In submitting herewith a copy of application dated 16-9-1946 from Miss L.A. Cornelius, School Assistant, Lady Willingdon Training College, Madras, now on study leave in the United Kingdom, I have the honour to state that the Government in their order No.Ms. 1486 Edn., dated 21-9-45 granted her study leave to enable her to do post graduate research in Plant Physiology and Pathology or Agricultural Botany and Parasitology in the Cambridge University and recommend that, in view of the abnormal conditions prevailing all over the world, her request for additional help may be considered favourably.

Copy of letter dated 16-9-1946 from Miss L.A. Cornelius, School Assistant, Lady Wellington Training College, Triplicane, Madras to the Director of Public Instruction, Madras.

Sub: Study leave - Grant of allowances such as Study Allowance, Fees for courses of Instruction, Free Passage etc. - Orders requested. - G.O.No.Ms.1486 Edn., dated 21-9-1945.

I, a School Assistant in the Lady Wellington Training College, Madras, have been granted study leave for a period of one year in the first instance with effect from 9-9-1946, for prosecuting higher studies and Special Research in Biology - Protection of plants in accordance with the variation of day light and temperature. I will be sailing for England on the 17th instant. I intend joining the London University for the course referred to above.

In this connection, I beg to submit that my present pay being 150 rupees per mensem only. I will be entitled to a maximum leave salary of not more than Rs.150/- per month only during the period of study leave which is prima facie too small for me to maintain my status and equipment and to prosecute my studies during my stay in a foreign country under the present abnormal conditions. I would therefore humbly request that in consideration of the very important and useful course of study I am embarking upon and the prospective advantage to Government, I may be granted the barest additional facilities in the shape of:

- (1) A special addition to the Compensatory Allowance admissible under Fundamental Rule 84 (7) of a sum not less than Rs.200/-.
- (2) Equipment Allowance of Rs.500/- which I understand is ordinarily allowed to officers of the Madras Government sent abroad for Training in Technical Courses of study and

(3) Free Passage under F.R.84(9). As a Woman Trainee, I am anxious to do my best and to justify the special preference given to me by my selection for course. I shall feel extremely grateful if Government will be so good as to grant me a special increase in my pay besides the concessions referred to above to enable me to draw a higher rate of leave salary and thereby make it possible for me to prosecute my studies under more favourable circumstances. I would appeal to the Government of Madras to consider my case with sympathy in view of the potential benefits ultimately accruing to the Department.

Sir,

I am directed to refer to your letter no. MS.1487.Edin. dated the 21st September, 1945, on the above cited subject, and to forward herewith, for the consideration of the Government of Madras, an application, in original, from Miss L.A.Cornelius, School Assistant, Lady Willingdon Training College, Madras, and to request that the Government's decision in the matter may be communicated to this Office as soon as possible.

It may be added that in accordance with the letter cited above Miss Cornelius is entitled only to her Study Leave pay plus 12/- per day Study Allowance and it is hoped that she will be granted terms which would not place her at a disadvantage as compared with Government Stipendary or Scholarship Students.

In the L. P. C. handed over to me
(Mrs Bonchus, School Assistant, Lady
Willingdon Tsg. College, proceeding on study
leave) I was given only a daily allowance
of 12 sh a day. I find that this daily
allowance has since been enhanced by
50% and the Gazetted Officers Mr Pillai,
Lecturer, Hohenodan College and Mr. Baskyaraman
Lecturer, Saidapet College and Mr. Narashima
Rao, deputed from Public Health Department
were given this enhanced rate of daily allowance.
As per G.O. of the Government of India and
that of the Provisional Provincial govt, no

student proceeding on study leave either on her own initiative or that of the Govt would be given a lower rate of allowance than that given by the Govt. of India to Students proceeding on Foreign study. My total emoluments are definitely far below that of a student. Hence I request that the High Commissioner be advised to draw for me the enhanced rate as now prevalent.

I request that orders may be despatched by air-mail to the High Commissioner London requesting him to draw my allowance at this enhanced rate.

Thanking you,

NOTE FOR THE STANDING FINANCE COMMITTEE OF THE CABINET

Sub: Grant of study leave to Miss L. Rangacharlu, Assistant Lecturer, Queen Mary's College, Madras and grant of increased study leave allowance to Miss L.A. Cornelius, School Assistant, Lady Willingdon Training College.

Miss L. Rangacharlu:

Miss L. Rangacharlu, Permanent Assistant Lecturer in Chemistry, Queen Mary's College, Madras has applied for the grant to her of study leave for one year from June 1947 to enable her to do concentrated work in Higher Chemistry in a major University in U.S.A. and qualify herself for the Master's degree. The former Principal of the College, Miss K.M. Myers, the present Principal, and the Director of Public Instruction strongly support the application. The Director of Public Instruction has stated that Miss Rangacharlu has served the Department loyally for nearly 20 years and has yet about 13 years more to serve and that if she improves her qualifications, she will be an asset to the Queen Mary's College. He has also stated that it is very difficult to get a suitably qualified women for appointment as Lecturer in Chemistry at present.

Prior to 1931, it was the practice to grant study leave to officers. In that year, Government stopped the system of granting study leave to their officers as a measure of retrenchment. This ban has not been lifted so far. However, in a recent case, viz., that of Miss L.A. Cornelius, School Assistant, Lady Willingdon Training College, who has since joined an institution in the United Kingdom for higher studies in Biology, the ban was lifted and the officer was granted leave on her average pay and study leave allowance admissible under the Fundamental Rules. The Director of Public Instruction says that the case of Miss Rangacharlu is definitely more deserving than that of Miss Cornelius and that from the Government's point of view also grant of study leave to her will be more economical than deputation by Government. The Educational Liaison Officer to India in U.S.A. Professor M.S. Sundaram has promised to secure her a seat in either Columbia or Harvard Universities.

Education and Public Health support the proposal on the definite understanding that the officer will not be granted any additional concessions afterwards. The Finance Department agree to it in view of the Director's statement that it is very difficult to obtain a suitably qualified woman for appointment as Lecturer in Chemistry in the Queen Mary's College. The former H.M.(Edn.) Sri T.S. Avinashilingam Chettiar, has also agreed to the proposal. H.M.(I & L), Sri V.V. Giri for H.P.M., has minuted that the proposal may be sent to the Standing Finance Committee for disposal.

Miss Rangacharlu is getting a pay of Rs. 227½ p.m. On the basis of this pay, the approximate extra cost involved in the present proposal will be about Rs. 10,000 (Leave allowance at Rs. 227½ and study allowance at 30 Sh. per day in U.S.A.)

Miss L.A. Cornelius:

In 1945 the Government sanctioned the grant of study leave for one year to Miss L.A. Cornelius, School Assistant, Lady Willingdon Training College, to enable her to prosecute higher studies and special research in Biology. During the period of study leave the officer is to get the sterling equivalent of

23
: 2 :
her average pay and study allowance at 12 sh. a day admissible under the Fundamental Rules. Miss Cornelius proceeded to H.K. in 1946 and ~~joined~~ joined the London University. She now requests that she may be granted the following additional concessions in view of the abnormal conditions prevailing in that country:-

- 1) A special addition to the study allowance admissible under the Fundamental Rules of a sum not less than Rs. 200.
- 2) Equipment allowance of Rs. 500 which is ordinarily allowed to officers sent abroad for training in technical courses of study.
- 3) Free passage.

The Director of Public Instruction recommends that the request for additional help may be favourably considered. The High Commissioner for India, to whom Miss Cornelius has sent a petition, expects that she will be granted terms which will not place her at a disadvantage as compared with Government's stipendiary or scholarship students. He also states that Miss Cornelius has been paid an advance of £34 to enable her to pay the fees at the Imperial College of Science and Technology on the understanding that this will be refundable if the Government decide that the tuition fees are not payable by them.

As stated in the note about Miss Rangacharlu above, in 1931, the Government stopped grant of study leave to their officers as a measure of retrenchment and the ban has not yet been lifted. Miss Cornelius was granted study leave as a special case. In her application for the grant of study leave, she stated that she was prepared to go to the United Kingdom if she was granted study leave terms. If she had asked for terms granted to officers sent abroad by Government her application might have been rejected. The reason that abnormal conditions are prevailing all over the world is not pertinent in the context; and it does not seem that the conditions have become worse after Miss Cornelius left for U.K. The grant of the additional concessions might form an inconvenient precedent. For these reasons the Edn. and P.H. Department do not recommend the request. The Finance Department also agree with Edn. and P.H. The former H.M.(Edn.) Sri T.S. Avanishilingam Chettiar also agreed with this view. H.M.(I & L) for H.P.M. has, however, minuted that this being a request out of the ordinary may be sent to the Finance Committee.

As Miss Rangacharlu has to be in U.S.A. in June 1947 and as Miss Cornelius requires the additional concessions immediately both the proposals are very urgent and orders have to be issued immediately. The permission of the Committee may also be obtained for issuing orders without a reference to the Cabinet.

The points for orders are: (i) whether Miss Rangacharlu will not be granted any additional concessions as proposed by Edn. and P.H. and agreed to by Finance and (ii) whether the additional concessions asked for by Miss Cornelius may be refused as proposed ~~xxxxxx~~ by Edn. and P.H. and agreed to by Finance.

In Lys no: 1486 Edu d 21. 9. 45 the Govt sanctioned the grant of study leave for one year from the date of relief to Miss A. A. Cornelius, School Act, d.w.T. College, to enable her to do post graduate research in Plant Physiology and Pathology, or Agricultural Botany and Parasitology. During the period of study leave the officer is to get the sterling equivalent of her average pay and the study allowance admissible under the rules.

Miss Cornelius has proceeded to the U.K and joined the Cambridge University. She now requests that she may be granted the following addl enclosures in view of the abnormal conditions: -

(1) a special addition to the compensatory allowance admissible under F.R. 84 (1) of a sum not less than Rs 200

(2) equipment allowance of Rs 500 which is ordinarily allowed to officers sent abroad for training in technical courses of study.

(3) free passage.

p87- Bk 154

The D.P.S recommends that the request for addl help may be favourably considered. The High Comm for India to whom Miss Cornelius has sent a petition hopes that she will be granted terms which would not place her at a disadvantage as compared with Govt. stipendiary or scholarship students. He also adds that Miss Cornelius has been paid an advance of £34 to enable her to pay the fees at the Imperial College of Science and Technology on the understanding that this will be refundable if the Govt. decide that tuition fees are not payable by them.

In 1931 the Govt stopped granting Study Leave to their officers as a measure of retrenchment. The ban has not yet been lifted. Miss Cornelius was granted study leave as a special case. In her applications of 28.5.45 and 13.7.45 she stated that she was prepared to go to the U.K. if she was granted study leave terms. If she had asked for terms granted to officers sent abroad by Govt her application might have been rejected. The reason that abnormal conditions are prevailing all over the world is not also convincing. It does not seem that the conditions have become worse after Miss Cornelius left for U.K. The grant of the addl concessions now asked for may also form an inconvenient precedent. In the linked file the Director has strongly recommended the grant of study leave to another officer in the Ld. Sub. Service. If Miss Cornelius is granted her request similar concessions will

p 367

will have to be granted to that officer also. In the circumstances it is for orders whether the D.P.S and the High Comm may be informed that the Govt. are not prepared to grant the addl concessions asked for by Miss Cornelius. Finance may see before circulation.

Miss Cornelius applies for 'Study Leave'. In view of the General ban ^{now existing} on Study Leave since 1931. Col. H & J. in objection to the grant of Study Leave to her. But the Govt. granted her study leave treating her case as a special one.

Miss Cornelius knows very well the terms of 'Study Leave'. She should have also known that she would not have been selected for overseas study. In any case, it looks as though she is trying to get the 'benefits' allowed to officers sent on 'Deputation' overseas. In any case, with Col. H & J. the request for addl concessions should be negatived.
