To

Educational Minister, Madras Government,
M A D R A S.

Sir,

We, the South Indian Students of Jadavpur Engineering College Jadavpur, 24 Parganas, beg to bring to your kind notice, for symphathetic consideration and necessary action the following facts.

The appended statement gives in detail, the particulars, (the names, Andhra, Tamilian, Canerese, Malayali and also district-war), of Madras students in Calcutta.

Though all of us are holders of Intermediate Diplomas with subjects required of candidates in Inter for eligibility for admission into Engineering Colleges in Madras Province. We were not fortunate enough to be selected for any of the Colleges there.

So we have been compelled to pursue our studies here, far off from our native Province, in an atmosphere none too congenial (even in peace-ful times) for our continued stay and studies.]

The Communal riots which broke out here in Calcutta, recently have seriously interfered with our studies because of the serious repercussions they have left on the life of the city. The after affects of the orgy are still to be felt. The whole atmosphere is surcharged with fear of recrudescence of troubles. Stray assaults, often fatal in character continue to be a normal feature of this city's life. We go about every day in constant dread of what might happen the next moment. The political conditions in the ~~Country~~ ^{Province} give us no hope of early return of the erstwhile peace and tranquility enjoyed in the pre-riot days. This we submit, as we hope you will concede, is not conducive to the regular studies which enjoin on us constant application to books, library and laboratory work un-hampered by what might be going on in the outside world.

So we pray that you will be pleased to arrange for our transfer to Colleges in our Home Province and to give us high priority in the matter of distribution of Seats and arrangement of sizes of various classes of our Engineering Colleges in the coming session so as to absorb us all in them.

Sir,

Sub:- Colleges - Engineering - Admission of - Madras
Students Studying in other Provinces.

Ref:- Government Memo.No.13188 A/47-1 Edn., dated 20-2-1947.

I have the honour to enclose herewith a copy of letter
No.1-5 B/47, dated 8-3-1947 from the Principal, College of Engineering,
Guindy, on the question of admission of the 5 students in the College
of Engineering, Guindy.

2. A copy of the petition was also received in this office and
it was suggested to the petitioners that the head of the Jadavpur
Engineering College should address the University on the subject.

I have the honour to be,

Sir,

Your most obedient servant,

a copy of the representation received from G.L.N.
Choudry and 6 other students of Jadavpur Engineering
College, Jadavpur, 24 Parganas.

Resubmitted to the Director of Public Instruction, Madras.

2. Of the 7 students, who have made a petition for admission in
the Engineering College, 2 are students of Chemical Engineering, and
their cases have to be referred to the University of Madras for
admission in the Alagappa Chettiar College of Technology.

3. With regard to the 5 students who are taking an Engineering
course, four are in the 1st year and one in the second year. I presume
that the first year students would like admission in the second year
and the second year student in the third year. I regret to say that
this is not possible without the sanction of the University. I doubt
very much if the University would give it in view of the fact that the
Jadavpur Engineering College is not affiliated to any University
and ~~therefore~~ also the courses in that college may be different to those
of the Madras University.

4. Even if the University permit these students to be in the
College, they can only be admitted if the strength of the classes
permits it. It might be possible to take the student accepted
admission into the third year, provided of course, would be any
by the university. It is very unlikely that the
