Enclosures: No. 10/38/Mis. dated 16th December 1946.

Sir,
 Sub: Government House Guindy - opening of a Branch Press.

I have the honour to state that the Military Secretary to His Excellency the Governor has again approached me regarding the opening of a branch Press at Government House, Guindy pointing out the difficulties experienced by him in dealing with urgent work at the Government Central Press some 13 miles away. He states that the whole of the Government House staff from His Excellency downwards express the inconvenience caused on this account.

This proposal was raised in 1940 in Public (Political) Department Memo.No.18563-5, dated 15th October 1940 on which I sent my report No.10/38 Mis., dated 17-12-40 but I was informed in Education and Public Health Department Memo.No.38956 F/41-1 Edn., dated 15-10-1941 that the question had been dropped.

I understand from the Military Secretary that he has a suitable building at Guindy in which the Branch Press can be housed but I have not yet inspected it.

I can spare one platen machine and can arrange to cast here and purchase the required type faces; I can also place a sufficient amount of other equipment at the disposal of the Military Secretary to enable him to start a branch Press at Guindy for printing the Engagement list and other urgent work and the three men who work in the Military Secretary's Press in Ootacamund during the season can also be detailed to work at Guindy during the Madras season.

It is suggested that the equipment be lent to the Military Secretary as in the case of the Ootacamund equipment and that he may be asked to pay 50% of the depreciation charges for loan vide Education and Public Health G.O.No.Ms.526 dated 25th March 1942. The Military Secretary will also have to pay for new types purchased from outside foundries and also for paper and binding materials consumed by him. Any item of major work should be sent to the Government Central Press for execution.

C.No.78017.

Wdn. & P.H. (F-1).

From the S.G.P.No.10/38 Mis. dt. 16th Dec. 1946.

Govt. House Guindy - opening of a Branch Press.

The S.G.P. brings to the notice of Govt. that the Military Secretary to His Excellency the Governor has approached him again regarding the opening of a Branch Press at Government House, Guindy, on the ground that difficulties are experienced in dealing with urgent work at the Government Central Press some 13 miles away.

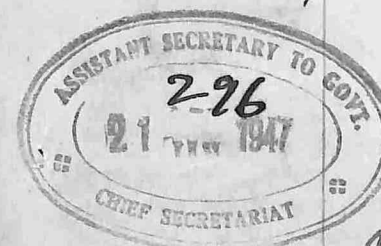

2. In 1940 the M.S.G. suggested that a Branch Press might be opened at the Madras Govt. House and asked for the free supply of the requisite machinery from the Govt. Press. The proposal was considered at some length and finally dropped, mainly because of the difficulty to get the machinery required. The S.G.P. is now prepared to spare the necessary equipment and the ~~staff~~ staff on the conditions set out in paragraphs 4 & 5 of his letter.

The file may be sent to Pub (Political) and Fin. for remarks.

The M.S.G. may perhaps be consulted after the file returns from Finance and Public Political.

I agree to the conditions set out by the Supdt.,

Government Press, in paras 4 and 5 of his letter.

2. I request that Govt. may be pleased to permit the S.G.P. to instal the Press urgently, in anticipation of formal orders, as I find it difficult to print the daily engagement lists etc. at the Govt. Press.
