Sir,

Subject:- Request for Special Grant to compensate
for the loss of income from the School
Trust Properties in Burma.

I beg to bring the following lines to your most
sympathetic consideration and request you to be good enough to pass
favourable orders.

1. The Governemtn was gracious enough to sanction the
School a Special Grant of Rs.3,000/- in its G.O. Ms.No.2148, Edn.
dated 19th December 1945 to meet the deficit resulting from the
loss of income from the School Trust Properties in Burma from
1941-42 to 1945-46 (Four years) and the same was availed of by
R.C.No.1057 - D/44 dated 9-1-1946 Proceedings of the Director of
Public Instruction, Madras. The Special Grant has done much to
enable the Management to tide over a severe financial crisis.

2. In spite of adverse financial circumstances the
School has been developing fast in recent years and the number on
rolls quoted below will testify to its progress.

Year.	No. of rolls.		
	Boys.	Girls.	Total.
1944-to 45. ...	276	57	333.
1945 to 46. ...	294	59	353.
1946 to 47. ...	367	67	434.

In 1945-46 V Class and III Form were bifurcated and
in 1946-47 the I and IV Forms have been bifurcated.

3. Bifurcation of classes has resulted in fresh
expenditure on equipment, furniture and accommodation and maintenance
of more teachers.

4. The Management is paying Dearness Allowance to
Teachers on Government scales.

5. The income from Mangoon Trust Properties has not
yet restored itself.

6. In the circumstances pointed out the Management
has yet to strain itself severely to set the Institution a-going.

7. It may be again pointed out that the School is situated in a rural and very backward area and has popularised Secondary Education in this corner of the District. This may be seen from the growing proportion of Dayscholars to Resident Scholars in the school.

<u>Year.</u>	<u>No. of Resident pupils.</u>	<u>No. of Dayscholars.</u>
1925 to 26.	120.	148.
1930 to 31.	105.	127.
1940 to 41.	94.	183.
1945 to 46.	136.	216.
1946 to 47.	156.	278.

8. During the last 26 years it has also done much to the cause of rural uplift in these parts.

9. The School is catering to the higher Educational need of all local communities including Muslims and Adi-Dravidas of whom there are a fairly good number.

So I request you to be good enough to sanction again a Special Grant of Rs.2,000/- (Rs.1,000/- for the school year 1945-46 and Rs.1,000/- for the current school year 1946-47) to enable this needy and deserving Institution to continue its good work in this area.

5. Owing to facts in Nos. 3 and 4 of my letter No. 115/46-47 dated 12-9-1946, the net cost to the Management has increased considerably and it has been again forced to borrow heavily. So the favour of a Special Grant of at least Rs. 1,000/- a year is felt indispensable for an efficient maintenance of the school.

Hence I earnestly request you to be good enough to sanction the Special Grant of Rs. 2,000/- applied for.

Another copy of my letter for reference called for is also sent herewith.

Sir,

Sub:- Request for sanction of a Special grant of Rs.2000/-
(Rs.1,000/- for 1944-45 and Rs.1,000 for 45-46) - A.V.
Joseph's High School, Ittamolli.

In forwarding herewith the petition No.115/46-47 dated 12th September 1946 from the correspondent of the A.V. Joseph's High School requesting a special grant, I have the honour to report that the Government was pleased to sanction payment to the school in 1945-46 of a special grant of Rs.3000 in G.O.No.2148 Edn., dated 19-12-45 to enable the management to meet the deficit caused by the loss of income from the Endowment Property at Rangoon. The correspondent has now applied for a similar aid on the ground that the income from the Trust Property is not yet being realised and that the cost of maintaining the school has been steadily increasing owing to increase in the strength of the school and the grant of enhanced rates of dearness allowance to the staff.

From the statements of Receipts and Expenditure of the school for 1944-45 and 1945-46 forwarded by the correspondent it will be seen that the deficit of the school was met partly by raising subscriptions and partly by taking loans from private individuals. The loans for the two years amount to Rs.1438/- plus Rs.3180/- or Rs.4618. But as Government have already stated in the G.O.No.2148 dated 19-12-45 that the special grant of Rs.3,000/- sanctioned was to cover the deficit of the four years prior to 1945, the loan amount for the year 1944-45 need not now be taken into account in sanctioning a further special grant for the school.

In view of the extraordinary circumstances of the case and in view of the fact that compensation for the loss of their Endowment Property in Burma is not likely to be awarded till the latter half of 1947, I recommend that Government may be pleased to sanction a special grant of Rs.1000/- (One thousand only) this year to enable the management to discharge part of the debt of Rs.3180/- which the management has incurred in 1945-46 and stabilise its financial position. The school management should be asked to increase its resources by raising the rates of fees levied and to avoid committing itself to increased expenditure by expanding its activities. It should also try to devise means by which it could raise fresh endowments. Requests for special grants will not be considered from next year.

Please see pp. 1-3 & 11 of doc. p. 1 above 7 inv. (Exp. A)

The School is ordinarily eligible for the teaching grant. In addition to the teaching grant of Rs 3099, the Govt. have sanctioned a special grant of Rs 3000/- during 1945-46. It is observed from the statement of receipts and expenditure furnished on p. 7 of A that its large expenditure during 1945-46 is mainly due to the payment of a dearness allowance of Rs. 4256/- as against Rs 501 only during the previous year. When the management was not in a position to balance its budget, it should have restricted itself from paying the dearness allowance at full Govt. rates as in the case of other aided institutions.

However its expenditure has already been incurred and cost from loans raised from private parties. There seems to be therefore no special agency for sanctioning the amount immediately. This dept. may therefore suggest that the grant may be sanctioned during the course of next year after taking orders from circulation including H.P.M. (The rush of expenditure at the end of the official year will have been avoided)

DR 11-3-47

G.P.H. may take orders w/ circ. enclosing H.P.M. as the excess expense in this case has been mainly to the payment of D.A. at full Govt rates instead of being restricted to the management's capacity. It is not known whether similar grant has been made in any other case. G.P.H. may also verify this.

2. Under the existing orders, the expenditure incurred by managements on payment of dearness or cost of living allowance to the members of the staff at rates not exceeding those admissible to Govt servants are taken into account in assessing the teaching grant payable to them under the provisions of the Grant-in-Aid Code. The amount of allowance to be paid is left to the discretion of the managements and the Govt have not issued any instructions that allowance at full rates should not be paid if the finances of the institutions do not permit the incurring of the expenditure. The institution in question is one which is depending upon public subscription & donations to make up the management's share of the cost of maintenance and the anticipated income might not have been realized. The point for consideration now is whether any special grant should be made to the institution to cover the deficit in the working of the institution for 1945-6. The Finance Dept suggest that the special grant of Rs 1000 proposed may be disbursed in 1947-8 after taking orders in circ. including H.P.M. For orders whether the suggestion may be accepted

2. With reference to the Finance Dept's note at B on page 2 ante, it is submitted that in no other case a grant to cover the deficit has been made previously.

12-3-47

The suggestion of Finance Dept's note need not may be accepted. If the special grant is agreed to in circulation, the order sanctioning the amount may be issued after 1st April 47. The case may be circulated for orders
