progress report - separately sent to Dept.

Advanced Studies Overseas in respect of Mr. P.D. Kumaresan, 1945 scholar.

The undersigned is directed to refer to correspondence on the above subject, and to forward herewith a copy of letter dated the 22nd October, 1946, from Mr. P.D. Kumaresan, received through the High Commissioner for India, London.

S/pp 3-5 infra

2. The High Commissioner for India has informed that the candidate is likely to complete his training at M/S Christy and Norris Ltd., by March 1947. The Government of Madras may consider Mr. Kumaresan's request for permission ~~tham~~ to continue his training in the United Kingdom and then in the United States of America after March 1947, and communicate their decision to the Government of India at a very early date.

A.M. D'Rozario

The Secretary,
Education Department,
Office of the High Commissioner for India,
India House, Aldwych, London, W.C.2.

Ref:- E.A.5222.

Dear Sir,

1 The Following is the programme of work I intend to do in the two years before me:-

At present I am doing practical work in Grinding and Pulverising machinery - Pulverisers, Disintegrators, Crushers, etc. - at Christy & Norris, Ltd., Chelmsford. The subject I have chosen for special work is "Design and manufacture of Pulverising machinery, including machinery for buildings and roads". As machinery for buildings and roads for being done in part at the Works now, I would like to do special study on Pulverising as applied to fuel firing for about two years. For a long time the United States has been doing extensive work on Pulverising applied to fuel firing and firms like "Blake Pulveriser Company" in U.S.A. have done appreciable work on the subject. There are still many more like Blake Pulveriser Company. I should greatly value if training could be arranged in United States, for the fuel aspect of the subject. This is most essential for India with her vast resources of solid fuels.

M

3 In the meanwhile there are a few more aspects of Pulserising to be done:

I. Pulverising machinery applied to Agriculture - for fertilisers, Pulveriser harrows and Pulveriser plows. I shall be much obliged if visits could be arranged to a few factories doing machinery of the kind.

II. Pulverising used for buildings, road-construction and Railway and trackwork. Some of the factories are given below. It would be very instructive if visits could be arranged to these factories.

1. Edgar Allen & Co., Imperial Steel Works, Sheffield.
   Work: Cement making plant, crushing, grinding and drying machinery and plant, railway and trackwork.

2. Hadfields, Ltd., East Hecla Works, Tinsley, Sheffield
   Work: Stone breakers, Ore crushers, Jaw and hammer type granulators, High speed crushing rolls, Pulverisers, grinders, Tarmacadam and Asphalt plants.

3. H.R. Marsden,Ltd.,Soho Engineering Works, Sweet Street, Leeds, 11.
   Work: Same as mentioned above in 2.

10 (x) 5

4. Miracle Mills, Ltd.,London Road, Loudwater, Nr.High
   Wycombe, Bucks.

5. Millars Machinery Co. Ltd., Thorley Works, Bishop's
   Stortford Herts.
   Work: Asphalt and Tarmacadam plant, gravel washing plant.

6. The Cementation Company, Ltd.,Bentley Works Doncaster.

7. Robey & Co. Ltd., Globe Works Lincoln.
   Works: Road and Quarry plant.

8. Marshalls, Sons & Co. Ltd., Britannia Works,Gainsborough,
   Lincs.
   Works: Agricultural and Industrial tractors,Thrashing
   machinery.

9. Carter J. Harrison, Ltd., Dunstable.

10. Steele & Cowlishaw, Ltd., Copper Street,Hanley,Stole-on-
    Trent.

11. Industrial Waste Eliminators, Cambridge House,Hitchin
    Street, Baldock, Herts.

III. Pulverising applied to fuel firing :

1. Babcock & Wilcox.
2. Stirling Boiler Company.

The Training at present would complete by March, 1947, and I shall be very thankful if the arrangements for study in United States be made to start immediately thereafter.

As Travelling is a very expensive item in these visits, I shall greatly appreciate travelling allowance being granted as it is part of my training.

Yours obediently,

(Sgd.) P.D. KUMARESAN.

Sir,

I am directed to refer to this Department letter of even No. dated the 19th December, 1946, on the above subject and to state that the Government of Madras agree to permit Mr. Kumaresan on the completion of his training in the United Kingdom to continue his training in the United States of America as indicated by the scholar. The Government of India also agree to the same, but it must be clearly understood that the entire duration of Mr. Kumaresan's course both in the United Kingdom and the United States of America should not exceed two years.

The High Commissioner for India may take up with the Indian Embassey for India, Washington, the matter regarding the candidate's training in the United States of America, under advice to the Government of India.

Corr. 79385 C2 - from the Govt. of India, Dept. of Edn.,
No. F.3-11/45 - OD IV dated 19.12.46.

pp1-3 cf

Overseas Scholarships - 1945-46 -
Sri P.D. Kumaresan - Course of
Studies.

Item 8, P4 of G.O. 1382 Edn (J) 8.9.45

Sri P.D. Kumaresan is a candidate ~~Sponsored~~ selected in 1945-46 for the award of an overseas scholarship. The Subject of Study allotted to him is " Design and manufacture of pulverising and grinding machinery, including machinery for buildings and roads". After completion of the training Sri Kumaresan is intended to be absorbed in the 'Industries'.

p3 of ⊥ cf. Appx II, A(d) of advt. (N)

The candidate is ~~now~~ undergoing training at M/s Christy & Norris Ltd, Chelmsford, U.K., since* 16.12.1945. Training at this firm is expected to be completed by March 1947. Sri P.D. Kumaresan requests that he may be allowed to continue his training in firms like "Blake Pulverising Co." in the U.S.A. after March 1947 so that he may do special study on Pulverising applied to fuel firing. The Govt. of India wish to know the decision of this Govt. on the candidate's request.

X * progress report on candidate's work - in a file sent to Devt.

para 2, p3 cf

para 2, p1 cf

In the statement ('A' return) furnished by Devt Dept re. the names of institutions, exact courses of study in respect of the students sponsored for advanced studies in 1945-46, Devt. had suggested a "post-graduate course" in the United Kingdom for Sri P.D. Kumaresan. Devt. may be requested to state if training in the U.S.A. should be arranged for as requested

G.O. 1462 Edn 18.5.45 put up in another file by the candidate is necessary.

Under the overseas Scholarships Scheme, the duration of a course of study is to be determined in each case by the Govt. But in most cases it will be about two years. If the candidate's request to continue his training in the U.S.A. is to be allowed, the Govt. of India may perhaps be asked to arrange for training ~~so that~~ in such a manner that the duration of the entire course for Sri Kumaresan does not exceed 2 years.

para 1 page 1 of terms and conditions" / (Y)

Z

It may also be noted that the candidate's request involves his transfer from the U.K. to the U.S.A. ~~and half the passage fare~~ But such transfers have been permitted in the past. The candidate's request ~~will~~ is not ~~be turned down~~ inadmissible on this score. Finance may also see.

DEV DEPT

Please see the Govt of India letter at p1 cf. and its enclosure and notes from p1 above.

As Sri P.D. Kumaresan is undergoing training since 16-12-45 and as he is likely to complete his course of training in the U.K. by March 1947 this dept may support his request to continue his training in the U.S.A. subject to the condition that the duration of the entire course doesn't exceed 2 years. (In view of M on p. 3 cf. the course of training will not perhaps be complete [illegible] in the A.) Accordingly the file may be passed on to Finance dept.

(a)

Please see the notes of E & P.H and Devt on pp 1-2 above. Mr. Kumaresan has commenced his training in U.K ~~on~~ 16.12.45 and is due to finish it in March 1947. He wants to undergo further training in U.S.A. Apparently Devt. ~~agree~~ consider that his training ~~in~~ U.S.A will be useful and necessary. As in most cases, the period of training is two years and as transfers of such candidates from U.K. to U.S.A were allowed in the past, this deptt may agree to the proposal to allow Mr. Kumaresan to undergo further training in U.S.A subject to the condition that the total period of training in U.K and U.S.A ~~does~~ not exceed 2 years.
