R.O.C. No. 248-E-2/46 dated 1st October 1946.

Physical Education--Physical Training Examination--
Admission of holders of lower grade and higher grade
certificates--for the examination higher grade and
diploma certificates--Amendment to Madras Educational
Rules.

I have the honour to state that there are cases of students who took their Physical Training in the lower grade certificate course, owing to their not possessing at the time of admission qualifications required for joining the higher grade course. Such candidates have, either during the Physical Training course itself or subsequent to the passing of the Physical Training Examination taken the higher qualifications which would have entitled them to have joined the higher grade course. At a joint conference of the Chief Inspector of Physical Education, the Woman Specialist in Physical Education and the Principal of the Y.M.C.A. College of Physical Education, it was unanimously agreed that Physical Training Instructors or Instructresses with lower grade certificates should be encouraged to appear for the examination of the higher grade certificate without undergoing further training at the Y.M.C.A. College of Physical Education, provided they have the requisite qualification for the next higher certificate course. This applies to holders of lower grade certificates to appear for the higher grade certificate examination and ~~the~~ for the holders of the higher grade certificates to appear for the diploma examination.

2. I am in entire agreement with the proposal referred to in para one above, especially in view of the present dearth of qualified Physical Training teachers, and to recommend that Government will approve of the proposal.

3. The following amendment to the Madras Educational Rules is submitted for approval - At the end of the existing Rule 152

PTO

: 2 :
of the Madras Educational Rules, add the following as a sub-para:-

"Teachers of the lower grade certificate in Physical Education (men and women) and of the higher grade certificate in Physical Education (Women) who have undergone the necessary full year's training, at the Y.M.C.A. College of Physical Education, Saidapet for their respective certificates and who have either during their Physical training course or later secured the required Educational qualifications for the next higher certificate (Viz.) Secondary Grade Teachers' Certificate or a pass in the Intermediate in Arts Examination of a University for the higher grade certificate in Physical Education (men and women) and a B.A. or B.Sc. Degree of a University for the diploma in Physical Education (Women), shall be eligible to appear for the examination (both theory and practical) of the higher grade certificate in Physical Education (men and women) or the diploma in Physical Education (Women) respectively without further training."

I have the honour to be,
Sir,
Your most obedient servant,

(1) The D.P.I. now proposes that physical training instructors with lower grade certificates may be permitted to appear privately for the higher grade certificate if they have since acquired the secy. grade trained teachers' certificate or passed the Inter ^{the case may be} (2) that physical training ^{instructors} of the lower grade and higher grade may be permitted to appear privately for the higher grade and the Diploma respectively if they have since acquired the secy. grade teachers' certificate or the B.A. or the B.Sc., degree.

The following points require ^{clarification} ~~clarification~~:

- 1) To implement his proposal the Director has suggested an addition to rule 152 of the M.E.R. This rule relates to the Nature of Test for the Teachers' certificate in Physical Trg. and for the diploma in Physical Education (for women). The addition proposed applies both to men and women. Either rule 152 will have to be recast or the addition proposed will have to be inserted as another rule.

Physical Education - Physical Training Examination - Admission of candidates of the lower grade and higher grade into high grade and diploma courses respectively.

With reference to paragraph 2 of the above U.O.

Mr. [redacted] the Principal, Y.M.C.A. College of Physical Education states that if the Government desire to issue the Diploma for men they will have to send a formal application to the National Council, Calcutta.

2) In regard to the query whether men candidates may be given the diploma by the Principal himself, he states that four months further study (Both Theoretical and practical) with examinations ~~he~~ should be insisted on.

DIRECTOR OF PUBLIC INSTRUCTION.

To
The Secretary to Government, Education and Public Health Department.
Madras.

The Director has not replied to the point raised at A on p.1 ante. In regard to B & C on the previous page, he states that the Principal has reported that the Govt. will have to address the National Council, Y.M.C.A., Calcutta, if they themselves desire to issue the Diploma for men and that men candidates can be allowed to appear for Diploma only after a further & study of 4 months.

In the circumstances reported by the D.P.I. the question of permitting Phy. Trg. Instructors possessing Higher Grade Certificates to appear privately for the Diploma may be postponed for the present and the amendment originally suggested by the Director may be accepted. (Mrs. Buck came here today and requested orders in the matter very urgently.) The amendment submitted by the Director may be inserted as a new rule 152-A.

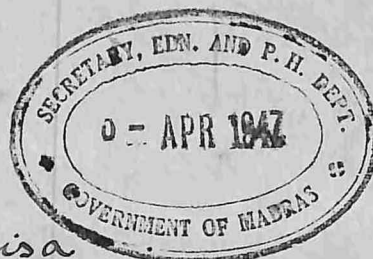

A draft order is submitted.

I am afraid in this matter we have not taken into account the existing state of affairs. Of late we have found a paucity of Physical Instructors. There may be many reasons for this. One may be that they are ^{not} recognised ~~sufficient~~ ^A importance in schools; another may be their pay. Whatever may be the reasons, it is ~~true~~ that there has been a great dearth of qualified instructors. The number of candidates who have passed the S.S.L.C. and the Secondary Grade training and after that going for the Y.M.C.A. training are become very few ~~in~~ indeed and so it seems to me that grade can as well as go and that system which ~~obtained~~ ^{obtained} a few years back i.e.. the completed S.S.L.C. may go for training and after 10 months training they may ~~become~~ ^{be given} the Higher Grade Certificate holders.

I have had a talk with ~~a~~ many Headmasters of Schools and ^{they} even go to the extent of saying that in this matter it

would not even matter if such of those boys who have failed in English by 5 marks in the S.S.L.C. may be selected for this training for after all their proficiency in English need not be a criterion for these candidates. If that is so, there will be only Higher Grade and so there will be only two grades of Physical Instructors ie., Higher Grade Certificate as well as Diploma holders. The D.P.I. may be asked to give his opinion in this matter. If this position is accepted, I believe, the amendments suggested here may not be necessary. Different amendments have been submitted and have been submitted.

TSA
4/4/47

The question raised by the D.P.I. is a general one and can be examined separately in consultation with the D.P.I. The present amendment is designed to enable certain students who took their training in the lower grade owing to their not possessing at the time of admission qualifications required for joining the higher course but who during the lower grade course or subsequent to their undergoing that course have acquired the necessary qualities which would have entitled them to have joined the higher grade course. Mrs Ponck has reported that there are a few cases of this category and unless the amendment is issued, urgently these students will be prevented from appearing for the higher grade course this year. The amendment may be further amended if necessary afterwards. For orders whether in these circumstances the amendment put up will be approved.

9/4/47 S 9/4/47

The present amendment may be approved & the other suggestion made above may also be examined.

Issued as G.O. 791 Edn. Dt 18.4.47 pp 1-104

For details see to various courses at p. 1 and at p. 1 and.

H. M. (Edn) suggests: That (1) the lower grade Certificate course may be abolished; only the higher grade and Diploma courses being continued; and

(2) That the candidates who have passed the S.S.L.C. Exam. or completed S.S.L.C. (including those who have failed in the S.S.L.C. Exam by 5 marks in English) be admitted to the higher grade certificate course.

Item (1) above: The question of abolition of the lower grade certificate course was recently considered at length, and it was finally decided that the proposal should be deferred for the present. Please see the notes conveyed

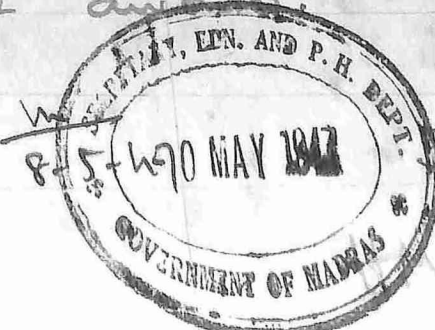

pp. 7 of I with the G.O. 2422 Edn. Dt. 18.12.46.

Item (2) above: with reference to a note from H. M. (Edn) to the D.P.I. has been asked to consider the question of admitting S.S.L.C. failed and S.S.L.C. passed candidates for the

lower grade certificate and higher grade certificate courses respectively and to forward the necessary draft amendments to the rules. Please see p. 1 N.F. & L.F.

In the circumstances it does not appear necessary to issue any fresh reference to the D.P.I. on the suggestions mentioned above as the Director's reply to the note in the L.F. may be awaited. For orders.
