Sir,

In their Order No.Ms.1290(Education) dated

2.7.1946 Government sanctioned the hiring of 24 carts in 1946-47 for the conveyance of Muslim Goshia girls attending the Government High School for Muslim girls, George Town and the Government Hobart Secondary and Training School for Muslim women, Royspottah at the rate of Rs. 45/- a month per cart, the number of carts allowed to each of the two schools being 10 and 14 respectively. The rate of hire is the same in the current year also but there is a need for three more carts for the latter school.

2. The existing ten carts are sufficient for the Government High School for Muslim Girls, George Town.

3. There is provision in this year's budget for the expenditure on the hiring of 24 carts. The extra expenditure on account of three additional carts will be Rs. 135/- a month (3 x 45) or Rs.810/- for about six months in the current school year and this will be met by re-appropriation in due course.

to be engaged for the Government Hobart
Secondary and Training School for Muslim
Women, Royapettah, may be approved
in view of the fact that there are 70 more
girls in need of conveyance. The draft
order on pages 1-2 ~~and~~ is for approval.

2. The file may be sent to Finance
for acceptance of the order.

The proposal in the file is to sanction
the expenditure on the provision of conveyance
to muslim girls in the following schools:

- (i) Government High School for Muslim Girls,
Georgetown, Madras.
- (ii) Government Hobart Secondary and Training
School for Muslim Women, Royapettah.

In 1946-47 permission was accorded for the hiring
of 10 carts of the first institution and 14 for the
second. The Director of Public Instruction now pro-
poses to incur expenditure on the provision of con-

P.T.O.

veyance for muslim girls in these two institutions ^{on the scale allowed} in the previous year and also to provide three more additional carts for the second institution, ~~in~~ in view of its increased strength. There is already a proposal which has practically been accepted in circulation, that expenditure on the provision of conveyance to muslim girls should be cut out from 1948-49, after giving due notice to the

parents of the girls. In the circumstances, it is for consideration whether additional ^{three} carts should be provided as suggested by the Director ^{during} for 1947-48. If provision for additional carts need not be made, the proposal to continue the provision of carts on the scale obtained in 1946-47 (i.e. 10 + 14 carts) may be sanctioned. This may be before circulation.

x The file is in circulation to HM (E) and HM (Fin).

So far as the provision is allowed to continue, in principle, it should be adequate for the actual needs. I shall propose to the Government.
