G.O. No. 3114, L. & M., 4th August 1933

Pension—Servants of local boards—Effect of temporary cut in pay—Instructions issued.

Read—the following papers:—

G.O. No. 1494, L. & M., dated 26th April 1932.

From the President of the Tanjore District Board, dated 18th June 1933, R.C. No. 1980-D.B./33.

Order—No. 3114, L. & M., dated 4th August 1933.

The attention of the President of the Tanjore District Board is invited to the orders in G.O. No. 1494, L. & M., dated 26th April 1932, and he is informed that the pension of the servants of the district board who are to retire within the next three years will not, subject to the remarks in paragraph two, be affected by the application of the temporary cut in pay sanctioned in district board resolution, dated 29th March 1933.

2. The resolution says that the cut will operate on the salaries of the employees even after the revision of their scales of pay is sanctioned. Presumably it is the intention of the district board that the revised scales of pay should be applied to new entrants and that the existing incumbents should continue to be on the old scales of pay with the percentage cut. If this is the intention, while the local board servant, apart from the temporary cut in pay, will not suffer any reduction in pension, the pensionary contribution which the board will make to the Government on account of the existing incumbents will be reduced as under Article 802, Civil Service Regulations, the contribution payable to the Government is based on the sanctioned salaries of the posts. The Government cannot, however, undertake to pay the pension based on the existing scales of pay while receiving only a reduced contribution. If it is desired that the existing incumbents of appointments in the district board should suffer no reduction in pension on the analogy of the rules applicable to Government servants, the revised scales of pay for the posts should not be given effect to so long as they are held by the existing incumbents and the pensionary contribution in respect of such posts should continue to be calculated on the original scales of pay.
