Dear Friend,

I met Shri Omandur this morning and we discussed the progress of Basic Education in our Province. The enclosed is the copy of the letter I have today written to him. I hope you will agree with me in what I have written and that my suggestions will only help ~~me~~ you.

Yours sincerely,

Office, No.6 Lattice Bridge Road,
Adyar, Madras, Dt.1.9.'47.

Dear friend,

Let me say how grateful I am to you for giving me time this morning to meet and talk to you regarding Basic Education in our province. Let me also add that I came away considerably strengthened and cheered by your attitude. I am writing this however as we both agreed I should, in order that the following points might be available to you on paper whenever you need to be reminded of them.

I put down the following points as briefly as I can and trust you will find them useful in dealing with them without delay.

1. Basic Education being altogether a new experiment and in many ways not only different but opposed to the old system of Education, which is still with us, it naturally has to face many psychological and practical difficulties. These difficulties are so real that unless they are specially and immediately attended to the new system will make no headway.

2. The Madras Government has started a few centres for training Basic teachers. At Periyanaickenpalayam and at the Vinaya Ashram a 150 Basic Teachers were trained last year. These teachess and the 26 trained earlier by the Hindustani Talimi Sangh in Tiruchengodu and 17 others at Konetipuram in Andhra Desa have today become the pioneers of Basic Education in our Province. Those who are on the staff of Training Centres who are not more than 15 in number are Graduate Teachers. Non-graduate members of the above staff are included in the number 150. All these 165 people doing pioneering work in Basic Education are really 24-hour workers, because they not merely teach in the class rooms but it is part of their primary business to change the whole life and outlook of the trainees and even the objective conditions of their environment. But more difficult than these tasks is the perpetual psychological strain on them when carrying out their new ideas in the midst of a centuary old back-ground and environment.

The question therefore of reducing the mental and physical strain on such pioneer workers is an immediate and urgent one for those who wish to see Basic Education spreading quickly in our Province.

3. The mental strain can be relieved by giving everyone of those now engaged in Basic Education work the conviction that what he is doing will be treated as central in any scheme of Educational reconstruction and that all Educational work will soon be readjusted to suit the new system. For this, there should be, if necessary, repeated declarations of policy on the part o the Government which will leave no doubt to anywhere that Basic Education wil be presently made universal. I know this has sometimes been done but in my humble opinion what has been done in this direction has not been enough to inspire our pioneer workers with absolute conviction.

4. The teacher is as you know the worst paid worker under the State. It is our solemn duty to see that atleast those who have today agreed to shoulder the responsibility of pioneering Basic Education should be given mor financial support than the others. Here there is absolutely no question of Basic Teachers refusing to do their jobs except for higher salaries. It is entirely a question for Government itself to realise the need for giving some [illegible] that increasing number will be encouraged to come into the new system voluntarily. It is of course opened to the Government to compel every teacher into the new way. This might be alright later when the new system has spread sufficiently and most of the present doubts have been cleared. But to create just now our first batches of Basic teachers by force of compulsion would poison the atmosphere from the very start. I think this should be avoided at all costs. The case I am presenting will become irresistable when it is remembered that the elementary school teacher is today paid less than many clerks.

In regard therefore to the question of the increase of the allowances both for the staff of our Basic Training Schools and for the teachers in our new Basic Schools I venture to make the following proposals.

1. Graduate teachers trained in Basic Education may be given an extra allowance of Rs.15/- per month.
2. Matriculate teachers trained in Basic Education may be given [illegible] extra allowance of Rs.10/- per month.
3. Non-matriculates trained in Basic Education may be given an extra allowance of Rs. 5/- per month.

4. Today Matriculate teachers in High Schools are given higher salaries than Matriculate teachers in Elementary Schools which is itself unjust. But quite apart from this injustice, it is of the utmost importance that, in Basic Schools such a difference should not be maintained. This means that a Matriculate trained in Basic Education if he is working in a Basic School, in whatever grade, should be treated on a par with Matriculate teachers in High Schools. In the Nai Talim Scheme a full Basic School running for 7 years is a full High School.

I shall be very sorry if the question of the increase of allowances as per the above paragraph appears to you only as a financial problem. If it is insisted, that any extra expenditure of this kind should be on the basis of some retrenchment effected elsewhere in Educational expenditure then I am afraid we shall be making a mistake. The point to be considered as vitally necessary and therefore proper is that the above encouragement must be given to Basic Teachers. Once this is accepted, then it is for the Government, if they think it necessary to make the retrenchment. My special point is that the question of giving this increased allowance for our pioneer workers in Basic Education should not be made dependent on retrenchment but that such retrenchment, if absolutely necessary, should be made obligatory in order to help Basic Education to progress speedily.

Let me only say this that since Government really believes in the paramount need to replace the present system by Basic Education they should not find it impossible to cry halt to the ever increasing expenditure on the old system which we are pledged to replace. Let me not go into this matter further because I know that you and the Minister for Education will leave no stone unturned to achieve what we all so much desire in Educational reconstruction.

I know how many distractions you have these days and how heavily burdened you are with so much to do. But let me plead with you not to let the point of view I have expressed in this letter to go unheeded. I know what great faith you have in Basic Education. Mx Even so it is my duty to respectfully point out to you that Basic Education will be frustrated if you do not give it the initial push without the greatest care and solicitude.

Thanking you and with regards,

Yours sincerely,

Shri Omandur Ramaswami Reddiar,
Prime Minister,
Madras.

I have the honour to submit herewith a copy of the letter of the Divisional Inspector of Schools, Coimbatore quoted above and recommend the sanction of the Special allowance of Rs.10/- p.m. to the teachers trained at the Basic Training School, Perianaickenpalayam in addition to the craft allowance of Rs.5/- for each teacher. The special allowance of Rs.5/ recommended by the Divisional Inspector is not adequate.

Sub: Basic Training - special allowance - proposed.

......

The Hon'ble Minister for Education instructed me to recommend a special allowance of Rs.5/- to all those teachers who were trained at the Basic Training School, Periyanaickenpalayam during 1946--47 under the scheme of retraining teachers from selected schools. These teachers were trained both in a craft, which was spinning and carding, and in the principles of Basic Education. They underwent training for 9 months and during the period of training, they were in receipt of their salary from the managements of schools that deputed them and a stipend of Rs.18/-. Though this stipend was almost adequate to meet the hostel charges, they were no doubt put to loss and inconvenience having had to maintain their families in their places. In view of the special training they have undergone and as a kind of encouragement, a special allowance of Rs.5/- is recommended to be sanctioned. This allowance will be over and above the allowance of Rs.5/- that may be sanctioned for a knowledge of a craft.

K

The teachers who underwent training were mostly teachers in Local Board employment - Coimbatore District Board and Coimbatore Municipality - and a few were deputed by aided institutions. A statement showing the number of teachers of each category is

NOTE FOR THE STANDING FINANCE COMMITTEE.

Subject: Teachers trained in basic education--Grant of allowance.

Last year, the Government sanctioned the opening of two Basic Training schools, one at Perianaickanpalayam and the other at Vinayasramam, for training teachers in Basic education. Teachers admitted for training were given, in addition to the pay admissible to them, a stipend of Rs.18 a month for the period of training.(9 months).

p1 CF

2. The teachers who have undergone the training have represented that they should be given an extra allowance of Rs.10/- a month in view of their special training. The D.P.I. has recommended the sanction of ~~the~~ an allowance of Rs10 to the teachers trained in the school at Perianaickanpalayam, in addition to the craft allowance of Rs.5/- for each teacher. He has also recommended a similar concession ~~may be given~~ to ~~to~~ those trained in the Basic training school at Vinayasramam. The Secretary, E.&.P.H.deptt., noted as follows on the proposal.:-

The present proposal would mean a permanent increase of Rs.10/-.in the salary bill for teachers ~~should go~~ who came out of these institutions. I do not think that this was contemplated at all. For the process of switching-over, if any inducement is necessary at the early stages, it should take the form of extra allowances only for the period of training. I think the proposal in the present shape should be negatived."

p2 NF

The Finance Department ~~have~~ agreed ~~that~~ with the views expressed by the Secretary above and they .... suggested that the proposal should be negatived. They also noted that the question of sanction of any extra allowance for teachers during the period of their training as an inducement during the early stages of the training ~~may~~ might be considered on merits when the question arises.

H.M.s (Edn and Finance) minuted as follows:-

B.G.R.
23-6-47.

H.M.(Edn) minuted that the proposal ~~may~~ might be placed before the Standing Finance Committee.

It appears to be the intention of the Hon'ble Minister for Education that besides the teachers trained at Perianaickenpalayam and Vinayasramam, the teachers ~~after the trained~~ who received training at Wardha should also be granted an allowance of Rs.5/- a month. There will be about 175 teachers who will be eligible for the allowance. The extra cost on account of the proposal will be Rs 10500 recurring. // Orders of the Standing Finance Committee may be obtained as to whether an allowance of Rs.5/- may be paid to each teacher who received special training in Basic education, the entire cost being met from the Provincial funds.

"Obviously, Hon'ble the Minister (Education) wants this five rupees" allowance as a permanent fixture, not during training as the Department suggests.

There are 175 teachers x 5 x 12---Rs.10,500 annually.

Is it the wish of Hon'ble the Minister(Education) that we should undertake the recurring expenditure?

If so, perhaps it is a matter for Standing Finance Committee.

Hon'ble the Minister (Education) may see."

B.G(opala Reddy)
23.6.47.

Hon'ble the Minister (Education) minuted that the proposal might be placed before the Standing Finance Committee.

5. It appears to be the intention of the Hon'ble Minister for Education that besides the teachers trained at Perianaickenapalayam and Vinayasramam, the teachers who received training at Wardha should also be granted an allowance of Rs.5/- a month. There will be about 175 teachers who will be eligible for the allowance. The extra cost on account of the proposal will be Rs.10,500 recurring.

6. Orders of the Standing Finance Committee may be obtained as to whether an allowance of Rs.5/- may be paid to each teacher who received special training in Basic education, the entire cost being met from the Provincial funds.

---

7. When the file was circulated again Hon'ble the Ministers (Education) and Finance minuted as follows:-

"Special allowances should be discouraged wherever possible. I am afraid no special case is made out in this case".

B.G(opala Reddy)
9.8.47

"This may be placed before the Finance Committee for decision".

8. Information regarding the allotment under education, the expenditure incurred so far, the cost of the scheme etc., is given below:-

(a) Budget provision under the Major head of account (37 Edn.)	Rs.6,99,62,900
(b) Actual expenditure to end of June 1947 under the major head of account.	Rs. 80.87 lakhs.
(c) Estimate of extra expenditure on the present scheme in the current year.	Rs.4,400
(d) Savings in the budget provision for other items included in the major head.	Not known, it is not possible to estimate the savings now.

Sir,

SUB:- Basic Education = Teachers trained in Basic Education = Grant of special allowance.

REF:- Your D.O.No.72290/B.2/47-1/Education, dated the 17th October 1947.

I am entirely opposed to the idea of giving inducements to Teachers to take the Basic Training when Government order that Basic Training is the only type of training that will be recognised in future. Teachers will have no choice in the matter and no special inducement will, therefore, be necessary.

Normally I would have supported any suggestion to improve the pay of teachers but in this case, I am unable to support the proposal as I do not like any distinction between Basic Trained teachers and others.

The financial implication of the proposal is given below:

	9 months (Annual new commitments.)	Full year (Old commitments).	Total.
1948--49.			
Graduates: ...	...	7,920	17,460
Matriculates ...	...	3,120	
Non-Matriculates	...	6,420	
1949--50.			
Graduates ...	8,100	7,920	45,090
Matriculates ...	7,020	3,120	
Non-Matriculates	12,510	6,420	
1950--51.			
Graduates ...	9,450	18,720	1,13,550
Matriculates ...	20,700	12,480	
Non-Matriculates	35,100	17,100	
1951--52.			
Graduates	No.completing the course - during the year not taken into account.	31,320	1,35,30
Matriculates		40,080	
Non-Matriculates.		1,35,300	

The above statement shows only immediate cost and it is not possible to say what the progressive cost will be every year, as the expenditure will depent on the number of teachers trained or retained every year.

Please see herewith a representation that I have received from Sri G.Ramachandran, Assistant Secretary of the Hindusthani Talimi Sangh. For purposes of giving encouragement to people who are taking to basic education as well as for attracting a better type of people for the educational service, he wants extra remuneration to be given to the various grades of teachers in basic education. Our intention is to convert all schools into basic schools and so, in the long run, we will have to pay all the teachers this scale.

I must point out that the scales obtained for teachers are too low and this increase will only give them justice and in the meantime will help to give enthusiasm as well as better type of men for the educational service.

The pace of basic education will necessarily extend at the rate at which all our schools will be converted into basic education schools through a process of time which may extend from five to ten years and to that extent, the extra cost that we may incur will be gradual.

I understand that H.P.M. has given his approval to this proposal. I would like to have this matter examined and a Part II note put up for giving effect to these suggestions.

Sir,

Sub:- Basic Education trained teachers - Special allowance - Sanction prayed for.

We, the undersigned candidates deputed by the Madras Government for training in Basic Education in Sevagram, Wardha, humbly request the Madras Government to Sanction a Special allowance of Rs 40/- per month to all trained graduates who have undergone training in Basic education in Sevagram considering their whole day difficult work from about 4 A.M to about 9 P.M. daily in a basic school as against the 5 hours work for five days in a week in other secondary and training Schools.

The fact that they have no scope for improving their financial position by private tuition etc. and be free from financial worries may also be taken into consideration.

under the circumstances we may kindly be permitted to bring to your kind notice that a trained graduate who has undergone training in Adult Education only for about 15 days in Saidapet at the cost of the Govt. is paid a special allowance of Rs 25/- per month, when he is employed in an Adult Education training school. A copy of the order sanctioning the allowance to a teacher of Adult Education training school is enclosed for kind perusal.

The teachers who have undergone training in the Basic trng. school at Periyanaickenpalayam, request~~s~~ that they may be granted a special allowance of Rs 10/- a month (besides the pay and Craft allowance of Rs 5 admissible to them), in view of the special training undergone by them in Basic Education. The D.P.I. recommends the request. The ~~Question~~ points for consideration ~~is~~ are:-

(1) Whether ~~this~~ the special allowance should be granted, and;

(2) How the expenditure on the grant of the allowance should be ~~made~~ met.

(1)above:

To the revised scales of pay fixed by Government, an allowance of Rs 5/- has been attached for Craft training. The Director has separately reported that the Craft allowance should be paid to teachers who have undergone training in any one of the ⊗ 11 subjects mentioned by him. His proposals have been accepted and orders will issue separately in the matter. It is not clear whether the training imparted in the Basic Training School at Periyanaickenpalayam is different from the training required for the Craft allowance. If there is no difference, the need for the grant of special allowance is not apparant and teachers traine

ined in ~~these~~ this institution will be eligible only for a Craft allowance of Rs 5/-. If the view is held that there is difference, then there may be a justification for the grant of the special allowance. The special allowance is payable to a teacher who ~~has~~ may have undergone trng. in the Basic school irrespective of the question whether he is eligible for Craft allowance or not. Orders of H.M. (Edn.) may be taken on this point. – cf K on p 5 cf.

I do not think it is intended that those who have the 'Craft allowance' [illegible] get anything. Please see further below.

(2) above:

It is observed that 63 teachers ~~who~~ have undergone training in the Basic Training School at Periyanaickenpalayam. Of these, 52 teachers are from schools under local bodies and 11 from schools under Panchayat and Private managements. ~~The~~ A batch of teachers ~~are~~ is undergoing training in the school at Vinayasramam. It is not known whether the ~~xxxxxxf~~ expre. on the grant of the special allowance of Rs 10/- a month to teachers deputed from local bodies will have to be met ~~from~~ by the local bodies from their own funds or whether ~~the~~ a subsidy should be given from Provincial funds. In the case of ~~xxxxxx~~ teachers deputed from schools under Panchayats and Private managements, the expenditure on the special allowance will have to be met from Provincial funds in as much as the Govt. ~~xxxx~~ are sanctioning grants towards the salaries of these teachers.

We are [illegible] training school by another – for one kind of training for the purposes of Basic Education. In due course the new type will be the only type. The present type proposal would mean a permanent increase of Rs 10/- in the salary – for teachers who come out of these institutions. I do not think this was contemplated at all. For the process of 'switching-over', if any inducement is necessary at the early stages, it should take the form of extra allowances only for the period of training. I think the proposal in the present shape [illegible] negatived.

The file contains a request from teachers, who have undergone training ~~in~~ at the Basic School at Periyanaickenpalayam that they should be granted a special allowance of Rs 10/- a month. The D.P.I. recommends the request. This dept have recorded the view that the proposal is not justified. If any allowance is to be sanctioned, it should be granted during the period of training. As the teachers, who have made the representation have already received training no allowance is now payable to them.

to HM (Edn) for orders. 3. Whether the request of the teachers made in the c.f. ~~and~~ the grant of an extra allowance to them for the special training recieved by them may be verified. [Secy has raised the question ~~that if it is considered~~ (if it is considered necessary) that an extra allowance of Rs 10/- ~~to be~~ may be given to those who ~~have~~ ~~raised~~ recieved training in Basic Education, such allowance should be granted only during the period of training. (This point will be ~~questioned and~~ examined in detail if and when a need for it arises]

HM (Fin.)

Now that the allowance which was given as craft allowance before has been merged into the basic pay of the teacher it becomes necessary that we should give some extra allowance to those people who have put in one year's training in addition to the two years' training that they underwent before. This extra money will not become a permanent increase to all basic teachers because, hereafter ~~even after~~ in the two years' training in training schools, they will get the training for the craft and other basic training also. Now this extra allowance ~~may~~ be given only to those teachers who ~~are~~ has put~~ting~~ ~~in~~ in one year of extra training for basic education and their number is only about 175. They may be given an increased allowance of Rs.5 per month.

These teachers have undergone one year of more training for Basic Education and so, it is but just that they should get an a llowance. The D.P.I. recommended Rs.10 and we recommended only Rs.5. H.M. Finance may kindly see and reconsider and agree with the suggestion as it is onlyvery just.

TSA

Obviously H.M. (Edn) wants the five rupee allowance as a permanent fixture, not during training as the Deptl suggests.

There are 175 teachers × 5 × 12 = Rs 10500 annually.

Is it the wish of H.M. (Edn) that we should undertake this recurring expenditure?

If so, perhaps it is a matter for S.F.C.

H.M. (Edn) may see.

The teachers trained in basic edn. will be working in schools under local bodies or private agencies. In the case of local bodies ~~the cost of the allowance will have to be met~~ by it is presumed that the intention is that a subsidy should be paid to local bodies towards the cost of the allowance. In the case of private schools a grant will be paid taking the allowance into account. It also appears to be the intention of H.M. that teachers in basic training schools who have recd. training at Wardha should ~~also~~ be granted the allowance of Rs 5. The extra cost in this regard will be a direct charge on Govt. funds.
