From (Name) Dr. S.R.U. Savor, M.A., D.Sc., I.E.S.,

(Designation) Director of Public Instruction.

To The Secretary to the Government of Madras,

Education and Public Health Department.

Sir,

I have the honour to submit herewith a copy of letter No. 3419-B2/46-20, dated 3-11-1947 from the Chief Engineer (High Ways), Madras, and to state that there is no objection to the proposal for the erection of a Nissen shed in the vicinity of the High-way Engineering Laboratory, inside the compound of the College of Engineering, Guindy, for the purpose referred to therein. I therefore request Government

Letter No. 6209-Wks/47-5 Dated 12th. June 1948.

Sir,

Sub: College of Engineering, Guindy - establishment of a Soil
 Research Laboratory at Madras - location in the College
 compound - erection of a Nissen shed - permitted -
 Ref: G.O.No.2675.E & P.H. dated 16-12-47.

In the above G.O. the Government have permitted the Chief
 Engineer (Highways) to locate the proposed Soil Research Laboratory
 in the compound of the Engineering College, Guindy. Attention is
 in this connection invited to Development (P & D) Department memo
 No.69611 P.&D.IV/45-14 dated 18-11-47 wherein the Government have
 under consideration a proposal to strengthen the Engineering College

K Laboratory at Anantapur for "Highway Engineering." It is presumed that the proposal in the Development Department Memo referred to above was taken into consideration by Government when orders were issued in G.O.No.2674 Education dated 16-12-47 permitting the location of the proposed Soil Research Laboratory in the Engineering College. The presumption may kindly be confirmed.

DPM(A)

College of Engg. Guntur - Establishment of a
Soil Research Laboratory at Madras -
Location in the College Compound (b)

pp 1-2 of C.N. 44755 Alus, From the C.E (CE) no. 6209- WKS/67-58/12-bis

Pl. see the letter from the C.E, PWD (CE) on pp 1-2 of. The proposal of the Dev. Dept referred to in the C.E's letter was not taken into account when the orders in C.O. no. 2674 dated 16-12-67 were issued. It may be noted that the Engg. College, Anantapur was started in 1966-67 and the students for the College were admitted in the Guntur Engg. College as there was then no prospect of locating the College in Anantapur itself. The College has been shifted to Anantapur only this year. The courses of instruction offered in the College are only Civil, Mechanical and Electrical Engg and there is no possibility of introducing Highway Engg. Course in the College in the immediate future. Highway Engg. is taught only in the Guntur Engg. Coll. In the circumstances, it will take some years to implement the resolution of the Industrial Research organisation that Higher Engg. Laboratory at the Anantapur College should be strengthened to serve as a specialised industrial testing laboratory as the proposal could be given effect to only after Highway Engg. is introduced in the College and a laboratory is set up for the course. There is therefore no harm in giving effect to the orders in the C.O. at (p). The change in the location place from Anantapur to Guntur in the interim arrangement may not matter.

14-7-48

As. Submitted for perusal of the note of L & P.H. for P. ante. It then does not seem to be a possibility of putting up a Highway Engineering Laboratory at Anantapur in the near future, the question of strengthening the existing laboratory in the Engineering College, Guindy, for Highway Engineering also will have to be examined. If there is adequate space in the locality for putting up addl. buildings necessary for the purpose in case it is decided to strengthen the laboratory, the P.W.D. need not object to giving effect to the orders issuing in G.O. No. 2674 Edn dated 16-12-47. Edn. may be requested to examine the question fully before issuing the draft Memo. below. The file may be passed on to P.W.D.

Pl. see the notes on p 2 ante. With ref. to 'A' therein, it may be noted that the Dev. Dept. have called for a report from the DPI on the question of strengthening the different Laboratories in the Engg. Colleges as in items (4) to (7) of the Memo. on pp 202-203 CF in L.F. A. There is at present no Highway Engg Laboratory at the Anantapur College and as it is not likely to be established in the near future, Dev. may be requested to ask the DPI to submit the report called for on item (7) of their memo in respect of the Highway Engg. Laboratory in the Guindy Engg. College instead of for Anantapur. In the meantime the C.E. may be informed not to give effect to the orders at (b) and to await further instructions in the matter from the Dev. Dept.

A revised draft Memo is submitted for approval. After issue the file may be transferred to Dev.

It seems, in any case, the working in Guindy in this connection will have to go on and we need not countermand the orders given in the G.O. referred to above. The draft memo. need not issue.
