Special Grants - Teaching - Aided Colleges, Secondary (Special) Schools and grants to Indian Orphanages & Boarding Homes - Part II scheme for 1947-8

A-a-true 21/11/46

Memo No. 60 507-B1/46-2 Edn. dt. 21/11/46.

The D.P.I has recommended that provision may be made for the following grants in Part II estimates for 1947-8.

	Provision to be made in 1947-8 Rs
37.c. Education - University - Grants to non-Govt Arts colleges (1) - Excluding Postwar Reconstruction A- Teaching	23.800
37 e. Education - University - Grants to non-Govt Professional colleges Teaching	5.600
37-g. Education - Secondary - Direct grants to non-Govt Secondary schools - B- Non-European 1 Teaching	1.06.500
37 n. Education - Special - Direct grants to non-Govt Special Schools B- Non-European 1. Teaching	9.700
37 K. Education - Primary - Direct grants to non-Govt Primary Schools B- Non-European 1. Ordinary areas (1) Excluding post war reconstruction (K) Boarding	26,000
Total	1,71,600

The provision proposed for 1947-8 is ~~more than the~~ 1/4th of the provision made in any of the past three years (1944-5 - Rs 43600 - 1945-6 - Rs 72300, 1946-7-Rs 1,01200) As it is necessary to observe strict economy in expenditure at present, it has been suggested that the ~~restricted~~ limited provision for 1947-8 should be Rs 1,00,000 ~~with reference to~~ on the basis of the provision allowed for 1946-7. The increase

is mainly due to the proposal to admit 40/new secondary schools for boys and 9/new secondary schools for girls to aid ~~in~~ in the next year as against 20 Boys schools and 9 girls schools in 1946-7. The DPI is requested to examine the feasibility of reducing the provision proposed for 1947-8 and to report the minimum provision required under each of the heads refered to above and the names of the institutions which should be deleted from the list in order to effect the reduction proposed. He is requested to treat the reference as Special.

Sir,

Sub: Grants - Teaching - Aided Colleges - Part II Scheme for 1947-48.

REF: Government Memorandum No.60507-B1/46-3 Education, dated 21-11-1946.

The provision in respect of teaching grants to Aided Arts Colleges was suggested on the basis of the approximate income and expenditure of the institutions for 1946-47. This amount includes compensation to be paid to the managements in respect of loss in fee income due to the sanction of fee concession to scheduled caste and Backward Community students under Rule 92 M.E.R. and to children and dependants of soldiers who served in the world War. As the expenditure under these two heads is likely to increase in coming year I do not consider that the provision suggested can be reduced to any extent.

p.t.o.

2. It is also not possible to reduce the amount provided for the St.Josephs Training College as the figure has been worked out on the probable requirements. My remarks on the other schems will follow.

Rc.5105 J1/46 dated 3-12-1946.

Sir,

Sub: Grant - Boarding - Indian Boarding Homes and Orphanages - Part II schemes for 1947-48 - Reduction of provision.
Read: Govt.Memo No.60507 B1/46-3 Edn., dated 21-11-1946.

This year 30 new Boarding Homes for Indian Destitutes applied for aid for the first time. One of the conditions for admission to aid in these cases is that they should have worked satisfactorily for one year before they can apply for grant, so as to satisfy the Department that they are bonafide institutions not run for private profit. As such it would cause a great hardship if at that stage of working, the orphanage is not admitted to aid. These Boarding Homes are intended to look after the poor and destitute orphans and hence deserve aid. Out of the 30 Homes that applied for aid 11 were rejected as they did not satisfy all conditions for aid and only 19 orphanages were included in Part II of the Budget Estimate for 1947-48, the provision for which has amounted to Rs.26,000.

The number of new orphanages admitted to aid and the amount of provision made for 4 consecutive years is shown below.

p.t.o.

SECRETARY TO GOVERNMENT

PUBLIC HEALTH DEPARTMENT

Year.	No. of orphanages.	Provision made.
1944-45	12	12,700
1945-46	14	12,000
1946-47	15	16,600
1947-48	19	26,000

It may be observed from the above particulars that there is no large increase in the number of new Homes admitted to aid this year. The increase in the provision is mainly due to the greater strength in these orphanages and the high cost of living. Considering, the fact that these Boarding Homes cater to the needs of poor destitute students, I request the Government that no reduction may be made in the provision of Rs.26,000 made in Part II of the Budget Estimate for 1947-48.

Rc.643 D-1/46 dated 7-12-1946.

Sir,

Sub: Grants - Teaching - Aided Secondary Schools - Part II schemes - 1947-48.

Ref: Memo No.60507 B-1/46-3 Edn., dated 21-11-1946.

That there has been a large increase in the number of schools this year is quite true but as Government are fully aware there has been an unprecented pressure for accommodation in Secondary Schools. The pressure was met partly by decreasing the floor space per pupil in the school and partly by opening of these new schools. But for aided managements coming forward so readily to take up the responsibilities for extension of secondary education, the position would have been well nigh hopeless. It will be clearly unfair in these circumstances to refuse them aid altogether. These are difficult times when teachers are very difficult to secure and every item of expenditure recurring and non-recurring, is on the rise. The managements moreover have all been asked to endow the schools with atleast Rs.30,000/- if they are High Schools and Rs.15,000/- if middle schools. As Government are aware the usual teaching grant given is only partly what could be called ½ net cost or the teaching grant proper. The rest which is on an average about 12/17ths of the total, is made up of compensation for various kinds of fee-income which Government are bound to pay; for example, compensations under Rule 92 Madras Educational Rules in respect of military concessio and under Rule 32 Grant-in-aid Code. Government cannot repudiate claims under Rule 92 Madras Educational Rules and still ~~except~~ expect the school to observe the rules. Again military concessions are made in direct response to the orders of the departmental official passed in pursuance of the Government orders issued from time to time. Compensation in respect of these concessions Government are bound to repay to the management.

p.t.o.

Further it is a very difficult thing to say which schools deserve to be admitted to aid and which do not. Most of them are in the remote areas and those in the bigger towns have had to be started since the existing schools could not take in more students and all of them are doing their best to serve the national cause.

I would therefore submit that it is not just to limit the entire expenditure to last year's figures; as the Memo itself makes clear there has been a gradual rise in expenditure by Rs.30,000/- each year in the recent years and it would be retrograde, if provision be not made for all the schools opened in the current year.

In the above circumstances I submit that the total provision originally suggested under this head may be retained.

References:-Government Memorandum No.60507-B1/46-3 Education and Public Health dated 21.11.1946.

I have the honour to state that Government have already recognised the necessity and urgency for the training of additional teachers and that it is impossible to reduce anything under grants for training schools.

As regards other special schools I may add that it is equally not possible or even desirable to reduce the teaching grant or deprive any of them of Government aid. An amount of Rs. 4,600/- is distributed among 10 different items.

Grants - Teaching - Aided Colleges, Secondary and special schools and grants to Indian Orphanages and Boarding homes - Part II scheme for 1947-8

The policy of Govt is to rely mainly on aided agencies for the expansion of education. The practice has been to consider every year the question of budget provision for grants to institutions newly recognised by Universities in the case of colleges and by the D.P.I. in the case of secondary and special schools.

2. The D.P.I. recommends that provision may be made for the following grants in Part II estimates for 1947-8

		Ultimate cost Rs	Cost in 1947-8 Rs
37 c	Education-University-Grants to non-Govt Arts Colleges(i) Excluding Postwar Reconstruction A Teaching .. .. ,,	23,800	23,800

	Total.	1,71,600	1,71,600

2. Arts Colleges Teaching grant-Rs 23,800- This is intended for the payment of teaching grants to three colleges newly opened in July 1946 Viz St Johns College Palamcottah, Sri Venkateswara College, Tirupathi and the Vivekananda College, Madras. Attention is solicited to the policy of Govt in regard to Collegiate education set out in the Govt's Press Communique No 16 dated 13-7-45. The D.P.I. has recommended in a separate file that the policy of not giving any special help or encouragement to the starting of new Arts Colleges for men should be revised and that Govt should help private agencies that volunteer to open new colleges. In connection with the application of the Governing Body of Ellore Municipal College for a subsidy towards the maintenance of the ~~Municipal~~ College, H.M. (Edn) has observed that if

the college is converted into a private institution, it may be admitted to teaching grant like other private institutions and that the question of giving non-recurring grants in regard to grant of financial assistance towards capital expenditure on buildings and equipment need not be rejected at present. It seems therefore that the D.P.I.'s proposals to provide teaching grants for the new colleges may be accepted.

3. Professional Colleges: Teaching grant Rs.5,600/-. The provision is intended for the St. Joseph's Training College for women, Guntur. Being an institution for the training of women, the Director's proposal may be accepted.

4. Secondary Schools: Teaching grant Rs.1,06,500/-. This includes a provision of Rs.4,877/- on account of scholarships under Article 32(ii) of the Grant-in-Aid Code. The details of the provision are given on pages 3-5 c.f. The provision proposed by the D.P.I. may be included in the next year's estimate.

5. Special Schools: Teaching grant Rs.9,700/-. This includes a provision of Rs.5,200/- for training schools and Rs.4,500/- for Special schools for boys and girls. The necessity for the provision may be accepted.

6. Boarding Homes and Orphanages: Boarding ~~Teachers~~ grant Rs.26,000/-. The amounts is intended for 19 orphanages - 10 for boys and 9 for girls to be newly admitted to aid - Vide list on page 7 c.f. The proposal may be accepted.

7. Attention is solicited to the instructions for the preparation of budget for 1947-48 contained in the Finance U.O.Note No.54303 (B)-1 dated the 9th October 1946. The teaching and boarding grants recommended by the D.P.I. are absolutely essential for the proper maintenance of the schools. The proposal may therefore go forward as a Part II Scheme for 1947-48. The total provision proposed is Rs. 1,71,600/- as against Rs.1,01,200/- in 1946-47. The increase is mainly due to the proposal to admit 40 secondary schools for boys and 9 secondary schools for girls to aid from the next year onwards as against 20 Boys' Schools & 9 Girls Schools in 1946-7. In view of the rush for admissions to secondary schools several new schools have been opened and it is necessary to assist them.

8. The file may be sent to Finance U.O. for remarks.

ASST. SECRETARY TO GOVT. 30 OCT 1946 FINANCE DEPARTMENT

The E.& P.H. Department recommend that a sum of Rs. 1,71,600 may be included in the budget for 1947-8 towards teaching grants to aided colleges, secondary and special schools and grants to Indian Orphanages and Boarding Homes. The provision proposed includes a sum of Rs.23,800 towards teaching grants to three colleges as detailed on p.1 C.F. The E.& P.H. Department state that this sum may be included provisionally pending a decision on the question of giving special help or encouragement to the starting of new Arts colleges. As provision for these grants is made every year after treating the expenditure as Part II Scheme, the criteria laid down for Part II Schemes for 1947-8 need not be applied in this case.

~~Part II Schemes for 1947-8 need not be applied in this case.~~ The following statement shows the provision made in the budgets of past years on this account:-

Year.		Amount. Rs.
1944-5	...	43,600
1945-6	...	72,300
1946-7	...	1,01,200
1947-8	...	1,71,600 (Part II demand)

It will be seen from the above statement that the provision proposed for 1947-8 is more than the provision made in any of the past 3 years. As it is necessary to observe strict economy in expenditure ~~in order to conserve funds for essential schemes~~ at present, it is for orders whether E.& P.H. may be requested to restrict the provision for 1947-8 to Rs.1,00,000 ~~so that it may not exceed that~~ with reference to the provision allowed for 1946-7.

The provision of Rs 23,800 for aid to private Arts colleges may perhaps be curtailed pending the final decision of the Govt. on the question of policy of giving aid to new Arts colleges; and a reduction of Rs 47,800 may be made in the provision proposed to secondary schools, thereby reducing the total provision to Rs 1 lakh. Even after the reduction of Rs 43,800 suggested above, the provision for secondary schools will be Rs 58,700 against Rs 44,400 provided in BE(1946)

Portion marked A. It has been decided that the policy of not giving any special help to newly established Arts Colleges for the present as the Govt. Press Communique No 16 dated 13.7.45 should be applicable only to non-recurring grants for buildings and equipment and that the question of Part II demands should be submitted to teaching grant after considering the proposal under Part II scheme. It seems therefore that provision should be made for payment of teaching grants to three Arts colleges recommended by the D.P.I. viz the St. John's College Palamcottah, Sri Venkateswara College Tirupathi and the Vivekananda College, Madras.

Portion marked B. The D.P.I may be consulted whether it is possible to restrict the total provision to Rs 1 lakh and if so how it is to be distributed under the heads referred to in para.

Please the replies from the DPI on pp 10, 14, 17 & 18. He considers that no reduction can be made in the provision recommended for inclusion in the BE for 1947-8. He has explained clearly the necessity for the increased provision proposed under each head. In the circumstances stated Finance may be requested to agree to the proposal to provide a total sum of Rs 1.71.600 in the Part II estimate for 1947-8. As the increased provision is necessitated by increase of admissions in schools and colleges, Finance

The policy of Government is to rely mainly on aided agencies for the expansion of education. The practice has been to consider every year the question of budget provision for grants to institutions newly recognised by Universities in the case of colleges and by the

Director of Public Instruction in the case of secondary and special schools. The provision for 1947-8 proposed for the purpose is indicated in the summary at the top.

TEACHING GRANTS:- These grants represent ordinarily one-half of the net cost of the institution. In the case of colleges and secondary schools, the teaching grants include also compensation payable to the private managements for the loss of fee income on account of the grant of fee concessions to backward classes under rule 92 of the Madras Educational Rules. In addition, grants are paid to secondary schools towards one-half of the cost of scholarships awarded in accordance with schemes approved by the Director under rule 32 of the Grant-in-Aid Code. Teaching grants to non-Government special schools including training schools are assessed by the Director under rule 45 of the Grant-in-Aid Code after a consideration of all the circumstances of the case. The amounts proposed are in respect of three Arts Colleges and one Training College for women, 49 Secondary schools and 15 special schools including 22 secondary 5 training schools. A provision of Rs.4,900/- is included towards scholarships in 22 secondary schools.

BOARDING GRANTS:- Under article 62 of the Grant-in-Aid Code, a special grant may be made in aid of boarding charges to Indian Orphanages and boarding homes for destitute children, the grant being limited to two-thirds of the net boarding charges of the institution, subject to a maximum limit of Rs.3/- a month (temporarily raised to Rs.8 on account of the increase in the prices of food-stuffs) per pupil. The Director proposes to admit 19 new orphanages to aid next year.

The total provision proposed for 1947-8 is Rs.1,71,600 as against Rs.1,01,200 in 1946-7. The increase is mainly due to the proposal to admit 40 secondary schools for boys and 9 secondary schools for girls newly to aid in the next year as against 20 boys schools and 9 girls schools in the current year. There has been an unprecedented pressure for accommodation in secondary schools. This has been met partly by

P.T.O.

decreasing the floor space per pupil in the school and partly by opening of new schools. But for the private managements coming forward so readily to take up the responsibilities for extension of secondary education, the position would have been very difficult. It is not therefore possible to refuse them the usual aid especially as every item of expenditure is increasing in schools is on the increase. This Department recommends that a provision of Rs.1,71,600 may be provided in the next year's budget as shown in the summary at the top.

The policy of Government is to rely mainly on aided agencies for the expansion of education. The practice has been to consider every year the question of budget provision for grants to institutions newly recognised by Universities in the case of colleges and by the Director of Public Instruction in the case of secondary and special schools. The provision for 1947-48 proposed for the purpose is Rs 1,71,600 as indicated in the summary at the top.

TEACHING GRANTS:- These grants represent ordinarily one-half of the net cost of the institution. In the case of colleges and secondary schools, the teaching grants include also compensation payable to the private managements for the loss of fee income on account of the grant of fee concessions to backward classes under rule 92 of the Madras Educational Rules. In addition, grants are paid to secondary schools towards one-half of the cost of scholarships awarded in accordance with schemes approved by the Director under rule 32 of the Grant-in-Aid Code. Teaching grants to non-Government special schools including training schools are assessed by the Director under rule 45 of the Grant-in-Aid Code after a consideration of all the circumstances of the case. The provision

proposed

proposed Rs 1,40,700 is in respect of three Arts Colleges and one Training College for Women, 49 Secondary Schools and 15 special schools including 5 training schools. A provision of Rs 4,900/- is included towards scholarships in 22 secondary schools.

BOARDING GRANTS:-

Under article 62 of the Grant-in-Aid Code, a special grant may be made in aid of boarding charges to Indian Orphanages and boarding homes for destitute children, the grant being limited to two-thirds of the net boarding charges of the institution, subject to a maximum limit of Rs 3/- a month (temporarily raised to Rs 8 on account of the increase in the prices of food-stuffs) per pupil. The Director proposes to admit 19 new orphanages to aid next year.

The total provision proposed for 1947-8 is Rs 1,71,600 as against Rs 1,01,200 in 1946-7 The increase is mainly due to the proposal to admit 40 secondary schools for boys and 9 secondary schools for girls newly to aid in the next year as against 20 boys schools and 9 girls schools in the current year. There has been an unprecedented pressure for accommodation in secondary schools and this has resulted in the opening of new secondary schools. But for the private managements coming forward so readily to take up the responsibilities for extension of secondary education, the position would have been very difficult. It is not therefore possible to refuse them the usual aid especially as every item of expenditure recurring or non-recurring is on the increase. This Department recommends that a provision of Rs 1,71,600 may be provided in the next year's budget as shown in the summary at the top.
