No. 3068-A/46-1, dated 11th April 1947.

Sir,

Sub:- Establishment Attenders' Service Rules - Amendment proposed.

There are two grades of attenders in this office, one a lower grade in the new revised scale of Rs. 16-1A-25 and the other an upper grade in the scale of Rs. 24-1-32-1A-35. Promotion to the post in the upper grade is always made from the lower grade. Officiating promotion is also permissible when the lower grade men officiate in upper grade vacancies (Please see G.O. No. 879, Education, dated 25th June 1943). Both the lower grade as well as the upper grade were formerly considered to belong to the Madras General Subordinate Service, but in 1941 the Government, in their Memorandum No. 23148-C-4 E & P.H., dated 27th August 1941, declared that the attenders in the lower grade should be treated as peons and included in the Madras Inferior Service. This has created certain practical difficulties the nature of which is explained below.

2. Since the attenders in the upper grade belong to the Madras General Subordinate Service recruitment to the posts in that grade should, according to the Service rules, be made "by direct recruitment or for special reasons recruitment by transfer from any other class or service" (Please see Madras Service Manual Volume III page 99 class XXVI). But, as has already been stated, these posts have always been filled up by promotion from the lower grade. The reason for doing this has been explained in my letter No. 463-A/45-1 dated 11th May 1943 read in G.O. No. 879, Education, dated 25th June 1943. Briefly it is this: the posts of lower grade attenders were created with the object of providing a training ground for the recruits before promoting such of them as are capable and deserving to the upper grade. But since the posts in lower grade have now been ordered to be treated as belonging to the Inferior Service the attenders in the lower grade cannot, strictly speaking, be promoted to the upper grade as vacancies in the upper grade are to be filled by direct recruitment. Of course vacancies can be filled up by transfer from another class or service, but such transfers should be made for "special reasons" only and should not therefore be made in every case. If the rules were strictly enforced, vacancies in the upper grade will almost always be filled by direct recruitment. This would not only result in great hardship to the lower grade attenders, most or all of whom are men who possess a III Form qualification, but would also defeat the object of having a lower grade of attenders, namely that training the recruits. This would also more or less nullify the object with which officiating allowance from the lower grade to the upper grade was granted.

3. It may, perhaps, be said that, since the rules allow appointments to the higher grade of attenders by transfer from another service, 'for special reasons', the existing practice of transferring men from the Inferior Service in every case may be continued. But this may amount to a violation of the statutory rules. Moreover recruitment to the Inferior Service will always have to be restricted to men possessing the III Form qualification in order that, later on they may be promoted to the higher grade for which a qualification of III Form has been fixed in the General Subordinate Service Rules. Such a restriction, however, cannot be enforced, since the Inferior Service Rules do not prescribe any such qualification. The Collector who, according to the rules, is the authority for selecting candidates to the Inferior Service, usually selects men without a III Form qualification and it will be irregular on the part of this office to insist that he should select only men with a higher qualification than that prescribed by the Service Rules. Although the Collector has not, till now, protested against the demand of this office for persons with a III Form qualification, it may not always be so and he may, at any time, refuse to comply with such a demand. Moreover, considerable delay and difficulty is being experienced whenever the Collector has been requested to allot suitable men to fill up vacancies that arise in the lower grade of attenders, owing to the paucity of candidates with a III Form qualification who are willing to take up appointment in the Inferior Service.

4. With the object of removing the anomalies and overcoming the difficulties I beg to suggest that the Rules may be amended so as to provide for the following arrangement. All the attenders in the office may be placed in the General Subordinate Service. They may be divided into two grades: a I Grade (in the scale of Rs.24-35) and a II Grade (in the scale of Rs.16-25). All appointments may, in the first instance, be restricted to the II Grade. Appointments to the I Grade may be made by promotion from the II Grade. An arrangement similar to this has been provided for in the rules relating to the attenders in the Madras Legislature (Please see page 99 of Service Manual Volume III). I therefore beg to recommend that the suggestion made above may kindly be approved by the Government and the Service Rules modified accordingly.

With reference to the proposals of the Curator in his letter read above, it has been suggested that the object of the proposals mentioned above may be gained by making the following provisions in the special rules for the Madras General Subordinate Service and the Madras Inferior Service:-

Madras General Subordinate Service - Class XXVI : "In respect of attenders in the M.R.O. recruitment shall be only by promotion from peons on Rs16-25 doing attendant's work in the same office".

Madras Inferior Service - Rule 8 - qualifications:-

"A person for recruitment to the Inferior Service in the M.R.O., shall possess a III Form qualification".

2) Education and Public Health Department Memorandum
No. 28757 C2/47-2 Edn., dated 23rd May 1947.

I beg to offer the following remarks on the provisions proposed
to be made by the Government in the special rules for the Madras General
Subordinate Service and the Madras Inferior Service in respect of the
attenders in this office.

2. The first provision states that recruitment to the posts of
attenders in this office shall be only by promotion from peons on Rs. 16-25
doing attenders' work in the office. This provision enables promotions
to the posts of attenders in the upper grade to be made in future from
the Inferior Service without infringing the statutory rules in any manner.
The second provision suggested, viz., that a person for recruitment to
the Inferior Service in the Madras Record Office shall possess a III
form qualification, will likewise enable the office to get men who will
be suitable for promotion to the posts of attenders in the upper grade.
But these two provisions will not overcome the practical difficulty
explained in my letter. According to Rule 6 (c) V of the Madras Inferior
Service Rules, whenever there is a vacancy in categories 3-6 (and peons
will come under category 5) the Collector of the District (now changed
to the Special Assistant, Ex-Servicemen's Resettlement, in G.O. No. 1040,
Public (Services) dated 1st April 1947) has to be approached to allot
a man from the register of ex-armymen which he is bound to maintain under
Rule 6 (c)(i) of the Madras Inferior Service Rules. If the provision

suggested

suggested by the Government is incorporated in the Madras Inferior Service Rules, the Collector (now the Special Assistant) may have to maintain a separate register of men who possess III Form qualification for persons who are suitable for appointment as attenders in this office. All the Collectors will not, however, have to maintain these special registers, but only the Collector of Madras and, so long as the Madras Record Office is located at Chittoor, the Collector of Chittoor. The rules will therefore have to be modified so as to prescribe a separate register in the case of the Collectors of Madras and Chittoor alone. Otherwise Rule 6 (c) V will have to be so modified as to exclude the attenders in the lower grade in this office from the scope of that rule. At present that rule contains certain exceptions such as hammani or mustering woman in the women's branch of the Madras Educational Department, or in the Agency. There cannot therefore, perhaps, be any serious objection to making an exception in the case of the peons in the Madras Record Office also. But then the exception will be required only in the case of the persons who are appointed in this office to do attenders' work. No exception need be made in the case of the peons proper, of whom there are four, and the Durwan and the Assistant Durwan, all of whom come under the Inferior Service and can be governed conveniently under the existing rules. In view of these complications and in view of the fact that it is wrong to classify attenders who do intelligent and responsible work with peons who do menial work I beg to submit that it is not desirable to place the lower grade attenders in the Inferior Service along with the peons. I would therefore again suggest that the Government may be pleased to place them in the General Subordinate Service and to amend the General Subordinate Service Rules in the manner indicated by me in my earlier letter.

ORDER/MS. 2428 EDN., DATED 12-1-47.

Under the rules relating to the Madras General Subordinate Service, appointment to the posts of attenders in the M.R.O. is by direct recruitment or for special reasons by transfer from any other class or service. In practice, however, recruitment to the posts is made by the promotion of peons who have passed the III Form and who are considered suitable for appointment as attenders. The normal method of recruitment is thus recruitment by transfer. The Govt. direct that the rules be amended to be in accord with the practice.

2. The following notification will be published in the Fort St. George Gazette:--

NOTIFICATION.

In exercise of the powers conferred by paragraph (b) of sub-section (2) of section 241 of the Govt. of India Act, 1935, H.E. the Governor of Madras hereby makes the following amendment to the Special Rules for the Madras General Subordinate Service which form Section 9 of Part III-B of the Service Rules in Volume III of the Madras Services Manual, 1948.

AMENDMENT

"In Part II of the said Special Rules, under Clause XVI in rule 2, against "Any other category" for the entry "Do" the following shall be substituted, namely:--

"Direct recruitment or for special reasons, recruitment by transfer from any other class or service;

Provided that in the case of Attenders in the Madras Record Office, recruitment shall be by transfer from the category of peons in the same office, or for special reasons, by direct recruitment."

Prior to 27.8.41, there were two grades of attenders in the M.R.O, one on Rs 19-30 and the other on Rs 12-17. Promotion lay from the lower grade attenders to the higher grade attenders. In Memo No 23148C/4 dated 27-8-41 the curator M.R.O was informed that attenders on Rs 12-17 in his office should be classed as peons and therefore be included in the Madras Inferior Service and not in the Madras General Subordinate Service as formerly. Effectuating promotion from the lower to the higher grade attenders was sanctioned with effect from 25.6.1943 to the attenders in M.R.O. (vide G.O No 879 Edn. dated 25.6.43). Since the two grades of attenders in the M.R.O were classed into different services and since effectuating promotion was allowed between those two grades in the G.O at (V), the curator M.R.O. has in his letter on pages 1, 2 etc. points out certain difficulties and anomalies in the existing position of those attenders. ^{To remove those difficulties and anomalies} He now proposes that all the attenders in his office may be placed in the General Subordinate service and divided into two grades namely 1st grade in the scale of pay of Rs 24-35 and the 2nd grade in the scale of pay of Rs 16-25 and that appointments may in the first instance be restricted to the 2nd grade, recruitment to the 1st grade being ^{restricted to} by promotion.

P.T.O

2 from the 2nd grade.

2 In ~~clause xxvi~~ clause 26 of the Madras General Subordinate Service, there is only one class of attendants on Rs 19-30 (Revised scale Rs 24-35). In the Secretariat of the Madras Legislature, however, there are two grades of attendants (viz) grade I (literary attendants) on Rs 30-35 (Revised scale Rs 40-55) and grade II who are on the same scale of pay as the attendants in other offices including other departments of the Secretariat.

~~The analogy of the attendants in the Secretariat of the Madras Legislature relied upon by the curator is not relevant to the issue. The first grade attendants in the Secretariat of the Madras Legislature are purely literary attendants and different from the other attendants. There is no need to have two grades of attendants in the M.A.O.~~

The object of the curator to give promotion to the lower grade attendants classed as peons in his office to the grade of attendants in the General Subordinate Service ^{in his office} may be achieved by making a provision in the General Subordinate Service in respect of ~~clause xxvi~~ ^{clause xxvi} to the following effect (viz) "In respect of the attendants in M.R.O., recruitment shall be only by promotion from peons ¹⁶⁻²⁵ doing attendants' work in the same office".

Similarly in rule 8 of the special rules of the Madras Inferior Service ~~for government~~ qualification it may be provided that a person for recruitment to the Inferior Service in the M.R.O. shall possess a III form qualification.

3 Rule (Serv) may advise whether the above proposals may be given effect to achieve the object of the curator M.R.O.

p127-BK114
2.6.47

The Curator has offered his remarks on the suggestions put forward to him for consideration in the Memo on p 9 c.f. - vide his letter on pp 11-12 c.f. According to him, the suggestions involve the following further provision in the rules:-

(1) Maintenance of separate registers of ex army men under Rule 6(c)(1) of the Madras Inferior Service Rules for persons who possess III Form Qualification for appointment as Attendants in the M.R.O. by the Special Assts to the Collectors of Madras and Chittoor - by the latter only so long as the records remain at Chittoor; or

(2) Amendment of Rule 6(c)(1) to exclude the Attendants in the lower grade from the purview of that rule (at present certain posts are excluded from the scope of the rule). This exclusion is necessary only in respect of persons doing attendant's work and not in respect of peons proper.

The Curator states that in view of the above complications and in view of the fact that it is wrong to classify Attendants who do intelligent and responsible work with peons who do menial work, ~~it is~~ ^{it is} not desirable to place the lower grade Attendants in the Inferior Service ^{along} with the peons and that they should be placed in the General Subordinate Service as was the case prior to the issue of

p12 of

the Memo of 1941 at page 7 c.f. He requests that his suggestions at 'A' on page 2 c.f. may be given effect to.

2. Public (Services) may advise whether the proposals of the Curator at 'A' on page 2 c.f. or the suggestions of this Department in the Memo. on page 9 c.f. coupled with the alternative suggestions of the Curator in para 1 above may be given effect to.

20.6.47
The attenders in the lower grade Rs. 16-25 receive the same pay as peons and hence they are rightly included in the 'Superior Service'. If they are included in the 'Superior Service' they will have to be put into the 'Superior Service' but with the same pay. This classification is bound to induce them to ask for a better scale etc. It seems therefore that this Department's suggestion will be adopted.

Public (Services) Deptt.

Please see the notes of E.&P.H. on pp 1-4 ante.

2. Attention is invited, in this connection, to the papers in G.O. 879, Education, dated 25-6-43. It is wrong to classify peons on Rs. 12-17 (now on Rs. 16-25) as attenders-- Vide G.O. No. 842, Public, dated 10-9-1927, which clarifies the position in regard to the status, pay and qualifications of attenders. This Department may agree with E.&P.H. that peons on Rs. 16-25 doing the duties of an attender in the M.R.O. cannot be included in the category of attenders in the Madras General Subordinate Service. Persons possessing third form qualification or an equivalent qualification may not always be available or forthcoming for the peons' scale of pay. In fact, the so-called lower grade attenders in the M.R.O. seem to discharge duties similar to those performed by the attenders in the C.R.B. of the Chief Sectt. In the circumstances, the only solution seems to be to convert such posts in the M.R.O. into those of attenders on the standard scale of pay.

3. Appointment to the posts of attenders can be made either by direct recruitment or by transfer for special reasons.

Peons in the M.R.O. performing the duties of attenders might have already acquired sufficient experience in that line. Such experience or training can be regarded as a 'special reason' for purposes of recruitment to the posts of attenders in the M.R.O. The existing peons in the M.R.O. who have been doing the duties of attenders, and who possess the prescribed educational qualification can therefore be appointed by transfer as attenders in that office. Such appointments cannot be said to be an infringement of any of the provisions of the special rules as presumed by the Curator.

4. If the proposal in para 2 above, and the view in para 3 above are accepted, no amendment to the rules is necessary. Subject to orders the file may be passed on to Finance.

A above

There seems to be much force in the Curator's contention in para 2 of his letter on p. 1 c.f. Under the rules now in force, appointment to the post of attender in the M.R.O. is by direct recruitment or for special reasons, recruitment by transfer. Direct recruitment is thus the normal feature. If every peon in the M.R.O. who has passed III form and who is suitable for appointment as attender in that office is to be so appointed, recruitment by transfer will become the normal feature and that will certainly be an infringement of the rules. The proper course would be to amend the rules providing for recruitment by transfer from the category of peons as the normal method of recruitment and direct recruitment as a speciality in the case of the M.R.O. This Deptt. may therefore agree with E. & P. H. that the Madras Genl Sub Service

Rules be amended on the above lines.

It is not necessary to amend rule 8 of the Madras Superior Service Rules providing for a pass in the III Form in the case of recruitment of peons in the M.R.O. The qualification for these posts may continue to be "ability to read and write one of the languages of the district". Only those who possess the higher qualification, viz III Form pass, will be eligible for appointment as attenders.

3. Proposal (ii) above. Public dept. are of the view that the Madras General Subordinate Service Rules may be so amended as to make the recruitment to the posts of attenders ^{on the MRO} normally by promotion from the category of peons and as a ~~special~~ special case by direct recruitment. As the minimum educational qualification for attenders is III Form, only those peons who possess III form will be eligible for promotion.
