7. G.O.No.744 Edn. dated 6th April 1946.

At a special meeting of this District Board convened on 15-6-46, the District Board has resolved to extend the compulsory Elementary Education Scheme to 64 more centres of this District besides the 31 centres already brought under compulsion in 1945-46. According to this proposal the total number of pupils to be brought under instruction will ultimately come to 10,900. Of these 7,300 children will be brought to schools in the current year. Thus the total number of children under compulsion since 15-8-45 comes to about 15,300. The total amount to be spent in the current year and the subsidy to be claimed comes to Rs. 4,44,825/-. As a result of the stupendous volume of work thrust upon this office in connection with the introduction of compulsory elementary education in the previous year and the extension of the scheme in the current year, I request you to move Government for sanction the additional staff required for 1946-47 as per the details furnished at the end in view of the reasons already adduced in this office C-9-2791/45 dated 24-9-45 which was also supported by the District Board in their Resolution No.99 dated 4-10-45 and in consideration of the following facts:-

(1) Due to the introduction of compulsion in 31 centres in this District bringing in about 8,000 children, the correspondence in this office has increased to such an extent that it has been found utterly impossible to attend to the several items of work connected with the scheme promptly. Consequently it has not been found possible to take effective action on the defaulting guardians whose number has swollen over 5,000 for the quarter ending 31-3-1946. The issue of timely notices, the receipt of explanations if any from the guardians to be forwarded to the inspecting officers concerned, the final orders imposing penalty on the defaulting guardians and the realisation of fines and the watch over at the several stages of each case till it is finally disposed of, it is bound to

bound to assume so voluminous a work that it is not possible to attend to it expeditiously as contemplated in rules 3 & 2 of the rules framed under section 51(1) of the Ele. Edn A. Act. unless 3 clerks are appointed exclusively for this purpose.

2. For the routine work connected with the employment of teachers under compulsion passing of bills correspondence relating to putting up of departmental buildings, supply of furniture, equipment etc., to the new schools belonging to the 31 centres of compulsion, 2 clerks - one for correspondence and the other for bills- are found to be absolutely necessary.

3. Arrangements have already been made for the supply of mid-day meals in 30 centres and the supply of mid-day meals in the remaining one centre namely Kuppam will be taken up very soon. The total number of children to be fed in all these 31 centres comes upto 7,633 pupils, the number fixed in Government memorandum No. 32,083 -A.5.Edn., dated 1-9-45. The issue of cheques towards permanent advances to these 31 centres the prompt issue of necessary instructions for the proper running of the mess-homes, the checking of the vouchers submitted by the chairmen of Food committees along with their fortnightly reports (vide G.O.No. Ms. 506 Edn., dated 7-3-46) and the preparation and passing of bills and maintenance of accounts has become so unwieldy that the one Upper-division clerk entrusted with this work finds it impossible to do the same. As this important correspondence has to be carried on mostly with non-officials who do not respond quickly or furnish information correctly with necessary vouchers, two clerks in the U.D. grade have to be appointed to ensure the proper running of these mess-homes

4. This district board has already agreed for extending the scheme of compulsory elementary education to 64 more centres of this district during the current year as already pointed out in para supra. As the staff already employed under compulsion has been found to be quite inadequate to attend to the work connected with the 31 centres already started, it is not possible to attend to the several items of work connected with the implementing of the scheme in the 64 additional centres during the current year unless additional staff is ordered forthwith. In this connection, I wish to point out that the total sanctioned allotment of expenditure provided in the budget estimate for 1946-47 comes to Rs.4,44,825/-. This amount excludes the amount of Rs.18,331/- yet to be expended from out of Rs.19,708/- sanctioned under equipment, in G.O.No.598 Edn., dated 16-3-46, but could not be spent during the year 1945-46 as the furniture ordered could not be got in time. Additional subsidies have also to be claimed during the current year towards the construction of the departmental sheds sanctioned in G.O.No.1714 Edn., dated 27-10-1945, and for the employment of peons and conductresses contemplated in G.O.No.Ms.23 Edn, dated 4-1-1946. The total expenditure under compulsion inclusive of the aforesaid items comes to about Rs.5,00,000/- which has to be watched over and accounted for separately.

5. In view of the above facts, it is submitted that the following additional staff be sanctioned forthwith so as to cope up with the additional work thrust on this office and to implement the scheme of compulsion in all the 95 centres besides the supply of midday meals to poor children.

ADDITIONAL STAFF REQUIRED EXCLUSIVE OF THE STAFF ALREADY SANCTIONED

	No. Required.
1. Superintendent (exclusively for supervising compulsion section staff and its work)	1
2. Upper Division Clerk for correspondence. 1)	
3. Upper Division Clerks for Mid-day meals 2)	3
a n d	
Lower Division Clerk for looking after Mid-day meal's work and posting of expenditure in registers.	1
4. Lower Division Clerks for issuing notices, imposition of fines etc.,	3
5. Lower Division Clerks for checking pay bills and maintenance of separate accounts and establishment registers and service Registers of nearly 450 teachers.	3
6. Lower Division Clerk for looking after despatching work.	1
7. Attender	1
8. Peon	1

A statement containing the necessary particulars in the form prescribed by the Inspector of Local Boards, Madras in his letter L.Dis.38682 of 39 dated 20-11-1939 is enclosed.

6. The annual cost of the additional staff now proposed works upto Rs.12,187-12-0 as per the statement enclosed and the staff already employed under compulsion comes to Rs.3,898-7-0. Thus the total expenditure on the establishment comes to Rs.16,086-3-0. Since the total expenditure on compulsion inclusive of the supply of mid-day meals comes to about Rs.5,00,000 the expenditure on the staff inclusive of the additional staff now proposed comes to 3-2/- only. As there is already a heavy deficit in the Elementary Education fund the entire expenditure will have to be borne by the Government.

7. The staff noted in paragraph 5 above is, in my opinion, the absolute minimum required for carrying on efficiently the work of compulsion imposed on the District Board. As the scrutiny of the proposals may take a few weeks and as I find it well nigh impossible to keep the work under Elementary Education current with the existing utterly inadequate staff, I request that the Government may be pleased to sanction immediately the staff noted below and to communicate such sanction by telegram.

- 1 Superintendent,
- 2 Upper Division Clerks,
- 5 Lower Division Clerks, and
- 1 Attender.

The rest of the staff also may be sanctioned as early as possible as any delay may result in the postponement of part of the extension of compulsion and the consequent avoidable waste of perhaps one school year in this important stage of expansion of Elementary Education.

And The Inspector of Municipal Councils & Local Boards,

Sir,
Sub:- Education - Elementary - Tinnevely District Board - Clerical staff connected with compulsory Elementary Education and supply of midday meals - Permanent sanction requested.

Ref:- G.O. No.M.S.853 Education dated 30-4-46. *not put up*

In their above order the Government have been pleased to sanction the employment up to 30-9-46 in the Elementary Education Section of this office of two clerks (one in the Upper Division and one in the Lower Division) for work connected with the schemes of compulsory elementary education and supply of midday meals.

2. The work connected with the schemes of Compulsory elementary education and supply of midday meals in respect of the nine centres to which compulsory education was introduced by the Government with effect from August 1945 is continuing and increasing.

I request therefore that the Government may be pleased to sanction permanently from 1-10-46 the employment of two clerks (one upper division and one lower division) in the Elementary Education Section of this office for the work.

Copies of my letter No.D.1.5422/46 dated 19-3-46 to Government and of G.O. No. M.S.853 Education dated 30-4-46 are enclosed herewith for ready reference.

P. Muthusamy Reddiar

Tga.2.9.

Copy of letter No.D.1.5422/46 dated 19-3-46 from the President, District Board, Tinnevely to the Secretary to Government of Madras, Education & Public Health Department, Madras.

Sub:- Education - Elementary - Tinnevely District Board - Establishment - additional clerks for Elementary Education Section - Sanction requested.

In their order No.1872 Education & Public Health dated 13-12-44 the Government were pleased to permit the employment of one clerk for every 175 teachers under the District Board and where the excess exceeds a multiple of 175, ~~one~~ more ~~one~~ clerk may be employed, where the excess is not less than 120. On the basis of the above instructions, seven clerks are employed in the Elementary Education Section of this District Board.

It is submitted that the above distribution has been ordered based on normal conditions. But recently Government have sanctioned the introduction of compulsory education in 9 centres in the district with effect from August 45 and have also issued orders for the supply of - midday meals to poor pupils attending the schools in the compulsory area. Further 10 new schools exclusively for maravars have also been opened in the year and here also midday meals are to be provided to poor marava pupils attending the schools. In consequence of the two schemes quoted above, the correspondence has increased and it is not found possible with the existing staff allotted to the Elementary Education branch to cope up with the work. Again the poor pupils attending the schools both in the compulsory area and the marava schools have to be supplied with books and slates. Money has to be advanced for the above two purposes and the accounts rendered have to be checked and adjusted and where accounts have not been received, action has to be taken. Several registers have also to be maintained. Subsidy due from Government for the staff appointed under compulsory and marava education has to be claimed properly.

I therefore request that Government may be pleased to sanction the entertainment of at least two more clerks for the elementary education section of the District Board, one an upper division clerk and another a lower division clerk to attend to the additional work involved by the introduction of compulsory education and marava education in this District.

Sir,

Sub:- Education - Elementary - Tinnevelly District Board - Clerical
Staff for work connected with compulsory - Elementary
education and supply of midday meals - Sanction request-
ed.

The schemes of compulsory Elementary Education and pro-
vision of midday meals in 9 centres in this District were sanctioned by
Government with effect from August 1945 and for the work connected with
them the Government were pleased to sanction the employment in the
Elementary Education section of this office one upper division clerk and
one lower division clerk up to 30-9-46 in G.O.No.MS.853 Education dated
30-4-46. I am separately addressing the Government for sanction for
the continuance of the two clerks permanently from 1-10-46 as the work
connected with the above schemes are continuing and increasing.

2. Now in G.O. No.MS.1327 Education dated 6-7-46 the
Government have been pleased to sanction the introduction of compulsory
Elementary Education and provision of midday meals in 18 more centres
in this District with effect from August 1946. The additional schemes
involve a good deal of additional work in this office by way of corres-
pondence, checking and passing of bills, maintenance of registers and
accounts and adjustment of subsidies from Government as in the case of
the already existing 9 centres of compulsory education and 10 schools of
Marava education. To cope with the additional work the entertainment
of at least one lower division clerk is absolutely necessary as a modest
measure in the interest of efficiency and promptitude.

I request therefore that Government may be pleased to
sanction the entertainment of one lower division clerk for the Elementary
Education Section of this office for the work connected with the com-
pulsory Elementary Education and supply of midday meals in the additional
18 centres.

Ref:- Government Memorandum No. 19693-B2/46 -2 Edn-
Dated 23rd April 1946.

The Government have in their order referred to above directed the continuance of the clerical staff employed under Memorandum No. 38722-A/45-9 Education dated 9-1-46 with the addition of a Typist Clerk for a further period of six months from 1-4-1946 and that the specific sanction of Government should be obtained to the continuance of the staff after that date. The sanction accorded by the Government for the continuance of the said staff will expire on 1-10-1946.

The continuance of the staff is necessary in view of a large volume of work to be done in connection with the Compulsory scheme work and supply of midday meals and the maintenance of de-faulters lists and levy of penalties. In addition to this the District Board Bellary has in its Resolution No. 26/2-9-46 submitted proposals separately to the Director of Public Instruction Madras for introduction of Compulsion in 59 centres in the area of the District Board during 1946-47. If these proposals are approved by the Government the increase in the personnel of the Clerical staff is also considered essential in view of the heavy additional work involved. Separate proposals will be submitted in that regard after receipt of Government Sanction.

I therefore request the Government to accord sanction for the continuance of the clerical staff sanctioned in the Government memorandum referred to above for a further period of six months from 1-10-1946. The continuance of this additional staff so long as the compulsory scheme is in force in the area of this District Board is for consideration by the Government.

President, District Board,
Bellary.

3. Government Order No. No. 744 Edm., dated 6.4.46.

3. Government Order No. Ms. 744 Edn., dated 6.4.46.

10-20-61

At a special meeting of the District Board covered on 30-4-46, the District Board has resolved to extend the compulsory elementary education scheme to 30 new centres of this District besides the 14 centres already brought under compulsion in 1945-46. According to this proposal the total No. of pupils to be brought under instruction will ultimately come to 6,100. Of these 4066 children will be brought to schools in the current year. Thus the total No. of children under compulsion since 15-8-1945 come to about 9451. The total amount to be spent in the current year and the subsidy to be claimed comes to approximately Rs. 3,55,257/-. As a result of the stupendous volume of work thrust upon this office in connection with the introduction of compulsory elementary education in the previous year and the extension of the scheme in the current years, I request you to move the Government to sanction the additional staff required for 1946-47 as per details furnished hereunder in consideration of the following facts.

1. Due to introduction of compulsion in 14 centres in this District bringing in about 5300 pupils, the correspondence in this office has increased to such an extent that it has been found utterly impossible to attend to the several items of work connected with the scheme promptly. Consequently it has not been found possible to take effective action on the defaulting guardians whose number has swollen over 4000 for the quarter ending 31.3.1946. The issue of timely notices, the receipt of explanations if any from the guardians to be forwarded to the Inspecting officers concerned for their remarks the final orders imposing penalty on the defaulting guardians and the realisation of fines and the much over at several stages of each case till it is finally disposed of is bound to assume so voluminous a work that it is not possible to attend to it expeditiously as contemplated in rules 3 and 4 of the rules framed under section 51(1) of the Elementary Education Act, unless one additional lower division clerk appointed exclusively for this item of work.

2. For the routine work connected with the employment of teachers under compulsion passing of bills, correspondence relating to construction of sheds, supply of furniture, equipment, supply of books and maps slates to poor pupils etc. to the new schools belonging to the 30 centres of compulsion, 2 lower division clerks one for correspondence and the other for bills etc. are absolutely necessary.

5. Arrangements have already been made for the supply of Midday Meals in 10 centres and the supply of Midday Meals in the remaining 4 centres will also be taken up very soon. The total No. of children to be fed in all these 30 centres to be started in 1946-47 comes up to 2000 pupils. The issue of cheques towards permanent advances to these Midday Meal centres, prompt issue of necessary instructions for the proper running of mess houses, the checking of the vouchers submitted by the Chairman of the food committees fortnightly (as per instructions contained in G.O. No. 506 Ean. dated 7.3.46) and the preparation of bills, and maintenance of accounts, taking prompt action for the supply of forms, and miscell. etc., has become so unwieldy that one upper division clerk entrusted with this and other items of work finds it impossible to do the same. As this important correspondence has to be carried out mostly with non-officials who do not respond quickly or furnish correct informations and vouchers, an additional upper division grade clerk to be appointed to ensure the proper running of these mess houses.

P.T.O.

4. This District Board has already agreed for extending the scheme of compulsory elementary Education to 30 more centres of this District during the current year as already pointed out in para 1 above. As the staff already employed under compulsion has been found to be inadequate to attend to the work connected with the 14 centres already started, it is not possible to attend to the several items of work with the implementing of the scheme in 30 additional centres, during the current year, unless additional staff is ordered forthwith. In this connection I wish to point out that in addition to Rs. 1,46,509/- sanctioned in G.O. No. 1511 Edn., dated 3.8.46 towards the compulsory scheme started in 1945-46, additional subsidy will have to be claimed during 1945-46 (1) towards the cost of additional teachers and peons entertained in Board schools of compulsory centres of 1945-46 (2) towards the cost of sheds to be constructed during the current year 1945-47-improvements of sheds constructed in 1945-46. Thus the total expenditure under compulsion may come up to Rs. 3,70,000/- which has to be watched over and accounted for separately.

5. In view of the above fact, it is submitted that the following additional staff be sanctioned forthwith so as to cope up with the additional work thrust on this office and to implement the scheme of compulsion in all the 44 centres, besides the supply of Midday Meals to poor children.

Additional staff required exclusive of the staff already sanctioned.

1. Superintendent (Exclusively for supervising compulsion staff and its work). 1.
2. One Lower Division Clerk for correspondence. 1.
3. Upper division clerk for Midday Meal correspondence. 1.
4. Lower division clerk for issuing notices, imposition of fines etc. 1.
5. Lower division clerk for checking pay bills, maintenance of separate accounts and establishment registers etc... 1.
6. Lower division clerks for looking after despatching work. 1.
7. Peon. 1.

A statement containing the necessary particulars in the prescribed form by the Inspector of Local Boards Madras in his letter L.Ds.No. 30682-39 dated 20-11-39 is enclosed

6. The annual cost of the additional staff now proposed works up to Rs. 5969-0-0 as per the statement enclosed and the staff already employed under compulsion comes to Rs. 2227-8-0. Thus the total expenditure on the establishment comes to Rs. 8196-8-0. Since the total expenditure on compulsion inclusive of the supply of Midday Meals comes to about Rs. 3,70,000/- the expenditure on the staff inclusive of the additional staff now proposed comes to Rs. 224-2-2 only. As there is already a heavy deficit in the Elementary Education Fund the entire expenditure will have to be borne by the Government.

7. The staff noted in para 5 above is in my opinion, the absolute minimum required for carrying on efficiently the work of compulsion imposed on the District Board. As the security of the personnel is of great importance, I request that the Government may be pleased to sanction immediately the staff noted below and to communicate such order by wire.

1. Superintendent. (1)
2. Lower division clerks. (2)
1. Peon. (1)

The rest of the staff also may be sanctioned as early as possible as any delay may result in the postponement of part of the extension of compulsion and the consequent avoidable waste of perhaps one school year in this important stage of expansion of Elementary Education.

* Sub:--Elementary Education - Compulsory - Temporary
clerical staff for work relating compulsory
Education scheme.

Ref:--G.O.Ms.No.744; Edn., dated 6-4-46.

Government have been pleased to accord sanction for
the continuance of the temporary staff for work connected
with the scheme of compulsory Elementary Education and ---
supply of midday meals to school children upto 30-9-46 in
their orders quoted above.

I have addressed the Government through the Director
of Public Instruction, Madras, in this office R.C.No.C.7-1043
dated 20-2-46 for a further revision of the scale of staff
and final orders of the Government are awaited.

As the work in the Elementary Education section has
considerably increased with the extension of the scheme of
compulsory education in 28 more centres with provision for
midday meals, — I request that the present temporary staff
may be continued permanently from 1-10-46 or until final
orders are passed by the Government on the question of ---
revision of scale for strength of staff as requested in
this office R.C.No.C.7-1043/46 dated 20-2-46. In anticipa-
tion of orders of Government, I am continuing the additional
staff even beyond 1-10-46.

To
The Director of Public Instruction,

M.A.D RA S.

Sir,

Sub: Education - Elementary - West Godavari District
Board - appointment of an additional clerk for
the work relating the extension of compulsory
Elementary Education from 1-9-46 - sanction
requested.

On account of the introduction of compulsory Elementary
Education in 13 villages in this District as per G.O.Ms.No.
1086 Education dated 18-7-45 the Government in their order Nos.
Ms.175 Education dated 24-1-1946 and 907 Education dated 1-5-46
sanctioned ~~an~~ additional lower Division~~x~~ Clerk to attend to the
work relating to the introduction of compulsory Elementary
Education in the District till the end of September 1946.

The Government in their order Ms. No.1458 Education dated
26-7-46 sanctioned the introduction of the extension of the
compulsory Elementary Education scheme to 15 more villages in the
District. Already about 100 additional teachers were appointed
and about 30 more additional teachers have to be appointed in the
Board Elementary Schools in the 15 villages where the extension
of the compulsory Elementary Education scheme has been sanctioned.
Consequently the work in the Elementary Education section is increased
to a great extent and the one clerk already sanctioned by the
Government is not able to cope with the additional work relating
to the extension of the compulsory Elementary Education in the
District. Hence the District Board in its resolution No.834 dated
31-8-46 (copy enclosed) sanctioned to appoint one additional
lower Division Clerk from 1-9-46 for the work under reference.

(T.T.O.)

I therefore request you to kindly recommend to the Government for the sanction of an additional Lower Division Clerk to attend to the work relating to the extension of the compulsory Elementary Education scheme to 15 more villages in the District from 1-9-46.

I request that in the interests of work you will kindly accord permission to appoint the additional clerk under reference in anticipation of sanction of the Government. An early reply is solicited in the matter.

I have the honour to submit herewith the several letters received from the heads of local boards applying for additional establishment for the work connected with the compulsory elementary education with the following remarks:

2. The ordinary Elementary Education section of the offices of the District Boards can do work connected with the appointment, pay, transfers etc. of teachers employed in the Board Schools, and the special section dealing with compulsion need not take up this work. In this connection, attention of Government is invited to my letter A.C.No.4801-B4/45, dated 29-7-46 in which recommendations have been made to Government to permit District Boards to appoint one clerk in the Elementary Education section for every 150 teachers instead of 175 teachers as it exists now owing to increase of work due to compulsion, midday meals and etc.

3. It is admitted that the work in the compulsory elementary education section will no doubt have been heavy in the initial stages but it will not continue to be so heavy afterwards. As soon as Government fix the date from which District Educational

Officers are to exercise the power of imposing penalties, work in the offices of the District Boards in regard to compulsion will not be much.

4. Considering that the initial work on 1945-46 compulsory centres does not continue, that the feeding scheme has not been introduced in many centres and that the Elementary Education section will be strengthened, it is recommended that for the present one clerk may be allowed for every 30 centres selected for compulsion in a district taking together the centres in which compulsion was and is being introduced in 1945-46 and 1946-47.

5. It is also recommended to Government that where there is no superintendent for the Elementary Education Section, one may be allowed and a separate superintendent for the compulsory section does not seem necessary.

6. A statement showing the number of centres selected in 1945-46 and those approved by Government for some of the districts in 1946-47 is enclosed for information.

In G.O. No. Ms. 744 Edn. dated 6-4-46, Government were
pleased to sanction the appointment of one Upper Division clerk,
a Lower Division clerk and an Attender for a period of one year
from 1-9-45 for the work connected with the Introduction of Com-
pulsory Education and midday meals in 9 centres of the District,
during 1945-46.

In my letter Re. A3.7258/46 dated 4-9-46, I have applied
for the continuance of the staff for ~~one more year~~ one more year
or till the standardisation of staff is settled, whichever is earlier.

Now in G.O. No. 1774 Education dated 10-9-46, Government
have been pleased to approve the proposals of the Board for the
extension of ~~compulsion~~ of the Scheme of compulsion to 47
additional centres of the District with effect from 1-10-46.
Necessary action is being taken to introduce the Scheme. It
is therefore submitted that extra clerical staff is quite
essential to cope up with the extra work involved on this account.
Hence the following additional staff exclusively required for the
work in connection with the midday meals and Compulsory Education
will be required in the interests of efficiency, in addition to
the staff sanctioned in G.O. No. Ms. 744 Edn. dated 6.4.46.

- (1) One Superintendent.

Kind attention is solicited to my Ref.EI-8917/46, dated 26--6--1946 addressed to the Director of Public Instruction, Madras, (copy enclosed). The Director of Public Instruction now writes to me in his R.O.841 B3/46 dated 6-8-46 that I have to await orders of Government in the matter. In this connection I have to impress upon the Government the urgent and unavoidable necessity for strengthening the supervision staff of the Elementary Education Section, as otherwise when the introduction of compulsion and midday meals schemes in this year come into force, the whole section will get disorganised and confused for lack of control ~~maximum~~ and effective supervision. Papers in connection with the new compulsory education scheme interfering with the normal work of the Elementary Education section. I have explained in detail the existing state of affairs in this section in my letter to the Director of Public Instruction referred to above and in my letter to the District Educational Officers (copy enclosed). I therefore request that Government may be pleased to pass favourable orders in the matter at a very early date.

Sub:- Elementary Education - District Boards - Increase in clerical establishment - Particulars furnished.
Ref:- Your letter No. 737-L/45 dated 23--3--1946.

The particulars called for in your above letter are given below seriatim.

1. 871. Four new schools have ~~been opened~~ since been opened for introduction of compulsion, thus the total number of schools on this day is 875.

2. 3108.

3. 17 (Four schools have been opened already)

4. About 75.

5. The staff now working in the Elementary Education section is as follows:-

1 Superintendent.

2 Upper division clerks.

15 Lower division clerks.

1 Attender.

6. The Present distribution is as per list attached.

7. Three clerks and an attender for attending to work relating to introduction of compulsion for work relating to provision of mid-day meals for the present.

8. Particulars of registers and periodicals maintained is as shown in the list attached.

9.	No. received.	No. of disposals.
1943.	16561	15270
1944.	16625	15786
1945.	19278	18473.

In addition to the number of papers mentioned above, this office attend to a very large number of papers of an unimportant nature, which are not numbered.

The elementary education section has also to pass 13000 to 16000 pay, Travelling Allowance contingent and other bills a year. 10 clerks are attending to this work exclusively. The paid bills have to be posted in the establishment audit register and this work is attended to by one clerk now.

10. ~~Seventeen~~ ^{Twenty} new schools are proposed to be opened to meet the needs of compulsion of which 4 have already been opened. For the provision of midday meals 162 centres have now been fixed up and food distribution committees formed. About 1000 papers and 15000 bills may be expected to be received from the above two works per month.

11. The information required is furnished below.

	1942-43	1943-44	1944-45.
1. Salary - Masters.	Rs. 8,53,894-7-0	9,71,143-15-0	12,45,820-4-0
2. House Rent.	Rs. 68,573-9-0	68,957--8-0	70,921-5-0
3. Contingencies.	Rs. 50,940-14-0	28,958--0-0	31,150-4-0
4. -do- other items.	Rs. 9,634--6-0	11,732-5-0	12,557-13-0

In G.O.No.1353 Education dated 13-12-44 the Government revised the scales of establishment that ~~could~~ be allowed for work in the elementary education section of district board offices and according to that order one clerk can be employed for every 175 teachers. This scale of establishment is now allowed in this district board also. But from experience gained in the last one year and odd it is seen that work cannot get on efficiently and without falling into arrears with this scale of establishment. I therefore suggest that the scale may be revised as one clerk for every 150 teachers.

In the above order, Government have sanctioned the appointment of

P.T.O.

one Superintendent even if the board employs a District Board Educational Officer if the number of clerks*authorised scale is six. The number of clerks now working in the elementary education section is 17 clerks and an attender. The salary plus dearness allowance paid to the elementary school teachers amount to Rs.1,50,000 per month. Effective supervision of the work done by 17 clerks and 1 attender is not possible by one Superintendent. Moreover additional staff is being appointed for the introduction of compulsion. It has been noted above that the number of clerks required for the additional work would be 6. Under the circumstances it is necessary that one more section head, a Superintendent or an Accountant has to be appointed.

Copy of letter from the President, District Board, Malabar, to the Director of Public Instruction, No. Ref. El-8917/45 dated 26-6-46.

Elementary Education - District Board - Clerical establishment -
Strengthening - Requested.

Your Ref. C.No. 480/G/45 dated 11-12-45.

With reference to your above proceedings, the District Educational Officers, North and South Malabar, had asked to not furnish certain particulars regarding the present staff distribution of work, etc., in the elementary education section of this district board with a view to examine the need for further increase in the clerical establishment. I furnished these particulars in my Ref. El-2271/45 dated 29-1-46 (copy enclosed). Since nothing was heard about in either from your or from the District Educational Officers till now and as the necessity for further strengthening the staff especially on the supervision side of it, has become really acute, I am forced to address this letter to you direct, reminding you, at the same time, of your above proceedings and my reply to the District Educational Officers.

2. Experience has shown that the scale of establishment sanctioned in G.O.No. 1353, Education, dated 15-12-44 at the rate of one clerk for every 175 teachers with one Superintendent has not only become totally inadequate to cope with the increasing work in the section, but it is also rapidly throwing the section into confusion for want of effective supervision. At present one Superintendent supervises the work of 19 clerks and one attender besides the newly sanctioned staff one Clerk, one typist and one attender for compulsory education and midday meals. After examining carefully the facts and figures given in my reply to the District Educational Officers, you can decide whether it is possible for one man to cope with this amount of supervision, besides his other duties, which are detailed below.

3. There are at present 8 correspondence sections including the two for compulsory education and Midday meals, 5 bill sections and one audit section. Out of these, 3 correspondence sections, inclusive of the compulsory education and midday meals and 3 of the bill sections are over-checked by the Superintendent and the rest is looked into by the next senior clerk in all routine matters, leaving the important papers to be checked by the Superintendent. Your attention is solicited to my letter to the District Educational Officer, wherein I have given in detail an account of the number of papers and bills received and disposed of in the elementary education section. Signing of fair copies may seem to be of little consequence, not worth mentioning. But here I cannot but mention that a good deal of the Superintendent's time is spent on this, signing copies numbering 200 to 300 a day. In addition to this, the Superintendent has to maintain the Attendance Register, Late Attendance Register, Casual leave register, Register of Money Orders sent, stock Register of Office Furniture and contingent register for payment advance, besides checking the Personal Registers of the six correspondence sections. Along with all this work, he cannot supervise the whole section efficiently to maintain the required efficiency and discipline. I would therefore impress upon you the urgent necessity for dividing the correspondence sections into two by growing importance of the compulsory education and midday meals schemes and the heavy work and large amount of money involved in them. I have to assert it again that if the existing state of affairs is allowed to drift on, the elementary education section will in the near future fall into confusion for want of efficiency and discipline due to lack of close and effective supervision.

4. Another urgent need is the appointment of an Accountant for the Elementary Education Section. The average number of bills passed, the cheques and money orders issued in the elementary education section in a month inclusive of the bills relating to compulsory education and midday meals are 1800, 680 and 450 respectively and the average expenditure per month according to the Budget estimate for 1946-47 as sanctioned by Government inclusive of the Compulsory Education and midday meals schemes works up to more than two lakhs. This will increase rapidly year by year by lakhs, when the Compulsory Education and Midday meals schemes are expanded. A separate section with an Accountant as its section head, to deal with all payments, accounts and audit objection, as in the case of

the general section of the District Board Office, can alone save the elementary education from falling into confusion ~~then~~ by utter lack of supervision and control of its accounts and payment.

5. I request you therefore to recommend to Government to sanction one more Superintendent and an Accountant for the Elementary Education Section of this District Board Office.

Sd. V.K. Unnikannoo,
President.

Increase in the staff- sanction - sought for.
Ref:- 1. G.O.NO.1714.Edn. dated 27-10-45.
2. G.O.NO.MS.744.Edn. dated 6-4-46.

Owing to the increase in the number of Elementary Schools and teachers, as a result of introduction of compulsory Elementary Education since October 1945, the work in the Ele.Education Section has increased to a very great extent and the existing limited staff finds it extremely difficult to cope with the work. For attending to the work connected with the payment of bills relating to the existing 72 midday meals centres one clerk already finds it extremely difficult. When new committees are formed in the new centres in 46-47 there will be a further increase in the number of bills to be received from the Chairmen of about 70 new meals centres and thus there will be work exclusively for two clerks and an attender. Further for attending to the work relating to the defaulters' lists which are received from the Headmasters of nearly two hundred schools, two clerks are likewise exclusively necessary. It is suggested that prompt action might be taken within the prescribed time.

P.T.O

I therefore request that the Government may be pleased to sanction the posts of four additional clerks for attending to the above work as contemplated in para IX of G.O.NO.1714.Education dated 27-10-45.

Further for attending to the general correspondence relating to compulsory Ele.Education-viz., 1 Alienation of land for school purposes - construction of school buildings-supply of books and slates to the poor children - supply of furniture and equipment to the schools as well as the payment of such bills-preparation of statements of expenditure for submission to Government etc., and for accompanying the Dt.Board Educational Officer to camp for checking the accounts and registers of midday meals centre's, the selection of sites for opening new schools, for the formation of midday meals committees in new centres and other kinds of spade work, I am compelled to continue the staff sanctioned in G.O.Ms.No.744.Edn.dated 6-4-46 in anticipation of sanction by Government.

In the circumstances I request that the Government may also be pleased to approve my action and sanction the above staff permanently with the post of an additional peon also.

E7.No.12222/46, dated 17-October 1946

Sir,

*
Elementary Education - Compulsory - District
Board Office - Temporary establishment - Fur-
ther continuance - Sanction - Requested.

In G.O. No. Ms.704, Education, dated 6-4-'46 the Government sanctioned the continuance for a further period of six months from 1-4-1946 of the temporary staff employed in the Malabar District Board Office as per G.O. No. 77, Education, dated 9-1-1946 for work connected with the scheme of compulsory elementary education and supply of midday meals to school children. No sanction for the further continuance of the staff from 1-10-1946 is received. Since the staff employed in my office for the above work is found absolutely necessary. I request the Government to sanction them permanently.

2. The temporary staff employed as per G.O. No. Ms.77 dated 9-1-1946 and as per District Board resolution No.152 dated 9-2-46 are, one Upper Division Clerk, one typist and one attendar and they are continuing. Out of the three hands employed the upper division clerk is looking after correspondence relating to the scheme of compulsory elementary education and supply of midday meals to the poor pupils and over checking the fortnightly bills from 140 food committees. The other clerk is attending to passing and payment of 280 bills received per month. The typist is attending to the typing work relating to the schemes. In the early stages of the schemes the work relating to the enforcement of penal provision under section 51 of the Madras Elementary Education Act was very little and the idea was that the District Educational Officers are empowered to take action on the defaulting parents according to the amendment of the rules framed under section 51 (1) of the Act and the matter was under correspondence. But the Director of Public Instruction in his proceedings L.Dis. No.6244-B-1/46 dated 14-9-46 informs me that since the date from which the amendment will be given effect to has not yet been fixed by Government the old rules are in force. In the enforcement of the penal provisions of this Act a good deal of work has to be done in this office in that connection. So far about 2,000 first breach notices have been issued to be served on the defaulting parents. For the 1st breach the guardians are to be warned and for every subsequent breach penalties have to be imposed and demand notices issued.

-2-

If prompt action under the penal provision is to be taken from my office, atleast two more clerks will have to be employed to cope with the work. Hence I request ~~that~~ the Government may be pleased to sanction two more posts of clerks to attend to the additional work referred to.

Your obedient servant,

R. S. S. S.

Ref: Letter Ref.E.10.6197-46 dated 23-9-1946 from the President, District Board, South Kanara.

I have the honour to invite the attention of Government to the letter of the President, District Board, South Kanara quoted above, copy of which has been sent to them direct, requesting the sanction of additional clerical staff to cope with the increased in Elementary Education work and also the permanent retention of the staff sanctioned in G.O.No. 744 Edn., dated 6-4-1946. I have already made my recommendations on this question of additional staff in general to all District Boards in my letter Re.No.3372-E1/46 dated 24-9-1946, to Government.

from the Director of Public Instruction, dated 10-10-46.

...oOo...

In this office letter Roc.No.11698-45 dated 5-12-45, I addressed the Director of Public Instruction, Madras, for increasing the staff in the Elementary Education Section and for the appointment of an additional superintendent owing to the day to day increase in the volume of work in the section. I have been making further representations to the Director of Public Instruction in continuation in the matter ever since and lastly in this office Roc.C1.11698-45 dated 24-8-1946, copy of which also was sent to Government, I stressed the need for the increase in the staff in the section and requested the Director of Public Instruction to pass early orders before the efficiency of the section should be impaired beyond all possible means of rectification. In my letter quoted above I have also dealt with in detail the difficulties that are being experienced for over a year for want of adequate supervisory staff.

In Government Departments I find that whenever any new department is created or any additional scheme is introduced necessary additional staff is appointed simultaneously for the growing needs of the department but in the case of local bodies a different treatment is made with the result that the efficiency of the Local Board Institution deteriorates and leads to criticism at the hands of the Public and the Inspecting Officers and Government. In spite of repeated efforts in the direction this matter has been pending at the hands of the Director of Public Instruction for long and to my last D.O. letter dated 3-10-1946, the Director of Public Instruction, was pleased to inform me that the general question of
(P.T.O)

question of the increasing the staff in the Elementary Education Section of District Board Offices is under consideration of Government. I, therefore, request you to let me know the state at which the matter stands and when it will be possible for Government to pass final orders. I once again urge that pending the general fixation of staff an additional section-head may be sanctioned temporarily for a period of 6 months or until such time the question is finally decided by Government.

Yours sincerely,

Elementary Education - Compulsory - Malabar
 District Board - Temporary Establishment -
 Sanctioned - Doubts to be cleared - Orders
 Requested.

In G.O.No. Ms.77 Education, dated 9th January 1946, Government sanctioned the employment of one clerk (upper division or lower division), one typist and one attender or one peon upto 31-3-1946 for work connected with the scheme of compulsory education and supply of midday meals to the school children, and the District Board in its resolution No.152 dated 9--2--1946, sanctioned the posts of one upper division clerk, one typist and one attender with effect from 23--1--1946. G.O. No. Ms.744 Education, dated 6th April 1946 sanctioned the continuance of the above establishment for a further period of six months from 1-4-46. Sanction for the continuance of the posts beyond 1--4--46 has been applied for.

Of the three additional hands sanctioned as shown above, two, viz one clerk and one attender are now working in the Elementary Education Section and the typist is in the Fair Copy Section. The typing work relating to the provision of midday meals is not much. Therefore this typist is now helping the other typists in ordinary fair copying work. When the three hands were first sanctioned the Compulsory Education and midday meals scheme was only being just inaugurated, and these two additional men were found sufficient for the additional work involved. But now that the scheme is in full working order two hands are found to be quite inadequate to cope with the work.

The difficulty then is that typing work in the office is too heavy for the existing staff of three typists (not including the typist sanctioned under the compulsory scheme) and at the same time the work under the Compulsory Education and Midday Meal Scheme is too heavy for the two hands left there, when the 3rd hand sanctioned under the scheme is taken away to the fair copy section. If it is not in order to make a clerk paid out of the special subsidy for the Compulsory Scheme to work in the General Fair Copy section, I request that sanction may be granted for increasing the number of typists in this office from three to four. On the other hand, if there is no irregularity in making a clerk paid of the special subsidy do general fair copy work, I request that one more clerk's post (Lower Division) may be sanctioned for work relating to Compulsory Education and midday meals.

Elementary Education section of the District Board as follows:-

- 1 One clerk for every 175 teachers;
- 2 If the total number of teachers employed in the elementary schools of a District Board exceeds a multiple of 175, and one more clerk where the excess is not less than 120;
- 3 If the number of schools maintained is more than 500, one more clerk in addition to the number permitted by the above scale;
- 4 Of every 6 clerks employed according to the foregoing scales one clerk will be in the upper division;
- 5 Besides this, each District Board will have an attender for its elementary Education section.

Now there are 1615 teachers and 635 Bd. Elementary schools in this District.

With reference to the above scales, the following staff is employed and their pay is being debited to Elementary Education Funds:-

- 1 Upper Division clerk.
- 9 Lower Division clerks.
- 1 Attender.

The work in the Elementary Education section is distributed as follows:-

- | | | |
|-----------------------------------|----------------------------------|---|
| 1 Clerk | General work. | 1 |
| 1 Miscellaneous Clerk | (Tools and plants verification) | 1 |
| 1 clerk for each of the 7 Taluks. | | 7 |
| 1 Clerk for typing work. | | 1 |
| 1 Attender for Despatch work. | | 1 |

Due to the Introduction of compulsion and provision of mid-day meals in 1945-46 and its further extension in 19 more areas during 1946 - 47, the volume of work in the Elementary Education section of the District Board has considerably increased. The following items of work are to be attended to on account of this scheme.

- i) Passing of monthly salary bills relating to Compulsory education.
- ii) Passing of contingent bills for feeding of children.
- iii) Issue of notices to defaulting parents
- iv) Correspondence relating to the opening of schools, appointment of additional teachers and provision

of additional accommodation;

- v) Purchase and supply of Furniture and Equipm to the schools;
- vi) Construction of additional sheds;
- vii) Drawal of Grants from Government;
- viii) Maintenance of the following registers:-

Defaulters' list,
Fines register,
Stock register of furniture;
Stock register of utensils purchased for feeding of children;
Register of members of the Feeding and Attendance Committees.

For attending to the extra works noted supra, at least 2 more clerks are required and no additional staff has so far been sanctioned to this Board for work relating to the introduction of compulsion.

In the circumstances, I request that the Government will be pleased to sanction the employment of two additional clerks for attending to the work in connection with the scheme of compulsion and include the cost in the subsidy for compulsion.

Sir,

Sub:- Education - Elementary - West Godavary District Board - Appointment of additional clerk for the work relating to the extension of compulsory elementary education from 1-9-1946 sanction requested.
Ref:- R.C.No.3372-B1-46, dated 24-10-46 of the Director of Public Instruction, Madras.

I invite your attention to the reference noted above and request you to make early arrangements for the sanction of an additional clerk for this office for the work relating to the extension of compulsory elementary education from 1-9-46. This may be treated as specially urgent since it is found very difficult for the clerk already sanctioned to work single handed to the extra work relating to the compulsory elementary education introduced in the year 46-47.

Ref:--This office letters Roc. C9-13138/46 dated 19-7-'4
and reminders dated 20-8-1946, 22-9-1946, 9-10-'4
26-10-1946 and 13th December 1946.

Notwithstanding the utmost strain to which the clerical
staff in the Elementary Education section has been subjected
to, it was found not possible to cope with the increase in
work relating to the scheme of compulsion with the present
utterly inadequate staff.

Soon after the introduction of compulsion in 1945-46,
in 31 centres of this district, it was made clear that --
clerical staff should be sanctioned exclusively for the work
of compulsion at the rate of one clerk for every 3 centres or
for every 1000 pupils enrolled under the scheme (vide this
office letters Roc. C9-2791/45 dated 24-9-1945 and 12-10-1945
communicating a copy of District Board Resolution No. 99
dated 4-10-1945). But the Government in their several orders
pertaining to the same were pleased to sanction the following
additional staff exclusively for the work of compulsion.

1. Two Clerks in the Upper or Lower Division scale.
2. One typist in the Lower Division scale.
3. One Attender, and
4. One Peon.

The appointment of this staff was approved by Government
temporarily upto 30-9-1946 (Vide G.O. No. 744 Edn., dated
6-4-1946). Application for continuance of the staff beyond
30-9-1946 was made in this office letter Roc. C9-14375/46
dated 9-9-1946, but orders sanctioning the staff have not
yet been communicated.

The total number of defaulters per quarter in the above
centres is about 5000 and it was found well nigh impossible
to take prompt and timely action on these defaulters with
the existing utterly inadequate staff. Consequently, no
penalties have been levied on the defaulters for the quarter
ending 30-6-1946 though the due date for taking action on
the defaulters under the rules is long over.

PTC.

While this is so, the Government in their order No. 1502, Edn., dated 2-8-1946 approved the extension of the scheme of compulsion and of the supply of free midday meals to 64 more centres in the district with effect from 1-9-1946 without ordering at the same time, the sanction of additional staff required for this new work imposed on this district board despite the detailed letter addressed to the Government in this office letter Roc.C9-13138/46 dated 19-7-1946 and subsequent reminders thereon. It was with great difficulty that preliminary work connected with the scheme in these 64 new centres and skeleton staff of teachers based on the initial enrolment made under compulsion could be attended to. Several other items of work such as exploring the possibility of securing adequate accommodation on rent or rent free basis, putting up of departmental sheds where accommodation is not securable otherwise, employment of adequate number of teachers with the previous approval of the Inspecting Officers due to dearth of qualified teachers with reference to the number enrolled, the supply of equipment necessary after calling for quotations from the several suppliers, the constitution of food committees and the proper watch over and prompt issue of cheques to these feeding centres and the imposition of penal provisions on the defaulting guardians, have all been delayed for want of adequate staff. Necessary data have been gathered for implementing the above items of work; but without the employment of additional staff, it was found impossible to proceed further eventhough the year is drawing to a close. So, in anticipation of the approval of Government, the following additional staff was appointed with effect from 19-12-1946.

- | | | |
|---------------------------|-----|------|
| 1. Upper Division Clerk. | ... | One. |
| 2. Lower Division Clerks. | ... | Two. |
| 3. Attender. | ... | One. |

I request that my action in appointing the above staff may kindly be approved, ordering at the same time adequate additional staff as per this office letter Roc.C9-13138/46 dated 19-7-1946. Else, it will not be possible to implement the scheme of compulsion properly in all the 95 centres of this District.

Elementary education and supply of midday meals -
Sanction requested.

The schemes of compulsory Elementary Education and pro-
vision of midday meals in 9 centres in this Dt. were sanctioned by
Govt. with effect from August 1945 and for the work connected with
them the Govt. were pleased to sanction the employment in the
Elementary Education section of this office one upper division clerk
and one lower division clerk upto 30-9-46 in G.O.No.Ms. 853 Edn.
dated 30-4-46- I am separately addressing the Government from
4-10-46 for sanction for the continuance of the two clerks perma-
nently from 1-10-46 as the work connected with the above schemes
are continuing and increasing.

2. Now in G.O. Nos.Ms.1327 Edn. dated 6-7-46 the
Government have been pleased to sanction the introduction of compul-
sory elementary education and provision of midday meals in 18 more
centres in this District with effect from August 1946. The addi-
tional schemes involve a good deal of additional work in this
office by way of correspondence, checking and passing of bills,
maintenance of registers and accounts and adjustment of subsidies
from Govt. as in the case of the already existing 9 centres of
compulsory education and 10 schools of Marava education. To cope
up with the additional work the entertainment of at least one
lower division clerk is absolutely necessary as a modest measure
in the interest of efficiency and promptitude.

I request therefore that Government may be pleased to
sanction the entertainment of one lower division clerk for the

Elementary Education Section of this office for the work connected with the compulsory elementary education and supply of midday meals in the additional 18 centres.

President.

Notes. 88
Edn. and P.H. Dept. (132)
b7. 572050, from the D.P.I. ~~no. 1372~~ 81/ub
Subject: -- Clerical Staff for compulsory education and supply of midday meals - Continuanace and increase.

In 1945 in connection with the introduction of compulsory elementary education in selected villages in each district, the Government sanctioned the employment ^{under} ~~in~~ certain Districts ^{Board} (of a special clerical staff for ~~the~~ preliminary work relating to the scheme. The staff was sanctioned for a period of three months to begin with and ^{was} continued from time to time. The present sanction expired on 1.10.1946. The District Boards have applied for sanction for continuing the staff on a permanent basis. (application in the current file).

2. The clerical staff was sanctioned on a temporary basis so far ~~in the past~~ as the D.P.I. reported that he would submit proposals for the appointment of ~~alliance~~ officers to supervise the scheme of compulsory education. The proposals made by the D.P.I. have been vetoed by the Govt. of India in G.O.No. 1435 dd. 24.9.46. In view of this, the question ~~may be considered~~ whether the staff already sanctioned by the Govt. may not be retained permanently ^{has been considered}.

3. A few district boards have asked for the employment of additional clerical staff for work connected with the extension of the scheme of compulsory elementary education sanctioned ^{in some cases} ~~for~~ this year. The scale of staff asked for is very liberal. The Director in his endorsement recommends that the strength of clerical staff may be determined at the rate of one clerk for every 30 centres selected for compulsion. On the scale suggested by him, the strength of clerical staff (both for the original scheme and for the extended scheme) will be far less than the staff asked for by the District Board. In some cases the staff recommended by the D.P.I. is less than that at present employed by local boards for the original scheme of compulsion. ^{The} ~~Statement~~ as (B) will explain the position in the new

4. The question for consideration is whether clerical staff ^{well connected with} is at all necessary for the introduction of compulsory education

and the supply of midday meals. The main work relating to compulsion is the preparation of defaulters' lists and imposition of penalties on guardians of defaulting children. Under the rules framed under section 44 of the E.E. Act ^{defaulters} additional lists are prepared by the headmasters of elementary schools in compulsory areas. The power to impose penalties ^{on} defaulting guardians now vests with P.D.B. in rural areas. The Ely. Edn. Act has been amended transferring the power to D.E. Os.

The Act will ~~soon~~ be re-enacted by the Ministry. Since after the Amendment of the Act comes into force the power to impose penalties will be transferred to Dist. Edl. Offrs.

As regards the supply of midday meals the scheme is worked through local committees constituted for the purpose and teachers in schools in compulsory areas.

5. In the circumstances the need for a separate clerical staff for the working of the ^{scheme of} compulsory elementary education is not real. Further the scale of clerical staff establishment sanctioned for district boards has been revised authorising the employment ^{one} clerk for every 150 teachers instead of 175 as at present. ^{In determining the no. of clerks} ~~the scale of pay in determining~~ ^{the scale}, the number of teachers employed under compulsory elementary education ^{scheme} can also be taken into account. If, however, it is considered that until the Amendment Act comes into force some clerical staff for compulsory elementary scheme is necessary, the staff already sanctioned may be continued for six months more i.e. till March 1947.

6. The D.P.I. may see the case u.o. for remarks.

SUB:- Elementary education - compulsory - and supply of midday meals - Appointment of additional clerical staff.

REF:- U.O. No. 51957 B2/46-2, E. & P.H., dated 29th October 1946.

merely
The main work relating to compulsion is not ~~merely~~ the preparation of the defaulters' list and the imposition of penalties on guardians of defaulting children as mentioned in paragraph 4 of the Government u.o. There is lot of work connected with the introduction of compulsion in any given area. It was because of this initial work that additional staff was sanctioned in 1945 in a number of cases where Presidents of District Boards applied for additional staff. There is much correspondence to be done in regard to accommodation, equipment and staff when the scheme is introduced in a rural area. As has already been reported to Government, once a school is established in a compulsory area, the work involved there is ordinarily the routine work as in the case of other elementary schools and the ordinary staff of the District Board should be able to deal with that work. But in each district, the compulsory scheme has been extended in 1946-47. Hence the initial work in regard to new centres is just the same as it was in the case of centres chosen in 1945.

As regards the supply of midday meals, Government seems to think that because the scheme is worked through local committees, the office of the President, District Board, has no work connected with the scheme. I am afraid that is an erroneous impression. The local committee no doubt arranges for the supply of midday meals but the District Board office has got to check the vouchers which are to be sent by the local committee once a fortnight. With reference to the vouchers and accounts sent by the local committee, the advance to the local committee is adjusted and an advance for the next half month
