Sir,

Budget - Elementary Education Fund - Srirangam Municipality 1947-48.

The budget estimate of the Elementary Education fund is submitted herewith along with a copy of the Council's resolution and a schedule of establishment.

2. Provision has been made in the revised estimate for 46-47 for payment of:-

(1) Arrear Dearness Allowance.
(2) Interim relief
(3) Bonous and
(4) Revision of salary as per G.O.No.2233 Edu. dated 21-11-46.

All these payments are proposed to be made by increasing the contribution from General Account ordinary so that the commitment for grant from provincial funds may not exceed Rs. 10152/- promised in G.O. No.391 Edu. dated 25-2-46.

3. The balance of grant of Rs. 3952/- due may kindly be disbursed early.

4. The expenditure in 46-47 has increased from Rs.37606/- to Rs. 44010/- on account of the above causes. I request sanction to the payment proposed and to the increased allotment.

5. No provision has been made for pre vocational subjects for want of qualified teachers.

6. The Budget for 47-48 is expected to close with a deficit balance of Rs. 9251/- as the deficiency is due to the payment of dearness allowance. I request that a grant may kindly be sanctioned to cover the deficit.

NOTE TO THE COUNCIL.

The revised estimate for 1946--47 and the budget estimate for 1947--48 are presented herewith for consideration

I. Revised estimate for 1946--47

A. General Account

The Ordinary account opened with a deficit balance of Rs.11,515. Receipts in the year are estimated at Rs.154,832 against Rs.94,581 expected originally. The reasons for the large increase are due to (1) enhanced receipts under property tax, entertainments tax, duty on transfer of property tax on carts, carriages and animals, pilgrim tax, slaughter house and mutton stall income and license fees, (2) grant of Rs.13,828 paid by Government towards covering the deficits in the account at the end of 1944--45 and 45--4 and (3) fall in the contribution to other accounts. No credit has been taken under rubbish, as there has been no demand so far for the compost made by this Municipality. The expenditure has not however undergone such variation. The revised estimate provides for an expenditure of only Rs. 1,37,477 against Rs.1,30,472 contemplated in the original budget. The extra allotment of about Rs.7,000 comprises mainly of (1) the arrear Dearness allowance paid to Public Health Menials and due to the other staff for the period 1--7--1944 to 31--12--1944 and (2) the increase in the basic pay of public health menials sanctioned by Government. Provision has been made forrefund of Rs.940 being the remission proposed for the slaughter-house losses of 1945--46. No allotment has been made for the refund of licensed fees in respect of clause (e) trades, as the sanction of Government is still awaited. As a result of thelarge increased receipts, the Ordinary account is expected to close on 31--3--1947 with a surplus of
10 Rs.7610/= The transfer of Rs.2700/- sanctioned by the council to be made from the Ordinary to Capital account towards the cost of cement concreting certain lanes is not proposed to be made. The General Account Capital opened with a balance of Rs.12,670/- comprising of (1) Rs.9970/- being the balance of the loan taken in 1939 for acquisition of lands for conservancy lanes and (2) Rs.2700/- transferred from the Ordinary account in 1945--46. Of the former, Rs.8700/- has been invested in fixed deposit as the question of opening the rampart walls in certain places in lieu of land acquisition has not yet advanced to the stage of execution. The balance of Rs.1270/- is reserved for expenditure on the acquisitions in progress as well as on some lanes proposed to be acquired in New Agraharam and Thiruvanikoil Otha street. To the amount of Rs.2700/- referred to above, a sum of Rs.3500/- is proposed to be added by transfer from the Ordinary account as permitted in para 7(b) of G.O. 441 L.A. dated 11--3--46 and the expend the total amount of Rs.6200/- on the following purposes

(a) Construction of a septic tank latrine near Ammamandapam	2500/-
(b) Purchase of four new nightsoil carts	2000/-
(c) Alienation of Railway B class lands	1700/-

Plan and estimate have been prepared for item (a) and are pending sanction Item (b) is urgently required and has been recently sanctioned. Item (c) The alienations applied for so far back as 1940 and 1943 are still pending. The lands are proposed to be used for construction of quarters for the Public Health Menials. The allotment made is tentative as it is not possible to expect when the proposal will fructify. The estimate is also very modest as the Revenue Department has stated the value of the lands to be Rs.10 a cent exclusive of the cost of trees and the cost of erection of partition walls insisted on by the Railway in the case of the lands adjoining Srinivasanagar West. The Collector has however been requested to transfer the lands for a nominal value, having regard to the fact that the lands abound in deep pits so that the cost of their reclamation would

5

d value. The result is awaited. The urgency of the alie. stressed on the authorities and early action is therefor Expect

B. Lighting account

The increase in the receipt from lighting tax and fall in expenditure has led to a reduction in the contribution from the General account from Rs.6005 to Rs.3669/-

C. Elementary Education Account

Credit has been taken for a slight increase in the income from educatio tax and for a grant of Rs.10152 expected from Government under para 3(iii) of G.O. No. 391 Edn. dated 25--2--46 towards payment of Dearness allowance, The contribution due from the General account has been raised from Rs.7214/- to Rs.8657 in view of the orders in G.O. No. 2283 Edn. dated 21--11--1946 sanctioning the adoption of the Government scales of pay for teachers.

In the expenditure side, increased allotment has been made on account of the revision of the xxx scales of pay and payment of xx arrears of dearness allowance from 1--7--1944 to 31--12--1944.

D. Water Supply & Drainage account

The Ordinary receipt is in excess of the budgetted figure by about Rs. 3000/- due to increased revenue expected from Water and Drainage Tax. The expenditure has however fallen from Rs.25,371 to Rs.23,851. The latter includes provision for payment of arrear dearness allowance and increased rate of pay for drain cleaners only as per Government orders.

Under ~~the~~ capital provision is made for the execution of the first part of the Drainage Scheme as per estimate sanctioned in G.O. No.22 P.H. dated 3--1--1945. The scheme estimate has since been revised with the result tha the cost is expected to exceed the original estimate by no less than Rs.2.18 lakhs. The Council hasnow to find ways and means x to find its share of th increase viz. Rs.1.14 lakhs. This is a serious problem. The council has recently applied to the Government for a full grant for the work. Pending orders on this reference, no provision has been made in 1946--47 or 47--48 towards the increased cost of the scheme. As the Water Supply and Drainage account ordinary has closed with a deficit balance of Rs.5162 and there is no balance in the capital account and as property tax is already levied at as xixkx high a rate of 22 per cent per annum, the council is expecting favourable orders on the application for full grant. The deficit of Rs. 5162 is expected to be made good by the grant promised in para 8 of G.O. No. 441 L.A. dated 11--3--46

General

For ~~the~~ receipt purposes cent per cent collection has been assumed both under tax and non-tax except where the dues are covered by civil or crimina proceedings. Provision has been made for all obligatory expenditure

Town Planning Account

The sanctioned staff having not been appointed yet, the original provi has been reduced.

Budget Estimate for 1947--48

A. General Account

The Ordinary account is expected to open with a surplus balance of . 6490/- and to close with a deficit balance of Rs. ~~2216~~/- This is due to he fall in income and rise in expenditure as compared with the revised estimate for 1946--47. While increase is expected underproperty tax and duty on transfer of property, the credit taken under pilgrim tax has been ken only at Rs.10,000 against Rs.17,000 in 1946--47, as the normal income only about Rs.7000/- No credit hasbeen taken under rubbish for the easons already stated. Though the rates of market fees have been raised rom 1--4--1947, the credit taken in the budget does not take account of it asit is not certain that there will be any appreciable increase in revenue as a result of it, judged by experience. The credit taken under toll compensation is provisional pending receipt of Government orders.

Under expenditure, allotment has been made for the appointment of ~~xxx~~ two clerks, (one for the P.W.Supervisor and other for this office) to cope with the increased work and an additional Sanitary Inspector as repeatedly urged by the inspecting authorities. Judging by the condition of the roads bridges and culverts, the minimum allotment necessary for their maintenance will be not less than Rs.40,000; but due to paucity of funds only Rs.30000/ has been allotted. It is proposed to attend to the repairs to the roads leading to Harijan quarters from out of the above allotment. Provision has lso been made for the opening of a reading room in the above quarters. e increase in the basic pay of Public Health Menials has also been taken nto account. A special allotment of nearly Rs.2000/- has been made r the plantation of avenues with reference to G.O.No. 1468 L.A. dated -7--1946 and 1650 L.A. dated 10--10--1946.

In the General Account Capital provision is made for the following -

(a) Acquisition of the 16 pillared mantapam	4000
(b) Acquisition of lands for conservancy lanes	1270
(c) Construction of a septic tank latrine	2500
(d) Construction of a dry type latrine for the Harijan quarters in Thiruvannainallore	1000
(e) Improvements to smallpox shed	1000

em (b) is to be met from the loan balance, while the others are to contribution from the Ordinary account

e General Account Ordinary is expected to close with a deficit of Rs.2216/-against the minimum working balance of Rs.~~6065~~/- prescribed by rules. The aggregate deficiency is thus Rs.~~10281~~/- The Council is requested to consider ways and means to increase revenues not only to the above extent; but also for financing the following works which are urgent d important

(1) ...ruction of foot bridge over the Malattar
r Kondiampettai
connect Devi Street with Viresvaram Road
of the slaughterhouse
s to the bus-stand
Water Supply and Drainage Schemes to areas ~~xx~~
East of ... Line

B. Lighting Account

additional provision of Rs.1000/- ismade towards the cost of electric lights to Harijan quarters. It has been assumed t that payment will be made to the Electric Supply Corporation only at the present rate of Rs.1--6--0 per light per month. However, the maintenance of the lights is left to be attended to by the Municipality extra allotment may be necessary. This question remains to be settled.

C. Elementary Education

There is no major deviation except under salary of masters where increased allotment has been made on account of the adoption of Government scales of pay. The increased cost being met by transfer from the General account as ordered by Government. Provision has not been made for instruction in prevocational subjects for want of qualified teachers. The receipts and expenditure under this account amount respectively to Rs.29,619 and Rs.38,870 with the result that it is expected to close with a deficit of Rs.9251/- The Government may be moved to give a grant to cover this deficit as in 1946--47.

D. Water Supply & Drainage Account

The Ordinary account opens with a minus balance of Rs.5162. Receipts amount only to Rs.19,295 against an expenditure of Rs.24,201, a deficit of Rs.10,068 is expected at the end of the year. If a grant of Rs.5162 is given in 1946--47 under the orders in G.O. 441 L.A. dated 11--3--46, a grant of Rs.4906 may have to be given in the budget year. It is not known when the 1st part of the Drainage scheme on hand will be completed. No provision is therefore made for its maintenance.

Under capital provision is made for the following items:-

	Rs.
(a) Acquisition of lands for the water-supply head works	11,000
(b) Shifting of certain public fountains	700
(c) Provision of tube wells in Harijan quarters	750
(d) Construction of drains	400

Item (a) is to be met from half-grant and half-loan for which necessary application has been made. The other items are to be met by transfer from the Ordinary account The council may consider the question of makin provision for extending the Water Supply system up to the Railway station.

E. Town Planning Account

Necessary provision is made by transfer from the General Account Ordinary in the hope that qualified hands will become available for appointment

General

The general financial position has improved considerably with the levy of entertainments tax and stamp duty and increase in the rates of license fees. Still there is much leeway yet to be made. The only lasting solution to the financial ills of this Municipality will be the increase in the amount of toll compensation applied for in this office letter to Government Rc.6290/46 dated 16--7--1946 and by levying pilgrim tax throughout the year.

RR/17-12

Commissioner.

Budget - 1947--48 -

Supplemental Note to Council.

Water-supply and Drainage Account

The Water-supply and drainage account ordinary is working in a defi since 45-46. Annually about Rs.2000/- is incurred as expenditure over normal receipts. The position of the Fund is thus rendered precarious. Normal maintenance of the distribution system itself stands paralysed in consequence. It is therefore necessary to augment the receipts under this account. Retrenchment could be resorted to only as a last chance and without affecting the effeciency of the system and will be suggested later if absolutely necessary.

1. Taxation. The house propertion West of the Railway line and to the East of the Great Southern Trunk Road in Survey Ward II are at present exempt from water supply and drainage tax of 3% of the annual rental valu The general property tax at present realised from this area is Rs. 1062.1 A levy of the ~~said~~ same tax in full will fetch Rs. ~~[illegible]~~ 354.0.0 in addition. There is ample justification for this levy also. Water supply is proposed to be extended close to the Railway station and proposals for extending the same to the area and as well to some other areas have been submitted to Sanitary Engineer for investigation. Srinivasanagar East has to be provided with a drainage system very soon and very likely that will be taken up simultaneously with Part II of the present scheme. Only Thiruvanikoil is left exempt for the present pending the provision of a scheme - decentralised unit of water supply and drainage system for that low-lying area.

2. The South Indian Railway is likely to take a supply of 6000 gallons a day for station requirements. The District Engineer has called for particulars and he has been asked to expedite settlement of terms with a view to provide protected water supply during the ensuing Vaikunta Ekadasi festival itself. The Sanitary Engineer has sanctioned pipe line extension up to Railway Station with available 3" G.I. pipes and the Council has sanctioned this. This will be done now under the supervision of the P.W.D. Although the net cost of Rs.700 is not provided for in the budget, this may be met by diversion along with the existing deficit in this account from the surplus under General Funds. This expenditure will be productive of income if the ~~xxxxxx~~ extension could supply the Railway requirements. The P.W. Supervisor assures that yield and pressure would suffice for this supply and that 3" G.I. pipes will do for the time-being in addition to feeding the proposed public fountains en-route. This would require Sanitary Engineer's approval. If fixed up, the Railway may be charged at Rs. ~~[illegible]~~ 2 per 1000 gallons of supply by a meter and a net revenue of Rs. ~~2000~~ 4000 (nearly) (6 x ~~1~~ 2 x 30 x 12) will accrue to the Municipality.

The net surplus may be utilised towards repayment of debt for the extension scheme under water-supply

If this position be approved, the draft notification for levying service taxes and for expediting the supply of water to the Railway will be presented.

Commissioner.

service you are a real acquisition to the Madras Ministry.

Our Municipality has many requests to make of the Government. As a great place of pilgrimage it is but proper that we should be permitted to levy the pilgrim tax throughout the year. Though our level of taxation is as high as 22 per cent we are facing deficit budgets year after year and it behoves the Government to give a full grant for the second instalment of the Drainage Scheme. As we are really catering to the needs of thousands of pilgrims drawn from all parts of India our case deserves to be treated specially and we request the Government to sanction a full grant for all the above works.

Your work as Law Minister has already begun to bear fruit in the proposed separation of judicial and executive functions which is a long felt reform. We hope that during your period of office our Presidency will keep up its high place in efficiency and purity of administration.

We fervently pray to God Sri Ranganatha and God Sri Jambunatha to confer on you long life and health to enable you to continue to serve our motherland with vigour and success.

We beg to remain,
Sir,
Yours obediently,
The Chairman and Members of the
Municipal Council, Srirangam.

p1 c/f

G.O. (Ms) 631 Edn., d/ 29.3.47

The Govt. pass the following orders on the R.E. for 1946-47 and the B.E. for 1947-48 of the E.E. fund of the Ml. Cl., Srirangam.

2. R.E. for 1946-47. (i) The credit taken under the head "Govt. Grant towards the payment of dearness allowance" should be reduced from Rs. 10,152 to Rs. 6,200 with reference to Memo.

pp47-48 c/f (C) No. 57908 C-1/46-4 Edn., d/ 11.1.47.

(ii) As the Cl. depends on a subsidy from the Provincial funds, ~~it should~~ to avoid a deficit in the E.E. fund, it should not pay the arrears of dearness allowance to the E.E. staff. The provision made for the purpose should be deleted. — para 2 (iii) on p1 c/f

(iii) The provision made for the payment of Interim Relief and Bonus should be deleted as local bodies have not been authorized to incur this expenditure. — para 2 (iv) on p1 c/f

3. B.E. for 1947-48. (i) The credit taken under the head "Govt. Grant under Section 37 of the E.E. Act" should be raised from Rs. 6,100 to Rs. 6,620 with reference to the credit taken for the Education tax in the R.E. for 1946-47. This amount is liable to further revision with reference to the actual amount of the tax realized and adjusted to the E.E. fund in 1946-47. — para 3 (i) on p1 c/f

(ii) For the reason stated in para 7 of the endorsement of the D.P.I. read above, (copy enclosed) the credits taken under the head "Capital receipts" should be deleted; the provision made for Capital expenditure should also be deleted. If the Cl. requires a subsidy for the construction of buildings for elementary schools — p1 c/f it should submit an application in accordance with the instructions in G.O. 1143 Edn., d/ 11.8.32. not printed

(iii) Revised with reference to the instructions above, the B.E. for 1947-48 is expected to close with a deficit of ~~Rs. 8,731 Orders~~ Rs 7123. Orders as to how this deficit should be avoided will be issued next year. below

4. The Commr. is requested to report in due course the actual balance in the E.E. fund at the end of the year 1946-47.

5. The sanctioned budget for 1947-48 will be as shown in the annexure. below

6. An extract of the remarks of the D.P.I. in paras 7 to 10 and 12 of his endorsement read above, is communicated to the Commr. for information and necessary action. P.F.

p 1 c.f. The R.E. for 1946-47 and the B.E. for 1947-48 of the E.E. fund of the M.C., Srirangam, call for the following remarks.

2. R.E. for 1946-47 (i) The credit taken under the head "Govt. grant towards the payment of dearness allowance" may be reduced from

p 19 c.f. Rs. 10,152 to Rs. 6,200 with reference to Memo: S. 7908 C-1/46-4 Edn, pp 47-48 c.f. of © d/ 11.1.47.

(ii) The credit taken under the head

p 19 c.f. "Contribution from the General funds" is Rs. 11,957 as

p 34 c.f. of © against Rs. 7,214 in the sanctioned budget. L.A. may see.

(iii) Provision has been made for the

p 33 c.f. payment of the arrears of d.a. to the E.E. Staff. As the C. depends on a subsidy from Provincial funds ~~to~~ ~~avoid~~ a deficit in the E.E. fund, it cannot pay the ~~arrears of d.a. to the E.E. Staff.~~ It may be asked to delete the provision (Rs. 2,260) made for the purpose.

(iv) The provision made for the payment

'X' on p 20 c.f. of Interim relief (Rs. 1,330) and Bonus (Rs. 1,970) may be deleted as ~~the~~ local bodies have not been authorized to incur this expenditure.

(v) Revised with reference to the suggestions above, the R.E. is expected to close with a balance of

p. 20 c.f. Rs. 1,608. The question of recovering this amount may be examined after L.A. offer their remarks on this file.

(vi) If the C. is to be allowed to pay the arrears of dearness allowance to the E.E. Staff, the additional contribution necessary from the General funds is Rs. 7,325 over and above the credit (Rs. 11,957) taken in the R.E. L.A. may see.

Please see the notes of Edn. & P.H. Dept. on PP.1-2 above. The general budget of the Srirangam Municipal Council for 1947-48 has been ~~is examined in the linked file~~. The contributions shown in the Ele. Edn. budget and those provided for in the general budget are the same - viz: Rs. 11,957 for 1946-47 and Rs. 11,977 (Rs. 8,227 under 'ordinary' and Rs. 3750 under 'capital') for 1947-48. The general Acct. for 46-47 is expected to close with a deficit and it is proposed to permit the cl. to avoid the deficit by adjusting the required amount from the arrear toll compensation sanctioned in the current year. A sum of Rs. 120 ~~is available for~~ of the arrear toll compensation for the current year is available for adjustment to the Ele. Edn. Acct. Even after adjusting the entire arrear toll compensation for 47-48 the gl. Acct. for that year is expected to close with a deficit. The gl. Acct. is not therefore in a position to increase the contribution to the Ele. Edn. Acct. either ordinary or capital in 1947-48. With these remarks the file may be retd. to Edn. & P.H. Dept.

'M' on p2 ante. The Commr. has since reported that provision has been made for the payment of bonus and interim relief in the R.E. for 1946-47. As suggested in para 2(iv) on p1 ante, the cl. may be asked to delete the provision made. Apparently, no provision has been made in the B.E. for 1947-48. p 37 c f

2. The question of recovering the excess subsidy paid in the current year may be considered after the actual balance in the E.E. fund on 1.4.47 is known. As the Gl. funds is not in a position to meet the capital expenditure, the provision made for capital expenditure may be deleted. L.A. note above

3. The B.E. for 1947-48 is expected to close with a deficit of Rs 7,123. The question of sanctioning p 29 draft
