of additional sections in the High School Department. The Principal therefore requests that one of the drawing mistress's post be converted into that of a combined drawing and sewing mistress post so that the combined mistress can teach the over flow classes in Drawing and needle work and be of real use.

The Principal suggests that the qualification for the post of a combined drawing and sewing mistress may be the possession of a higher grade certificate in one subject and a lower in the other.

In the circumstances, I request that Government may be pleased to sanction the conversion of one of the posts of drawing mistress into that of a combined post of drawing and sewing mistress and also approve the qualification suggested for the post since it will be easy to secure the services of a mistress with the qualifications suggested by the Principal.

No Extra cost is involved in the proposal.

Sir,

REF:- Post copy of telephonic message dated Nil.

I have the honour to state that the need for an additional drawing post is not at present so great as it was in 1933 when blackboard drawing formed a subject of examination for the Secondary Grade Training students. At the same time needle work has become more prominent especially in this institution where it forms one of the subjects for the craft examination in the training classes. Even in the High School department pupils prefer this subject to others like weaving, basketry etc. The Principal therefore considers that additional assistance is required for

= 2 =

the teaching of Needlework. It will no doubt be difficult to secure a teacher with the requisite qualifications in both the subjects, but it may be possible to secure one with required standard in drawing and with a lower standard in needle work. The Principal further states that it will be possible to devote adequate attention to both the subjects drawing and needle work only if there is a combined post, which will not be practicable if there is only a drawing mistress on the staff. Under the circumstances, I request that as recommended in my letter R.O.C.No.11428-K3/46 dated 28th March 1947, one of the two posts of drawing mistresses may be combined into a drawing and needle work mistress.

2. The scale of pay for the combined post may be Rs.45--3--60--2--90 as in the case of other specialist teachers.

I have the honour to state that on reviewing the position
I find that there is no necessity to have 2 drawing mistresses in the
High School department. Drawing is not a subject for the training
examinations and I consider that one mistress will be sufficient for
this work. I would therefore suggest that one of the posts of Drawing
Mistress may be converted into that of a sewing mistress.
