Sir John Sargent, C.I.E., M.A., D.Litt.,
Secretary to the Government of India.

To

The Secretary to the Government of Madras,
Education Department,
MADRAS.

EXHIBITION OF 1851, LONDON - SCIENCE RESEARCH SCHOLARSHIP FOR 1947.

Sir,

p15-CF9
G.O. 894 Edn 25.4.46
(K)

I am directed to refer to the correspondence ending with this Department letter No.F.13-9/46-O.D.III, dated the 5th February, 1946 on the subject mentioned above and to say that the Royal Commissioners for the Exhibition of 1851 have offered their annual award of two scholarships to Indian students in, 1947. I am to request that nominations of candidates for the scholarships to be awarded in 1947 may be invited from Universities and such other Institutions as the Provincial Government ~~your~~ may consider suitable.

pp5-13 w/fon

2. Candidates must be British subjects or British protected persons being subjects of Indian States. No candidate whose age exceeds 26 on 1st May, 1947 should be recommended except under very special circumstances. In considering the eligibility of a candidate over 26 years of age a period of 'war service(may be regarded as 'special circumstances'. The applications of candidates should be in the form prescribed by the Commissioners for this purpose (copy attached) and copies of published papers or thesis written by the candidates should be forwarded with their applications. The statements made by the candidates in the applications should be certified as correct by the University or the Institution concerned. × This Department should also be furnished with the necessary information to enable the Preliminary Selection Committee to certify that the conditions laid down on page 1 of the application form are fulfilled by the candidates.

3. The applications together with the necessary papers should reach this Department before the 10th March, 1947. No application received after that date will be taken into consideration by the Preliminary Selection Committee.

pp15-16 w/pn

4. A copy of the General Regulations relating to the Science Research Scholarship is enclosed herewith for information. Owing to the exceptional conditions brought about by the war, the claims of a candidate who does not strictly comply with clause 10 of the Regulations (which is repeated in Section (c) of the Certificate on page 1 of the recommendations form) regarding the date and period of his attendance at the University or Institution making the recommendation, may be considered under special circumstances.

pp 3-4

5. A copy of a Press Note on the subject is also enclosed for information.

I have the honour to be,
Sir,
Your most obedient servant,

jaf

K L Joshi
for Secretary.

PRESS NOTE.

The Royal Commissioners for the London Exhibition of 1851 will again avail next year two Science Research Scholarships of the value of £350 per annum to students from Indian Universities or institutions having post-graduate departments of Science. The scholarships are intended to enable selected students who have already completed a full Univeriity course and whose record gives evidence of capacity for original Scientific investigation to devote themselves to post-graduate research work for two years.

Candidates must be British Subjects or British protected persons, being subjects of Indian States and should be below the age of 26 years on 1st May, 1947. Applications of candidates above the prescribed age will be considered only under very special circumstances. A period of "War Service" will be regarded as "special

P.T.O.

"circumstances" in considering the eligibility of candidates over the age of 26.

No application from a students whether residing in India or abroad will be considered unless it is recommended by the authorities of a University or other institution of equivalent rank in India.

Applications must be submitted to Provincial Governments and Local Administrations through the Universities and Institutions concerned.

=o=o=

INDIA

(This Recommendation must reach the office of the Commissioners, 1 Lowther Gardens, Exhibition Road, London, S.W. 7, before 1st May next.)

Candidate's Surname..

ROYAL COMMISSION FOR THE EXHIBITION OF 1851

SCIENCE RESEARCH SCHOLARSHIPS OFFERED TO OVERSEAS UNIVERSITIES

The scholarships are "post-graduate" and are intended to enable selected students of Overseas Universities, who have already completed a ful university course and given evidence of capacity for scientific investigation, to devote themselves for two years to research work under conditions most likely to equip them for practical service in the scientific life of the Empire.

RECOMMENDATION TO SCIENCE RESEARCH SCHOLARSHIP 19 .

We, the undersigned, being members of the Preliminary Selection Committee appointed by the Government of India for the selection of Candidates for the Science Research Scholarship offered to India by the Royal Commission for the Exhibition of 1851, hereby recommend the person named overleaf as a Candidate for a Science Research Scholarship to be offered by the Commissioners in 19 ; and we certify :—

(*a*) that such person is a British Subject or a British protected person being the subject of an Indian State ;

(*b*) that he has been, or will, at the end of the present session of studies, have been, a student of science in a University Institution for a period of not less than three years ;

(*c*) that he has spent one full academic year ending not more than 12 months prior to the date of recommendation at *

* Insert name of Institution.

(*d*) that he indicates high promise of capacity for advancing science or its applications by original research ;

(*e*) that the particulars stated in this form of recommendation are correct to the best of our belief.

Dated this day of 19 .

Signature and description of members of the Preliminary Selection Committee.

These sheets can be detached and typewritten.

DECLARATION BY CANDIDATE

I, the undersigned, hereby declare that, in the event of a Science Research Scholarship being awarded to me, I will hold it subject to the conditions laid down by the Commissioners, that I will devote my whole time to the objects of the Scholarship and that I will not accept any additional emolument without the previous consent of the Commissioners.

Dated this day of 19 .

(*To be signed by the Candidate*)

(9)

ROYAL COMMISSION FOR THE EXHIBITION OF 1851

SCIENCE RESEARCH SCHOLARSHIPS OFFERED TO OVERSEAS UNIVERSITIES.

GENERAL REGULATIONS.

(1) - The Scholarships are "post-graduate," and are intended to enable selected students of Overseas Universities who have already completed a full University course and given evidence of capacity for scientific investigation to devote themselves for two years to research work under conditions most likely to equip them for practical service in the scientific life of the Empire.

(2) - The Scholarships are of the value of £350 per annum, but additional allowances may be granted in accordance with the terms of paragraphs (16), (17) and (18).

(3) - The Scholarships will be tenable ordinarily for two years, but they may, in exceptional cases, be renewed for a third year (vide paragraph 15).

(4) - Until further notice the Commissioners will offer annually ten Scholarships, which will, as a rule, be allotted on the following principle: Three to Canada; two each to Australia and India; and one each to South Africa, New Zealand and Eire. The Commissioners, however, may vary this allotment in any year if in their view circumstances make it desirable to do so.

(5) - The Governing Bodies of the Institutions named in paragraph (20) will be invited annually to recommend one or more candidates for the Scholarships allotted to their respective countries. In the case of India the recommendations will be subjected to a preliminary examination in that country by a special committee set up at the request of the Commissioners by the Government of India, and a selection of not more than six will be forwarded to the Commissioners, who will make the awards. In other cases all the recommendations will be considered by the Commissioners, and the awards will be made by selection from among the candidates recommended.

(6) - If an Institution recommends more than one candidate in any year, the names of the candidates recommended should be arranged in order of merit.

(7) - Recommendations made on the prescribed forms must be received at the office of the Commissioners on or before the undermentioned dates:-

From Canada	June 1
" Australia	June 1
" New Zealand	June 1
" South Africa	~~May 1~~ June
" Eire	May 1
" India	May 1

(8) - A candidate must be a British subject, or a British protected person being the subject of an Indian State.

(9) - A candidate whose age is twenty-six years or more on May 1st of the year in which his application is received will be accepted only in very special circumstances.

(10) - A candidate must have been a student of science in a University or University Institution for a period of not less than three years, and must have spent one full academic year ending not more than twelve months prior to the date of recommendation at the Institution by which he is recommended.

(11).....

(11) - The record of a candidate's work must indicate high promise of capacity for advancing science or its applications by original research. Evidence of this capacity, which is the main qualification for the Scholarship, is strictly required. The most suitable evidence is a satisfactory account by the candidate of research work already performed, and the Commissioners will decline to consider the claims of a candidate unless such an account is furnished, or unless there is other equally distinct evidence that he possesses this qualification.

(12) - A Scholar will be required to devote himself to research in some branch of pure or applied science, the particular nature of the work proposed to be approved by the Commissioners.

(13) - A Scholarship may be held at any Institution approved by the Commissioners in the United Kingdom or abroad, but a Scholar will not be permitted, except in very special circumstances, to conduct his investigations in the country in which he has received his scientific education.

(14) - A Scholar wull be required to devote his whole time to the objects of the Scholarship, and will not be permitted to hold any position of emolument likely to conflict with this requirement. A Scholar must in any case obtain the consent of the Commissioners before accepting any additional emoluments.

(15) - A Scholar will be required to furnish a report of his work at the end of each year's tenure of the Scholarship. The continuation of the Scholarship for a second year will depend upon the satisfactory nature of the Scholar's first year's work. Renewal for a third year will be granted only where it appears that such renewal is likely to result in work of scientific importance.

(16) - A Scholar may receive an extra grant of £25 on presenting, within three months of the expiration of his Scholarship, a complete and satisfactory account of his work.

(17) - A Scholar may receive an additional annual allowance, not exceeding £50, towards the cost of University fees, research expenses, etc., if, in the opinion of the Commissioners, he is in need of such allowance.

(18) - A Scholar who is not in a position to travel at his own expense, or for whom it is not possible to obtain a free passage, may make application for aid towards the payment of his fare from his home to his place of study, but an application of this kind can only be entertained in the most exceptional circumstances.

(19) - The Scholarship stipend will be payable quarterly in advance.

(20) - Until furhter notice the following Institutions are invited to recommend candidates for the Scholarships:-

Canada

University of Alberta
University of British Columbia.

Dalhousie University, Halifax, Nova Scotia.
McGill University, Montreal.

University of Manitoba.
Queen's University, Kingston, Ontario.
University of Saskatchewan.

University of Tornonto

Australia

University of Adelaide.
University of Melbourne.
University of Queensland

University of Sydney.
University of Tasmania.
University of Western Australia.

South Africa...........

--- South Africa.

University of Cape Town
University of Pretoria.
University of South Africa.

University of Stellenbosch.
University of the Witwatersrand

New Zealand

University of New Zealand.

Eire.

National University of Ireland.

University of Dublin.

India.

All University Institutions have post-graduate departments of science.

Note:- Only one copy of the appln. form has been received. At least 12 copies will be necy. to distribute to the Universities & the D.P.I. and ask them to suggest names of suitable candidates for the award of the Scholarship. Please see the telegram on p 15 cf/t.

Note:- The Annamalai University has not enclosed any documents with ~~their~~ ~~lists~~ its list. It has also not furnished the ~~[illegible]~~ information required by the Govt. of India at X on page 1 CF. The Govt. of India have stated that no appln. received after 10.3.47 would be taken into consideration by the Selection Committee. But there seems to be no objection to forwarding the list to the Central Govt.
