My dear Subramaniam,

Governor, H.E. the - Tour -
Bellary District - Represent-
tation.

4384

His Excellency desires me to
enclose for the consideration of the
Hon'ble the Ministers concerned an
extract from a representation made
to him by the Secretary, Rayalaseema
Maha Sabha, Bellary in his tour of
Bellary District.

His Excellency informed the
petitioner that the matter was one for
the Hon'ble the Ministers.

Yours sincerely,

[Signature]

M.V. Subramaniam Esq., ICS.,
Secretary to Government,
Education & Public Health Dept.,
Madras 9.

Encl. 1.

Governor's Secretariat

Extract from a Memorandum submitted to H.E. the Governor at Bellary on the 12th January 1947 by the Secretary, Rayalaseema Maha Sabha, Bellary, during his recent tour of Bellary District.

* * * *

3. We are educationally backward and the previous Government recognised this fact and gave special grants to promote elementary education. Recently we were threatened with withdrawal of these special grants though owing to representations made by our representatives they have been restored. We request Your Excellency to see that these special grants are not only retained but are also increased to meet the expenditure on the expansion of existing schools and the opening of new schools in school-less villages. Compulsory elementary education also should be introduced in all districts.

4. We are grateful to Your Excellency's Government for opening B.Sc. Classes in the Government College, Anantapur. In view of the growing strength the accommodation even when the proposed new buildings are put up will not be enough. The Government may consider favourably the proposals already before them of handing over the Taluk Office situated next to the College and the Police Hospital opposite to the College for the use of the college for college classes, hostel accommodation and play grounds. The Government may also be pleased to open Honours Classes for which great demand exists even now.

5. The need for opening a Medical College in these districts is a crying one. At present our boys and girls do not secure adequate number of places in the existing colleges and our cry for more seats has been in vain. Any place in these districts can be chosen for the purpose. Incidentally we may also state that there is great scope for a college of Indian Medicine in our districts.

* * * *

7. We understand the question of converting Allipuram Tuberculosis Jail as a Civil Tuberculosis Hospital and Sanatorium is now under the active

PTO.

- 2 -

consideration of your Government. We request you to expedite this conversion as from the point of view of climate and other conditions, Bellary is eminently suited for a Tuberculosis Hospital and Sanatorium.

12. We have more than once represented that due and adequate representation should be given to our districts in the University Bodies of the Madras University. We were assured by your distinguished predecessor that our request would be borne in mind. But we regret very much to bring to the notice of Your Excellency when the occasion did arise recently our districts were clean forgotten. We hope Your Excellency will give this matter your gracious consideration and redress, what we consider, a grievous wrong done to us.

Para 3 of the representation.

It is true that the govt sanctioned a special subsidy to the Dt Boards in Rayalaseema for the expansion of the Edn. The Scheme was first sanctioned in 1943 for ^{seven} ~~several~~ Dist Boards. 5 for in Rayalaseema, Salem & East Godavari. The total subsidy was fixed at Rs 3.50 lakhs & distributed among the seven Dts as shown in the Margin.

It was raised to Rs 5.84 lakhs from 1945-46 & the share of the Dist Bd was increased correspondingly. It was found early in this year that the cost of the expansion scheme framed by the Dt Bds far exceeded the govt subsidy. The question as to how the expenditure should be brought down is under consideration. The point whether the special subsidy should be increased beyond Rs 5.84 lakhs should be examined afresh if govt decide to provide necessary funds for it. There is at present no proposal to raise the subsidy.

2. As regards the scheme of compulsory Edn, the policy is to introduce the scheme in selected villages in each district & to extend it gradually year after year. The Rayalaseema will have its share every year in the general scheme.

Para 4 on p 3 ante. The DPT may be consulted. There are papers in this dept about the points raised in this para. Some may also

Para 5 on page 3 ante. As regards the request relating to the opening of a medical College at Bellary in Rayalaseema, it may be stated that the Govt. have considered representations for a College at Bellary and have decided that the question cannot be considered until after the Madras and Gujrat medical Colleges are well established and orders are passed regarding other Colleges under post-war schemes.

Para 12 on page 4 ante. If the Secretary Rayalaseema Mahabha wants adequate representation of the Ceded Districts in the Senate and Syndicate of the Madras University to which they are affiliated, by ~~the~~ ^{means} the method of nominations, then his request is one that conceded the Governor's Sectt, but if he wants increased statutory representation of for these districts it is ~~only~~ ^{only and for legislation} a matter for the University. The question of amendment of the Madras University Act is under consideration and if necessary, the Expert Committee to be appointed for the purpose ~~will take~~ ^{may be} ~~is to consider the points also~~ ^{is to consider the points also}. No action is seen therefore considered necessary at this stage in this section.
