Rec. No. 4855 K/46.

Office of the Director of Public Instruction, Madras, dated 5-12-46.

From

Dr. S.R.U. Savor, M.A., D.Sc., I.E.S.
Director of Public Instruction, Madras.

To

The Secretary to Government,
Education & Public Health Department, Madras.

Sir,

Sub: Govt. College for Muslim Women, Madras - Employment of Demonstrators.

I have the honour to request that Government may be pleased to sanction the employment of three Demonstrators (one for each of the Physics, Chemistry and Natural Science departments) in the Govt. Muslim College for Women, Madras with effect from July 47.

2. The strength of the three sections in the current year is as follows:-

PHYSICS 51, CHEMISTRY 51, NATURAL SCIENCE 42.

The existing staff consists of an Assistant Lecturer for each of the subjects. Each of the Assistant Lecturers in Physics and Chemistry has 8 1/2 hours of work (2 1/2 hours theory and 6 hours practical) while the Assistant Lecturer in Natural Science has 10 hours of work (4 hours theory and 6 hours practical). In addition to this the staff have to arrange apparatus etc. for the practical classes and undertake the valuation of the note books.

3. With the opening of the second University Class in July 1947 the work of the existing staff will be as follows:-

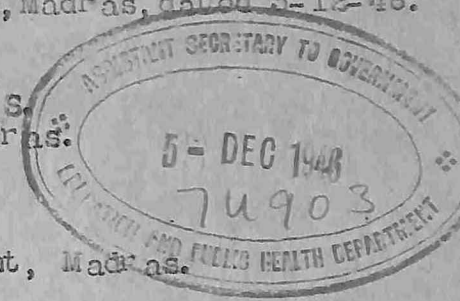

Physics and Chemistry .. 17 hours (5 Theory & 12 Practical)
Natural science .. 18 " (5 " " 12 ")

The Principal has pointed out to me that it will be impossible for the Assistant Lecturer alone to undertake the increased work next year without the help of demonstrators. She states that with effect from 1948 there are to be practical examinations for the Intermediate in the subjects and so students have to be trained to do the experiments individually and that necessary attention and coaching are absolutely essential. This can be possible only with the help of additional staff. It is also further reported that the female attenders sanctioned for the three laboratories are not helpful in setting up of apparatus for the practical classes.

4. In the circumstances I request that the employment of 3 demonstrators may kindly be sanctioned.

Employment of a Demonstrator - Sanctioned.

From the D.P.I. No. 4855 K/46 dated 3--12--46

G.O. (Ms.) No. 590 Edn. Dt. 22-2-47

The Govt. sanction the employment in the Govt. College for Muslim Women, Madras, ~~the services~~ of a Demonstrator for a period of one year from July 1947. The services of the Demonstrator may be utilised by all the three Science Departments of the College for arranging apparatus etc. She need not be given any teaching work.

2. The Govt. do not accept the Director's proposal that a separate Demonstrator may be employed for each of the Physics, Chemistry and Natural Science Departments of the College.

Govt.College for Muslim women, Madras -
Additional staff.

The staff sanctioned for the Physics, Chemistry and Natural Science departments of the Govt. college for Muslim women, Madras, consists of:

Physics - 1 Asst. Lecturer
1 Attender.

Chemistry - -do- plus 1 gasman.

Natural Science- -do-

In the circumstances stated in ~~this~~ letter in the c.f. the D.P.I. recommends that a Demonstrator may be sanctioned for each of the sections from July 1947. With the opening of the Senior Intermediate ~~class~~ ^{class} next year, there will be two classes in each department. One Asst.lecturer will not be able to manage both the classes. Apparently the Asst.Lecturer will then take the theory classes and the Demonstrator the practical ~~classes~~ ^{classes}. There are Demonstrators for such subjects in other Govt. colleges. The Director's proposal may be accepted. A draft order submitted. It may be sent to Finance for acceptance.

and both will attend to ~~correcting~~ ^{correcting} ~~not~~ ^{not} books. ~~Asst Lecturers and~~ ^{Asst Lecturers and}

The proposal in the file is to sanction three demonstrators, one each for the Physics, Chemistry and Natural Science departments of the Govt. College for Muslim Women, Madras. The extra cost involved is Rs 4000 monthly.

2. The existing ^{teaching} staff in the College is one Assistant Lecturer in each of the

three departments - Physics, Chemistry and Natural Science - of the College is one Assistant Lecturer. With the opening of the Second University Class in July 1947, it is stated that each of the existing Assistant Lecturers will have to take 17 hours (5 hours of teaching and 12 hrs practical). According to the standard fixed by the University each Lecturer or Asst. Lecturer is ~~to~~ to do 14 hours of lecturing work (including practical work). An Asst. Lecturer can be entrusted with 10 hours of practical work in addition to the 14 hrs of lecturing work - please see the notes of D.S. Finance on pp 12 and 16 of G.O. 2388 Eon 2 13.12.46. It is thus seen that the 17 hours of lecturing and practical work which ^{each of} the Assistant Lecturers in the Physics, Chemistry and Natural Science departments of the Govt. College for Muslim Women, will have to do from July 1947 is not much for them - and that they can ^{easily} attend to the work ^{detailed} enumerated at 'P' on p. 1 of in addition to their lecturing and practical work. In the circumstances this department may advise against the proposal specially in the light of the views expressed by the Salaries Committee as noted by D.S. Finance on p 16 of (a).

Edn and P.H. De
A

The proposal is to sanction a demonstrator from July 1947 for each of the depts of Physics, Chemistry and Natural Science in the newly opened Govt College for Muslim women, Madras. The staff already sanctioned is as at x on page 1 ante. The Edn and P.H. Dept support the proposal. The Finance Dept consider that the sanctioned staff should be able to manage without any demonstrator.

p 2 ante

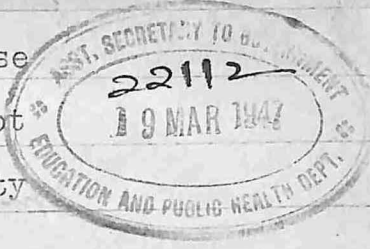

The Govt College was opened only this year and each Asst. Lecturer who is the head of the dept will have to put forth some extra work in equipping and organizing the laboratory. It may not be practicable for one person to attend to all the items of work - teaching, arranging apparatus for practical classes, supervising students during the practical classes, correcting note books, tidying up the laboratory etc. Further if the Asst. Lecturer takes leave for two or three days there will be no body to engage the science students and work will be at a standstill. In these circumstances ^{and in view of the fact that there are} ~~there are~~ Asst. Lecturers and Demonstrators for these subjects in other Govt. colleges this dept may pass the proposal.

p 1 ante

18/2/47. In view of the fact that there are Asst. Lecturers and Demonstrators for these subjects in other Govt. colleges this dept may pass the proposal. ^{with reference to} ^{it has to} ^{be} ^{conceded that} ^{there is no thing} ^{like} ^{his} ^{advice} ^{may} ^{be} ^{accepted} ^{for} ^{the} ^{proposal} ^{reference}

I agree with Finance that there is really no necessity for the post of a demonstrator for each of the

subjects. However it will be affording some relief if
 one demonstrator is appointed who may assist each of these
 lecturers in arranging apparatus, etc. He or she may not
 be given any teaching work to do. The present difficulty
 pointed out by the D.P.I. may thus be met to some extent.
 More than that cannot be done in view of the financial
 difficulty.
