To

The Secretary to Government,
Education & Public Health Department,
Fort St. George, Madras

No.8283-46/4-Sty. dated 19th March 1947

Sir,

Sub: Stationery - Local Purchase -
Sanction - Regarding :

Ref: From the Sanitary Engineer to
Government No.8283-46/4-Sty,
dated 1-3-1947

From the Superintendent of
Stationery No.I-900/46, dated
10-3-1947

The stock of Double Elephant Drawing Sheets, Tracing Paper, Tracing Cloth and Sable Hair Brushes for use in the Drawing Office of this Department is nil and I am carrying on my work with borrowed materials. It is not possible to get on with this for a long time. The Superintendent of Stationery while complying with my annual indent in October 1946 could not supply the above articles for want of stock. The work on important schemes of water supply and drainage in the order of priority fixed by Government is likely to be held up for want of the above drawing materials, not to speak of the large scale-scale work under the post war schemes. The Superintendent of Stationery who was requested in this office letter No. 8283-46/3-Sty (dated 1-3-1947 (copy enclosed) to obtain the sanction of Government for the purchase of the above items locally if there is no likelihood of his being able to supply the articles soon, has in his letter No.I-900/46, dated 10-3-1947 advised me to obtain Government Sanction direct on the strength of his letter.

(2) In view of the circumstances mentioned above, I request favour of early sanction of Government for purchase of the under mentioned articles of stationery locally in the open market after inviting quotations, and meet the charges from my contingent allotment

1. Tracing cloth 36" wide - 3 Rolls of 24 yds. each
2. Tracing paper 40" " - 150 yards.
3. Drawing Sheets - 25 Nos.
4. Sable Hair Brushes - 12 Nos.

Sub: Drawing materials - Local Purchase
- sanction - regarding:

Ref: ~~ET~~ I-900/46

There is absolutely no stock of double elephant drawing sheets, tracing paper and tracing cloth for use in the drawing office of this department and work on important schemes (water supply & drainage) is likely to be held up on such account. My indent for these articles and other drawing materials such as saucers, sable hair brushes for the year ending 30th september 1947 has not been complied with so far. In view of large scale work under the post war schemes, there is constant and considerable demand for tracing paper, tracing cloth, etc... If there is no likelihood of your being able to supply these soon, I request that you will, kindly address the Government and obtain their sanction for purchasing these urgent requirements from the local market.

The matter may please be treated very urgent.
