R.C.No. 57-W/44 dated 31st July 1946.

ASST. SECRETARY TO
8 AUG 1946

Sir,

Educational concessions to the children and dependents of soldiers--Levy of special (Physical Training and Games) fees--Compensation by the Government--Requested.

In their order No.1305 Education dated 4.9.1944, the Government have exempted the children and dependents of soldiers from payment of special fees levied in educational institutions such as fees for medical inspection, physical training and games, the use of the library, laboratory etc. It was also ordered in (i) G.O.No.887-Education dated 14.6.1945 that no compensation for the loss so sustained would be paid to institutions managed by local bodies or the government.

A 2. I submit that the special fees collected in the educational institutions are of two kinds (Viz.)

(a) those like the library, laboratory and medical inspection which are credited to the management's funds in the case of private institutions or to the Provincial or local body funds in the case of institutions managed by the government and the local bodies respectively; and

(b) games and physical training fees and literary association and reading room fees which are credited to separate private funds (quasi-public-funds).

The former are intended to cover in part or wholly the expenditure under the corresponding heads incurred during the year by the respective managements. The latter are intended to be used by the students during the year for purposes relating to games, associations and the reading room, including entertainments, etc. The chief difference between these two categories of fees lies not as assumed in the G.O. quoted above in the mere fact of their being creditable to one or other funds but in their ultimate destination and the agencies by which they are to be used and which are to profit directly from them. Whatever justification there may be for refusing to compensate the Local Bodies in respect of the former there is none in refusing to compensate the associations etc. of the boys of the schools under either government or local bodies in respect of the latter. It will not be just to expect one set of boys to pay for amenities enjoyed by another set of boys and it becomes still more unjust when it is remembered that the boys in aided institutions are compensated for the loss.

3. The number of military concession holders in most of the educational institutions is substantial and as these students are exempted with reference to G.O.No.1305-Education dated 4.9.1944 referred to above, from payment of special fees, particularly games fees and as no compensation is sanctioned by government for the loss thus sustained to institutions under the control of the local bodies and the Government, the financial resources of the private games fund accounts of the institutions are to that extent crippled. This naturally results in the restriction of the extra-curricular activities undertaken by the heads of the institutions concerned. I further submit, in this connection, that military concession holders ~~charge~~ Share equally the benefits of these extra-curricular activities at the expense of their fellow students who are obliged to pay the special fees therefor. It may not be out of place to mention here that the games materials are purchased from the special games fees levied from students that pay special fees but are utilized in common by all the students including the recipients of the military concessions though the latter do not pay for the cost of such materials. Further, activities like the literary union, games, dramatic associations and so forth are supported mainly by the collections from the students themselves, some of whom are quite poor. It is not, therefore reasonable that the main body

(u)

A

(v)

of students should be forced to maintain these concession holders and treat them to social literary and athletic activities free of cost. Even from the point of view of the concession holders the present practice is, I submit, somewhat demoralising in that it takes away somewhat from their self respect. I may add that the games fund~~s~~ account of the institutions under local bodies the Universities and the government will further be hard hit on account of the award of educational concessions which have since been extended to the demobbed service personnel in G.O.No.1167-Education dated 12.6.1946.

A

(e)

B

4. Government quite properly are compensating for loss of fee income in respect of aided institutions and there is no reason for discriminating against the students in the rest, in this particular matter.

C

(3.)

5. In these circumstances, I request that the Government may be pleased to sanction, in partial modification of G.O.No.837-Education dated 14.6.1945 referred to above, the compensation for the loss sustained in respect of fees which are for the benefit of students' organisations, like games fees, reading room fees and association fees in the case of institutions under the control of the local bodies, those under the control of the Universities and those maintained by the Government or in the alternative cancel the exemption.

Pupils in educational institutions in this province, whether they be under the control of Government, local bodies, or aided-agencies, have to pay besides the~~ir~~ ~~tution~~ tuition fees, special fees for medical inspection, physical training and games, library, ~~of~~ laboratory, reading room and literary associations. Children and dependants of military personnel in educational institutions are granted exemption not only from payment of tuition fees but also from the payment of the special fees. G.O.No. 1305 Edn. dated 4-9-44. In the case of schools under aided-agencies the loss of fee income foregone on account of the grant of the concessions is made good by Govt. but local bodies have to bear the expenditure from their funds.

2. In 1945 it was proposed that local bodies should be paid compensation for the loss of income foregone by them by the grant of concessions in regard to tuition and special fees. In G.O.No. 887 Edn. dated 14-6-45 the Govt. declined to modify the existing arrangement.

(I)

pp1-3 cf

3. The D.P.I. now brings to notice that the special fees collected in educational institutions are of two kinds:-

A

(1) Library, laboratory and medical inspection ~~fees~~.

(2) Games, physical training ~~fees~~, literary associations and reading-room ~~fees~~.

He says that while the fees collected under (1) above are intended to cover in part or whole the expenditure under the corresponding heads during the year by the respective managements viz., Government, local body or aided, the fees collected under (2) above are intended to be used by students during the year for purposes relating to games, associations, and the reading-room including entertainment, etc. He says that whatever justification there might be for refusing to compensate the local bodies in respect of the item under (1), there is none ~~in~~ for refusing to compensate them in respect of items [illegible] He considers it will not be just to expect one set of boys to pay for the amenities enjoyed by another set of boys and that the injustice is all the more when it is remembered that aided institutions are compensated for the loss sustained by them. He requests that the Government may be pleased to sanction in partial modification of G.O.No. 887 Education dated 14-6-45 compensation for the loss sustained in respect of fees which are for the benefit of students' organisation, like games ~~fees~~, reading-room ~~fees~~, association ~~fees~~, in the case of institutions under the control of local bodies, universities and Government or in the alternative cancel the exemption.

M

I

The Director has estimated the amount of fee income foregone by the grant of exemption from payment of the special fees ~~is~~ as follows:-

Fees.	For children and dependants of military personnel under G.O.No. 610 Edn. dated 20-4-45.			For ex-service personnel for their further education under G.O. 1167 Edn. dated 12-6-46.

In connection with the recent revision of salaries of teachers the Government have ordered that secondary schools under local bodies should be treated on a par with aided schools for purposes of aid.—Vide paragraphs 2 to 4 of G.O. No.975 Education dated 10-5-1947. Aided secondary schools are given full compensation for the loss in fee income sustained by them by the grant of military concessions. Secondary schools under local bodies also will hereafter be paid full compensation towards the loss sustained by the exemption of children and dependants of soldiers from payment of special fees and tuition fees--Vide (iv) & (V), para 4 (a) of G.O.No.975, Education 10-5-47.

B

In the case of Government institutions and Universities it may not be practicable to withdraw the concession. The total expenditure so far as Government institutions are concerned is estimated at Rs.6792 and the loss to the funds of each institution will be very small. In view of 'M' above, the D.P.I. may be authorised to make a contribution from the provision made for the contingencies of each institution. The Universities are already paid compensation for the loss on account of exemption of children and dependants of soldiers from tuition fees. The loss on account of

exemption of special fees is only Rs.288/- This item also may be made good. Please see in this connection p 13 nf.f of (U) and also the last sentence in para 7 of G.O.NO.1167 Education dated 12.6.46.

The case is set out in E.P.H. note on pp. 1-3 above. Please see also the D.P.I.'s letter on pp. 1-3 c.f.

para 3, p3 c.f.

2. The proposal of the D.P.I., which is supported by E.P.H., is that the Govt. should meet the cost involved in the exemption of children and dependents of soldiers who served in the last war and of ex-service men from payment of special fees, which are for the benefit of students' organisations, like games fees, reading room fees and association fees. The Dir. considers that these fees should be distinguished from the other kinds of special fees specified in item (1) in para. 3 on p. 1 above and that, accordingly, the decision in para. 2 of G.O. 887 Edn. d. 14-6-1945 refusing to compensate edl. institutions run by local bodies & the Govt. for the loss of fee income should be modified in respect of the particular kind of special fees mentioned at 'M' above. There seems to be some force in the arguments advanced in the D.P.I.'s letter on pp. 1-3 c.f. Fin. may therefore accept the proposal referred to above & the procedure indicated at 'D' on p. 2 above.

para 2, pp 1-2 c.f.

The proposal is estimated to involve a total expre of Rs. 17,334 p.a. - vide details in the statement on p. 2 above.

please see below
24.7.47

3. The proposal need not be treated as a 'new service', as the Govt. are now giving compensation to universities & aided agencies for loss of fee income caused to them by the grant of the concessions and the proposal [illegible] only

only an extension of the principle of compensation ~~to~~ so as to cover the loss of income under games fees, etc., & so as to allow compensation in respect of these spl. fees to local bodies. The previous position according to which local bodies were not allowed compensation for loss of fee income has been modified by the recent orders referred to at portion 'B' of E.P.H. note on p. 2 above.

4. E.P.H. may be requested to circulate the case to H.M. (Fin). if the proposal is to be sanctioned.

This question was fully examined in the notes on pages 7-11 of G.O.No.887 Education dated 24-6-45 and it was then decided that no compensation need be paid either to institutions under the control of local bodies ~~or to Government institutions~~ or to those managed by the Govt for loss of income consquent on the grant of exemption from payment of special fees for games, physical training etc. to the Military personnel or their dependents. (I)

The proposal now is to modify the above orders partially ~~wholly~~ in so far as it relates to fees which are for the benefit of students organizations like games, physical training, ~~reading room~~ Literary) Associations etc. X on p2 above

The reasons adduced are: _

(1) The special fees are credited to a separate private fund. p1 cf

(2) It will not be just to expect one set of boys to pay for the amenities enjoyed by another set of boys. p2 cf

(3) The present practice is demoralizing in that it affects the self-respect of the boys (presumably Ex Military personnel and their dependents). A on p3 cf

(4) The games fund account of these institutions will be further hard hit by the extension of the concession to demobilized personnel sanctioned in G.O.No.1167 Education dated 18-6-46. B on p3 cf

(m)

---

(2)

(5) When aided institutions are compensated, there is no reason for discriminating against the students in the rest (schools under the management of local bodies, Govt and Universities) in this particular ~~measure~~ matter. C on p3 above

(6) Secondary schools under local bodies will be paid compensation in this regard in future with reference to orders in G.O.No.975 Education dated 10-5-47. B on p2 above

The above points are dealt with below:

Item (1) above. p4 The fact that the above class of special fees are credited to separate funds was already considered by the Government and it was held that it was not a valid ground for giving compensation. p2 of (I)

Item (2) above. p4 There does not seem to be anything unjust in the present practice. As a matter of fact, while all the students in an institution pay games and other special fees only a few of them actually take part in the games or avail themselves of the amenities provided. In this respect one set of boys ~~do~~ enjoy the amenities provided at the cost of all the boys.

Item (3) above. p4 If the students concerned feel that their self respect is affected, it is open to them not to avail themselves of the concessions and to pay the special fees prescribed.

Item (4) above. p4 As noted at A on page 9 N.F. of, (I) if in cases where the special fees are foregone, there is a need for the deficit in the separate funds being made good, it will be for the local bodies (or the University) concerned to do it and not for the Government.

Item (5) above. The grant of concessions to Military personnel and their dependents is not a matter for the Govt. alone, but concerns every citizen and Institution and much more so, local bodies which are quasi-Government institutions. Each should contribute his or its quota towards the expenditure.

As noted at X on page 9 N.F. of (I) the amount involved in each case will probably be trivial compared with the total

C1

amount of the funds concerned. The local bodies or the University concerned, should, (as is done by the Government in the case of aided institutions) contribute towards the deficiency of the funds in respect of the schools under their management.

As regards the institutions under the Government management, the D.P.I may come up to the Govt. for sanction of a special grant if in the case of any particular institution it is not possible to meet the expenditure from out of the funds in a particular year and the case will then be considered by the Government on its merits.

(2)

Item 6 above. P.5 The concession sanctioned to secondary schools under the management of local bodies in G.O.No.975 Education dated 10-5-47 and referred to at B on page 5 above was presumably for a special purpose, viz. to meet in a part the additional expenditure involved in the revision of the salaries of teachers, recently sanctioned by the Government. It should not be ~~interpreted~~ considered as modifying the general principles a~~dopted by the Govt. in the matter. and~~ set out at A on page 9 N.F. of (I).

B

In the circumstances, this Department may advise that there is no strong case for reconsidering the orders issued already in the G.O. at (I), in regard to the special fees for games etc. creditable to separate funds. If E & P.H. wish to press their case, they may be requested to take orders in circulation including H.M.(Finance). (The additional expenditure to the Govt. involved in the proposal is Rs.17,334/- p.a.)

With reference to the special fees payable by the students, the D.P.I.'s suggestion is that the exemption to ~~of~~ children of ex-servicemen has created a loss to these funds in the schools and as such they must either be made good by the Government or the ex-service men themselves must be asked to pay them. I do not see any reason why those children should not be asked to pay the special fees alone. while in the ordinary regular fees they may be left free. If Finance has no objection to the proposal, that may be done. If there is any ~~no~~ objection to the children of ~~the~~ ex-service men being asked to pay the special fees, the Government must make good the amount.
