From the S.G.P. No.72 A Pdl. dated 23.11.1946.

Please see the letter of the S.G.P. and its enclosures on pages 1-13 c.f. wherein the Superintendent requests that his indent may be forwarded to the Director General, India Store Department in respect of requirements of machinery for renewals and replacements. In accordance with the "New Service Procedure" orders have to be obtained in circulation before placing ^{from} indent for the plant and machinery. The Superintendent was asked to give an estimate of the machinery in Indian Coinage and he has reported that the value of goods in Indian Coinage for £357 50 at the official Exchange rate of Rs.13 1/3 per £ will work out to Rs.4,76,666-10-8 and at the average exchange rate for 1945-46 will work out to Rs.4,77,495-10-5. The cost involved is high.
