Copy of letter R.O.C.No.9506-A.2/46 dated 17th January from the Director of Public Instruction, Madras to the Secy to Government, Education and Public Health Department.

SUB:- Colleges - Queen Mary's College, Madras - Purchase of a Theodolite for the Geography Department - Sanction - Requested:

In submitting a copy of the letter RC.No.351/46 dated the 10th January 1947 from the principal, Queen Mary's College, Madras, I request that in the circumstances stated, the Government may sanction an expenditure not exceeding Rs.2,710/- (Rupees two thousand seven hundred and ten only) in the current year on the purchase of a Theodolite required for the Geography Department of the College. The expenditure can be met from this year's allotment of the college under "Laboratory charges". I am permitting the principal to place orders for the instrument in anticipation of the sanction of Government.

Copy of letter RC.No.351/46 dated 10th January 1947 from the Principal, Queen Mary's College, Madras to the Director of Public Instruction, Madras.

I request you will be so good as to sanction the purchase of a Theodolite for the Geography Department of this college at a cost of Rs.2,702/-.

2. Theodolite is one of the chief instruments that we have use in the B.A. Class in the survey work. During the past four years, we have been borrowing it from the Engineering College, Guindy at great inconvenience in transporting it. Besides we could never keep it for our use for more than a fortnight at a time.

3. From March 1949, the University Examination in practical Geography for the B.A. Class will be a practical examination and the students are expected to do actual survey work on the field as part of their practical examination. This naturally necessitates more frequent use of the instrument by every student and we cannot depend upon borrowed instruments any more.

4. Besides the University Commission which visited our college early this academic year, strongly recommended that the purchase of a theodolite at an early date for the Geography Department.

5. Under the circumstances, it is essential that we place an order for a Theodolite with the Andhra Scientific Company who are able to supply us one.

6. The instrument could not be purchased so far as no Company in India would undertake to supply one.

7. The cost will be met from the allotment for the college under Laboratory charges for the current year.
