Roc. No. 33 S.O/45.

Station Madras, Dated the 17th April 1946. 19

From (Name) Dr. S.R.U.Savoor, M.A., D.Sc., I.E.S.

(Designation) Director of Public Instruction.

To The Secretary to the Government of Madras,

Education & Public Health Department.

Sir,

pp21-25 ⓣ
CF

In continuation of my letter Roc.No.33 S.O./45 dated 6-4-1946, I have the honour to state the following in reply to the points raised in paras 2 and 3 of the Government Memorandum quoted above.

p 19/07 ⓣ
CF

Para 2(i) of the Government Memo:-

Taking stock of the following favourable conditions, it can be safely predicted that the adequate number of candida will be coming forward for admission into new training schools.

a) War has come to a close and suitable men and women released from the services will be coming forward for training.

b) The slump in employment in the post-war period may drive suitable candidates to take to training on account of attractive stipends proposed to be offered.

c) The improved scales of pay proposed to be given to the various grades of teachers and enhanced rates of stipends will serve as very strong incentives to attract candidates for training.

p.t

2

d) The shortened course in the Secondary grade will ~~be~~ naturally attract many candidates.

e) A large number of candidates for higher elementary training are refused admission every year.

Para 2 (ii) of the Government Memorandum.-

From the Public Instruction Report for 1944-45, it is seen that 366 candidates came out successful in the University Examinations for the Collegiate teachers' training out of 474 offered. In the same year, out of 1231 candidates that sat for the Secondary Grade Examination 782 came out successful. During the year 1945-46 there were 321 candidates (excluding the strength of Lady Willingdon Training College which is not readily available) were under training for the Collegiate grade. It is also anticipated that about 1000 candidates would have appeared for the Secondary grade Examinations held in March 1946. It is therefore apparent that adequate number of teachers will be available to run the new training classes.

Para 3 of the Government Memorandum.-

To run the special secondary grade training classes contemplated in my letter Roc.No.33 S.0/45 dated 20-12-45, Government were informed that the full cost should be met by them and the estimate in this regard was also furnished. I have already pointed out in para 5 of the letter the nature of teaching grant paid at present to aided training schools. In connection with the revision of pay of teachers in aided training schools, the Government were furnished with an estimate of the increased cost, if the institutions were to be aided at 2/3 rds or 3/4ths of the net cost. (vide my letter C.42 S.0/46 dated 2-4-46). In the circumstances stated in para 5 of my letter Roc.No.33 S.0./45 dated 20-12-45, I would once again press for the grant of 2/3rds or 3/4ths of the net cost as teaching grant to aided training schools.

t/5CF

t/3CF

I may also be informed urgently whether the increased rates of stipends contemplated in the Government Memorandum quoted above, may be sanctioned with effect from 1-4-46 to senior students. In anticipation of Government orders, I am instructing the Inspecting Officers to give wide publicity regarding the enhanced rates of stipends so as to ensure a good enrolment of candidates for teachers training.

EDUCATION AND PUBLIC HEALTH DEPT.

Sir,

EMERGENCY TRAINING COURSE--Secondary Grade--1947-48
Conduct of.
Reference:-G.O.No.Ms.1018-Education dated 21.5.1946.

t/31-32 CF

I have the honour to invite attention to para 3 of G.O.No.Ms.1018-Education dated 21.5.1946 in which Government approved of my proposal that the existing two years' course of secondary grade training might be held in abeyance during 1946-47 and that a course of one year's duration might be conducted instead. Accordingly, the course was begun in July 1946 and is to end by the end of June 1947.

2. Now the stage has come to decide the main question as to whether the emergency course of training for one year should be continued next year also. For the reasons set forth below, I propose that the course that should commence next year should have a duration of 18 months.

A

The Emergency Course of one year was brought in ~~asshort~~ ~~xxshxxx~~ a sort of experiment for the outturn of as many teachers as possible to meet the very great shortage of trained teachers to work the compulsory scheme. Some of the experienced educationists like the Principals of the St. Christopher's Training College and Lady Willingdon Training College objected to it on the ground that it did not give sufficient scope for the pupils to do sufficient practical work. It has since been found from discussions with the Principals and Superintendents of training schools that the 12 months' course of training is really quite insufficient and that it would be educationally unsound to put in immature teachers with such a short period of training. It is therefore necessary either to revert back to the two years' course or to modify the schemes in such a way as to give a slightly longer course than the 12 months' course guaranteeing a sufficient long vacation for the teachers concerned. Considering the need for teachers, it is desirable to have a shortened course, though it may be longer than the present Emergency course. As the present Emergency course will close at the end of June 1947, it is proposed that the next Emergency Training course may be begun on the 1st October 1947 and end at the close of March 1949. This will mean that the teachers will get a three months' vacation from July to the end of September 1947 which they richly deserve for the strenuous work they would have done during the present Emergency Training course and for the large number of holidays which they would have foregone during the period. They would thus be fresh to begin the second Emergency course from 1st October 1947. The students would get 18 months for the course and the work can be spread over the 18 months instead of trying to rush through the work in 12 months. This proposal of having an Emergency Training course for 18 months, if approved, will enable the staff and students of the training schools to have longer holidays during the period of training. Further, the examinations will be along with the Higher Elementary Grade Examinations at the end of March, 1949.

As the interval between the publication of the results of the S.S.L.C. Examination and the beginning of the course viz. 1st October 1947, will be sufficiently long, a larger number of eligible students may be expected to join this

P.T.O.

IX

course. If this 18 months' course is approved, the students under training will neither entertain nor apprehend the idea that they will not get employed since their examinations will be over sufficiently earlier than the reopening dates of the schools after the summer recess.

I therefore request that Government may kindly approve the proposal to start the next emergency course of 18 months from 1st October 1947 to the end of March 1949 for the secondary grade training.

M

I have made necessary provision in Part II of the Budget Estimate for 1947-48 for the above extended course and for the Higher Elementary Training course (vide enclosure).

I have the honour to be,
Sir,
Your most obedient servant,

Stipends:-

(1947-48)

Secondary Grade .. 2000 x 18 x 5 (October '47 to Feb. '48).. 18,0000
Higher Elementary Grade. 2000 x 12 x 8 (July 47 to Feb. 1948) .. 19,2000
Total .. 37,2000/-

1948-49:

Secondary Grade Training. This batch admitted in 1947 will have 13 months to complete the course in 1948-49 (i.e.) from March 1948 to March 1949.

Secondary Grade .. 2000 x 18 x 12(March 48 to ~~March~~ Feb. 1949) 4,32,000
Higher Elementary Grade. .. 2000 x 12 x 12(do.) 2,88,000
7,20,000

Cost under Staff:

1947 - 1948:

For Secondary Training .. 50 x 70 x 5 17,500/-
For Higher Elementary Grade. .. 50 x 70 x 8 28,000/-
45,500

1948 - 1949

For both the grades 100 x 70 x 12 84,000

Equipment:

1947 - 48

For 100 classes at Rs. 1,000/- per class 1,00,000/-

Contingencies.

1947 - 1948 - 50 Sections 50 x 10 x 5(Secondary Grade) 2,500/-
50 sections 50 x 10 x 8(Higher Elementary Grade) 4,000/-
6,500/-

1948 - 1949:

(Secondary and Higher Grade) 100 x 10 x 12(March 48 to February 1949) 12,000/-

The total cost is limited to the training of 2000 secondary grade and 2000 Higher Elementary Grade teachers the former from October 1947 to March 1949 and the latter as usual for 2 years from July 1947.

YEAR.	Stipends Rs.	Staff Rs.	Equipment Rs.	Contingencies Rs.	Total. Rs.
1947 - 48	3,72,000	45,500	1,00,000	6,500	5,24,000
1948 - 49	7,20,000	84,000	---	12,000	8,16,000
	10,92,000	129,500	1,00000	18,500	13,40,000

The above estimate does not include provision for payment of Dearness allowance to the staff and for additional accommodation to the training classes.

Half the amount of the above estimate roughly may be allotted for Government Training schools and half for the aided Training schools. No provision need be made in the Budget Estimate for 1947-48 in respect of teaching grant to aided training schools since teaching grant will be paid [illegible] classes opened in 1947-48 only in 1948 b/

Aided Training Schools.
(For classes opened during 1947-48.)
PART II SCHEME 1947-48
TRAINING CLASSES PERMITTED TO BE OPENED in 1946-47 under G.O. No.1018-Education and Public Health dated 21.5.1946.

Private Management:-

The total number of secondary grade training classes opened under G.O.No.1018-Education and Public Health dated 21.5.1946 is 15 of which one Secondary Training class opened in the D.M.High School, Tiruvannamalai works at the cost of the management. The total number of Higher Elementary grade sections opened in 1946-47 is reported to be 8. The following amount will have to be provided under teaching grant in the Budget Estimate for 1947-48:

Staff:-

			Rs.
Secondary --	14 x 70 x 8	(July 46 to Feb.1947)	7,840/-
Higher Elementary Grade	8 x 70 x 8	(Do.)	4,480/-
			12,320/-

Equipment:-

For 22 sections 22 x 1000	....	22,000/-

Contingencies:-

22 x 10 x 8	..	1,760/-

Submitted.

50647

2. The remarks of the District Educational Officer are fully endorsed. The stipends to be of any use must cover atleast the boarding charges. Prices of things generally and articles of food especially are daily increasing and students find it beyond their means to meet their expenses on boarding, lodging, books, stationary etc. It is therefore no wonder that the response for admission to training is poor. Whether the student is of the Higher Elementary grade or Secondary Grade the cost of living is the same. I therefore recommend that stipends at a uniform rate of Rs. 24/- per mensem may be sanctioned to all students irrespective of the grade of their training.

3. The approximate additional cost due to the raising of the stipends to Rs. 24/- per mensem will be Rs. 13,37,000/-.

general G.O. dealt in B2 Section.

4. The proposals for the revision of pay of higher elementary and secondary grade teachers have already been submitted to Government.

~~The Minister for Education~~
The Government of Madras
MADRAS.

Honoured Sir,

We beg to bring the following few lines to your kind consideration and favourable orders.

The Government has been pleased to sanction Rs.18/- as stipends for each Secondary Grade pupil teacher of the Emergency training course. Even this sum, we beg to submit, is inadequate to support one's self in view of the abnormal increase in the cost of living and the rent demanded by land lords for rooms.

(1) The Monthly Boarding charges per head in Hotels has been fixed at Rs.20/-, by the oral instruction of the Revenue Divisional Officer, Nellore, in Hotels.

(2) We are finding it very hard to secure rooms for lodging in view of the increase of students who go over to Nellore for higher studies and the rents have gone abnormally high. Various other reasons also contribute towards this rise in rent, such as the increase in Municipal Tax and the inflow of people from villages to live in this town. Even for a very small room, quite insufficient for a single person to live in, without any amenities, the land lords are demanding Rs.10/- as rent.

We need not mention that Boarding and Lodging are the two essential needs and the barest requirements for students. The stipends ~~wer~~ are paid, fall far short of even these barest requirements.

The Government has been pleased to sanction, in the case of the trainees of the clerical training schools, Rs.25/- to Rs.30/- as stipends per month per head, apart from free lodging and lighting facilities. We beg to represent that this may be extended to us also, pupil teachers of the Training Schools, in view of the facts narrated in the preceeding paras.

Many of us have come from distant places from within and outside the district and with regard to such of us, the position is still worse as they are all new commers, having no previous acquantance.

We appeal to the Hon. Minister under the circumstances and in the light of what all is said above, to come to our rescue by sanctioning increase in the stipends we are given, to at least Rs.30/- per mensem per head, to fall in a line with the trainees of the Departmental Training Schools.

Station: Nellore.

C.689 E/46

R.C. No. 43 A/46 dated 17-7-46

Sir,

Sub:- Increase of stipends to students under training and revision of scales of pay of Higher Elementary and Secondary Grade Teachers.

With reference to the verbal orders of the Hon'ble Minister for Education when he recently paid a visit to this place on 9-7-1946, I submit the following proposals to increase the rates of stipends both for Secondary and Higher Elementary grades of training school students.-

Even with the 50% increase of stipends which the Government were pleased to sanction recently, a training school student is not able to meet 50% of his expenses on the necessaries of life, in these costly days. The compulsory education scheme lanched by the Government requires thousands of teachers and the present rate of stipends is found to be not more attractive than before because of the rise in the cost of living. The amount paid is far too insufficient. In a famine area like Anantapur any S.S.L.C can be employed in the Revenue or any other Department as clerk on Rs.30 + 16 D.A. The stipends for higher grade are Rs.12/- P.M. and for Secondary Grade Rs.18/- P.M. The Dearness allowance for a sweeper or scavenger is Rs.16 P.M. besides pay. As the minimum boarding charges for two meals per day in a hostel will come to about Rs.25/- P.M. the stipends sanctioned ~~with~~ will not meet even half the total cost of living. In the above circumstances it is recommended that stipends to both the grades may be suitably increased.

A

That is during training. After training a higher grade trained teacher gets Rs.20/- P.M., and a Secondary grade teac Rs.25/- P.M. in an Elementary school and Rs.30/- P.M. in a Secondai school. The candidates take up teaching only because they can find nothing more remunerative~~xx~~ to do. It is undesirable to place the future generation of our country in the hands of those who neither like the profession nor are capable of discharging their duties with efficiency or enthusiasm. It is therefore very necessary that the salaries of these teachers of the Elementary and Secondary grades should be suitably increased ~~for~~ to ensure contended service.

R.H.P. Holman. 20/7/46
Dt. Educational Officer,
Anantapur.

G.O. No. 1018 Edn
21-5-46
pp 31-32 ef

(+) (=)

With a view to train the large number of teachers required for the introduction of compulsory elementary education, the Govt. sanctioned the opening in the -- current year of 50 secondary grade training classes and 50 elementary grade training classes intended to train 4000 addl. teachers, the classes being attached to existing training schools or Higher schools, opening of new schools or new sections being resorted to only if the number of addl classes could not be provided in the existing training schools. To train as many teachers as -- possible within the minimum period the Govt. also ~~apprev~~ approved the proposal of the D.P.I. to hold in abeyance in the current year the existing two years course for secondary grade training and to have an emergeny course of one year's duration instead. The Govt. also incressed the rates of stipends to pupil teachers undergoing -- training - from Rs. 8/- to Rs. 12/- p.m. for elementary grade and from Rs. 12/- to Rs.18/- p.m for secondary - grade.

The Director has reported that against 50 classes of each grade (elementary and secondary) sanctioned by Govt. only 39 secondary grade classes (24 Govt. and 15 aided) and 18 elementary grade classes (9 Govt. and 9 aided) could be opened, the number of candidates admitted for training being 1181 and 544 respectively.

p 11 eF

It is proposed to extend the compulsory elementary education scheme next year to more villages in each district so as bring another 1.50 lakhs of children under instruction . It is estimatdd that 6000 addl. teachers will be required to staff the schools which will be opened in the new compulsory areas. To meet this demand ~~fxx~~ it is proposed to open 50 secondary grade training classes and 50 elementary grade classes in 1947-48 also as was done in the current year.

p 2 NF

The emergency course of one year's duration for the secondary grade training is not considered to be

pp 3-4 ef
& 6-7 NF

p 3 eF

...cently raised the rates of stipends to Rs. 18/- p.

secondary grade training and Rs. 12/- p.m. ~~in the~~ mentary grade training.

In connection with the continuance during 1947-48 of the ~~the~~ additional training classes opened for training of ~~the~~ teachers required for introduction of compulsory elementary education the D.P.I. recommended that the rates of stipends might be increased to a uniform rate of Rs. 24 p.m. for candidates undergoing secondary and elementary grade training. He stated as follows in support of the proposal:— p7CF

"The stipends to be of any use must cover at least the boarding charges. Prices of things generally and articles of food especially are ~~daily~~ daily increasing and students find it beyond their means to meet their expenses on boarding, lodging, books, stationery, etc. It is, therefore, no wonder that the response for admission to training is poor. Whether the student is of ~~the Higher~~ Elementary grade or Secondary Grade the cost of living is the same. I, therefore, recommend that stipends at a uniform rate of Rs. 24/- p.m. may be sanctioned to all students irrespective of the grade of their training."

H.M. Education considered that the stipends might be increased to Rs. 22 for Secondary grade trainees and Rs. 18/- for Elementary grade trainees, in view of the paucity of candidates ~~in~~ for the traing schools. H.M. Revenue on behalf of H.P.M., minuted that the existing rates "are adequate" and the Govt. cannot afford this new expenditure." H.M. Edn. has, however, minuted that he wishes to press for provision being made for stipends at increased rates. p7NF p7NF

If the rates of stipends are enhanced to Rs. 22/- p.m. and Rs. 18/- p.m. for Secondary grade and Elementary grade respectively, the additional provision required will be as shown in the summary at the top.

O.P.M.

Sir,

Sub: Training - Secondary Grade Training Course - 1947-48 - Conduct of.

pp31-32

Ref: (1) G.O. No. Ms. 1018 Edn., dated 21-5-46.
(2) My letter C. No. 8024 B1/46 dated 1-10-1946.

pp3-6

In my letter quoted above, it was proposed to Government that the next Emergency Secondary Training Course for teachers might commence from 1st October 1947 and it should have a duration of 18 months. On further consideration, it is felt desirable to revert to the original secondary grade training course of two years duration from 1947-48. The heads of many of the schools are also anxious to go back to the two years course. The 2 years course is also necessary so as to give the trainees an adequate course of training in Crafts and hand work. This topic was discussed with the Hon. Minister for Education also, and he desired that revised proposals should be submitted to Government. I therefore submit my modified proposals for reverting to the two years' secondary grade training course from 47-48 onwards.

N

The emergency Training Course was started in 1946 and it will come to an end by 30-6-1947. Usually the ordinary Secondary Grade Training Course is started by the beginning of July every year. Since the Emergency Training Course lasts till the end of June 1947, the ordinary Secondary Grade Training of two years' duration now proposed may commence work from 1st August 1947, the interval being considered as period of rest for the teachers. Though this period of interval is brief, and most of the teachers now working in the Emergency classes will have to work in the Higher Elementary Classes and model classes, the absence of the senior class during 1947-48 will give them some rest.

X

I therefore request that Government may kindly approve my proposal to revert to the usual secondary Grade Training of two years course, the next course to start on 1st August 1947 instead of at the beginning of July as is usually done. I request the favour of early orders on the matter.

pp3-6 ef " " No.8024 B1/46 d-1-10-46

p 7 ef " " No.4551 E4/d.24-8-46.

With a view to ~~provide for~~ train the large number of teachers required for the introduction of compulsory elementary education in the Province the Government sanctioned, in G.O. No.1018 Edn., dated 21-5-46, the opening in 1946-47 of 50 secondary grade training classes and 50 elementary grade training classes, 40 candidates being admitted into each class. The Director was asked to bring forward proposals for fresh admissions into the classes as a Part II scheme for the next year. The arrangements were expected to produce 2000 secondary grade and 2000 elementary grade teachers. In the same G.O. the proposal of the Director to hold in abeyance in the current year the existing two years' course for secondary grade training and to have a one year's course instead was also approved. The rates of stipends for secondary grade training was raised from Rs18 to Rs.18 and that for elementary grade from Rs.8 to Rs.12, the increased rates being applicable to candidates admitted for secondary and elementary grade training in 1946-47 and also to candidates in the second year classes in the courses started in 1945-46. The rates will not apply to candiddates that may be newly admitted for training in 1947-48 unless fresh orders are issued in the matter.

t/31-32 ef

2. The Director's first letter in the current file - pages 1 -2 - is a reply to para 2 of the Memo.on pages 19-20 ef of (t) and does not call for any action. The question whether grants to aided institutions should be assessed at 2/3rds or 3/4ths of the net cost, instead of at one-half of the net cost as at present, has been considered by the sub-committee of the Cabinet in connection with the revision of salaries of teachers and orders may be expected

shortly.

3. In the letters on pages 3 - 6 C F. the Director has made the following ~~xxmx~~ proposals:-

(1) that 50 secondary grade training classes and 50 elementary grade training classes may be sanctioned in 1947-48, 2000 candidates being admitted for each of the grades;

(2) that the duration of the secondary grade training course may be 18 months , the course commencing from October 47 and ending in March 49; and

(3) that the rate of stipends of both elementary and secondary grades may be raised to Rs.24 a month.

p 5 CF

pp 3-4 CF

p 7 CF

4. Proposal (1) above. The statement on page 11 CF shows the number of new classes opened in the current year and also the no. of trainees admitted into them. It will be seen that against 50 classes of each grade, only 39 secondary grade classes (24 Govt and 15 aided) and 18 elementary grade classes (9 Govt and 9 aided) have been opened, the no. of candidates being 1181 and 544 respectively. It has been estimated that 6000 additional teachers will be required in 1947-48 for the extension of compulsory elementary education to new areas and the Director has been asked separately to report whether this number of teachers will be available. His reply is awaited. The opening of 50 secondary grade training classes in 1947-48 may be sanctioned. As regards elementary grade classes, in view of the poor responses this year, it seems that only 25 classes need be sanctioned.

1181
544
1725

We may open the full complement as recommended by the DPI; we hope there will be a better response this year.

(Please see also below)

5. Proposal (2) above. The Director has explained in detail the reasons for extending the course of training to 18 months and the proposal may be accepted.

6. Proposal (3) above. Please see the letter of the D.E.O., Anantapur, on page 10 C F and the Director's letter on page 7 C F. It will be seen from the statement on page 11 C F. that against 4000 candidates expected to be admitted, it was possible to get only 1725 candidates. The low rates of stipends and the poor prospects offered by the teaching profession may be the main reasons for the training schools not attracting sufficient no. of candidates. The Director has estimated the maximum cost of increasing the rates of stipends to Rs.24 at Rs.13.37 lakhs. In the present state of Provl. finances it is

p 7 CF

---

doubtful whether the Government will be prepared to foot this heavy bill however laudable the object may be. It is also possible that as salaries of teachers are to be revised shortly, there may be a larger number of applications for admissions into training schools even on the present rates of stipends. For orders.

I think an increase in stipends, as well as this, would be necessary to draw proper recruits. DPI's proposal may be accepted.

p 7 CF

7. As regards grants for ~~the~~ secondary grade and elementary grade training classes opended in 1946-47 under private management in the current year , it seems that provision as indicated on page 6 c f. may be included in Part I. It is not necessary to include this item in Part II. If Finance agree, the Director may be informed accordingly.

8. "Training additional teachers" is one of the schemes in the Post-war Five Year Plan and the proposal satisfies the criteria laid down in the recent u.o. note of Finance for Part II schemes.

70-130
104.7

9. The file may be sent to Finanee for remarks.

30/10/46

This relates to 'Q' at p:3 cf. ('P' at p:2 ante-). It is a point important not merely by itself but also as having a bearing on the question of approval of our Education schemes by the Govt. of India for the purposes of grant. They have indicated that there should be no lowering of standards in respect of the training & qualification of teachers also. ~~are not there, in fact, [illegible] we have~~

SECRETARY TO GOVERNMENT
31 OCT 1946
FINANCE DEPARTMENT

Edn. u.o.
58290C1/46-1
30.x.46.

For a brief history of the case pl see Fin note on pp 38-39 n/f of go at (t)

Finance (E.III)Dept.

Part II Scheme for 1947-48.

To Implement Post-War Scheme No. 34(in the printed 5 year

year-plan) for the extension of compulsory Elementary Education in this Province, E & P.H. propose:--

1) to run 50 Secondary Grade Training classes and 50 Higher Elementary grade Training classes in Government and aided schools) for the training of 2000 candidates under each of the grades:

2) to limit the duration of the Secondary Grade training course to 18 months (against the normal period of two years)

and 3) to raise the rate of stipend to Rs. 24/- p.m. to the Candidates undergoing training in both the Secondary and Higher Elementary grade training.

The proposals involve an extra cost of Rs. 21,21,505/- spread over a period of 2 years as indicated in the statement at P on page 5 C.F. as modified in pencil. The estimate includes provision for teachers on the appropriate time scale.

para 5 on p 2 above & E&PH Secy note overleaf

Pay Rs 70-130 + DA

2. Item (1) above:- ~~Subject~~ In the circumstances explained in paras 1 and 4 on pages-1-2 above, the proposal may be agreed to in this department, subject however to the suggestion that having due regard to the actual number of Higher Elementary Training classes opened this year viz. 18 (as against 50 sanctioned) and the poor strength, it seems sufficient to sanction only 25 Higher Elementary Grade Training Classes in 1947-8. If qualified candidates are forth coming in large numbers, it is always open to Government to increase the number of classes.

Cf para 4 on p 2

We may agree to 50 here too - if there aren't a sufficient no of candidates, all the 50 will naturally not be opened & expn incurred on them.
11/11

Item (2) in para 1 above:- The ordinary duration of secondary grade training is 2 years but an Emergency Course (to be completed in one year) has been sanctioned in 1946-7 keeping in abeyance the two years' Course in order to meet the post-war demands. In para 2 of his letter on pages 3-4 C.F., the Director of Public Instruction has explained that the shortened course is unsatisfactory from every point of view and that the course ~~xxxxxx~~ may be of 18 months in order to avoid lowering of standards of training and qualifications of teachers. E & P.H. support the view of the Director of Public Instruction. This department may agree.

11/11

D.S. Secy's note overleaf

Item (3) in para 1 above:- Prior to 1932-33 Candidates undergoing training for the teaching profession were getting stipends at varying rates according to the grade of training. In connection with the general retrenchment of 1932-33, the system of stipends for the Collegiate and Secondary grades was discontinued and the rate for the

Cf p 1 [illegible]
1819 [illegible]
20.9.46

22

rate for the Elementary Grade was reduced to Rs. 6/- p.m. for men teachers and Rs. 8/- p.m. in the case of women teachers. Since the outbreak of war, there has been a very large drop in the number of candidates offering for teachers' training, and in order to arrest this tendency and to secure a sufficient number of teachers against post-war requirements for the expansion of elementary education, the Government revived in 1944, the system of stipends (Rs.12/- p.m.) for Secondary Grade training and also raised the rate of stipend for the Elementary Grade Training to Rs. 8/- p.m. for all candidates. These rates were found inadequate owing to the abnormal increase in cost of living and the more lucrative avenues of employment, which were available to educated men. To overcome this difficulty and secure an adequate supply of trained candidates, the Government recently raised the rates of stipends to Rs. 18/- p.m. in the case of Secondary grade training and Rs. 12/- p.m. in the case of Higher Elementary Grade training. It is no doubt now urged that even with the increased rates, it has been found possible to get only 1725 candidates (in all or both grades) against the target figure 4000 and that having regard to the high cost of living, which is not affected by the grades of training and the rate of stipend obtaining in the Clerk's training schools (Rs.30/- p.m.), it is necessary to raise the rate of stipends to Rs. 24/- p.m. irrespective of the grades.

Cf G.O. at (E) p 324 para 4

para 6 on p 2 above

As already pointed out above, the rates of stipends were increased liberally only recently in May 1946. Since then there has been no material fluctuation in the cost of foodstuffs. In fact, the stipend is intended only to attract a large number of candidates for the training courses, and as an inducement for men to join the courses, ~~[illegible]~~ and is not intended to cover the entire cost of boarding and lodging. The candidates will have therefore to make their own arrangements to supplement their stipends by other private income. So long as easy conditions of employment with good prospects are available, the teaching profession will not attract qualified young men, whatever the rate of stipend may be, & for this reason the Govt cannot be continually increasing the rates & foot a heavy bill especially ~~in fo~~ with the prospect of a deficit budget. ~~Owing to the end of war and xxxxxxxxx~~ Owing to the disbandment of army ~~st~~, conditions of easy employment elsewhere will become restricted hereafter. This, ~~complied~~ Coupled with the introduction of liberal revised scales of pay for teachers, & the vigorous drive for rural reconstruction may ~~are~~ divert a good number of educated young men to the teaching profession in future. In the circumstances, there seems to be no strong justification to enhance the rate of stipends for the Secondary and Higher Elementary Grade Training

See G.O. at (E) p 324

11/11

If the Salaries Committee proposals go through, teachers in aided schools can look forward to increased pay, though not at Govt rates. If & when schools are taken over by the Govt. for management they will get Govt rates, which are higher than the existing ones.

PTO

Training courses. Finance may advise that the existing rates may continue.

E & P.H. may be requested to prepare the necessary note on the Part II Scheme. They will doubtless address the Government of India in due course for their usual contribution for this scheme in accordance with their policy.

8-11-46

11/11/46

Dr. BB.
Rfl Cls withdrew now pay at flat rates. In view of this, no additional inducement in the shape of an increased stipend seems necessary. Finance may advise against incurring large expr on increased stipends.

EDUCATION AND PUBLIC HEALTH DEPT.

EPH (C1)

The proposals in this file are as follows:

The object of the proposals is to provide for the training of the large no. of teachers reqd. for the introduction of Compulsory ele. edn. in the Province, a [Postwar Scheme.]

1) 50 Secy. grade trg. classes and 50 elementary grade trg. classes may be sanctioned in 1947-48 (in Govt. and Aided Schools), as was done for 1946-47 for the training of 2000 candidates in each of the grades; p 5 CF

2) The duration of the Secy. grade course may be 18 months (against the normal period of 2 years and against the one year shortened course sanctioned for 1946-7), the course commencing from October 1947 and ending in March 1949; pp 3-4 CF

3) The rate of stipends of both elementary and Secondary grades (Rs 12/- + 18/-) may be raised to Rs. 24/- a month. p 7 CF

This dept supported all the proposals; but the Finance dept have agreed only to the proposals (1) and (2) above. ~~only~~ As regards the proposal for increasing the rate of stipends to Rs. 24 p. m. to elementary and Sec. grades, that dept. have stated that there seems to be no strong justification to enhance the rate of stipends p 5 ante

---

and have advised that the existing rates of stipends may continue.

It is for consideration whether the existing rates of stipends of Rs.18/- and Rs.12/- for ~~the~~ Secondary and Elementary grade training candidates ~~students~~ may be allowed to continue or whether this Department need press for an increased and a uniform rate of Rs.24/- p.m. as proposed by the Director.

We may press for this wj

p 4 ante

The cost of the proposals including grant of stipends at the increased rate will be Rs.21,21,605 spread over two years. If the rates of stipends are not increased the cost will be Rs.14,37,605.

Addl cost of increased rate of stipend is Rs. 6,84,000

1152000
624000
1776000
-1092000
6.84000

c. 22/11/46

The file may now be circulated for orders.

HM (Edn)

The paucity of candidates for training schools is very disturbing indeed. In fact our expansion schemes of elementary education are being sabotaged due to want of teachers. In view of our financial position, we may press for Rs 22 and 18 respectively.

TSA
24-11-46

The existing rates are adequate & were recently raised. Govt. can't afford this new expre.

13-12-46

HM (Edn)

23

There are three proposals in this file viz.,

(1) Opening of 50 secondary grade and 50 elementary grade training classes

(2) extending the period of the emergency secondary grade training course from one year to 18 months

(3) granting of stipends at a flat rate of Rs 24 p.m – H.M. (Edn) has suggested that the rates may be Rs 18 for ely & Rs 22 for secy.

Items (1) and (2) have been accepted in circulation. H.M (Rev) does not agree to the rates of stipends being increased. H.M (Edn) has minuted that this point may be put ~~up~~ before the Cabinet.

A draft Part II scheme note in respect of items (1) and (2) is placed below. It may be sent to Finance for acceptance.

As regards item (3), H.M may press the matter at the ~~[illegible]~~ meeting of the Cabinet to be held on 27.1.46 to consider the budget estimate for 1947-48. The addl: cost in raising the stipends to Rs 18 and Rs 22 will be Rs 3.96 lakhs.

Estimate [illegible] for [illegible] separately

(Ref: in note on pp 3-6 above)

The draft note on Part II scheme is based on the latest estimates furnished by the DPI. It is observed that the DPI has ~~[illegible]~~ arrived at his figures on the basis of minimum pay together with the interim relief (Rs 4). The number of ~~[illegible]~~ teachers who are employed in training the Higher elementary grade and secondary grade training ~~schools~~ classes has been apportioned between Special schools – Training schools – ~~[illegible]~~ Masters

p 13 cf

24

and special schools – Training schools – Mistresses. Apparently, the no. of teachers in secondary grade ~~teachers~~ schools ~~are~~ is 13 and the no. in Higher elementary grade schools is 12. ~~The~~ provision made for interim ~~[illegible]~~ relief has also to be excluded. The whole scheme is said to be temporary; the total cost has been worked in the Ultimate cost based on average ~~pay~~ of the scales of pay.

The draft note as amended in pencil may be accepted.

~~With reference to portion "B" of the note a [illegible] [illegible] in [illegible] may perhaps be [illegible] in the draft Part II scheme note.~~

W.r.t instructions in the Fin. Dept. u.o. note at (J), a draft note is sub'd.

8/1/47 S

[Part II Scheme Note is on pp 19-20 cf.]

. 1571 C2/47: From the D.P.I. No. 8024 B1/46 dated 24--2--1947) p. 21 CF

The ~~S~~econdary grade training course is usually for a period of 2 years, beginning by about July and ending by the March or April of the second year. In G.O. No. 1018 Edn, dated 21--5--46, the Govt. approved the proposal of the D.P.I. that the usual two year course for secondary grade training might be held in abeyance during 1946-47 and that a course of one year's duration ~~may~~ might be conducted instead.

t/31-32 CF

In connection with the Part II scheme for 1947-48 the Director proposed, among other things, that the secy. grade training course might be for a period of 18 months from Oct. 1947 to March 1949, and it was approved and necy. provision ordered to be made in the B.E. for 1947-48.

p3 CF
pp 17-18 CF

For the reasons now stated by him the Director has proposed reversion to the usual two years' course for ~~the~~ secy. grade training and to start the secy. grade training for next school year from 1st August 1947.

p 21 CF
D.P. 9's recommendations
A may be accepted.

If the course is extended ~~to~~ from 18 months to 24 months the cost involved in the proposal will increase proportionately. In 1947-48, the addl. expenditure will be that required for the payment of stipends to trainees and pay for staff for ~~one~~ two months because the course will begin in August instead of ~~September~~ in october. Out of the 100 addl. sections (50 of the secy. grade and 50 of the ele. grade) sanctioned during 1946-47 in G.O. 1018 Edn. dated 21-5-46, only 57 sections (39 secy. and 18 ely) were actually opened. It is proposed, ~~under the~~ as a Part II scheme for 1947-48, to open ~~100~~ 50 secy. grade and 50 ele grade sections addl. ~~sections~~ during 1947-48. Actually it may not be possible to open all the 100 sections in 1947-48. The addl. ~~expdre.~~ expre. on account of the present proposal to revert to the usual 2 years' course ~~may perhaps~~ can be met from the amount already provided.

t/31-32
p11 CF
pp 17-18 CF

The file may be sent to the Finance Dept. for remarks before circulation.

Finance (E.III).

(Finance noted on pages 8-9 above).

P. 21 CF

The case has come up to Finance on the proposal of ~~the~~ D.P.I. to revert to the usual two years' course for Secondary grade training and to start the Secondary Grade Training for next school year from 1st August 1947.

2. ~~Perusal~~ Attention is invited to the Part II schemes note on pages 15-18 C.F. In the note ~~the~~ a proposal to open 50 Secondary Grade and 50 Elementary grade training sections in 1947-8 as was done in 1946-7 has been incorporated; the period of training has also been extended from one year to 18 months. Necessary provision has also been made in the budget for 1947-8.

The additional expenditure involving in the present proposal as given in para 1 above is expected to be met from the amount already provided in the budget for 1947-8.

M on p 10 above

The question is whether the training may commence from 1-8-47 instead of 1-10-47 and continued for a period of 2 years instead of 18 months as already approved by the Government. If this revision is considered necessary in the interest of giving proper training, E.P.H. may be requested to take orders in circulation including H.P.M. If the provision already made in the budget 1947-8 is actually found to be inadequate (which is not likely), the D.P.I. will no doubt take necessary steps to provide the amount necessary by reappropriation or otherwise in 1947-8.

H.M. (Edn.)

H.M.

The usual course for secondary grade training is for two years. As an emergency measure, it was proposed to have a one year's course but that course has been a failure and has not met with satisfactory results and so, the present proposal is to revert to two years which was the usual period of the course before this experimental measure was tried. In view of these circumstances, the reversion to the old two years' course may be approved. The course may start from 1st August 1947. I believe that the funds allotted at present in the budget will do but if anything more is necessary that may be claimed by way of supplementary grants later on.
