Office of the Commissioner of Labour,
Chepauk, Madras, dated 3-10-47.

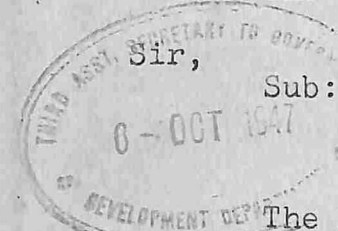

From

R.M. Sundaram, Esqr. O.B.E., I.C.S.,
Commissioner of Labour.

To

The Secretary to Government,
Development Department, Fort St. George, Madras.

Sub:- Education - Labour Department - Building grant - Subbarayan
Elementary school - Washermanpet, Madras - Requested.

95716
690W. (2)

The Manager and Correspondent of the Subbarayan Elementary School, Washermanpet, Madras, applied for a building grant of Rs.4600/- in 1945 for extending the school building but the Government were not then prepared to sanction it - vide G.O. No.2913 P.W.D. dated 15-11-45. On a reference subsequently made to the Education Department in the matter, the Director of Public Instruction, Madras stated that the tiled portion of the building was leaky and not properly ventilated, that by carrying out minor repairs, it could be made use of for another year and that the question of remodelling the school building might be taken up next year 1948-49. The manager and correspondent of the school states that though minor repairs have been carried out the school becomes damp during the winter season and causes much inconvenience to the pupils who number about 196. She therefore requests that a building grant to remodel the school may be sanctioned.

2-The School has been in existence for about 48 years and it is now managed by a widow. It is situated in a Harijan locality and serves the needs of the Harijans there. I therefore recommend that the Government may be pleased to sanction a building grant for remodelling the school building in question. A grant of Rs.4600/- was recommended in 1945. As the cost of labour and materials has since risen, I recommend an increased grant of Rs.7000/-. The proposal may be considered as a part II scheme for 1948-49. The expenditure will be debited to "47 Misc. Depts - a Labour - D. Communities eligible for help by the Labour Department - Education 7 - grant-in-aid- Building grants".

A copy of the application with its enclosures received from the Manager and Correspondent of the school is enclosed. The estimates and plan have already been sent to Government with my letter A6-5020/45 dated 29-9-45.

P.K./4-10 4/10

V. B. Sundaram
for Commissioner of Labour.

Page 1 above may be perused
 [This institution is an aided institution and the Labour Dept has
 presumably no control over this. In a similar case regarding
 the O'Leary Memorial School, Adyar, it was decided last year
 that the building grants for such institutions
 should be met from the Edu Dept's budget and
 the Labour Dept's budget. So this seems to be a
 for consideration by the Edu Dept. This may be brought
 to S.P.H.W.O. for necessary action.

Yours faithfully
 P. P. P.

DLW DPA

Copy of application dated 29th Sept 1947 from the Manager and Correspondent Subbaroyan Elementary School, Washermanpet, Madras to the Commissioner of Labour, Madras.

Sir,
 I had applied for a building grant of Rs.4600/- to provide more accommodation to facilitate the admission of more students in the school and also to convert the school into a Higher Elementary School in 1945. I was asked to renew my application the following year vide D.P.I's letter No.11543-B2/46 dated 1-3-47. I carried out certain minor repairs and managed till now, but I regret to state that the building is becoming damaged gradually and during the wet season the pupils are put to much inconvenience due to dampness. The roof is leaky and the building requires better ventilation. A portion of the building was constructed when the school was started about 50 years ago and unless prompt action is taken to remodel this portion at least, it is likely to cause greater damage.

The building has been serving the needs of the Harijans in the locality being situated amidst their houses. From the statements enclosed it will be seen that out of the strength of 196, the Harijans number 177. Statement showing the strength and average attendance in 1946 is also enclosed. It will be seen from it that the attendance is increasing. I am also enclosing a statement of expenditure incurred on the school and the amount of grants drawn by me for the period from January '46 to December '46. It will be evident therefrom that I have spent Rs.240/- in addition to grants that I received. The expenditure for the current year will be much more as I am required to pay Rs.10/- and Rs.5/- per mensem to the teachers in addition to the teaching grants given by the Educational Department. There are seven teachers in the school. The building is my own and no rent is charged for it. The cost of its maintenance has to be met by me. Being a widow and not too well circumstanced at that, I am unable to meet the additional demand put on me to remodel the school building. I do not collect any fee from the pupils.

Besides my intention of getting the school converted into a Higher Elementary School, the main building by itself provides accommodation only for about 130 pupils. The strength of the school

4
is at present 196. It is therefore hardly sufficient for the existing number of pupils.

I, therefore, request you to obtain the grant required for the remodelling of the building. The cost estimated for the purpose was Rs.4600/- in 1945. The prices have gone up since and if the estimate is increased by about 50% the grant required will be about Rs.6900/- I therefore request you that a grant of Rs.7000/- may be paid to me for the purpose.

The plans and estimates previously sent to you have not been returned to me.

I shall be very grateful, Sir, for the kindness.

Grant - Building grant - Subbarayan Ele. School, Washermanpet,
Madras - - Sanction - - - Part II Scheme

From the Commissioner of Labour No. A3-7252/47 dated 3-10-47.

In the C.F., the Commissioner of Labour has proposed, as
a Part Scheme for 1948-49, that a building grant of Rs. 7000/- may
be sanctioned to the Subbarayan Elementary School, Washermanpet,
Madras.

In the circumstances explained by the Commissioner, the
necessity for improvements to the school building may be conceded.
In the Education Department it is only usual to sanction a half
grant for buildings. A grant not exceeding Rs. 3500 may be sanc-
tioned, the proposal being treated as a Part II scheme. The file
may be sent to Finance for remarks.

p 11 cf

From the D.P.I. No. 3171 B2/47 dated 30-10-47.

Please see the letter at page 11 cf. since received
from the Director. He has recommended that a full grant of
Rs. 7,000/- may be sanctioned. As already noted above it is usual
to sanction only half-grants in these cases. It seems sufficient
to sanction a half-grant in this case. The file may be sent
to Finance for remarks.

Finance (B.E.II) Department

Part II Scheme for 1948-49.

The E & P.H. Department propose that a building
grant not exceeding Rs. 3,500 may be sanctioned to the
Manager and Correspondent of the Subbarayan Elementary
school, Washermanpet, towards ~~half~~ half the cost of
remodelling the ~~School building~~ School building, the proposal being treat
as Part II Scheme for 1948-49.

The remodelling of the School building is propos
as the building becomes damp during the winter season

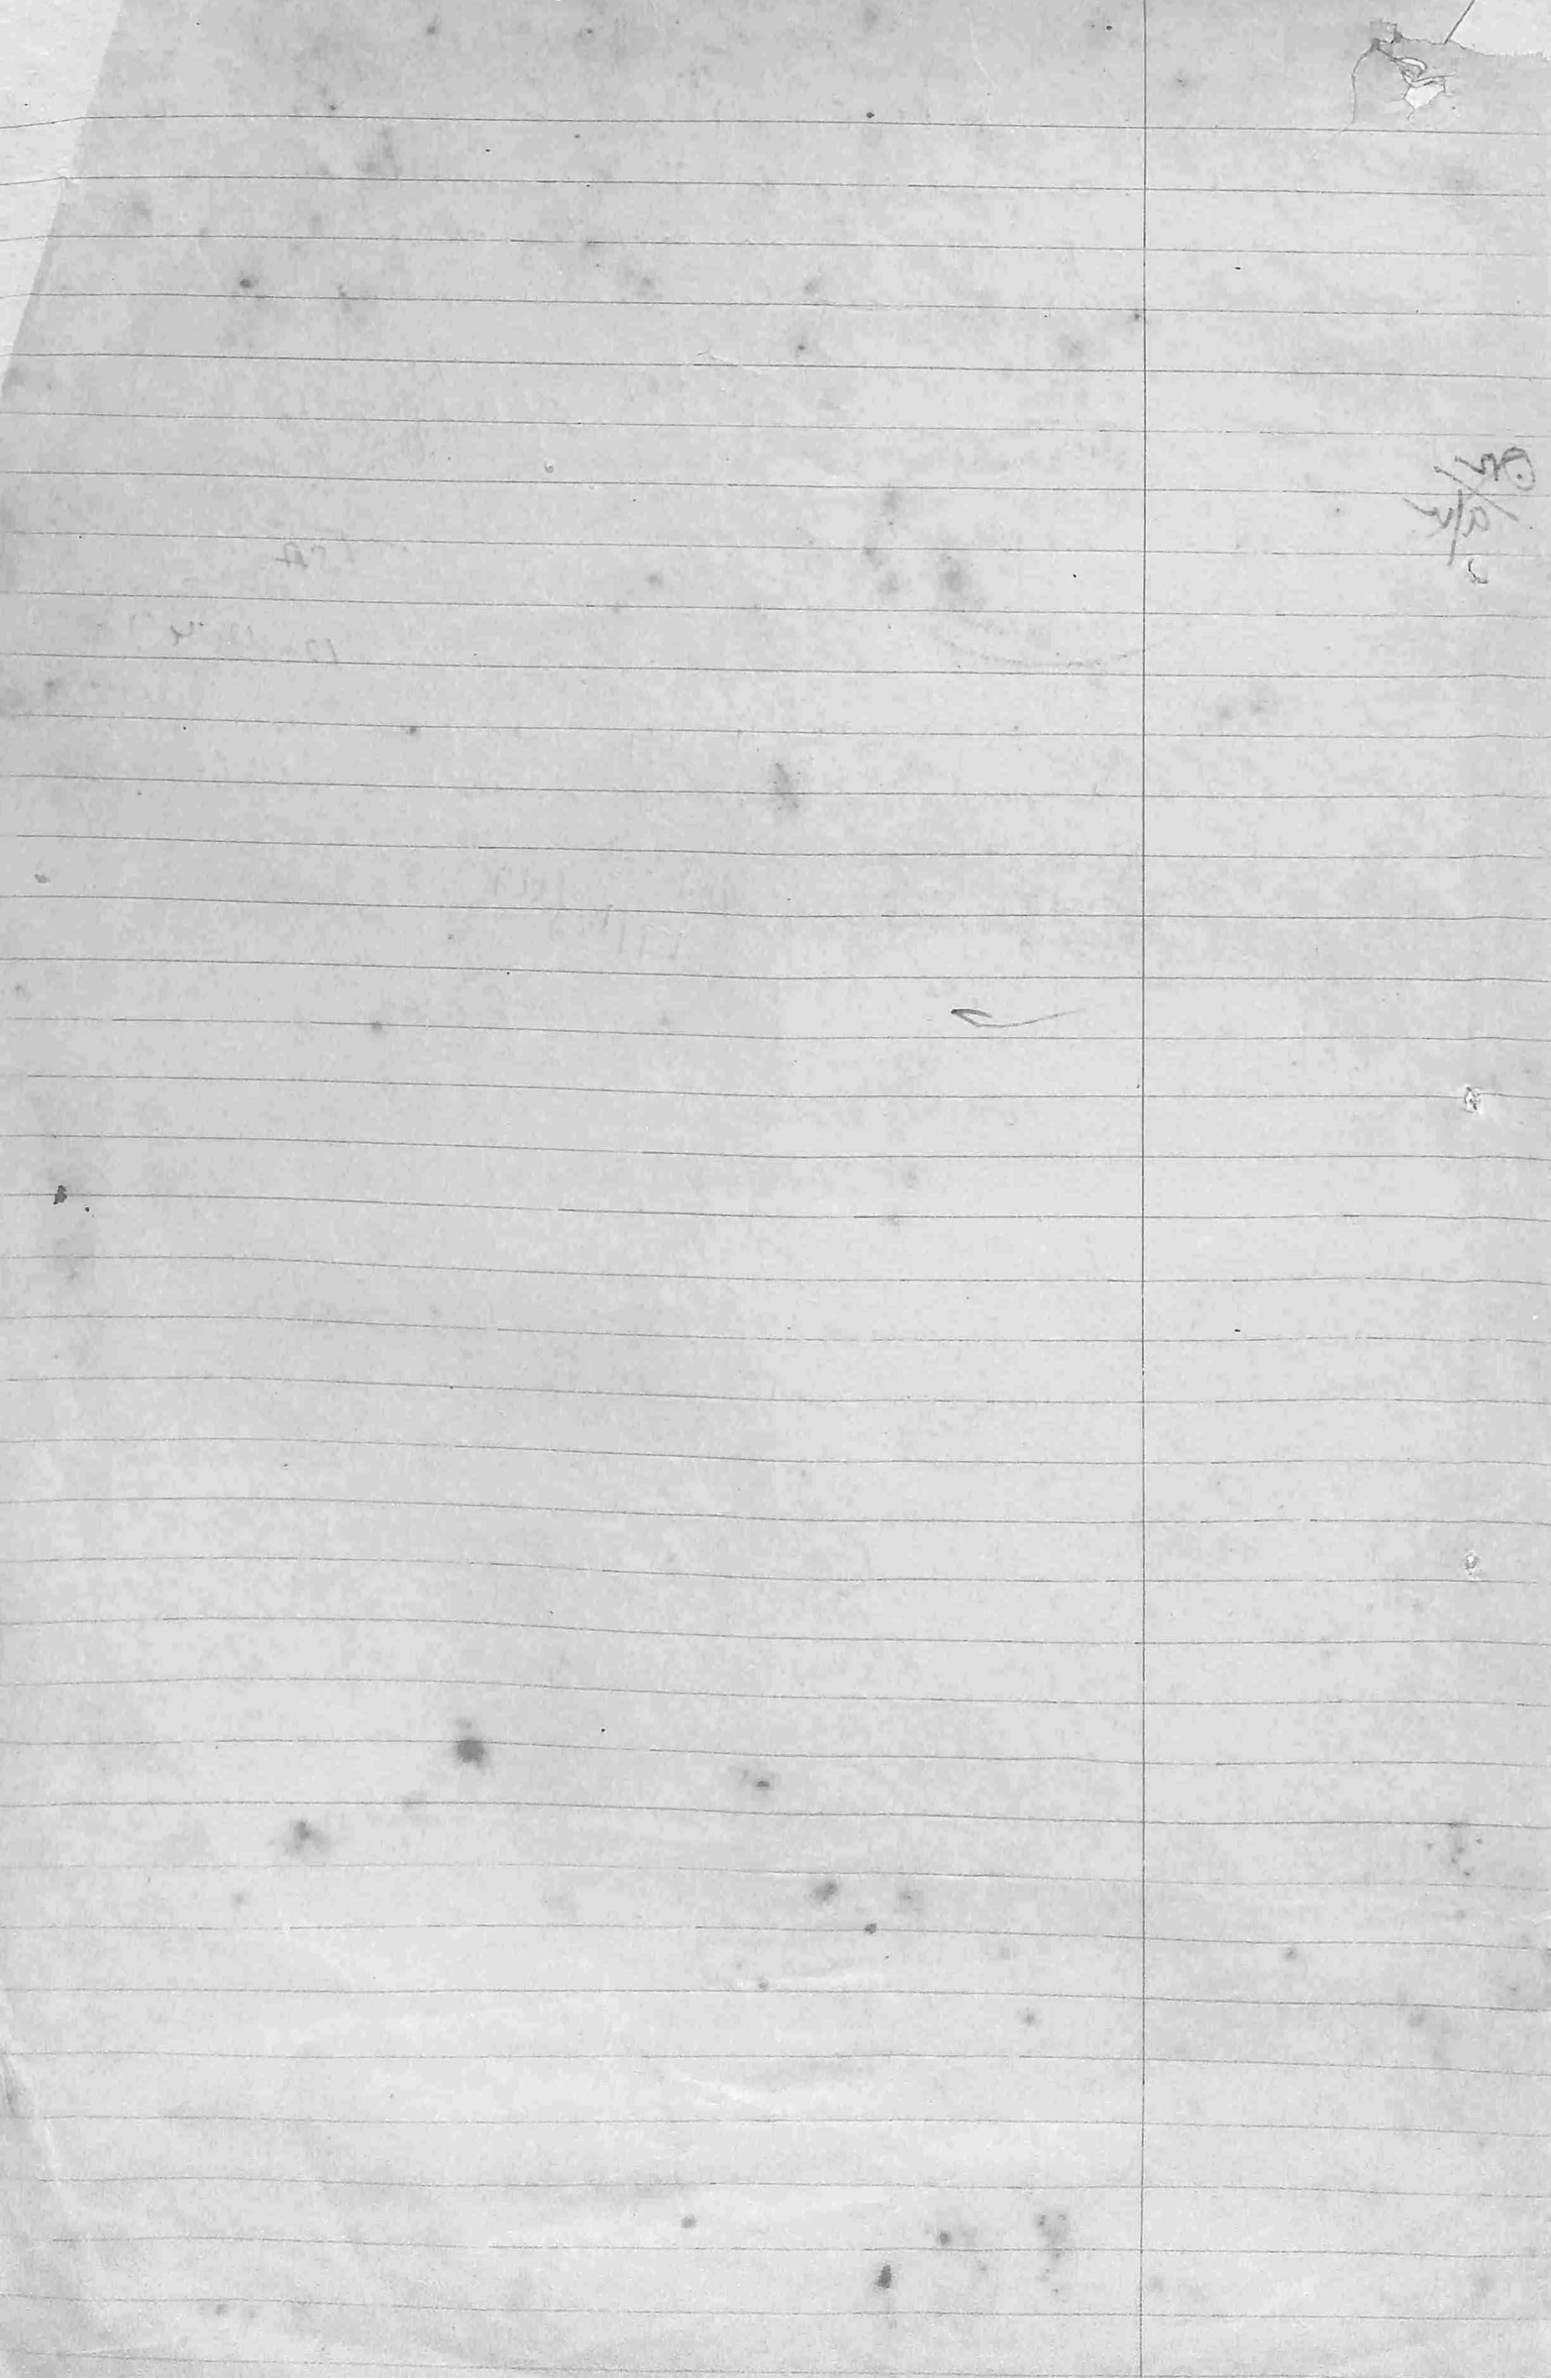

and causes much inconvenience to the ^{pupils} people. In view of the stringent need for economy, only Post-War Development schemes, schemes relating to Grow More Food, Remunerative schemes, and schemes that are imperatively and immediately essential for the proper running of departments ~~after~~ are to be considered as Part II Schemes for 1948-49. The scheme

in the present case does not fall within any one of the above classes. ^{It seems that by effecting certain minor repairs, the building can be made use of for some more years.} In view of the above and of the fact that the

present policy of ^{the} Government is to defer all Government building schemes, having regard to the high cost of materials and labour, Finance may advise that the proposal may be deferred.

If, E & P.H. wish to press the proposal, they may be requested to indicate the special reasons ^{in their view} which necessitate taking up of the scheme urgently, and to take orders in circulation including H.M(Finance) and H.P.M. as to whether this will be included for consideration as a Part II Scheme for 1948-49. (H.P.M. wishes to see all proposals relating to expenditure on buildings which are considered essential)
