No. F.O.R.F.II-1164/45 dated 3rd December 1945.

Sir,

Sub: Manufacture and supply of Common covers by Jail Department to other Provincial Officers - Debit of cost.

13 DEC 1945

On a reference from the Inspector General of Police Prisons regarding disposal of covers manufactured in the District Jail, Madura it was suggested that they may be supplied to District Officers in Madura District itself. The inter-departmental adjustment of cost of the supply involved therein was not then throught of. The Inspector General now raises this question.

2. Common covers are treated like other standardized forms and their manufacture and distribution to the Provincial Officers regulated under conditions laid down in paragraph 66 of the Printing Manual xx vide also paragraphs 112 and 113 of the Printing Manual. The present deviation of entrusting the work to the District Jail requires the specific sanction of Government.

p18 of the Bk [illegible]
pp30 82 13

3. The purchase of covers manufactured by the Jail Department by Provincial Officers is neither made obligatory irrespective of cost of production nor included as an item of authorized expenditure either under contingencies or othe charges in the Code Rules. The account procedure if the proposed supply is authorised has to be decided and orders issued for guidance.

4. Under rules in Appendix 9 of Madras Financial Code Vol II for the supply of Stationery and Printing Stores for the public service it may be noted that envelopes of all descriptions are included in the Annexure. A. Stationery Stores but this is now restricted only to D.O. envelopes vide paragraph 112 of the Printing Manual as amended by G.O.Ms.No.759 Edn., dated 17-5-41. Perhaps the inclusion of Jail manufactured covers may be permitted and purchase authorised under rule 6 of the Appendix 9 of Madras Financial Code in which case the powers of Collectors authorised to make purchase from their contingent allotment sufficiently increased based on the total of the District requirements of covers by them, under Rule 7 of the appendix. Otherwise as the Superintendent of Stationery has the full discretion in the purchase of Stationery articles; he may be asked to meet the charges from his allotment after getting countersigned bills from the officers getting supplies of covers from Jail Department.

5. Again the check of Annual Indents for these covers contemplated in paragraph 83 of the Printing Manual should also be modified to provide direct purchases by individual officers from the Jail Department on their own responsibility without the intervention of this office.

2. Jail departments may be authorized to manufacture and supply to me hand made brown paper as per size and substance required by the Superintendent, Government Press, Madras for the manufacture of brown covers. Manufacture and supply of brown covers by jail departments direct to consuming departments will not only

P.T.O.

involve complications in adjustments of cost but will affect also the indents for common covers received by the Superintendent, Government Press, Madras. The main object of the Inspector General of Prisons, Madras to supply envelops, instead of brown wrapping paper only, is to find work for convicts and revenue to government.

3. The Superintendent, Government Press has now the necessary machinery and workmen to make the brown covers required for government offices. He has also the clerical staff to scrutinise the indents and check wastage etc., and arrange for the re-distribution of stock that is found surplus in one office to the other etc.

4. I enclose herewith a copy of letter No.F.O. dated 25-3-46 from the Superintendent, Government Press, Madras for perusal by government. The work if transferred to the jail department, in my opinion is not likely to be efficiently done.

5. If the Inspector-General wants to find work for convict labour the output of brown paper may be increased. In which case the extra out-put of brown cover will be taken over by the Stationery Department and issued to offices for packing and other purposes.

6. The manufacture and supply of covers by the Superintendent, Government Press has been in existence for a long time and the system has been working well. In the circumstance no change is necessary in the agency for the manufacture and supply of these covers.

No.Roc.919/B-3/45 dated 21st December 1945.

Sir,

Sub:- Central Jail, Salem - Hand made paper Industry - supply of covers to the Stationery Department - Orders-requested

- - -

I have to state that the paper making section of the Central Jail, Salem has undertaken the manufacture of Hand made brown covers of sizes for supply to the Stationery Department. A few sample covers were sent by the Jail to the Superintendent, Government Press, Madras for his opinion regarding their suitability for use in Government Offices.

In his letter No.F.C.R.F.II/4367/45 dated 27-11-1945 (Extract enclosed) the Superintendent, Government Press, Madras, while furnishing a list of offices and their requirements in hand made brown covers, has stated that the samples are quite suitable for use in several Government Offices in that District. But he has stated that Government sanction may be obtained before supply could be made as the question of payment is involved.

P.T.O.

6

I, therefore, request that Government may be pleased to issue orders for the manufacture and supply of the Hand made brown covers ~~to~~ by the Central Jail, Salem, to the Offices in that district according to their requirements.

Ref: Your T.M. dated 23-3-1946 regarding manufacture and supply of Brown covers by Jail Department.

I have already suggested to the Superintendent of Stationery who referred to me regarding the above matter as a result of a communication of yours to him that the whole output of brown cover be supplied to the Jail Department and if after supply any quantity if left, it may be supplied to the Collector of the respective districts. In view of that reply, the question of my placing orders with the Penitentiary, does not arise.

2/ Besides no definite decision regarding the supply of covers by Jail Department to the several public offices and the mode of adjustment of cost appears to have been reached so far. The question is under correspondence with the Government, the Superintendent of Stationery and yourself.

3/ I have to suggest therefore that irrespective of these consideration you may instruct the Penitentiary to get along with the manufacture of covers of sizes 16" x 11¾" and 16¼" x 6" (1 and 3 sizes under C.C.8) which can be supplied to the City offices. The approximate requirements of the local offices in the City of Madras are 20,000 on one size, and 30,000 in three size.

As suggested by you in your letter to the Inspector General of prisons, I would prefer the course that the several jails should be asked to supply the hand made brown wrapping paper fit for manufacturing covers to you as an articles of stationery supplied by the jail Department to be paid for by book adjustment with a view to avoid account complications involved in the proposed supply of covers. But if the Inspector General thinks that cover making will provide necessary work for convicts, I have no objection to the

proposed supply of the brown covers to the Government officers covered by the areas to be allotted on their annual indents by the jail department.

Regarding the allotment of areas to the different manufacturing jails I suggest that the entire output be supplied for the use of jail department offices and if any quantity remains after meeting thier requirements the balance may be supplied to the Collector's Office of the respective districts.

Memorandum No. Edn. 55154/45 ~~F.1~~ 2 Edn dated 25.10.46

Under the present arrangement the Jail Department manufactures brown wrapping paper for the manufacture of brown covers and supplies to the Superintendent Government Press, Madras. The I.G. of Prisons has proposed that the Jail Department may be allowed to manufacture and supply brown covers for use in other Government offices.

X on page 4 c.d

2 The Government consider that the Jail Department may be permitted to manufacture brown covers which should be supplied to the Jail Department officers and the balance, if any, may be supplied to the offices of the Collectors of the districts concerned. The cost of the covers so supplied by the Jail Department should be debited to '28.a.Jails and Convict Settlements - Jails' or to '25.General Administration' by per contra credit to '28.b.Jails and Convict Settlements - Jail Manufactures'. Under this arrangement there will be no adjustment against the Stationery or Printing Department and there will also be no check on indents. It has therefore been suggested that the Indent should first be scrutinised, and countersigned by the Superintendent Government Press, and then forwarded to the Jails concerned for supply in accordance with the S.G.P's recommendation.

Ref: Government Memo.No.55154/45-10 F.1 Edn., dated 25-10-1946.

It was originally thought that the output of covers made in Jails would be comparatively small and only sufficient to meet the requirements of the Jail Department and possibly those of Collectorate offices of the Districts in which the Jails were situated. In his letter No.919-B3-44, dated 27-6-46 to the Superintendent of Stationery, copy of which was sent to me, the Inspector General of Prisons has stated that the Jail Department will be able to undertake half the total requirements of all Government Offices in the Province, and in about a year's time the entire requirements of the Province. If the Jail Department manufacture even half the total of Government offices, a larger areas of distribution will have to be allotted than are now proposed by Government. The Jail Department and the Collectorate offices may not be able to consume the entire output of the Jails if the Inspector General's statement is correct. As the scrutiny of indents is to be done by me the areas of distribution to be allotted to Jails should also be fixed by me so that there is no risk of overlapping of areas of distribution and consequent confusion.

Para IV of Appendix 5 of the Madras Financial and Account Code, Volume II reads as follows:-

> A branch of a service Department supplementary to its general duties is sometimes constituted on commercial principles and so far as regards the work of this branch it is allowed to charge as a Commercial Department e.g.,"
>
> Jail Manufacture x x x x x x x x x

This ruling has been revised and incorporated in Chapter 4 of the Madras Account Code, Volume I "Article 64" which runs as follows:-

Article 64:-

> " A branch of a service Department performing duties supplemetary to the main function of the department and intended to render particular services on payment may levy charges in respect of the work for which it has been constituted.
>
> Example.
>
> Jail Manufacture x x x x x x x x x

p 268 of

A In view of the above, the value of supplies made by the jail department to other Public consuming Departments under the same Government will have to be treated as "Receipts" under "XXII Jails and Convict Settlements - Jail Manufacture - Other Manufactures" instead of as deduction of expenditure under charges side "28 Jails etc - Jail Manufacture".

Manufacture and Supply of Covers by the Jail Dept. to other Govt. offices.

The proposal in this file is to manufacture and supply ~~of~~ brown covers by the Jail Dept. ~~for use~~ in other Govt. offices. The Jail Dept. has been supplying till now, only brown wrapping paper for the manufacture of brown covers. The I. G. of Prisons has now made this proposal for the supply of covers instead of paper, in order to find work for the convicts and revenue to the Govt. The S. G. P. and the S. of S. point out that the proposal involves complications in ~~the adjustments of cost~~ account and do not, therefore, recommend it to Govt. The S. of S. suggests, for the reasons given by him on pp. 3-4 c.7., that the Jail Dept. may be asked to manufacture and supply to him hand made brown paper as per size and substance required by the S. G. P. for the manufacture of brown covers. He also observes that, if the I. G. of Prisons wants to find work for the convict labour, the out put of brown paper may be increased ~~and~~, in which case, the extra out put of brown ~~covers~~ paper will be taken over by the Stationery Dept. and issued to other public offices for packing and other

Please see the E&P.H. department's note above. The manufacture of paper is carried on in the Penitentiary, Madras, Central jails at Madura and Coimbatore and the Borstal school, Palamcottah. 11-6-46 11.6.46

The S.G.P. has stated that he has no objection to jails manufacturing covers which may be utilized by the Jail Depar itself, the balance, if any, being supplied to Collectors' offices of the respective districts. It is not clear why the acceptance of this suggestion should "involve complications in adjustments of cost" as stated by

to, by the Supdt of Stationery in para 2 of his note on pages 3-4 f.

Another point made by the Supdt of Stationery is that the S.G.P. has got the requisite machinery etc. staff. It is not proposed that the Jail Depart should supply covers for all Depts of Govt. So that the staff employed in the Govt Press will still have sufficient work.

para 3 - p 4 f

In the circumstances this Depart may suggest that the proposal of the I.G. of Prisons as modified by the S.G.P. may be given a fair trial. E&PH may perhaps be requested to take orders in circulation including H.M. (Law)

D in my note above

11/6/46

S

The modified proposal may be accepted. The covers made (in Madras at any rate) are of good quality. It will not be possible to increase output of brown paper without additional appliances – drying frames, pulping vats etc – but extra convicts can be put on making the covers. Transport will also be saved. If it is proposed to negative this proposal, it may be circulated to H.M. (Law).

Finance (Exp.-C)

(Previous Finance note on page 2 above.)

It would appear from para 1 of the draft order that the intention is that brown covers manufactured in jails should be supplied to Jail Dept. offices and the balance, if any, supplied to the offices of the Collectors of the Districts concerned. Presumably, the Superintendent of Stationery will not be responsible for the receipt or distribution of the covers. If this presumption is correct, there seems to be no point in asking the Supdt. of Stationery to suggest accounting arrangements — see para 2 of the draft order. As "Jail manufactures" is a commercial Dept., the cost of the covers supplied will be debited to "28.a. Jails and Convict Settlements - Jails" or to "25.General Administration" by per contra credit to "28.b. Jails and Convict Settlements - Jail Manufactures". There will be no adjustments against the Stationery or Printing Department. | A

If, however, it is intended that the covers should be supplied by the Jail Dept. to the Supdt. of Stationery or the Supdt., Government Press, for distribution to Jail offices & Collrs' offices, the cost of the covers will have to be debited to the Stationery or Govt. Press budget and credited to 'Jail manufactures' and again, the S.G.P. will have to work out the price at which the covers should be supplied to Jail offices or Collrs' offices ~~cost of covers under his costing system~~ for the purpose of his pro forma accounts, with reference to the debit raised by the Jail Dept. and the cost of staff and other supervision charges incurred by the Press in distributing the covers. The Supdt. of Stationery apparently had in mind these adjustments when he said that the proposal would involve complication in adjustments of cost.

2. Another point is whether any check on indents for covers from Jail officers or Collectors' offices is to be exercised under the proposed scheme. If the Supdt. of Stationery or the S.G.P. is not be to interfere in the arrangements as in the first alternative mentioned in para 1 above, there will be no check on indents. It may, however, be arranged that the indents should first be scrutinised and countersigned by the S.G.P. and then forwarded to the Jail concerned for supply in accordance with the S.G.P's recommendations. The S.G.P. will have to be consulted on the point.

B ,

3. In view of the considerations mentioned in paras 1 and 2 above, it would seem desirable to settle what exactly is to be done in consultation with the Supdt. of Stationery, the S.G.P. and the I.G. of Prisons before orders are issued. Finance would therefore advise that the E.& P.H. or Home Dept. may inform the above authorities of the modified proposal to be sanctioned and asked for remarks as to the detailed arrangements to be made for scrutiny of indents, adjustment of cost etc. before issuing order finally

This case relates to the manufacture and supply of common brown covers by the Jail Department to Government offices. ~~as the Jails are XX making very good covers.~~ The proposal emanated from the I.G. of Prisons who wanted to find work for the convict labour. The Superintendent ~~of~~ Government Press has also certified ~~as to~~ about the suitability of the covers manufactured by the Central Jail, Salem, for use in Government Offices on the strength of the samples sent to him. | p 8 (a) CF

p 4 CF, para 5.

p 6 CF

2. Common ~~born~~ brown covers are now manufactured and supplied by the Government Press to all Government offices in the Province. The brown paper required for the purpose is supplied by the Superintendent of Stationery. Consolidated indents for covers are sent to the Superintendent, Government Press, by the Heads of Departments and they are scrutinised and checked by him. Distribution to the various ~~indents~~ indentors shown in the consolidated indents is arranged for by the Superintendent, Government Press. The Government Press has got the necessary machinery, men and staff for this.

para 3, p 4 CF

3. The proposal of the I.G. of Prisons involves a departure from the existing procedure laid down in the rules as shown below and requires the sanction of Government:--

(1) the agency for supply according to the rules is the Superintendent, Government Press. Sanction of Government is required for supply of covers by another agency;

(2) the cost involved in the manufacture and supply of covers to Government offices in the Province is debited to the budgets of the Superintendent of Stationery and the Superintendent of Government Press, the former in respect of cost of paper and the latter in respect of the cost of manufacture and supply. Sanction ~~xxxxxx~~ of Government is required to debit the expenditure to any other head of account,

(3) the indents for covers are scrutinised and checked by the Superintendent of Government Press with a view to economy. If the Jails are authorised to supply covers direct to the indentors, there will be no central agency to check the indents.

P.T.O.

4. The Superintendent, Government Press, recommended the inclusion of ~~the~~ Jail-made cover as an article of supply to Government offices and its purchase on their own responsibility by officers of the Jail Department and by Collectors from their contigent allotments by necessary amendments to the rules. p2 CF The idea of the Superintendent, Government Press, was to limit the supply of Jail-made covers to the Jail Department and to Collector's offices. 'A', p2 CF An alternative suggestion ~~now~~ by him was that the Superintendent of Stationery should meet the charges involved in the supply of covers by the Jails after getting countersigned bills from the offices concerned. The Superintendent of Stationery was not, however, for any change in the existing procedure for the manufacture and supply of covers by the Government Press, as any other procedure ~~was~~ likely to lead to complication in accounts and deterioration in efficiency. p4 CF He suggested that the Jails ~~may~~ might be asked to manufacture and supply to him hand-made brown paper as per size and substance required by the Government Press for manufacture of brown covers and to increase the output of brown paper to find ~~wxxkx~~ work for convict labour. p3 CF The excess over the requirements for ~~the~~ manufacture of brown covers, the Superintendent of Stationery proposed to utilise for supply to offices for packing and other purposes. p5 CF The I.G. of Prisons subsequently came up with a proposal to undertake the entire supply of covers to Government offices as it ~~will~~ would keep the convicts engaged in the paper making sections of the Jails concerned. p8(a) CF Home Department was not in favour of the proposal of the Superintendent of Stationery that the Jails should increase their out put of brown paper on the ground that it would require additional appliances. p3 ante ~~They~~ The deptt accepted the proposal of the Superintendent, Government Press, (which is a modification of the proposal of the I.G. on page 8(a) c.f.) that the supply of Jail-made covers should be limited to the Jail Department and ~~the~~ Collectors. Finance agreed with Home and suggested in addition that the agency of the Superintendent, ~~of~~ Government Press, for scrutiny and checking of indents should be continued and that indents countersigned by the Super- p6 ante

intendent

Superintendent, ~~of~~ Government Press, ~~for~~ might be sent to the Jails concerned for supply. Subsequent to this, the I.G. himself withdrew his proposal to undertake the entire supply of covers to all Government offices since he found ~~out~~ that the Jails would be in a position to undertake the supply of only a little more than half the quantity of the entire requirements. p15 CF The proposals as modified by Finance were put to the Superintendent, ~~of~~ Government Press and the I.G. of Prisons for remarks. pp25-26 CF

5. The I.G. of Prisons has agreed to the proposals put to him by Government, viz., pp27-28 CF

(1) that the supply of brown covers by the Jail Department should be limited to the Jail Department and the balance, if any, left over should be supplied to offices of ~~the~~ Collectors of the Districts concerned,

(2) that the cost of the covers should be debited to "28 Jails and Convicts settlements--Jails' or to '25-General Administration' by per contra credit to '28 (b) Jails and Convict ~~and~~ settlements--Jail manufactures';

(3) that indents for covers should first be scrutinised and countersigned by the Superintendent, ~~of~~ Government Press, and then forwarded to the Jails concerned for supply. He has suggested certain details in respect of supply and heads of accounts pp28+29 CF

The Superintendent, Government Press, now makes revised recommendations in view of the fact that the Jail Department is able to undertake supply of half the total requirements of Government immediately, and the total requirements in about an year's time, viz;-- p33 CF

B p9 CF

(1) that the Jails undertake manufacture of size 1 cover-16"x11¾" (c.c.(8)) for all Government offices, the total requirements of this cover being estimated approximately at 144,000;

(2) that the manufacture of covers of sizes 3 (16¼"x6") 5(10"x4½") and 7(7"x3 1/8") by the Jails be restricted to the requirements of the Jail Department and Collector's offices.

The

C

The Superintendent, Government Press, has got machines for making covers of these sizes which will remain idle if the entire supply is to be undertaken by the Jail Department,

(3) that the Superintendent, Government Press, in addition to scrutinising and countersigning indents for covers, should allot the areas of distribution as well.

11 JAN 1946

The recommendations of the Superintendent, Government Press, may be accepted. The heads of account for debit and credit for supply of covers by the Jail Department suggested by the I.G. of Prisons (vide p.28 c.f.) may also be accepted. The suggestions of the I.G. in respect of jails with whom indents are to be placed and supply obtained may be communicated to the Superintendent, ~~of~~ Government Press, for adoption in connection with the allotment of areas of distribution by him.

6. The capacity of the Jails for manufacture of brown covers is reported by the I.G. to be a little more than half the total requirements (total requirements--87,02,000 and Jail capacity--50,51,000). The Superintendent, Government Press, states that the Jails will be able to undertake the entire ~~supp~~ supply in an year's time which means that their capacity will develop with time. Since the manufacture by the Jail of covers of the sizes manufactured in the Government Press by means of machines is out of the question and as there is need for utilising convict labour to the full, perhaps the suggestions of the Superintendent of Stationery that the Jails be asked to manufacture and supply to him hand-made brown paper as per size and substance required by the Superintendent ~~of~~ Government Press, and that they be asked to increase their output of brown paper for utilization for packing and other purposes may be reconsidered. The objections of the Home Secretary to the increase of output by ~~the~~ Jails are based on (1) the need for additional appliances for the purpose and (2) saving of transport. The objections will be offset by the advantages, viz, the utilization of the labour of both the Government Press and the Jails in their respective spheres and lesser reliance on paper obtained ~~for the purpose~~ from the various Indian Paper Mills through the agency of the C. P and S, India and saving of transport to that extent.
