20. Sri A. Rama Iyer.
21. Mrs. Amina Hashim.
22. Mrs. M.Lakshmi.
23. Sri D.S.Reddi (Secretary)

Dr. G.F.Andrews, Sri P.M. Joseph and Miss C.R.Ranganayaki the newly appointed members of the Board also attended the meeting.

Sri S.Govindarajulu Naidu, Sri K.Karuvilla Jacob and Sri M.S.Sabesan attended the meeting by special invitation.

In opening the Proceedings the Hon'ble Minister for Education made a speech and stressed the necessity for re-organising the education with a view to plan for the future.

The first item on the Agenda was then taken up for consideration, viz., the recommendations of the Board of Secondary Education for the re-organisation of Secondary Edn.

It was decided to frame certain major issues for discussion:

1. Bifurcated courses of study:

Dr. A.L. Mudaliar said that he accepted the main recommendations of the Board. He stressed the importance of trade schools. The idea of starting Polytechnics as well as higher technical institutes was good. There should be co-ordination between the education, industries and Agricultural Departments. To this end, he suggested the constitution of two Committees one at the Ministerial level and the other at departmental heads level. He agreed with the Committee that there was no necessity for optional subjects in Forms V and VI and he did not apprehend any difficulties from the University in this regard.

Mr. M. Rathnaswami was of the opinion that it was not desirable to combine technical courses in the ordinary High School with the academic courses of study. Technical instruction should be taught in specific technical or trade schools. The High School course should be so arranged as to give a general education for all walks of life. Manual training or craft work could be taught in the general schools for giving training to the hand and the eye and as a means of general education.

Dr. Radra said that trade schools and technical schools should be separate from the general schools. Provision for the study of humanities must be made in the technical schools also.

Fr. De. Souza said that the essential difference between the trade school and the technical section of the High School should be made clear.

This point was clarified by Sri S. Govindarajulu Naidu. Sri Rama Iyer wanted to know whether the pupils in the technical schools would be given workshop practice.

Sri Satyanarayana said that he did not agree with the recommendations of the Board. The people in the rural areas should be afforded proper facilities for their education.

Sri C. Subramaniam stated that Government must first decide what their industrial policy was going to be as the kind of education to be imparted would depend on the policy of the Government.

Sri Sargunam wanted to know which of these courses would the teachers take and suggested that a three years' course might be introduced as a bifurcated course.

The Hon'ble Minister then clarified certain points raised by the members. He agreed that education should be craft-centred. Craft and other activities introduced in the school should be the basis round which the syllabus should be built. A school should become also a social centre.

Conclusions:

1. The classification of schools proposed by the Committee was accepted.
2. The suggestion to abolish optionals in high schools was accepted.
3. Craft to be introduced in all Secondary Schools.
2. Introduction of citizenship training and activities such as Scouting and excursion as part of the school curricula.

Accepted.

(To a query by the Vice-Chancellor of the Annamalai University, the Hon'ble Minister replied that Scouting was to be not/abolished and that the essential elements in scouting were to be included in Citizenship training)

In opening the Proceedings the Hon'ble Minister for Education made a speech and stressed the necessity for re-organising the education with a view to plan for the future.

The first item on the Agenda was then taken up for consideration, viz., the recommendations of the Board of Secondary Education for the re-organisation of Secondary Edn.

It was decided to frame certain major issues for discussion:

1. Bifurcated courses of study:

Dr. A.L. Madalilar said that he accepted the main recommendations of the Board. He stressed the importance of trade schools. The idea of starting Polytechnics as well as higher technical institutes was good. There should be co-ordination between the education, industries and Agricultural Departments. To this end, he suggested the constitution of two Committees one at the Ministerial level and the other at departmental heads level. (To a query by the Vice-Chancellor of the Annamalai University, the Hon'ble Minister replied that Scouting was to be not/abolished and that the essential elements in scouting were to be included in Citizenship training)

3. The position of the various languages:

Sri Yegnanarayana Ayyar pointed out the general effect of the recommendation of the Board was that the position of Sanskrit had been weakened considerably. Opportunities

should

4 :
should be given to pupils to pick it up sufficiently early. The Patasala type of learning encouraged narrow-mindedness and hence it was very essential that it should be taught as part of the school course. He, therefore, suggested that more hours should be allotted for a study of Sanskrit for those who wanted to take it and it must be made an examination subject.

Mrs. Ramasubramaniam supported Mr. Yegnanarayana Ayyar's plea.

Sri Subramaniam suggested that Hindi should be taught from Forms I to III as it was the national language. English might be an optional subject for those who wanted to go in for higher studies.

Mrs. Amina Hashim wanted that Hindi should be introduced from class II to I form and English from Form I

Sri T.P.Minakshisundaram Pillai wanted that provision should be made for the study of the regional language in the case of those for whom it was not the mother-tongue. English should be taught compulsorily and Hindi and Sanskrit might be optionals from I forms.

Sri Rama Ayyar was of the view that English should be taught compulsorily in the middle school as English language alone now contains proper reading matter. With proper teaching methods, a much higher standard can be attained in English in Form I to VI. Hindi (or Sanskrit as an alternative) should be compulsory from Form II.

Mr. Basheer Ahmed Sayeed; The mother-tongue should be distinguished from the regional language and provision for the study of the mother-tongue should be made for those sections of the population for whom it was not the regional language. The regional language, in such cases, should be taught compulsorily from the II form and English or Hindi

should

5 :
should be taught as an optional subject from III form.

Dr. Kudra was definitely of the opinion that instruction should be only in the regional language. English should be compulsory from Form I. Hindi was not at all necessary.

Prof. Sanjeeva Rao suggested that Hindi or Sanskrit might be optional.

Mrs. Ramasubramaniam: Hindi should be taught compulsorily from the I form to III Form. English should be taught from Form IV and Sanskrit as an optional from I Form.

Mr. Sargunam: Hindi might be compulsory in Forms I to III. English and classical languages might be taught as optional languages from Form II or III.

Mrs. Amina Hashim suggested that for the benefit of children of Government servants who were liable to transfer, the medium in one section of the school should be in English.

Sri M.Satyanarayana said that the mother tongue should be the medium of instruction in the elementary stage. Two languages should be taught from the I form - Regional language as medium of instruction, compulsory and Hindi, Compulsory. From the IV Form, English or other classical or other languages might be optionals.

Sri A.L.Mudaliar said that a certain amount of sentiment could not be divorced from the question of languages. The immediate adoption of regional languages as media of instruction would create difficulties. He, therefore, suggested that the mother tongue might be the medium of instruction in the case of those for whom it was not the regional language, during the transitional period. English should be taught compulsorily from Form I. Hindi was going to be the State Language for the Indian Dominion and opportunities should be given for pupils to learn it. It was not, however, necessary to make it compulsory at this stage. State recognition of a language was the best incentive for

making

making people learn it. A place should be found for the classical languages also. His suggestion was English and the Regional language as compulsory subjects from Form I. Hindi or the classical language from Form II to Form VI.

For this purpose, the regional language was to be divided into parts, a compulsory and an optional part.

The Hon'ble Minister said that it was not possible to obtain unanimity in the matter of this kind, owing to the deep sentiment attached to the languages. There was no difference of opinion of the question of making the regional language the medium of instruction. The real difficulty was about the place to be given to Hindi, Sanskrit and English. Regarding English, it would be possible to achieve the same standard by better teaching methods from Forms II to VI. Hindi should be taught to all from Forms I to III and Hindi or Sanskrit as an optional from Form IV.

Conclusion:

The Board agreed by a majority:

1. That English should be taught compulsorily from Form II to Form VI.
2. That provision should be made for the teaching of Hindi in Forms I to III, and
3. That Hindi and Sanskrit be made optional in Forms IV to VI
4. The abolition of optionals in the higher class and the scheme of bifurcation of studies:

Accepted.

5. The reorganization of Physical Education and the introduction of Military Training in High School and Colleges:

The Physical Education Committee was requested to submit a further detailed report.

6. Women's Education to be different from men's Education:
Accepted.

7. The matter of abolishing examination as it obtains to-day and to re-organise it as suggested in the notes submitted:

The suggestion of Mr. Kuruvilla Jacob that the report might first

first be considered by the Board of Secondary Education and then brought forward before the Provincial Advisory Board was accepted.

8. Moral and Religious Instruction:

Formal instruction to be avoided, without prejudice to the existing provision under a conscience clause. The Daily Assembly and minute's silence was cited as an example of informal instruction.

Item No. (ii) on the Agenda:

The report of the Sub-Committee appointed by the Board on the creation of an ad-hoc committee for Elementary Education:

The Board accepted Mr. Sargunam's suggestion that the elective element should be strengthened; with this modification the report was accepted.

Item No. (iii) on the Agenda:

Purchase of reference books for the Board.

The proposal was dropped. No separate library was considered necessary. The question of sanction of a grant to the University would be considered, if the University purchases the ~~work~~ books for reference.

Item No. (iv) on the Agenda:

Appointment of Sub-Committees to consider various aspects of Education.

The Board accepted the proposal to constitute sub-committees for the following:

1. Secondary
2. Collegiate.
3. Physical Education
4. Adult Education

The members would be nominated by the Government.

The recommendations of the sub-committees thus formed should be circulated among the members of the Board.

Item No. (v) on the Agenda:

Item No. (v) on the Agenda:

The report of the Sub-Committee appointed by the Board of review the answers received to the Questionnaire.

Separate discussion of the report was not considered necessary.

In conclusion the Hon'ble Minister thanked the members for the valuable suggestions made by them.

Please see the resolution marked 'A' in the proceedings of the Provincial Advisory Board of Education. To be helpful for consultation in many problems which arise day to day, it was resolved that sub-committees of the Provincial Advisory Board of Education may be appointed for the various sections:-

- (1) Secondary
- (2) Collegiate
- (3) Physical Education
- (4) Adult Education

It was also resolved that the members might be nominated by the Government. I propose the following Committees:-

I. COLLEGIATE:

1. Dr. Sir A. Lakshmanaswami Mudaliar, Vice-Chancellor.
 2. Dr. Boyd, Principal, Presidency College
 3. Dr. De Souza, Principal Loyola College.
- Sri D.S. Reddi, Dy. Director (for colleges) to be the Convenor.
- & 2 people to be ~~nom~~ co-opted by the Committee, one of whom should ~~be~~ be a woman.

II. SECONDARY SCHOOLS:

1. Dr. Boyd, Principal, Presidency College
2. Dr. Haq, Deputy Director of Public Instruction for secondary schools to be the Convenor.
3. Mr. Kuruville Jacob, Headmaster of the Christian College High School, and lady another/to be co-opted by the committee.

III. ADULT EDUCATION:

1. Dr. Sir A. Lakshmanaswami Mudaliar, Vice-chancellor
2. Fr. D'Souza
3. Mr. V.R. Ranganatha Mudaliar, Dy. Director in charge of adult education to be the Convenor.
4. Mr. Harisarvothama Rao & 5. Mrs. Parijathan Naidu to be co-opted by the Committee.

(p.t.o.)

As all of them belong to Madras, they will not be eligible for any T.A. or D.A.

Orders making these appointments may be communicated to the D.P.I. and to Mr.D.S.Reddi, Dy.Director, who is the Convenor of the Committee for circulation among the members.

H.M.Education.

Education and P.H. Department (B1).

Please see the minutes of H.M.(Education) on pages 1-2 above. H.M. has proposed the personnel for the Sub-committees of Provincial Advisory Board of Education ^{for considering} in the following aspects of education: -

(i) Collegiate Education, (ii) Secondary Education, ^{and} (iii) Adult Education.

Though in the earlier part of the minutes it was proposed to constitute a Sub-Committee for Physical Education also, the personnel for the committee has not been specified. H.M.'s orders may be taken on this point.

2. H.M. has suggested that Sri D.S. Reddi and Dr. Haq, Deputy Directors should be members of the Sub-committees for 'Collegiate Education' and 'Secondary Education' respectively. If the membership of the committees should ^{be} in virtue of the posts they hold as Deputy Directors of 'Collegiate Education' and 'Secondary Education', it is desirable to designate the membership accordingly i.e. Deputy Director for 'Collegiate Education' under 'Collegiate Education' and Deputy Director for 'Secondary Education' under 'Secondary Education'. Otherwise with the change of personnel in the post of Deputy Directors, the membership of the committees will have ~~also~~ to be changed from time to time. (for example, if Sri D.S. Reddi becomes the D.P.I., ~~then~~ the Deputy Director then placed in charge ^{of Collegiate Education} will have to be appointed as a member of the Sub-committee). Order ~~of~~ H.M. may be taken on this point also.

3. H.M.(Edn.) has minuted that as all the members belong to Madras, they will not be eligible for T.A. or D.A. Dr. Boyd, Principal, Christian College, Tambaram, is at Tambaram. The Provincial Advisory Board of Edn. constituted in G.O.No.13 Education, dated the 4th January 1947 has been

P.T.O.

classified as ^{Committee} 'First Class' for purposes of T.A. and L.A. and non-official members of the Board who reside in the city of Madras have been allowed Rs.7-8-0 per day for attending the meetings of the Board.

After the issue of G.O.No.520 Finance, dated the 10th July 1947, it has been decided ^{in circulation} in connection with another committee that non-official members of the first class committees residing in the city of Madras should be allowed D.A. of Rs.7-8-0 per day. The same concession may be allowed to the members of the Sub-Committees ^{proposed to be constituted and} as well. The official members ^(i.e. those who do not reside in the city) and other non-official members will be eligible for T.A. and D.A.

according to the revised orders in G.O.No.520 Finance, dated the 10th July 1947. ^{first} This order ^{has been taken at this point also} ^{has been} ^{in view of 2 on page 2 and} ^{has been} ^{sent} ^{4.} The file may be circulated to H.M.(Education) for orders on

A, B and C before sending the case to the usual course.

A. May be considered later on.
