Sir,

BUDGET Estimate - Elementary Education Fund account-1947-48-Coimbatore Municipality.

I submit herewith the revised budget estimate for 1946-47 and the Budget Estimate for 1947-48 in duplicate in respect of the Elementary Education Fund account of this Municipality as passed by the Council in Resolution No. 1001 dated 17-1-1947, along with the statement in respect of the number of schools, number of teachers etc. and a copy of the establishment schedule. Copies of my note to the Council, the Finance Committee's Resolution No. 20 dated 13-1-1947 and the Council's Resolutions referred to above are enclosed.

2. The Revised Estimate provides for an expenditure of Rs. 1,58,690/- as against the original budget amount of Rs.1,41,810/-. The excess is due to the payment of arrear dearness allowances and the revision of the scales of pay of teachers at Government rates, as also to the provision made for salaries etc., of teachers deputed for basic training. This has been met from the opening balance and the receipts in the revised budget in excess of that taken credit in the original budget. In the Budget for 1947-48, however, a contribution of Rs. 9,900/- has to be made from the General Fund in additionto the statutory contribution of Rs. 10,670/- to meet the heavy expenditure. This may be kindly approved. A sum of Rs. 7100/- has been taken credit in the budget by way of subsidy for teachers deputed for basic training under G.O. No. MS. 1939 Edn., dated 10-4-1946.

2. As the present time is not considered suitable for construction or reconstruction of school buildings etc., only a sum of Rs. 2000/- has been provided in the revised budget and Rs.1000/- in the Budget for capital expenditure on buildings.

I request that the revised budget for 46-47 and the budget for 47-48 may be kindly approved.

COIMBATORE MUNICIPALITY - Revised Budget Estimate for 1946-47 and the Budget Estimate for 1947-48.

NOTE

The revised budget Estimate of the Municipality for 1946-47 closes with a balance of Rs. 172320/- under the General Account. The net receipts of the Revised Budget under the General Account less the contributions for Capital expenditure and other subsidiary accounts, amount to Rs. 1076810/-, while the expenditure comes to Rs. 1070600/- as against the budget allotment of Rs. 885720/- and Rs. 909810/- respectively. The excess in expenditure is chiefly due to the grant of dearness allowance for the period from 1-7-1944 to 31-12-1944 with reference to G.O.No. 1552 L.A., dated 19-9-1946 and the enhancement in the basic pay of the conservancy coolies in G.O.No. 3019 P.H., dated 22-10-1946.

2. The compensation under the Madras Entertainments Tax Act of 1939 taken credit in the revised budget is Rs. 2,40,000/-, based on the amount credited to the funds of the council for the quarter ended 30-9-1946.

3. Stamp duty: Though the Accountant General has authorised the Treasury Officers to afford credit of the dues to the funds of the council no adjustment has so far been made and it is not also known, what the amount will be. Hence, a lumpsum of Rs. 10,000/- has been taken credit.

4. The arrear toll compensation of Rs. 78010/- sanctioned in G.O.No. 892 L.A., dated 11-5-1946 is proposed to be drawn for meeting the additional expenditure on public health such as, purchase of lorries, public health equipment, construction of urinals etc.

5. A sum of Rs. 17,200~~0~~/- has been taken credit under II-Communication -Rent of Tools and Plant as payment is awaited from Government for the municipal Road Rollers lent for defence purposes.

BUDGET - 1947-48:--

The budget opens with a balance of Rs. 172320/- under General account and closes with a balance of Rs. 125190/-. Out of the total expenditure of Rs. 1072830/- an allotment of Rs. 601390/- is provided for under public health which is much in excess of the provision to be made under the Public Health Act, viz., Rs. 492834/-.

2. The details of credit taken under 'Grants' are shown in the statement attached.

3. A statement showing the Capital expenditure proposed under all the accounts, except the Electric Lighting Account for which details are furnished separately, is put up for kind scrutiny and approval.

4. As the allotments made for the following in Town Planning Account for 1946-47, have not been spent so far, they are again provided for in 1947-48

R.S.Puram Market = 34000/-
Widening Culvert 27 = 25000/-

A sum of Rs. 50,000/- has been taken credit by way of sale proceeds of sites in R.S.Puram in 1947-48.

5. The proposal to duplicate the Water supply main for a length of 87200 ft. has been approved by the Government in G.O. No. 2739 P.H., dated 22-10-1945, on the usual half grant and loan basis. The provision made in the budget for 1946-47 viz., Rs. 1,00,000/- has been repeated in 1947-48.

6. For the construction of rat-proof go-downs, the sum of Rs. 50,000/- diverted from the water supply account, has been fully repaid in 1946-47, as the selection of site is still under consideration. No provision has been made in 1947-48 as a portion of the water supply fund now under investment will have to be realised to meet the diversion now. If however, the proposal matures, the amount can be met from diversion from water supply account after realising a portion of the investment by adjustment to the Provident Fund surplus.

7. Slum Clearance:- The provision of Rs. 50,000/- being the contribution sanctioned from the Consumers' fund of the

the Electrical Undertaking as per G.O.No. 135 P.W.D., dated 17-1-1945, made in 1946-47, has been deleted in the revised budget and provided for in 1947-48 as there is no likelihood of any expenditure being incurred this year.

Though the general account in the budget closes with a good balance, after allotting fairly considerable amounts for public health and capital expenditure, and contribution to the Elementary Education fund account, the actual balance may fall short of this estimate due to enhanced expenditure on staff as the improvement of pay and other conditions of service are said to be under the consideration of the Government.

In view of the enormous increase in the expenditure on Public Health, staff salaries etc, steps will have to be taken to improve the general finances of the municipality. Towards such improvement, the following are suggested:--

1. Levy of scavenging tax. The present rate of property tax is comparatively low - viz., 16%
2. Levy of vehicle and animal tax at the maximum rates
3. Request to Government to reintroduce the system of tolls
4. Request to Government for payment of a portion of the Sales Tax as in the case of the Entertainments tax
5. Request to Government for cancellation of the Profession Tax Limitation Act, 1942.

The proposals of the Municipal Health Officer, Municipal Civil Engineer etc. are put up separately with notes. A separate note is also being put up in regard to the continuance of the temporary staff.

Extracts from the budget are being sent to the Heads of departments, viz., Director of Public Health, Director of Town Planning, Director of Public Instruction, etc. for their remarks. In the meantime, the draft budget is put up before the Finance Committee for its scrutiny and recommendations to the council.

BUDGET -ELEMENTARY EDUCATION FUND -Revised Estimate for 1946-47 and Budget Estimate for 1947-48.

NOTE

The budget opened with a balance of only Rs. 90/- due to very heavy expenditure during the year 1946-47. The arrear dearness allowance and excess to be met due to the grant of the Government scales of pay to the municipal elementary teachers considerably increased the expenditure in 1946-47. The revised budget for 1946-47 provides for a sum of about Rs. 17,000/- more than that provided in the original budget under ordinary expenditure. The charges to be met for the budget year are also comparatively heavy but no propertionate increase in revenue could be anticipated. The result is that the receipts have fallen much short of the expenditure and in addition to the Statutory Contribution of Rs. 10,670/-, another contribution of Rs. 9,900/- had to be made from the general account to cover the expenditure.

2. The Supervisor of Elementary schools has proposed the opening of new schools, involving construction of new buildings and reconstruction of some of the existing ones. The Capital cost according to his estimate works out to about Rs. 80,000/-. As there are no funds, no provision has been made this year. Accordingly a sum of Rs. 3000/- only is provided for additional staff salary etc. No provision could also be made for his proposals regarding supply of midday meals and clothing to pupils (vide also separate note). His estimate for the midday meals is Rs. 20,000/-.

[illegible] read [illegible]

3. The position of the budget is such that immediate steps have to be taken to improve the finances of the fund. With the heavy commitments in the general fund, it may not be possible to meet the deficit in the Elementary Education account by enhanced contributions. A small increase in the education tax may be considered by the council.

RESOLUTION No. 20.

The revised budget for 1946-47 and the budget for 1947-48 are approved. The additional allotments made in the revised budget for the current year in excess of the provisions made in the budget under all the accounts are approved.

The suggestions of the Commissioner for augmenting the revenues of the municipality are approved as regards items 3, 4 and 5. In regard to the levy of additional tax as suggested in items 1 & 2, the Committee is of opinion that it is inopportune to levy them at present. As a greater income is expected from the duty on transfer of property and some more revenue can be had if the Government is requested to contribute a fair share out of the petrol duty, the extra commitments which may have to be borne due to increased salaries etc. could be met by these sources. The annual contribution to the Perundurai Sanatorium may be increased from Rs. 2000/- to Rs. 3000/-.
