ROC. No. 666 G/47

From (Name) SRI D.S.REDDI, M.A.(Oxon), M.B.E.,
(Designation) DIRECTOR OF PUBLIC INSTRUCTION, MADRAS

To The Secretary to the Government of Madras,
EDUCATION AND PUBLIC HEALTH Department.

Sir,

I have the honour to request that in the circumstances stated hereunder Government may be pleased to permit the Curator, Government Oriental Manuscripts Library, Madras to start a Half Yearly Bulletin, to have it printed at the Government Press, Madras and to incur the necessary expenditure connected with its publication.

2. The Curator, Government Oriental Manuscripts Library, reports that there is much valuable matter in the manuscripts of the Library that has yet to be printed and therefore requests that in pursuance of a Resolution of the meeting of the Advisory Committee held on 16th December 1946 he may be permitted to start a Half Yearly bulletin. The Curator proposes to utilise the services of some of the qualified members on the staff in this connection and he assures that this will not be detrimental to their duties and that this proposal will not also involve the payment of any extra allowance to them.

Re
20/6

3 The work connected with the proposed Bulletin will not be an encroachment on the legitimate duties of the staff, as their services have been utilised from time to time for editorial work relating to the publication of Descriptive Catalogues and Oriental Classics under the Government Oriental Manuscripts Library series and the editorial work for the proposed Bulletin will be quite in accordance with their legitimate duties.

4 There will be no expenditure to Government by way of allowance etc. to the staff for the extra work which should be treated as a normal increase of official work relating to the further expansion of the cultural activities of this Library. In conformity with the practice followed in some research institutes like the Madras University Oriental Research Institute, the Travancore University Oriental Manuscripts Library, which run - Oriental Journals, I may be permitted to suggest that the members of the staff, who contribute articles based upon the manuscripts of this Library, be presented with some off prints of the articles and a copy of the Magazine, if possible, by way of encouragement and incentive for their literary performances.

5 With the exception of a few copies, almost all of them must be put on sale and each copy will have to be priced, in my opinion at Rs.2/-. The annual subscription must be Rs.4/-. The approximate cost of printing 1,000 copies of the Journal in Royal 8 VO size, of about 136 printed pages, containing several Indian languages, inclusive of cost of paper, as intimated by the Superintendent, Government Press, Madras is Rs.1,000/-. In this connection I may state that the Journal of the Travancore University Oriental Manuscripts Library, is printed by the Superintendent, Government Press, Trivandrum. Similarly, the organ of this library may be printed by the Superintendent, Government Press, Madras, under orders from the Government and the price of each copy (or volume) may be fixed by him. Mutual exchange of Oriental Magazines between this Library and other institutions must be of equal value. Distribution of this journal, free or at concessional rates may be suspended.

6 As against the approximate expenditure of Rs.1,000/- per year, there are the anticipated sale proceeds of Rs.2,000/- provided all the copies are sold out. The advantages that will accrue by this venture will be:

(1) Receipt of a large number of Oriental Journals on exchange basis, giving upto date information regarding Oriental Researches in India and abroad, which will in turn, be helpful to the library in the matter of publication of important manuscripts of this Library for which several editorial committees have been formed.

(2) I am hopeful that the reputation of this Library as one of the richest treasure-house of Oriental Lore in India is bound to attract a large number of subscribers to this Bulletin, which would try to offer as far as possible such information as is obtainable from the vast resources of this library, which again, would be helpful to researchers at particular stages in the pursuit of their studies. By virtue of this special feature, it can evidently be classed as the first of its kind in the whole of India and as such it would commend itself to

the discerning public. Even granting that, due to some circumstances beyond our control, the sale of the Bulletin is not encouraging, there is a possibility of atleast realising the amount of Rs.1,000/- expended on it. I think Rs.1,000 per annum spent by the Government in this regard would not entail such financial loss, which the Government cannot bear in view of the fact that this is meant for the promotion of learning in India.

7 I am of the opinion that the scheme may be tried as an experimental measure for a year.

I have the honour to be,
Sir,
Your most obedient servant,

L. M. S.

for DIRECTOR OF PUBLIC INSTRUCTION.

In their orders cited above, Government
approved my proposal for publishing a Half Yearly
Bulletin by the Curator, Oriental Manuscripts
Library, Madras and permitted the Superintendent,
Government Press, Madras to print 500 copies of
the same for sale. However to bring the Bulletin
to the notice of the public, I consider it desirable
to send the first issue to a number of persons
and institutions who are likely to become subscribers
for the same. It is also necessary to send about
25 copies for favour of review to some of the import-
tant dailies and journals and about 50 copies to
distinguished scholars in India and abroad for getting their opinion
to be printed in the next issue of the Bulletin.

2. I therefore request that Government
may be pleased to permit the Curator to send copies
of the Bulletin free of cost to persons and
institutions to be approved by me for the above
purpose.

3. As the Bulletin has reached the proof stage, I request early orders of Government in the matter.

Half Yearly Bulletin--fixation of price per copy.
Reference:-Government Order 2550-Education dated
28th November 1947.

19-2007/A

14

Government in their Order cited above permitted the Curator, Government Oriental Manuscripts Library to print 500 copies of the Half Yearly Bulletin of the library at the Government Press, Madras. In that connection they have also asked the Superintendent, Government Press, Madras to fix the price of each copy of the Bulletin in consultation with me. The Superintendent, Government Press reports that the total cost of printing 500 copies has come to Rs.956/- and that the actual cost price of each copy of the Bulletin works at Rs.1-14-0. The sale price of each copy has been fixed by him at Rs.2-14-0 so as to include a profit of 33-1/3% on the cost price.

2. The Curator, Government Oriental Manuscripts Library, however, represents that as the Bulletin is printed not with a view to make a profit but only to bring to light the various manuscripts in the library and to place them before the public the sale price of Bulletin may be the same as its cost price and the profit which comes to Re.1/- per copy may be waived. It is stated that similar waiving of the profit is being done in the case of the Bulletin of the Madras Record Office.

3. Further as no remuneration is paid to the authors I consider that atleast 25 copies of the "off prints" of their articles and a copy of the issue of the Bulletin in which their articles appear should be supplied free of cost to the authors. The Superintendent, Government Press reports that if the cost of printing the "off prints" is also added to the cost of the Bulletin then the actual cost of printing each copy of the Bulletin will work out to Rs.2/- and the sale price to Rs.3/-.

4. I therefore request that Government may be pleased to approve my proposal to supply free of cost 25 copies of the "off prints" of the articles and a copy of the Bulletin to the authors and to fix the sale price of each copy of the Bulletin at Rs.2/- waiving the profit.

5. I request Government may be pleased to issue early orders in the matter as the title page of the first issue of the Bulletin alone has yet to be printed and this is being delayed due to the delay in fixing up the cost of the Bulletin.

Yours faithfully,

Govt Oriental Manuscripts Library, Madras - Starting of an Half-yearly Bulletin

The D.P.I., requests sanction for starting an Half-yearly Bulletin for the Govt. Oriental Manuscripts Library. The proposal involves:-

- (1) the printing at the Govt Press of 1000 copies of the Journal to start with. (at an estimated cost of Rs 1000/-;
- (2) the sale of copies of the Journal with the exception of a few copies and fixation of the sale price at Rs 2/- per copy;
- (3) the fixation of the annual subscription for the Journal at Rs 4/-.

The D.P.I. reports that it is proposed to utilise the services of the staff of the library for the preparation of the Journal without any extra expenditure to Govt. The advantages claimed for this proposal are mentioned by the D.P.I. in para 6 of his letter of 2.3.49. The proposal of the D.P.I. may be accepted. Instead of printing 1000 copies to start with, 500 copies may be to start with and the number of copies increased judge the demands for sale copies and enlistment of members. Refruct of a particular Journal may be resorted to if a demand for it to justify refruct.

3. In view of the unsatisfactory paper supply as far as Govt is concerned, the S.P. may be asked the quality and quantity of paper required to print 1000 of the Journal (the number of copies proposed by the D.P.I.)

later for this purpose) and the S.G.S. may be asked to report whether the paper could be found from ^{out of} the allotment made to this Govt in addition to their normal and special requirements.

Copy of letter Rc.No.824/50 dated 28.9.1950 from the Curator,
Government Oriental Manuscripts Library, Madras to the Director of
Public Instruction, Madras.

Sub: Printing of half - yearly Bulletin - Number of copies - Redu
ction - Requested.

Ref: Your Proceedings Roc.No. 579.J/50, dated 26.8.1950

I have the honour to state that 500 copies of this Libra's
half-yearly Bulletin are now being printed. Of these about 50
copies remain unsold. As this is a large number, I think it
instead of printing 500 copies, only 300 copies may be printed to
avoid wastage. Even then there will be a margin of about 100 copies
on hand to meet future demands. Hence I request that the Director
may be pleased to permit me to get printed only 300 copies instead
of 500 copies of the Bulletin.
