No 5245.

Dt. 21-10-1946.

To, The Chief Secretary to Government,
Government of Madras,
M A D R A S.

Dear Sir,

I write this on behalf of the Reception Committee to convey to you our most sincere thanks for the very kind help and guidance that was given to us by your representative, Dr. G.F. Andrews, Chief - Inspector of Physical Education.

Dr. Andrews was unfortunately taken ill and had to be confined in the Irwin Hospital for treatment. Despite bad health he spared no pains to help us and guide us in shaping the resolutions and also in laying down the foundation of a permanent Central organization to be known as "The National Association of Physical Education, India". We believe the Madras Government

dated 15-1-1947.

I have the honour to state that
the first meeting of the Provisional Council was in January
47 and I understand the next will be sometime in April 47.
In the beginning, the meetings may perhaps be held once in
a quarter, but later there may not be more than 2 meetings
in a year. But it is not required that members should attend
every meeting since much of the business of a meeting is as
far as possible transacted earlier through correspondence.

Dr. Andrews from Madras will depend on the venue for the
meeting which may be Bombay, New Delhi or Calcutta and will
ordinarily not exceed a week. When meetings are held in
Madras or near Madras the period of absence will be still
shorter.

3. The work as member of the
Provisional National Council will not interfere with
Dr. Andrews' Official duties.

In the first session of the All India Physical Education Conference held at Amraoti, it has been decided to establish a Central Organisation known as "National Association of Physical Education, India". The Hon. Secretary of the Conference, as well as the Chairman of the working Committee of the Association, have requested this Government to nominate a representative on the provisional council of the Association. The D.P.I. recommends that Dr. G.F. Andrews, Chief Inspector of Physical Education, may be nominated as a representative of this Government.

It may be noted that Dr. G.F. Andrews was deputed to attend the above conference and was permitted to take his peon and to draw T.A. at the rates admissible under the M.T.A. Rules for himself and his peon. Please see G.O.No. 815 Edn. dated 15-4-46 and G.O. 67 Education, dated 2-10-1946. He may perhaps be paid similar concessions while attending the meetings of the Association, if it is decided to nominate him.

Finance may see before circulation.

It is not known how many times Dr. Andrews is expected to attend the meetings of the National Association of Physical Education nor is it known how many days he may be absent from his work for these meetings at a time. It is also not known whether Dr. Andrews' absence at the meetings of the Association would interfere with his normal work under the Govt. If the above information is not required
