R.O.P. No. 55-B3/46-47, dated 7th January, 1947.

Sub:Elementary Education Fund - Budget Estimate for 47-48
Municipal Council, Chingleput.

Submitted.

2. The budget has been explained by the Commissioner in his note for the Council.

3. The amounts shown against "Collection charges" on the receipts side, both in the Revised Estimate for 46-47 and Budget Estimate for 47-48, should be transferred to the expenditure side and shown against "Education tax-Collection charges".

4. Revised Estimate for 46-47: The credit taken for Government grant under Section 37 of the Madras Elementary Education Act is liable to revision with reference to the actual amount of subsidy that will be sanctioned to the council during the current year.

5. It is not clear what the sum of Rs.1752/-shown against "Dearness allowance grant" represents.

6. The total of the expenditure under "ordinary" has been wrongly struck down. The amount for the payment of D.A. seems to have been omitted.

7. Budget Estimate for 47-48:- The credit taken for Government grant under section 37 of the Madras Elementary Education Act is liable to revision with reference to the actual amount of education ~~tax~~ realised and adjusted to the fund during 1946-47.

8. The total expenditure under "ordinary" has been wrongly struck down. The ~~correct~~ correct total is Rs.27898/-.

9. The budget closes with a deficit of Rs.4193//.The Council may perhaps be asked to adjust a like amount from the arrear toll compensation that is likely to be sanctioned to the Council during 1947-48.

10. The accommodation provided for one girls' school is not adequate. Steps should be taken to rectify this defect as early as possible.

11. One Secondary Grade teacher to each of the three non-muslim girls' school and one additional teacher for the Muslim girls' Schools is necessary for imparting efficient instruction.

12. Leave salary and dearness allowance are paid.

Note for the Council:-

Receipts.

Receipts remain to be the same as in the past years. Sources for increasing the revenue to meet the increased cost of administration are practically nil. Contribution from general funds to meet the increased expenditure under this account is becoming heavier year after year. The statutory grant fixed some years back remains to be the same. Unless the Government increase this grant and permit the Council to increase the rate of education tax with a guarantee that they would pay equivalent grant, the revenue under this account cannot improve.

Charges.

Establishment. Necessary provision has been made for the usual increments and for payment of war dearness allowance. Provision for Secondary Grade teachers for the three girls' schools has been made as suggested by the Inspectress of Girls' School in her R.O.No.105-4 D/46 dated 6-12-46. Necessary provision for increase of pay for all M.E. Grade mistresses in the scale of Rs. 25-1/2-29-2/2-35 has also been made.

Buildings. A sum of Rs.500/- has been provided for the construction of a building for Nathan Boys' School, provisionally under Capital account. The Inspecting Officers have remarked that the accommodation in the present building is not adequate and that there are no play grounds attached to Nathan and Chinnaman Koil street Schools.

a deficit balance of After providing for the above, there is a balance of Rs.896 during 1946-47 and Rs.4193 during 1947-48. As the question of balancing the budget every year, even after a liberal contribution from the General Account, has become a great problem, in view of the insufficient revenue under Elementary Education account, it is suggested that the rate of education tax may be raised from the 1 to 2% and the Government may also be requested to pay equivalent grant for the increased tax so collected. This will, in a way, meet the heavy expenditure under this account and minimise the deficit to some extent.

Proposals for consideration of the Council:-

- (1) The temporary teacher of the Nathan Boys' School may be retained permanently in view of the growing strength of that school.
- (2) The scale of pay of women teachers(M.E.) may be fixed in the scale of Rs.25-1/2-29-2/2-35 as recommended by the Director of Public Instruction, in his Proceedings No.3458-R/46 dated 7-11-46.
- (3) Secondary grade teachers may be appointed to the three non-Muslim Girls' Schools as recommended by the Inspectress of Girls' Schools.

Extract of the notes of the R. A. Dept. from 15
their file re: The Gl. fund budget of the M. Cl. Chingleput
for 1947-48.

ELEMENTARY EDUCATION ACCOUNT:- The contribution approved for 1946-7 is Rs. 9,400. In addition to this a contribution of Rs. 1700 towards the cost of payment of arrears of dearness allowance to the Ele. School teachers was also approved. The Municipal Council was also permitted to adjust a sum of Rs. 4,598 from the arrear toll compensation towards the anticipated deficit in the Ele. Education account for 1946-47. In the R.E. for 1946-47 no credit is taken for adjusting any portion of the arrear toll compensation to the Ele. Education account. Instead of a higher contribution of Rs. 17,611 is provided from the General Account to the Ele. Edn. Account. In 1947-48 the Council propose to contribute a sum of Rs. 12,000 to the Ele. Edn. Account. The contributions proposed may be allowed to stand pending examination of the Ele. Edn. Budget.

Revised with reference to paras 2,3,4 and 6 on pp 1-3 ante, the R.E. of the Chingleput Ml. Cl. for 1946-47 under the General Account - Ordinary, closes with a deficit of Rs. 22,566-22556. The Cl. may therefore be permitted to credit the entire arrear toll compensation of Rs. 20,586 sanctioned in the current year to its General Account and reduce the deficit to Rs. 1970. As this deficit has been occasioned by the payment of arrears of the dearness allowance to the Cl.'s entire staff, the Cl. is not entitled to grant from Govt. to meet the deficit. It has made provision for a contribution of Rs. 5,000 from the General Acct. to its T.P. Account. It may be directed to reduce the contribution by Rs. 1970 and avoid the deficit in the General Account.

Revised with reference to paras 2-4 and 6 on pp 1-3- ante the B.E. for 1947-48 for under the General Account-Ordinary closes with a deficit of Rs. 8,593 against the prescribed minimum balance of Rs. 6,324. It may be permitted to credit from the arrear toll compensation likely to be sanctioned next year Rs. 14,917 to its General Account and thus avoid the deficit and secure the prescribed minimum balance. The balance of the compensation viz.

p. t. o

16

: 2 :

Rs. 5,669 will be available to meet the deficit in the Ely. Ed. account.

4. General financial position: Judged from the B.E. for 1947-8, the Cl's annual receipts under the General Acct. Ord. fall short of the expenditure under the account by Rs. 93. The Cl. levies property tax (including education tax) at 20% p.a. As a result of the general decision, the rate of scavenging tax in this mlt. will be raised from 1 to 2% p.a. from 1-4-47. This municipality has got elect-ricity and water supply. The rate of tax cannot be said to be excessive. The question of raising the rate of tax further may be considered as soon as the extra cost of the revised scales of pay is worked out.

2. Orders have since been issued in 8-0 no. 12p 38 E & P. d 19.9.47 directing certain local bodies to pay advance increments to the E & Ed staff in their employ. The District Chief Constable's order is included in the list of the local bodies appended to the G.O. The Council is permitted to pay the advance increments also to the E & Ed staff.
 + as otherwise it might result in a serious dislocation among the senior teachers in the municipal service, who will not be able to benefit by the revised scales. The extra expenditure on this item will be Rs. 140. The Council may be asked to meet the expenditure also by an addl contribution from the general account.

The suggestion of L.A. at 'M' on page 107
7 ante may be accepted.

2. As the deficit on account of the
revision of salaries can be met by
adjustment of Arrear Toll Compensation grant
it is not necessary to enhance the rate of education
tax. The question may be considered in connection
with the B.E. for 1948-49.
