In the Madras City, girls studying in high schools and colleges and residing in hostels attached to the institutions are eligible for the residential scholarships, even though their parents or guardians are residents of the city.

Non-residential Scholarships.

Where the pupil has to pay no fees (except special fees, if any, for games, library, etc.) to the institution, the maximum annual value of the scholarship (intended entirely for the pupil's benefit for the purchase of books, note-books, etc., required for the pupil's course of study and for payment of special fees, etc.) will be—

Where the pupil has to pay any fees besides special fees to the institution, the maximum annual value of the scholarship will be the no-fee rate mentioned in the previous column plus the following amount intended for fees payable in cash by the pupil to the institution—

Scholarships for Post-graduate studies in M.A. or M.Sc. courses.

Three non-residential or residential scholarships will be awarded to deserving students for post-graduate studies in M.A. or M.Sc. courses. The rates of the scholarships will be based on actual requirements for education including tuition fees, cost of books, etc., in each case, and in no case will exceed Rs. 200 per annum in the case of non-residential scholarships. In the case of residential scholarships, an extra amount for boarding and lodging charges calculated at a rate not exceeding Rs. 25 per mensem will be sanctioned.

Madras Seva Sadan.

Ten residential scholarships of the value of Rs. 150 each per annum will be awarded to pupils of the Madras Seva Sadan to cover expenditure on books, school fees, etc., and for boarding charges for ten months' stay in the hostel attached to the school.

13. The "No-fee" rate scholarships are intended to cover, in the case of non-residential scholarships, the cost of books, etc., required for the pupils' study and the special fees which they have to pay to the institution and in the case of residential scholarships, they include the cost of the pupils' boarding also.

14. The non-residential scholarships are payable in two instalments, the first instalment representing three-fourths of the annual value in July or as soon as possible after the scholarship is sanctioned and the second instalment representing the remaining fourth in January 1947.

15. The residential scholarships are payable in three instalments in July, October and January, each instalment representing one-third of the annual value.

16. Heads of institutions are requested to prefer their claims for sanctioned scholarships promptly without allowing them to accumulate. Also they are requested to cash the bills soon after they are received back countersigned and disburse the amounts to the pupils concerned on proper acquittance in accordance with the rules on the subject. They should, in any case, all be drawn before the end of the official year, that is, the 31st March 1947, and any amount not so drawn cannot be drawn after 31st March 1947 without a fresh sanction from the Commissioner of Labour.

17. All scholarships, residential and non-residential, shall run from the beginning of the month in which the holder joins a class and should cease to be drawn if he discontinues study. A proportionate reduction should accordingly be made wherever necessary.

18. A reduction should be made in the case of residential scholarships according to the period the pupil is actually residing in the hostel, etc., away from home.

19. All scholarships are liable to forfeiture for misconduct, irregularity or failure to make due progress or secure promotion. Heads of institutions may grant leave without diminution or loss of scholarship for a period not exceeding one month, to scholarship-holders who are absent in consequence of illness, but if the leave exceeds this period, no scholarship is to be drawn and disbursed for this excess period. Casual leave without diminution or loss of scholarship may be granted for good and sufficient reasons for a period not exceeding fifteen days in the year provided such leave does not immediately precede or succeed a series of gazetted holidays as the Easter and Michaelmas. Heads of institutions should report to the Commissioner of Labour all cases of grant of leave other than casual leave to scholarship-holders. Such reports should be made also to the District Labour Officer if there is one for the district. In the case of non-residential scholarships which do not include charges for boarding, no deduction is ordinarily made from those who hold scholarships at no-fee rates for short periods of absence as the no-fee rates are intended for purchase of books, etc., required for their study. Where the periods of absence are for more than a month and the absence is due to avoidable circumstances not beyond the control of the scholarship-holder, a proportionate deduction may be made as a punishment in the amount of scholarship otherwise due.

20. The Commissioner of Labour has powers to grant scholarships only to those who are not in receipt of similar scholarships from the Education or other Departments of Government. Therefore no person receiving a scholarship from the Labour Department will be permitted to hold any other kind of scholarship from the same Labour Department or any scholarship or fee concession from any other Department of Government or other source. If a Labour scholarship-holder has to pay fees at rates less than those included in the annual value of the Labour scholarship or has been

given a fee remission or scholarship by the Education Department or by the school management or by other source, such cases should be reported to the Commissioner of Labour for revision of the rates of scholarship sanctioned.

21. As soon as the scholarship amounts due on behalf of the pupils in an institution are either drawn from the treasuries or have been remitted to them by the Commissioner of Labour or the District Labour Officer as the case may be, the heads of the institutions are requested to pay the amounts to the pupils concerned taking their acquittance in the prescribed forms, copies of which can be had from the Commissioner of Labour and send their acquittances to the Commissioner of Labour or the District Labour Officer as the case may be. The heads of the institutions are expected to recover from the pupils, immediately the scholarships are disbursed, the school fees due and see that the balance left over in the hands of the pupils is properly utilized by them on the purchase of books, etc., required for the year and in the case of residential scholarships, on their boarding.

22. The heads of institutions should report at once to this office when any scholarship holder discontinues his studies or his name is struck off the rolls or where the scholarship has to be cancelled for any other reason, so that the scholarship may be cancelled by this office without delay.

NOTE.—No fees are levied from poor pupils of the Scheduled classes studying in professional colleges.

2. The physical education scholarships and the midwifery scholarships are residential scholarships and include charges for boarding and lodging. The scholarships for the commercial and other professional courses of study are non-residential ones. Residential scholarships will be granted to deserving students undergoing professional courses of study. The non-residential scholarships are payable in two instalments—the first instalment representing three-fourths of the annual value in July and the second instalment representing the remaining fourth in January. The residential scholarships are payable in three instalments—each instalment representing one-third of the annual value—in July, October and January.

The holders of midwifery scholarships, who fail to pass the examination in the first attempt and are remanded for study for three more months will be granted scholarships for the further period of three months on the recommendation of the heads of the institutions. But no scholarships or allowances will be given if the pupils fail to pass the examination at the second attempt.

3. A list of communities eligible for help by the Labour Department is annexed. Persons belonging to these communities who have been converted to Christianity or any other religion and their descendants are also eligible for these concessions. The scholarships will be granted only to pupils of promise whose pecuniary circumstances are certified to be such as to prevent them from prosecuting their studies without the assistance of the scholarships.

4. The scholarships will not be granted to pupils who, in the opinion of the Commissioner of Labour, are too old or have been out of school or college for more years than one or are otherwise not likely to be benefited by the grant.

5. In the case of pupils belonging to the Criminal Tribes, the applicants or their parents or their guardians should be members of notified Criminal Tribes.

6. Forms of application can be had from the office of the Commissioner of Labour, Post Box No. 429, Chempauk, Madras. There are separate forms of application for the different kinds of scholarships and the proper forms should be used. The use of forms which are obsolete or are not appropriate to the kind of scholarship required is likely to result in the application being ignored.

7. Application should be forwarded without any covering letter by the head of the institution in which the pupil is studying on the date of application in 1946-47 or intended to study through the head of the institution in which the pupil studied in 1945-46. In case where the pupil has passed a public examination the signature of the head of the institution where the pupil studied in 1945-46 is not necessary. All applications should be dated and a separate form should be used for each applicant. All applications should be sent to this office addressed to the Commissioner by designation only and not by name.

8. The course in which the scholarship is required to be made tenable and all other particulars required in the application form should be clearly given. The name of the nearest Post office, the name of the nearest sub-treasury and the distance from the sub-treasury to the institution should also be given. Incomplete applications will not be considered.

9. Applications for the course of study in Midwifery should reach the Commissioner on or before the 15th May 1946. Applications for the courses of study in Physical Education and Commercial Education should reach the Commissioner on or before the 1st June 1946. In other cases, the applications should reach the Commissioner before the 15th July 1946. In the case of pupils belonging to Criminal Tribes, the application should not be forwarded direct but should be sent through the concerned District Superintendent of Police who is requested to verify and forward the applications with a report whether the pupils or their parents or their guardians are members of notified Criminal Tribes. In such cases, the applications should be sent to the District Superintendent of Police in good time to enable him to verify and forward them before the due date.

10. Applications received after the prescribed date may not be considered. In all cases where scholarships are sanctioned, intimation will be given to the concerned heads of institutions who are requested to inform the pupils. Where the grant of a scholarship is refused, no such intimation will be given nor will the Commissioner of Labour enter into any correspondence on the subject. Copies of the Labour Commissioner's sanction orders will be communicated to the heads of the Departments concerned with the institution, with a view to prevent the grant of scholarships for the same pupils from two different Departments of Government.

11. The scholarships for commercial education will be granted only to pupils reading in recognized or approved schools of commerce whose general educational qualification is Form IV and above. Heads of commercial institutions are requested when they apply for scholarships to see that their schools are in the list of schools recognized or approved for imparting instruction in the subjects for a course in which the scholarships are required. The minimum general educational qualification required of an applicant for the Physical Education scholarship is that he should be the holder of a secondary school-leaving certificate (passed) with eligibility for the college course. For other scholarships the qualification will be that prescribed for admission to that course of study in the institution concerned.

12. The scholarships will be sanctioned subject to the conditions specified in this notification and to such other conditions as may be laid down in the orders communicating the sanction of scholarships.

13. All scholarships are liable to forfeiture for misconduct, irregularity or failure to make due progress or secure promotion. Heads of institutions may grant leave without diminution or loss of scholarship for a period not exceeding one month to scholarship-holders who are absent in consequence of illness. But if the leave exceeds this period, no scholarship is to be drawn for the excess period. Casual leave without diminution or loss of scholarship may be granted for good and sufficient reasons for a period not exceeding fifteen days in the year provided such leave does not immediately precede or succeed a series of gazetted holidays as the Easter and Michaelmas. Heads of institutions should report to the Commissioner of Labour all cases of grant of leave other than casual leave to the scholarship-holders. Such reports should be made also to the District Labour Officer, if there is one for the district. In the case of those who have been granted scholarships to cover cost of essential books, etc., and the special fees only, no deduction is ordinarily made for short periods of absence as the rates of scholarships commonly known as "no-fee" rates are not intended for regular school fees or for boarding and lodging. A proportionate reduction should however be made for absence in the case of those who have been given scholarships to cover cost of boarding and/or regular school fees.

14. The Commissioner of Labour has power to grant scholarships only to those who are not in receipt of similar scholarships from the Education or other Departments of Government. Therefore no person receiving a scholarship from the Labour Department will be permitted to hold any scholarship or other kind of help from any other Department of Government or from other source.

15. All scholarships, residential and non-residential, shall run from the beginning of the month in which the holder joins the class and shall cease to be drawn if he discontinues study. A reduction should be made in the case of residential scholarships according to the period the pupil is actually residing in the hostel, etc., away from home.

16. Heads of the institutions are requested to prefer their claims for sanctioned scholarships promptly without allowing them to accumulate. Also they are requested to cash the bills soon after they are received back countersigned and disburse the amounts to the pupils concerned on proper acquittance in accordance with the rules on the subject. The scholarships sanctioned in 1946-47 should in any case all be drawn before the end of the official year, that is, 31st March 1947 and any amount not so drawn cannot be drawn after 31st March 1947 without a fresh sanction from the Commissioner of Labour.

17. As soon as the scholarship amounts due on behalf of the pupils in an institution are either drawn by him from the treasury or have been remitted to him by the Commissioner of Labour or the District Labour Officer as the case may be, the head of the institution concerned is requested to pay the amounts to the pupils taking their acquittance in the prescribed forms—copies of which can be had from the Commissioner of Labour—and send their acquittance to the Commissioner of Labour or the District Labour Officer as the case may be. The heads of the institutions are expected to recover from the pupils, immediately the scholarships are disbursed, the school fees due and see that the balance left over in the hands of the pupils is properly utilized by them on the purchase of books, etc., required for the year and in the case of residential scholarships on their boarding.

18. The heads of institutions should report at once to this office when any scholarship-holder discontinues his studies or his name is struck off the rolls or when the scholarship has to be cancelled for any other reason, so that the scholarship may be cancelled by this office without delay.

Madras,
28th February 1946.
C. K. VIJAYARAGHAVAN,
Commissioner of Labour.

SCHOLARSHIPS BY THE LABOUR DEPARTMENT.

NOTIFICATION III.

INDUSTRIAL EDUCATION.

Two hundred industrial scholarships are awarded every year by the Commissioner of Labour to pupils belonging to the communities eligible for help by the Labour Department seeking industrial education. A list of such communities is annexed. Persons belonging to these communities who have been converted to Christianity or any other religion and their descendants are also eligible for these concessions. After making provision for renewal of the scholarships awarded last year, a limited number as detailed below in sections A, B, C, D and E will be available for award during 1946-47.

2. The scholarships will be granted only to pupils of promise whose pecuniary circumstances are certified to be such as to prevent them from learning the particular trade or profession without the assistance of the scholarships.

3. The scholarships will not be granted to pupils who, in the opinion of the Commissioner of Labour, will not profit by the training sought.

4. In the case of pupils belonging to Criminal Tribes, the applicants or their parents or their guardians should be members of notified Criminal Tribes.

5. Forms of application can be had from the office of the Commissioner of Labour, Post Box No. 429, Chempauk, Madras. There are separate forms of application for the different kinds of scholarships and the proper forms should be used. The use of forms which are obsolete or are not appropriate to the kind of scholarship required is likely to result in the application being ignored.

6. Applications should be forwarded without any covering letter by the head of the institution (firm, school or workshop) in which the applicant seeks admission. A separate form should be used for each applicant. All applications should be dated and accompanied by the school-leaving certificate, in original, from the school last attended and by such other documents required. All applications should be sent to this office addressed to the Commissioner by designation only and not by name.

7. The course in which the scholarship is required to be made tenable and all other particulars required in the application form should be clearly given. The name of the nearest Post-office, the name of the nearest sub-treasury and the distance from the sub-treasury to the institution should also be given. Incomplete applications will not be considered.

8. In the case of pupils belonging to Criminal Tribes, the applications should not be forwarded direct but should be sent through the concerned District Superintendent of Police who is requested to verify and forward the applications with a report whether the pupils or their parents or their guardians are members of notified Criminal Tribes. In such cases, the application should be sent to the District Superintendent of Police in good time to enable him to verify and forward them before the due date.

9. Applications received after the prescribed date may not be considered. In all cases where scholarships are sanctioned, intimation will be given to the concerned heads of institutions who are requested to inform the pupils. Where the grant of a scholarship is refused, no such intimation will be given nor will the Commissioner of Labour enter into any correspondence on the subject. Copies of the Commissioner's sanction orders will be communicated to the heads of the departments concerned with the institution with a view to prevent grant of scholarships for the same pupils from two different departments of Government.

10. The scholarships will be sanctioned subject to the conditions specified in this notification and to such other conditions as may be laid down in the orders communicating the sanction of scholarships.

11. The scholarship-holders will be subject, during the period of their training or apprenticeship, to the disciplinary regulations of the institution—firm, workshop or school—concerned.

12. Apprentices and their parents or guardians may be required to enter into an agreement with the employer, that they will faithfully fulfil the conditions of apprenticeship and unless prevented by illness or other circumstances beyond their control serve the full term of apprenticeship that may be agreed on.

13. All scholarships are liable to forfeiture for misconduct, irregularity or failure to make due progress or secure promotion. Heads of institutions may grant leave without diminution or loss of scholarship for a period not exceeding one month to scholarship-holders who are absent in consequence of illness. But if the leave exceeds this period, no scholarship is to be drawn and disbursed for this excess period. Casual leave without diminution or loss of scholarship may be granted for good and sufficient reasons for a period not exceeding 15 days in the year, provided such leave does not immediately precede or succeed a series of gazetted holidays as the Easter and Michaelmas. Heads of institutions should report to the Commissioner of Labour all cases of grant of leave other than casual leave to the scholarship-holders. Such reports should be made also to the District Labour Officer, if there is one for the district. In the case of those who have been granted scholarships to cover cost of essential books, etc., and the special fees only, no deduction is ordinarily made for short periods of absence as the rates of scholarships commonly known as "no fee" rates are not intended for regular school fees or for boarding and lodging. A proportionate reduction should however be made for absence in the case of those who have been given scholarships to cover cost of boarding and/or regular school fees.

14. The Commissioner of Labour has powers to grant scholarships only to those who are not in receipt of similar scholarships from the Industries or other departments of Government. Therefore

no person receiving a scholarship from the Labour Department will be permitted to hold any scholarship or other kind of help from any other department of Government or from other source.

15. All scholarships residential and non-residential, held in any class shall run from the beginning of the month in which the holder joins the institution and shall cease to be drawn when he ceases to attend it. A proportionate reduction may accordingly be made in the claims for the scholarship in the cases of pupils joining late or discontinuing studies. A reduction should be made in the case of residential scholarships according to the period the pupil is actually residing away from home.

16. The scholarships are payable in instalments as prescribed. Heads of the institutions are requested to prefer their claims for sanctioned scholarships promptly without allowing them to accumulate. Also they are requested to cash the bills soon after they are received back countersigned and disburse the amounts to the pupils concerned on proper acquittance in accordance with the rules on the subject. The scholarships sanctioned in 1946-47 should in any case all be drawn before the end of the official year, that is, 31st March 1947 and any amount not so drawn cannot be drawn after 31st March 1947 without a fresh sanction from the Commissioner of Labour.

17. As soon as the scholarship amounts due on behalf of the pupils in an institution are either drawn by him from the treasury or have been remitted to him by the Commissioner of Labour or the District Labour Officer, as the case may be, the head of the institution concerned is requested to pay the amounts to the pupils taking their acquittance in the prescribed forms—copies of which can be had from the Commissioner of Labour—and send their acquittance to the Commissioner of Labour or the District Labour Officer, as the case may be. The heads of the institutions are expected to recover from the pupils, immediately the scholarships are disbursed, the school-fees due and see that the balance left over in the hands of the pupils is properly utilized by them on the purchase of books, etc., required for the year and in the case of residential scholarships on their boarding.

(c) MEMBERS OF NOTIFIED ORIGINAL TRIBES AND THEIR FAMILIES.

Madras,
28th February 1946.

C. K. VIJAYARAGHAVAN,
Commissioner of Labour.

Boarding grants by the Labour Department.

1. (a) Boarding grants at Rs. 10 per mensem are awarded by the Commissioner of Labour to pupils belonging to the communities eligible for help by the Labour Department studying in elementary and secondary school classes from Standard IV to Form III inclusive, or, to pupils studying in Industrial schools recognized by the Director of Industries and Commerce, Madras. The grants are also awarded to girl pupils admitted to Class III in primary departments of secondary schools provided they do not exceed the age-limits prescribed for pupils of Standard IV in elementary schools. The grants will ordinarily be tenable for a period of ten months in the year from the 1st July 1946 but in exceptional circumstances the period may be raised. After making provision for renewal of the boarding grants sanctioned last year, a limited number will be available for award during 1946-47. The grants are also open to converts to Christianity or any other religion and their descendants belonging to the communities eligible for help by the Labour Department. A list of the communities eligible for help by the Labour Department is annexed.

(b) The rate of the boarding grants will be increased up to a maximum of Rs. 12 per mensem in really deserving cases after taking into account the average expenditure incurred for each boarder.

2. (a) Applicants for boarding grants from elementary and secondary schools should not exceed the following age-limits on the 1st July 1946:—

Class III		12 years.
Class or Standard IV		12 "
Do. V		13 "
Do. VI and Form I		14 "
Do. VII and Form II		15 "
Do. VIII and Form III		16 "

(b) Applicants for boarding grants from Industrial Schools should have passed Standard V in a day school and should not have exceeded 20 years of age on the 1st July 1946.

3. Forms of application for the boarding grants awardable under this notification may be obtained from the Personal Assistant to the Commissioner of Labour, Post Box No. 429, Chepauk, Madras.

4. All applications for boarding grants should be sent in the prescribed form so as to reach the Commissioner of Labour before 15th July 1946. They should be forwarded by the head or manager of the school in which the pupil studied in 1945-46 through the head or manager of the school in which the pupil intends to study in 1946-47 and through the manager of the hostel or boarding home in which pupil is staying or intends to stay. The poverty certificate appended to the application should be signed by a Gazetted Officer or by an officer of the Revenue Department not lower in rank than a Deputy Tahsildar or Sub-Magistrate or by a District Labour Officer or by an Inspector of Police.

The applications should be sent to this office addressed to the Commissioner by designation only and not by name.

5. Applications not submitted in the prescribed form or not accompanied by the poverty certificate and any application received after the due date are liable to be rejected summarily.

6. Boarding grants sanctioned by the Commissioner will be subject to the conditions specified in this notification and to such other conditions as may be laid down in the orders communicating the sanction of boarding grants. Any boarding grant falling vacant during the period for which

it is tenable may be awarded for the remaining period to an eligible applicant. In all cases where boarding grants are sanctioned, intimation will be given to the heads of the schools concerned and the managers of the hostels or boarding homes in which the pupils are staying or intend to stay. Where the award of a boarding grant is refused, no such intimation will be given nor will the Commissioner of Labour enter into any correspondence on the subject.

7. The boarding grants will be sanctioned only to pupils (a) living in hostels attached to the schools in which they study or (b) residing in hostels or boarding homes managed by private bodies and attending schools in the neighbourhood.

8. The boarding grants are open only to pupils of promise whose pecuniary circumstances are certified in the prescribed form to be such as to prevent them from prosecuting their studies without such assistance. Pupils whose parents or guardians live within a radius of five miles from the boarding home in which they reside and who have not been promoted to the next higher class or standard or form and have not secured marks above the class average in all subjects in the last annual examination will not ordinarily be eligible for boarding grants. In the case of girl applicants reading in schools and staying in boarding homes in rural areas, however, the rule regarding distance will be that their parents or guardians should live at a distance of two miles or more from the boarding homes.

9. Heads of schools may grant leave without diminution or loss of boarding grant for a period not exceeding one month to pupils who are absent in consequence of severe sickness; but if the leave exceeds this period, no boarding grant will be allowed for the excess period. Casual leave without diminution or loss of boarding grant may be granted for good and sufficient reasons for a period not exceeding fifteen days in the year, provided such leave does not immediately precede or succeed gazetted holidays. Under the above conditions, leave for the pupils in receipt of boarding grants in schools may be sanctioned by the heads of schools who shall then report it to the Commissioner. Such reports should be signed both by the heads of schools and by the managers of the boarding homes concerned.

10. Without the special sanction of the Commissioner, no pupil receiving a boarding grant under this notification shall be permitted to hold any other boarding grant provided wholly or partly by Government or from any other source. Such sanction will not be accorded except for very special reasons.

11. All boarding grants tenable under the above rules are liable to forfeiture for misconduct, irregularity or failure to make due progress or to secure annual promotion.

12. A boarding grant held in any class shall run from the beginning of the month in which the holder joins the class and shall not continue to be drawn after he ceases to attend it.

13. The boarding grants are payable in three instalments, the first instalment in July 1946, representing the grant due for the months of July to September 1946, the second instalment in October 1946, representing the grant due for the months of October to December 1946 and the third and last instalment in January 1947 representing the grants due for the months of January to April 1947. The boarding grants sanctioned in 1946-47 should all be drawn before the end of the official year, i.e., 31st March 1947, and any amount not so drawn cannot be drawn after the 31st March 1947 without a fresh sanction from the Commissioner of Labour.

This answer is not complete. Information may be received from the Labour Department also as to the extent of educational concessions given to Harijans.

(2). The position in the various local boards also must be given. Complete information may be given and a revised answer submitted.

The question refers only to be concessions

It is noted that the answer was confined to the concessions granted by the Educational Dept as the question was addressed to H. E. (Edu).

The educational concessions admissible to pupils belonging to Harijan students are as follows:-

Concessions under rule 92. Please see note on the previous page.

The Govt have permitted at Boards and Municipal Councils to grant full remission of fees in their secondary schools to Harijan pupils provided the expenditure is met from their general funds. It is not known how many local bodies are actually granting the concessions. The D. P. S. has been separately asked to report the names of the local bodies which are granting the concession.

There are a number of Govt scholarships tenable in educational institutions in the Province. None of them is earmarked for Harijans. But instructions have been issued that in the award of these scholarships the claims of those sections of the community which are most in need of aid should, other conditions being satisfied, be first considered, preference being given to Adi Dravidas, Adi Ardhras, Chakamardas, Orizans and members of other backward classes.

The file may be sent to the Dev. Dept for furnishing information regarding the concessions granted by the Labour Dept.
