ANSWER.

(a) and (b).- In the report of the Health Survey and Development Committee of the Government of India, it is recommended that about 1/3rd of the total vacancies in the Medical Training Institution should be filled by selection of candidates by pure merit only. Pending a final decision on this recommendation, it was considered necessary that some percentage of seats in the Medical and Engineering Colleges may be reserved to be filled on grounds of merit in order to get the best possible candidates. Orders have been issued in Government Memorandum No. 33199-A/46-1-Edn., dated the 21st June 1946 that for this year provisionally 20 percent of the seats in the Engineering and Medical Colleges should be reserved for candidates selected on grounds of merit. A copy of the order is placed on the table.

(c). The particulars are furnished in the statement appended.
