No. 5257

From

THE REGISTRAR,
ANNAMALAI UNIVERSITY,
ANNAMALAINAGAR.

To

The Secretary to Government,
Education and Public Health Department,
Fort St. George.

Sir,

I have the honour to furnish the following reports regarding the selection of candidates for admission to the Engineering and Technology courses at the University for the year 1947-48.

103 students of the Madras Province have been admitted to the Engineering course. In addition, 6 from outside the Province (i.e. 3 from Cochin, 2 from Pudukotah and one from Aden have also been selected.

The number of admissions to the Technology course this year is 30 as against 25 in the previous year.

The distribution of numbers according to communities and linguistic areas is shown in the enclosed statement in respect of Engineering and Technology separately.

Your most obedient servant,

G. S. S. S. S.
Ag. Registrar.

Please see the letter from the Registrar, Annamalai University, on p1 and the statements on pp 3-5 ante. The Registrar has subd. these statements with reference to the orders of Govt in para 2 of the Annexure to G.O. No. 1892 Edul-20/12/46, directing the University to observe the rules communal representation and linguistic proportion in the matter of admission of students to the Engineering courses etc. in the Annamalai University. It will be seen that the percentage of Brahmins selected is greater than the percentage allowed (viz 17% of the seats) and that there is a shortage under the Telugu linguistic group.

while sanctioning the Annamalai University G.O. No. 1892 Edul-20/12/46 proposal for organising an Eng. College and allowing the payment of grants from Provincial funds the Govt. stipulated that in making admissions to the courses, arrangements should be made generally on the lines followed in the Govt. Eng. College, Guindy, in regard to such matters as the representation of communities, the proportion in which students are selected from the various linguistic areas of the Province etc.

G.O. No. 1823 Edul

(N)

7/11/45 The University sent a report in regard to admissions made in 1945-46. The admissions made were not in accordance with the principles followed in the Guindy College and the Regr. was requested to see that a closer approximation to the proportions laid down was secured in future.

It does not seem that any report was sent in 1946-47.; no paper is readily traceable.

The Regr has sent a report in regard to H-1-5 ante
 admissions made in 1947-48. From the figures
 furnished by the Regr it is seen that the University
 has not followed the prescribed linguistic proportions
 even this year. Telugus get only 30 out of 103 seats
 against 38 p.c. fixed by Govt. but Malabar gets
 21 out of 103 seats against 11.1 p.c. fixed by Govt.
 for Malabar and South Kanara. The University may be
 asked why the linguistic proportions laid down by Govt.
 was not followed.

Recently the Govt. have issued further instructions
 in regard to the admission of students in the Govt.
 Eng Colleges. A copy of this order may be sent to the
 University for guidance from next year.
 A draft letter is subd.

In the first list 36 students from the Andhra area were selected for admission.. Of these only 18 actually paid fees and got admitted. This is probably due to the starting of new colleges in the Andhra area where many of the students selected here secured admission. Apart from the consideration which has been mainly responsible for the slight decrease in the percentage of students from the Telugu area, I may mention that a strict compliance with the communal quota fixed is not possible especially in the Andhra area where the number of Muslim and Christian applicants, is almost negligible. The deficiency caused thereby in the total number of selected candidates has been made good by a slight increase in the communal quota fixed for the Malabar and Kanarese area where candidates from the Christian and backward communities are numerous. Though this procedure does not strictly comply with the requirements of the G.O, I am to state that a closer approximation to the percentages fixed for each linguistic area will be borne in mind and worked out as far as possible consistent with the quality of material available for selection from each area.

A copy of G.O.No.1364 dated 27--6--47 containing further instructions for selection of students from next year, has been received and will be followed from July 1948.
