From

Madras 1, 22nd May 1947.

M. N. Padmanabha Naidu,  
62 Coral Merchant Street,  
G. T. Madras.

To

The Hon'ble The Minister for Education,  
Government of Madras,  
Fort St. George, Madras.

Sir,

Re: Acquisition of premises No.63, Coral Merchant  
Street, G. T. Madras, for use as playground  
to A. R. C. Private School, Muthialpet, Madras.

Since November 1945, there has been pending with the Collector of Madras, my objection to the Government's notification in the Gazette of October 30, 1945, to acquire the above premises for the purpose of being converted for use as playground for the A.R.C. Private School. I have so far addressed the Personal Assistant to the Collector of Madras on 23rd November 1945, 29th November 1945, and 15th March 1946 and the Director of Public Instruction on 14th December 1945 and 17th December 1945. They have not replied me. I have thus been deprived of an opportunity to explain things to them. As a pretty long time has elapsed, I have been put to much inconvenience and trouble on this account. I have a fear that this delay is deliberately engineered to acquire the property, notwithstanding my objections. I, therefore, request you to grant me an interview so that I may represent my point of the case to you.

Faithfully yours,

*M. N. Padmanabha Naidu*

Edw R. H. Depo (C1)

Ever.

The Collector of Madras.

Read petition from Sri M. N. Padmanabha Naidu, G.T. 22/9/47

Land Acquisition - A.R.C. Higher elementary school, George Town, Playground.

Memo No.

Sri Padmanabha Naidu is informed that the objections raised to the acquisition of the site required for the A.R.C. Higher elementary school, George Town, have been over-ruled and the declaration under Section 6 of the Land Acquisition Act has been issued. Hence the Govt. regret their inability to grant the intervention asked for by the petitioner.

GOVERNMENT OF MADRAS

10 JUN 1947

The Hon'ble the Minister for Education,  
Government of Madras,  
Fort St. George, Madras.

Sir,

Re: Acquisition of premises No.63, Coral Merchant St.,  
Madras 1, for the A. R. C. School, Coral Merchant  
Street, Madras 1.

48552  
To begin with, kindly permit me to impress upon you the fact that my house is very small (only 20 ft. wide). From this, the size of the rooms within could easily be imagined. Though it is such an uncomfortably small house, because it is our ancestral property and because of my having to perform certain traditional charities (consisting of daily pooja at a Bhajana temple of ours and also the daily feeding of 12 poor school-going children) in the neighbourhood for which legacies have been provided by my ancestors, and also because I am a trustee for the same, I cannot, under any circumstance, even think of changing myself to modern tastes and going into bigger bungalows in more healthy localities in spite of my having a personal craving for such things.

Having myself been placed under such circumstances, I tried hard and finally had the good fortune of coming into possession of a major portion of my adjacent house (i.e. house No.63, Coral Merchant Street, Madras 1.). Our ancestors, who were the mortgagees of that premises in their days, undertook to permit the mortgagor to live in that house until his and his wife's lifetime. Thus, in spite of the property having been declared in our favour long ago, we had not the opportunity for taking possession of the same until the year 1936, when it actually came into the hands of the mortgagees (i.e. myself and my distant relatives who were to share it). Thus I came to own a major portion of this house and felt very much satisfied with the hope that we would have better living conditions with this portion added to our own adjacent small house. As such, we are at present enjoying not only our small house but also this portion of premises No.63, included to it. Thus at the advantage of this additional space and accommodation, and, after having experienced the several inconveniences of present times, I have come to own a motor car and a cow because of the difficulty in securing pure cow's milk. These are housed in that added space.

The school for which it is sought to be acquired is a private one and is owned by an individual Mr. A. Ramanjulu Chetty (the Correspondent of the school). He had asked me to sell this property to him in order to construct a residence for himself and, on my refusal, is now attempting through the help of the educational authorities to acquire the same. The school has no permanent building of its own, and does not possess any thing that is essential.

Thus

63, Coral Merchant Street,  
Madras 1,  
June 4, 1947.

The Hon'ble the Minister for Education,  
Government of Madras,  
Fort St. George, Madras.

Re: Acquisition of premises No. 63, Coral Merchant St.,  
Madras 1, for the A. R. C. School, Coral Merchant  
Street, Madras 1.

To begin with, kindly permit me to impress upon you the fact that my house is very small (only 30 ft. wide). From this, the size of the rooms within could easily be imagined. Though it is such an unacceptably small house, because it is an ancestral property and because of my getting to perform certain traditional charities (consisting of daily puja at a Bhagwan temple of ours and also the daily feeding of 12 poor school-going children) in the neighbourhood for which I am a trustee for the same, I cannot under any circumstances, even think of changing myself to modern tastes and going into bigger houses in more healthy localities in spite of my having a personal craving for such things.

Having myself been placed under much of inconvenience, I tried hard and finally had the good fortune of coming into possession of a major portion of my adjacent house (i.e. house No. 63, Coral Merchant Street, Madras 1). Our ancestors, who were the original owners of that property, had handed it over to me in their will. Thus, in to live in that house until my wife and I were able to find a new place of our own. In spite of the property having been declared in our favour long ago, we had not the opportunity for taking possession of the same until the year 1936, when it actually came into the hands of the Portuguese (i.e. myself and my distant relatives who were to share it). Thus I came to own a major portion of this house and felt very much satisfied with the fact that we would have better living conditions with this portion added to our own adjacent small house. As such, we are at present enjoying not only our small house but also this portion of premises No. 63, situated to it. Thus at the advantage of this additional space and accommodation, and after having experienced the several inconveniences of present abode, I have come to own a motor car and a car because of the difficulty in securing pure cow's milk. These are housed in that shed space.

The school for which it is sought to be acquired is a private one and is owned by an individual Mr. A. Ramaswami Chetty (the Correspondent of the school). He had asked me to sell this property to him in order to construct a residence for himself and, on my refusal, is now attempting through the help of the educational authorities to acquire the same. The school has no permanent building of its own, and does not possess any thing that is essential.

4822

Thus, though this institution is still left poor, it is strange to find the Correspondent of the school grow wealthy all of a sudden since we all know him from the days when he was living in a very small portion of house No. 102, Coral Merchant Street, Madras 1, at a monthly rent of Rs. 10/- only. As such, his source of income cannot be any thing else but this school. Any way, I need not discuss that matter any further. But, however much his position may have improved by now, he should not disturb others. If the playground was the only thing that is lacking for the school, he should have stopped constructing these buildings from their ground level in these hard days and availed the same for the purpose of a suitable playground for his school. Further, if his management had brought all that is essential for the school -- all for its own -- and then if he seeks aid for any thing that is badly wanting, matters can be appreciated. But not now, when matters stand otherwise and when the institution stands the risk of collapsing at his will. No doubt he is purchasing building after building and constructing the same under the false pretence that they are all for the benefit of the school. Viewed deeply, any one will come to understand the truth in it. The buildings which he recently purchased and for which the opening ceremonies were all performed in a gala manner, are all registered personal properties of either himself or his wife and are only rented to the school. Thus, none of the buildings presently occupied by the school are registered in favour of the school. Hence, the view which an outsider might get is entirely wrong and untenable.

The description that the premises No. 63 is a vacant site is also wrong as there is a pucca superstructure, all in brick-and-mortar, teakwood reapers, roof covered with country tiles, accommodating my motor car, my servant woman, and a lumber room wherein I have stored innumerable odds and ends.

Supposing, in spite of my several objections, this case happens to be decided against me, I will practically be thrown out of my house because the cow is more than a kitchen and the car is more than a living room and without these necessities with which I have become accustomed for years past, I cannot live for a moment. And, to accommodate them in my small house is absolutely impossible and to house them elsewhere will create much inconvenience and involve considerable expense in these hard days. As a point of information, I may mention that I myself drive my car and have therefore no driver.

Having put forth my objections as above-mentioned to the Personal Assistant to the Collector of Madras, he came to the spot and after inspecting the premises was satisfied that it was part and parcel of my small house and also that it would be quite inadequate for a playground to the ARC school which has a strength of approximately a thousand. On a recent enquiry at the Collector's Office, I came to know that the papers are at present with you. Therefore, I would like to inform you that the educational department had deliberately ignored my letters dated 14-12-45 & 17-12-45, seeking an interview, and are causing much delay in deciding this matter. As such, I am worried that it may take a different turn. Therefore, I desire to point out to you that whatever the requisitions of the educational department may be, the feelings, the necessities, and even the slightest disturbance to the peaceful enjoyment of a private residence of a co-citizen is equally, if not more, important and vital.

Thus, though this institution is still left poor, it is strange to find the Corporation of the school from nearly all of a sudden since we all know him from the days when he was living in a very small portion of house No. 103, Canal Merchant Street, Madras 1, at a monthly rent of Rs. 10/- only. As such, his source of income cannot be any thing else but this school. Any way, I need not discuss that matter any further. But however much the position may have improved by now, he should not disturb others. If the Corporation was the only thing that is looking for the school, he should have stopped constructing new buildings from their ground level in these hard days and waited the same for the purpose of a suitable playground for his school. Further, if his management had brought all that is essential for the school -- all for its own -- and then if he seems to be seeking aid for any thing that is badly wanting, matters can be appreciated. But now, when matters stand other-wise and when the institution stands the risk of collapsing at his will. No doubt he is purchasing building after building and constructing the same under the false pretence that they are all for the benefit of the school. Various details, any one will come to understand the truth in it. The buildings which he recently purchased and for which the opening ceremonies were all performed in a gala manner, are all registered properties of either himself or his wife and are only rented to the school. Thus, none of the buildings presently occupied by the school are registered in favour of the school. Hence, the view which an outsider might get is entirely wrong and undesirable.

The description that the premises No. 63 is a vacant site is also wrong as there is a good superstructure, all in brick-and-mortar, teakwood rooves, roof covered with country tiles, accommodation for 2000 persons, my servant women, and a number of other things stored innumerable and ends.

Supposing, in spite of my several objections, this case happens to be decided against me, I will practically be thrown out of my home because the lot is more than a kitchen and the lot is more than a living room and without these necessities with which I have become accustomed for years past, I cannot live for a moment. And, to accommodate them in my small home is financially impossible and to house them elsewhere will create such inconvenience and involve considerable expense in these hard days. As a point of information, I may mention that I usually drive my car and have therefore no driver.

Having put forth my objections as above-mentioned to the Principal Assistant to the Collector of Madras, he came to the spot and after inspecting the premises was satisfied that it was part and parcel of my small house and also that it would be quite inadequate for a playground to the school which has a strength of approximately a thousand. In a recent enquiry at the Collector's Office, I came to know that the report was at present with you. Therefore, I would like to inform you that the educational department had deliberately ignored my letters dated 14-1-42, 15-1-42, 16-1-42, seeking an interview, and are counting much delay in deciding this matter. As such, I am worried that it may take a different turn. Therefore, I desire to point out to you that whatever the regulations of the educational department may be, the feelings, the necessities, and even the slightest disturbance to the personal enjoyment of a private residence of a citizen is equally, if not more, important and vital.

In Conclusion, having put all these relevant points of mine for your sympathetic consideration, I fervently hope and trust that your Honour, who, I believe is also accustomed to all such (and may be, many more) day-to-day amenities, would not decide against a co-citizen friend of yours who seeks better living conditions since the whole world is fast moving towards it. The people in the educational department will all be in favour of the school only. It is only as such that I did not get any reply to my enquiries and any influence from such quarters should not distract the views of your Honour.

Trusting that you would not ignore my appeal,

I remain,

Very truly yours,

Enclosed.

N.S. Arunachalam O.B.E., I.C.S.,  
Collector of Madras,  
MADRAS.

To  
The Secretary to Government,  
Education & Public Health  
Department, Madras.

Sir,

Re. 8359/46-C1 dated 22nd July 1947.

LAND REVENUE - Madras City - George Town - R.S. Nos. 2999/1 and 2 -  
A.R.C. Higher Elementary School - Playground - Acquisition - dropped,

Ref: G.O. Ms. No. 1098 Education dated 29th May 1947.

The Draft Declaration under Section 6 of Act I of 1894 was published at page 298, Part I B, Fort St. George Gazette dated 10-6-'47. I issued notices under sections 9 and 10 posting the award enquiry to 21-7-'47 and called on the correspondent of the school to deposit immediately the balance representing half of the cost of acquisition. But he has stated in his letter E.C. 121/44 dated 14th July '47 (copy enclosed) that the site in question is most inadequate for the purpose of playground and that he is seeking for a central place to suit the convenience of several schools under his management. He, therefore, requests that the acquisition of the sites may be dropped. Two of the owners of the lands have also no objection to dropping the acquisition. I, therefore, submit for approval and publication draft withdrawal notification in duplicate. No compensation need be paid under section 48(2) of the Land Acquisition Act as the owners have not sustained any damages.

CRB/23-7-47.

FOR COLLECTOR OF MADRAS.

Copy of letter from the Correspondent, A. Ramanujalu Chetty Higher Elementary School, Muthialpet, Madras to the Collector of Madras, Ec. No. 121/44 dated 4th July 1947.

Sub:- R.S. No. 2999/1 and 2999/2 - Land acquisition.

PTO

Land acquisition proceedings were initiated in the above to acquire the site in question for providing a playground for our Elementary School. Since the said application, our Elementary School has grown to large that it now consists of a strength of nearly 700 (seven hundreds only) pupils. There is also under my management a Secondary School, for boys up to III Form. Besides, I am also running a Girls High School from I Form to V Form. I have been advised that the site in question under acquisition is most inadequate for purposes of playground. In spite of the fact that there have been objections from various quarters as regards the acquisition the very unsuitability of the site itself is baffling me. A central place where I can provide adequate playground for all the children under our care is being thought of and will be suggested as soon as I come across one.

In the circumstances, I am advised that no useful purpose will be served by the proceedings with the acquisition proceedings. Therefore I request that you may be pleased to drop the acquisition proceedings and direct the refund of the deposit of Rs. 4734-6-0 (Rupees Four thousands seven hundred and thirty four and annas six only) made by me on 7-3-46 covered by the cheque and acknowledged by the Collector in his reference No. R.C. 5981/45/C1 dated 9-3-46.

Land Acquisition - Madras City - George Town - A.R.C. Higher Elementary School - Play ground - Objection petition.

From Sri M.N. Padmanabha Naidu, Madras dated 22-5-47 and 4-6-47.

Please see the petitions submitted by Sri Padmanabha

Naidu at pp 1-7 c.f. and the orders of the Secretary at page 2 c.f.

In G.O.No. 1098 Edn. dated 29-5-47, the declaration under Section 6 of the Land Acquisition Act for acquiring the R.S.Nos. 2991/1 & 2

for use as Play ground for the A.R.C. Higher Elementary School,

George Town, was ordered to be published in the Fort St. George Gazette

The claimants to the properties submitted petitions even then objecting

to the above acquisition which are summarised in para 2 of the Board's

reference at page 1 of 'a'. In view of these objections, the Board

at first recommended that the proposal might be dropped unless the

D.P.I. was able to meet all the objections raised by the claimants,

The Director in his letter at page 9 of 'a' had met all the objections

put forward against the proposal to acquire the sites and in view of

this, the Board subsequently recommended that the objections might be

overruled and that the draft declaration under Section 6 might be

approved and published in the Gazette.

2 In this connection attention is solicited to the

following remarks of the Director of Public Instruction, in regard

to the necessity for acquiring the sites under question.

"In the above circumstances, I request that the Board

may be requested to reconsider the proposal in view of the importance

of the well-being of a number of children as against the inconvenience

of one individual family and provide the school with a small play ground

atleast, rather than to have nothing for recreation purposes."

3 In the petitions at pp 1-7 c.f. the petitioner has

not raised any fresh grounds for a reconsideration of the orders already

passed. All the objections urged in the present petition have already

been put forward and examined and overruled.

4 In the circumstances it does not appear necessary

to obtain the remarks of the D.P.I. or the Board of Revenue on the

petition. The petitioner may perhaps be informed that his

request cannot be complied with. Revenue may be

the case. Revenue may be

60000/47. From the Collector of Madras. No. R.C.  
8359/46-C1 dt 22.7.47

A letter since received from the Collector of Madras has been added to the C.F. In the circumstances reported by the Collector in his letter at p 13 C.F., he recommends that the acquisition may be dropped and that the withdrawal notification may be approved and published in the F. S. or Gazette. He also reports that no compensation need be paid to the owner.

A draft order publishing the withdrawal notification is submitted for approval. Revenue may see for
