Re submitted.

2. The attention of Government is invited to the Director's U.O. reply dated 16th July 1946 and Government orders thereon in No.Ms.2453 Edn., dated 23rd December 1946. While recommending the sanction of the deputation of Sri A.R. Ramanathan to the Central Aviation Directorate for a period of one year from 28-8-1946, it was thought that the new courses of Aeronautical Engineering would be introduced in the College of Engineering, Cocanada during the current academic year and that Sri A.R. Ramanathan's experience in the Civil Aviation Directorate as a Senior Technical Officer could be utilized in the starting of the Aeronautical Engineering courses. However, a decision has not been reached in regard to the starting of the Aeronautical Engineering course.

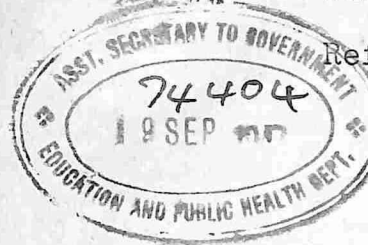

3. Nevertheless, the Department is in need of the services of Sri A.R. Ramanathan as indicated below. As already explained in paragraph 2 of the Director's Confidential letter R.Cl. No. 47/47 dated 25-7-47, if Sri A.R. Ramanathan reverts he can be considered for appointment as Officiating Professor of Electrical Engineering in the Arthur Hope College of Technology, Coimbatore or in the College of Engineering at Cocanada. Owing to the absence of Sri A.R. Ramanathan on other duty, it has been proposed in the letter cited above to keep in abeyance the post of Professor of Electrical Engineering in the Arthur Hope College of Technology, Coimbatore. If Sri A.R. Ramanathan reverts to the Education Department now, there is the likelihood of his continuing as Professor till A. Srinivasan returns from overseas sometime in November or February 1948. When Sri A. Srinivasan returns from foreign studies the question will arise as to which of the two officers (whether Sri A.R. Ramanathan or Sri A. Srinivasan) will have to be Professor of Electrical Engineering, since the latter, though junior will have better qualifications for appointment as Professor. But there is the possibility of both Sri A.R. Ramanathan and Sri A. Srinivasan becoming Professors from July 1948 when a new post of Professor of Electrical Engineering for the Anantapur College of Engineering also is likely to be sanctioned.

4. In the above circumstances, it may be submitted that the Department is in need of the services of Sri A.R. Ramanathan. At the same time it is suggested that it would be better if it is explained to Sri A.R. Ramanathan how his prospects in the Education Department stand and he be required to state whether he is willing to revert to the Education Department now. If he is not still willing, the Director has no other alternative than to agree to the continuance of his deputation to the Civil Aviation Directorate for one ^{more} year, as desired by the Director-General. The question of his continuance under the Government of India may be decided after receipt of Mr. Ramanathan's choice.

Subj:- M.E.S.- Sri A.R. Ramanathan, officer of Engineering College, Guindy, on deputation to Govt. of India - Reversion.

From the Director-General of Civil Aviation in India, dated 7-8-47.

From the D.P.I., No. 47/47 dated 16-9-47.

From the D.G. of Civil Aviation in India, dated 22-10-47.

The services of Sri A.R. Ramanathan, ^{Laboratory} ~~Laboratory~~ Assistant and officiating Junior Instructor, Engineering College, Guindy, were placed at the disposal of the G. of I., for a period not exceeding one year from 29-8-46. The period has expired.

The G. of I., on the recommendation of the Federal Public Service Commission have since appointed him to a permanent post on one year's probation from 12-9-47; the pay he has been ^{given} ~~offered~~ is Rs. 680/- in the scale of pay of Rs. 600-1,150 with a special pay of Rs. 100 per mensem, and they have ^{now} ~~requested~~ this Govt. to permit him to retain his lien on his appointment here until he is confirmed by them.

A few days before this information was received, that Government requested this Govt. to extend the period of the officer's deputation by one more year. The D.P.I.'s remarks on this request are at p. 6 c.f. They are in short:
(1) The Education Department of this Province ^{was} ~~is~~ in need of the officer's service. (2) However, the prospects here (of his being appointed as a Professor in an Engineering College) ^{might} ~~may~~ be explained to him and his willingness to revert ascertained, before a decision ^{was} ~~is~~ reached. (3) If he was not willing, his deputation might be continued, there being no other go.

There ^{may} ~~does~~ not seem to be ^{much} ~~any~~ point in sending now a communication to Sri Ramanathan as at (2) above. The position has changed. Having got a post on a higher pay than a Professor's under this Government (which is only Rs. 600-900) and with prospects of confirmation within a year from now, it is ~~most~~ ^{may} unlikely that he will be willing to ~~re~~ ^{re} his
