Sir,

Ref: 1. G.O.No.1563 Edn dated 15-7-1946.
2. G.O.No.Ms.1745 Edn dated 10-9-1946.

I have the honour to report that the Government Basic Training School for Tamil Districts for the training of teachers in the methods of the Wardha scheme of education is run at the premises of Sri Ramakrishna Vidyalayam Gandhi Secondary Training School, Perianayakanpalayam which were taken on loan from the management on condition that any temporary building put up them by Government and any equipment supplied to the school during the period it is under Government control will be allowed to be retained by the Vidyalaya should the Government at any time decide to abolish the special training school.

2. In this connection I have to report that a building scheme of Rs.31,400/- for the above institution (Sri Ramakrishna Vidyalayam Gandhi Secondary Training School, Periayakanpalayam) was submitted to Government in my letter R.C. No.992 D/42 dated 27-9-1944. A sum of Rs.5,100/- has been

paid to the management towards the construction of a hostel (1st block) as per G.O.No.Ms.345 Edn dated 4-6-45 as also a sum of Rs.272 towards the cost of electric installations.

3. The management have now submitted plans and estimates for putting up the second hostel block at a cost of Rs.24,000/- They have been scrutinised by Consulting Architect and they have to be revised as per his remarks.

4. The Secretary, Sri Ramakrishna Vidyalaya reports that the management will be obliged if the construction of the hostel is done departmentally since the school permises have been taken over by Government for running the Wardha Training School.

5. I may state in this connection that the above is not one of the conditions under which the school buildings were taken on loan by Government it is doubtful whether the original scheme (construction of 2 nd hostel block) approved by me when the school was run as a private training school, can be executed departmentally meeting the entire cost from Provincial funds, as the transfer of the buildings etc is only temporary..

6. I request early orders of Government in the matter.

R.O.C. No. 797 -B1-47 Dated 22nd May 1947.

Sir,

In enclosing herewith a copy of the letter dated 19-4-47 from the Secretary, Sri Ramakrishna Mission Vidyalaya, addressed to the District Educational Officer, Coimbatore, I have the honour to submit the following recommendations:--

2. The Secretary has set forth certain conditions and revised terms of agreement in connection with the future management of the Basic Training School, its model school and the use of the hostel buildings. Points I and II of the revised terms deal with the use of the school buildings. According to the original terms between the management and the Government the equipment purchased and any temporary structures erected by the Government in the school premises for the training school may be left over to the management in the event of abolition of the Basic Training School. The conditions now contemplated by ~~x~~the Secretary are similar to the above excepting that it reads now,"Whatever buildings" instead of "temporary structures". The Divisional Inspector has suggested that these conditions may be agreed to. The conditions may be agreed to as they relate to the continuance of the old conditions.

3. Points III and IV of the revised terms relate to the use of the hostel buildings. It is stated that the students under training residing in the hostel were not charged rent during last year. The Secretary has proposed that either a lump sum rent should be paid by Government towards the occupation of their buildings by the students or the Mission should be allowed to collect at the rate of Rs.5/- p.m. per head towards rent charges in addition to a Government grant of Rs.500/- every year towards the upkeep of the buildings. The Divisional Inspector has recommended that the collection of rent from the students may be permitted but he has remarked that the rate of Rs.5/- is too high. If the Mission proposes to collect rent at a lower rate from the students, he has suggested that the maintenance charge may be provided by Government or the Public Works Department requested to carry out the white-washing, painting, etc., of the buildings. Since the buildings belong to a private body, requesting the P.W.D. to do the repairs may not be feasible. I therefore recommend that the actual charges for white-washing, painting, etc., actually incurred by the Mission for the maintenance of the building may be paid to them after production of the vouchers for the expenditure incurred.

4. **Point V:** The management's request may be agreed to subject to the condition that details regarding maintenance charges are submitted.

5. Points VI and VII of the revised terms of the Secretary deal with the management of the Training School. The Secretary has suggested that the administration of the school may be allowed to be carried on by the Mission with the Headmaster as the Agent, retaining the status of a Government institution with regard to expenditure, etc., and the District Educational Officer as the supervising agency. He has also suggested that a block grant may be given to the Mission and that the Mission be asked to incur expenditure within the block grant and within the limits prescribed by Government.

In this connection, it is submitted that the Government have been addressed already for the continuance of the present staff for another two years in my letter R.C.No.797-B-1/47 dated 1-5-1947 and their orders are awaited. It is understood that these revised terms have been suggested by the management in order to emphasise the temporary character of the present arrangement and that at any time it must be open to the management to ask for the restoration of the original status of the school, viz., as an aided school. The matter has been discussed by the Divisional Inspector, Coimbatore, with the Hon'ble Minister for Education also. To meet the wishes of the management, it is recommended that the school may revert to its original status as an aided school subject to the conditions recommended by the Divisional Inspector - the main condition being that the entire cost of the Training School, i.e., expenditure on staff, equipment, etc., should be borne by Government so long as the institution continues to train candidates in Basic Education.

6. With regard to the terms VII to IX connected with the Model School, it is submitted that recommendations to Government have already been made suggesting the taking over of the school under Government control in my letter R.C.1204 B1/46 dated 16-5-1947. If the training school is to revert to the status of an aided school, the recommendations made by me in respect of the training school may apply to the Model School also.

7. Point X of the revised terms of the Secretary deals with the question of change of name of the Training School. The Mission desires to retain its original name and Government have already passed orders permitting the training school at Perianaickenpalayam to be named as "Sri Ramakrishna Mission Vidyalaya Gandhi Basic Training School, (Government".

SUB:-Basic Training Schoo, Periyanaickanpalayam - Model School attached to it - Proposals.
REF:-R.C.No.68-D/47 dated 25-3-1947.

In the last year the Mission had agreed to lendits buildingx and equipment of the Training School to the Government for setting up their Basic Training School. The permanent workers in the Mission who were continued in the Training School before were also lent to the Government.

The conditions under which they were lent were--

1. The Mission to lend the buildings of the Training School and its equipment to the Government free of rent.

2. Whatever equipment the Government purchase for the purpose of the Training School and whatever buildings they may put up should be left over to them free of cost.

These are the conditions under which the school has been working till now. In view of last year's working the Mission propose the following arrangements for the future.

i. The Mission is prepared to lend the buildings of the Training School and its equipment to the Government free of cost.

ii. Whatever equipment the Government purchase for the purpose of the Training School and whatever buildings they may choose to put up should be left over to them.

iii. No rent has been charged for the building last year. As for the hostel is concerned usually the Mission has been charging rent for the hostel. Now as it is a Government institution, while the Mission does not want to charge for the school buildings and equipment, they would like to be paid the rent for the hostel accommodation, i.e., Rs.5/- per seat provided in the hostel. The hostel block which exists now is planned to accommodate 24 pupils comfortably. They contemplate putting up a similar block in the course of the year. For these buildings a rent of Rs.5/- per seat per month for 10 months may be given by the Government. For the other buildings the rent may be given only when the building is complete and handed over to the Government Training School for occupation.

iv. We wish to point out that the Training School has not been painted, varnished or white-washed by the Government as we usually do every year. A lump sum of Rs.500/- may be given annually for that purpose.

v. The motor-pump set in the well and the tank which are serving the hotel and training school should also be maintained in good repair. If the Government find need for more and better water supply, they may make arrangements that they think fit.

vi. While thesupervision of the Training School may continue to be under the direct supervision of the District Educational Officer the Mission may be appointed as its agent for the administration of the school. For the purpose of the convenience the Mission is prepared to appoint the present Headmaster of the Training School as its representative for this purpose.

vii. The Government may approvex a rough Budget of expenditure for the Training School and give a block grant for the expenses of the institution, and the Mission may be asked to incur the expenditure within the block grant and within the limits prescribed by the Government.

viii. We have received representation that the Government would like to take over the Management of the T.A.T. Kalanilayam which is now under the management of the Mission. The Mission does not want to charge any rent for these buildings. They are agreeable to giving free of rent for the use of the Model school attached to the Training School provided they are kept in good repair and any equipment that may be bought for the model school as well as any temporary buildings that may be put up are to be left free for the use of the school when the Government hand over the institution to the Mission.

ix. Under the supervision and with the consent of the District Educational Officer the Mission may be allowed to retain and have its own staff in the staff of the Training School and Kalanilayam and appoint further qualified staff if necessary.

x. The name of the Training School may be retained as the S.R.M.V. Gandhi Training School and the name of the Kalanilayam may be retained as the T.A.T. Kalanilayam.

A rough Budget of expenditure for the Training School and the Model School is annexed herewith.

With thanks,

Secretary.

Dear Mr. Subramanian,

Education - Government Training School at Perianaickenpalayam - Transfer to Ramakrishna Mission Vidyalaya

Ref: G.O.No.Ms.1688 Edn. D/26.7.1947

In the G.O. cited above Government ordered that the Government Training School at Perianaickenpalayam should be transferred back to the Ramakrishna Mission. The Hon'ble Minister told me yesterday that he had since decided that the school should continue as a Government institution for this year. Kindly let me know when orders modifying the G.O. are likely to be issued. As the question of the staff has to be decided, the matter is urgent.

2. In the order quoted above, Government have ordered the transfer of management of the school to the Mission and have also agreed to pay the entire cost of maintaining the school from Provincial funds, by way of grant. Hence, virtually it will be a Government school managed by the mission. It is therefore not clear why the mission should not accept the management even now.

3. So far as the financial implications are concerned, the expenditure from Provincial funds will be the same whether the school is run by the Mission or by Government. There is therefore no objection to run the school under Government management, until the mission wants it back.

4. The mission offered to lend its existing buildings and equipment free of rent for the use of the Basic Training school under Government management under certain conditions and the same was accepted in G.O.No.1745-Education dated 10.9.1946. Under these conditions, if and when the school is given back to the mission, all temporary buildings put up and equipment supplied by the Government for the school will remain the property of the mission. The mission proposed certain variations and wanted to collect rents from the trainees residing in the hostel and a lump sum provision of Rs.500/- per annum for maintaining the buildings in a good state of repair. In this connection kind attention is invited to the recommendation already submitted to Government in Director's letter R.C.No. 797-B1/47 dated 22..5..1947.

5. If the school is run by Government the entire expenditure including cost of construction of buildings and supply of equipment will be borne by Government. There is therefore no reason why the mission should collect any rent from the trainees while Government put up the additional hostel buildings also, to be given up to the management when required. Government may of course maintain the buildings and equipment in a good state of repair, and meet the entire expenditure from Provincial funds in the manner suggested in Director's letter dated 22.5.1947 referred to above. There is therefore no need for the payment of any grant towards the maintenance of buildings. Subject to the above remarks, there is no objection to continue the school under Government management.

6. Since the expenditure from Government funds is the same whether the school is run by the Government or by the mission, Government may pass orders cancelling G.O.No.1688-Edn., dated 26..7..1947. The mission may also be informed in terms of para 5 above.

The Secretary of the Sri Ramakrishna Mission Vidyalaya, claimed lump sum payments for the maintenance of the buildings in which the Training School, Periyanaickenpalayam is held and permission to levy rent from the trainees for occupying the hostel rooms. Recommendations to Government were submitted in Director's letter R.C.No.797-B1/47 dated 22.5.47 In G.O. No. 1688 Education dated 26..7..1947 the Government ordered the retransfer of the management of the school to the mission and consequently the question of levy of rent and payment of maintenance charges was dropped. On a further representation from the Mission, the Government in their Memo. No. 76940-B2/47-12 Education dated 22...9...1947 ordered that the transfer of management be effected from the school year 1948-49 but have not passed any orders on the question of maintenance charges on buildings and the levy of rent. The Secretary of the Ramakrishna Mission Vidyalaya has reopened the subject in his letters quoted above.

3. It is, therefore, requested that the Government may pass early orders on the recommendations made by the Director in his letter to Government R.C.No.797-B1/47 dated 22..5..47.

Copy of letter dated 10-11-1947 from the Secretary,Sri Ramakrishna Mission Vidyalaya, Periyanaickenpalayam.

The buildings of the Basic Training school and the hostel are placed at the disposal of the Government since July 1946. The second academic year is running. I am sorry to bring to your notice that the buildings were not white-washed and painted - during the last year and also there is no sign of any arrangement being made even this year. Therefore I request you to make early arrangements for white washing and painting. If the Government pays us Rs.500/- we ourselves can make necessary arrangements for white washing etc.

An early attention and reply is requested please.

Sir,

SUB:- Grant = Building = Sri Ramakrishna Vidyalaya Gandhi Training School, Periyanaickenpalayam = 2nd Block Hostel construction = Increased cost Requesting approval:

REF:- G.O.No.MS.675, Education, dated the 3rd April 1947. (C) 7ef

I have the honour to report that the Government have sanctioned in the G.O. referred to above the inclusion in the list of approved works of the scheme for the construction of the 2nd hostel block for Sri Ramakrishna Vidyalaya Gandhi Training School, Perianaickenpalayam at an estimated cost of Rs.24,000/-. (C) 7ef

Subsequently due to the increase in rates, the secretary of the above Vidyalaya submitted a revised estimate for approval which works out to Rs.24,605/- with reference to the revised P.W.D. Rates.

The Revised Estimate has been approved by the Consulting Architect for Rs.24,600/-. By this the institution becomes eligible for a grant of Rs.12,300/- instead of Rs.12,000/- as sanctioned in the above G.O. (C) 7ef

In the circumstances I recommend that Government may be pleased to permit me to sanction building grant not exceeding Rs.12,300/- as and when funds become available.

In July last the Government sanctioned the opening of a Basic Training School in Coimbatore District, the school being located in the premises of the Gandhi -- Training School at Perianayakanpalayam.

An expenditure of Rs. 5,000/- was also sanctioned for the erection of temporary sheds and purchase of equipment to school. The management has agreed not to charge any rent on account of the Basic Training School but has stipulated that any temporary building put upon the premises at Government cost and equipment supplied should be handed over to the management free of cost, should the Government decide at any time to abolish the Basic school. This condition has been accepted by Govt.

3. Last year ~~a building scheme at an estimate cost of Rs. 31,400 was sanctioned for the Gandhi Training school~~ the Govt. sanctioned a grant not exceeding Rs. 5,100/- to the school for constructing a block of hostel buildings and this amount has already been disbursed. ~~The Govt. grant payable is Rs. 15,700 (one half of the cost) for the construction of one block of hostel a part payment has been made. The management desires to put up a second hostel block at a cost of Rs. 24,000/-.~~ The management now desires to put up a second hostel block at a cost of Rs. 24,000/-.

4. Ordinarily a half grant of Rs. 12,000/- may become payable for the building scheme under the provisions of the Grant-in-Aid code. The management requests that the work should be executed departmentaly in view of the fact that the Government Basic Training school is located in the premises of the school. Apparently the-mana management ~~deserves~~ desires to throw the entire liability of the building on Provincial funds instead of one half of the cost. The fact that the Government Basic Training -- school is in the premises of the school does not confer any claim on the management for a full grant. Further the conditions referred to above under which the Govt. school is located in the premises of the private school

I would like to disclose in this file my interest in this institution, being its founder, though I am not connected officially with it to-day, in any way. ~~And~~ I do not want any special consideration should be shown to that institution. They may be given a half grant on the cost of the buildings that they propose to construct. Knowing as I do, the higher cost that has been proposed is because of two reasons: (1) the enhanced cost of the materials since the estimates were originally prepared, and (2) that in view of the fact that a set of rooms will have to be built above the present block, a terrace has been arranged for. The Government have taken off the ban on the use of iron and cement and are now allowing educational institutions to use them whenever necessary and so, that may be allowed. Only half of the estimated cost of Rs 24,000 that they have submitted may be given. The management, which is the Ramakrishna Mission, have been ~~telling me~~ representing that since they are putting in a lot of money in the construction of the buildings they would like to charge the Government a rent for the hostel which they would have otherwise received from students if it had been a private institution and I think that is but just. The management may be informed that they may do so. Orders may be issued immediately so that they may begin the hostel buildings in time to accommodate the large number of students that will be necessary in the beginning of next school year.

Orders for the building grant may be issued immediately. Regarding the matter of rent to the hostel, it is unfair for us to ask the institution to charge rent from the students. In all our training schools we provide hostel for the students free of rent and no rent is charged for the buildings that we provide for them. Simply because an institution has come forward to give even the other buildings to us free of charge, it will be absolutely unfair for us to ask them to forego the rent which they would normally get for a training school and the hostel attached to the training school. It will not be possible for the management to charge rent for the hostel. The D.P.I. may be asked to enquire the management and submit suitable proposals for rent.

In G.O.No. 625 Edn. dated 3-4-47, the Govt. sanctioned the construction of a second block of building for use as hostel for the Ramakrishna Mission Vidyalaya Gandhi Training School at Perianaickenpalayam. In that connection the question was raised whether the trainees should be allowed to reside in the hostel free of rent and if so, what compensation should be paid to the management as rent for their buildings loaned to Govt. The D.P.I. was asked to examine the matter. His reply is in para 3 on page 9-10 c.f. The Government have since ordered the re-transfer of the Govt. Training School to the Ramakrishna Mission Vidyalaya. // Please see in this connection H.M's minute on page 3 of (g). As a private institution it is open to the management to collect rent from the trainees. There is also now no question of loaning the buildings to Government and no compensation need therefore be given.
