Dear Sir,

I beg to remind you of my letter of 3-1-47 wherein I mentioned to you some of my difficulties in running this training school. I will mention these difficulties again categorically. They are, the salaries of the staff and the starting pay is so low that they are unwilling to work for them. It is desirable that they are all started on seventy-five per month. When all orders connected with the working of the training + practicing schools are delayed causing delay and inconvenience in work. More equipment for office, garden work etc is

Dear Mr. Rajagopal Rao,

Your letter of the 18th instant. About the staff, the matter is under consideration but I hope the increment that we propose to give to all Government servants from the first of this month will result in an increment of pay to your staff also. As for the implements and other things, I think it is better you write through the Dt. Educational Officer to the Director and get things done. Money is allotted in the budget for certain definite matters and the Minister has no powers to change any of these allotments because these allotments are made by the Cabinet as a whole. It is under these same restrictions that the Perianaickenpalayam school is also running. You may feel little difficulties in the beginning but while the department may adjust itself to you, you must also adjust yourself to the ordinary routine of the department. I received a wire from Sri Siterama Sastri sometime back and I have asked the department to send you the money immediately but the money is not disbursed by the Government direct but through the

Director of Public Instruction,
M a d r a s, 28th February 1947.

My dear Sir,

Your D.O.No.6199-B.2/47-1, Education,
dated 3-2-1947 re: supply of equipment,
etc., to the Basic Training School,
Vinayasramam.

16879

In paragraph 4 of G.O.No.Ms.2335, Education,
dated 6-12-1946, it is stated that the Government have
already sanctioned a grant of Rs.23,000/- to Sri G.
Sitarama Sastri, Trustee, Vinayasramam, towards the
provision of accommodation and purchase of equipment
for the Basic Training School. He was also asked to
render necessary accounts to the Director after the
accommodation was provided and equipment supplied to
the school. He has not so far furnished any account
in respect of the grant. It may be kindly considered
whether notwithstanding the provision already made for
the supply of furniture, equipment, etc., I should now
arrange to supply the articles required by the Head-
master. I may also add that hostel establishment
charges cannot be met out of Provincial funds. The
hostel charges should be borne by the students. Unless

the

1A 2. *p7 ault*
the Government specifically so order, the guest charges referred to in the items of expenditure mentioned in the Headmaster's list of expenditure cannot be a charge on Provincial funds.

2. Government in their order No.23, Edn., dated 6-2-1947 sanctioned the supply of stationery articles to the school and also stated that separate orders would be issued in regard to the supply of forms. It is for the Headmaster to prepare an indent for the stationery articles, get it countersigned by the District Educational Officer and get his supply from the Superintendent of Stationery. Instructions in this regard have already been issued.

3. I may also in passing add that if Sri Rajagopala Rao, the Headmaster of the Basic Training School would adhere to the accepted convention of addressing the District Educational Officer and the Director in these matters instead of making references to the Government direct, the position could be explained to him and much of correspondence and confusion could be avoided. He is now a Government servant working immediately under the Director and as such I wish to bring to your notice that

3. 19 *(=)*
that he is not in order in corresponding direct with Government ignoring the Director. *p15 ault*

3. The matter referred to in your D.O. will be further proceeded with on knowing the decision of Government on the issue raised in paragraph 1 above.

4. The enclosures sent with your DO are returned herewith for your reference (after we have taken a copy).
Yours sincerely,
SK Saron.

I should have liked to talk over the matter of this letter with you. But as I am fully engaged and am not able to meet you, I am enclosing herewith a copy of letter No.141 dated 19-2-1947 addressed to me by Sri L. Rajagopal Rao, Headmaster, Basic Training School, Vinayasramam and a draft of the reply which I propose to send him, for approval of Government. In this connection I wish to invite your kind attention to my D.O.No.4197 B1/46 dated 28th February 1947 wherein I have explained how the Headmaster could have avoided much of correspondence and confusion and he was not in order in corresponding direct with Government.

.....

Dear Sir,

I would much prefer to address you as friend. For it is only in an atmosphere of equality and fraternity and friendly co-operation that the new spirit of reform in education as embodied in the Basic scheme of education can find fulfilment. I am now ~~working~~ writing this to guard against any misunderstanding that might arise between us and clear any such that might have arisen so far. You know that I have come to accept this work here after a series of talks with the Hon'ble Education Minister. I told the Hon'ble Minister on what basis I can accept this work. He might or might not have told you all about it. I am very definite from the beginning that the person entrusted with the task of developing this new scheme should have a free hand in organization, must have direct access to the Hon'ble Minister and the D.P.I., must not be subject to the present departmental rules in some respects and should have all the facilities provided in time. Otherwise, no results could be shown

26
2.
and no efficient work turned out. The public also, will get a wrong or prejudiced impression of the whole scheme. I think you can appreciate this point and my insistence on these conditions.

Now, however, the conditions I stipulated for were not fully provided and I mentioned to you already under what handicaps we are functioning. Then, again, I insisted that the position I should hold should not be that of a mere headmaster. I did not agree to the designation nor to the restricted powers attached to an ordinary headmaster. I was hoping to this day that these matters would be set right.

You can, therefore, now understand my present position. I am now working under conditions I have not agreed to or stipulated for. I have joined work hoping and expecting these matters would be settled as desired by me. So it is a matter of disappointment for me and to you, also, perhaps because you might be thinking I am either conceited or insubordinate or something of the sort. Frankly speaking I am unable to work freely under these conditions. But the work has started and

3. 25 (14)
and the course has to be finished anyhow. So I will stay on till June 1947 or whatever period will be fixed for the present course. Meanwhile I expect all friendly co-operation from you. I will feel relieved if you can do at least the following - allow me to carry on the syllabus in line with that of the Talimi Sangh, to draw salary of only Rs.100/- p.m. as fixed by the Talimi Sangh and whatever you pay extra may be treated as allowance and change me designation for the present to "Pradhana-charya" and give me all the articles and things I require in time.

Yours sincerely,

L. Rajagopal Rao.

D.O.

Director of Public Instruction
M a d r a s, March 1947

Dear Mr. Rajagopal Rao,

Reference your letter No.141 dated 19-2-1947.

Regarding your desire to have a free hand in the organisation of the scheme I may tell you that you are already having freedom in the organisation of the course, but it is necessary that you should be under the administrative control of departmental officers. As regards your having direct access to the Hon'ble Minister and the D.P.I., it will not be in order if you correspond ~~with~~ with the Hon'ble Minister direct ignoring the Director and this is not the case with you alone because all the Headmasters of Government schools are under the Director. If you have anything of urgency which you think may be delayed when it goes through the usual official channel, even though marked urgent, you may write to me D.O. about the matter ten days after having sent it through the D.E.O. So far as your pay is concerned I do not see what your real objection is. I do not see what difference it would make if you are paid Rs.100 as pay and the remainder as extra allowance instead of saying that your salary is Rs.140 plus dearness

allowance of Rs.26, so long as you do not want to forego any amount in excess of Rs.100. The heads of other training Schools under Government are designated as Headmasters and I see no reason to adopt a different name for your school alone.

yours sincerely,

Sri L. Rajagopal Rao, M.A.

If the articles of equipment are really necessary, it appears that they should ^{be} supplied lest its efficiency should suffer. It may not be advisable to wait till Sri Sastry supplies equipment from out of the grant paid to him. The D.P.I. may be asked to arrange for the supply of furniture and equipment if they are immediately required, care being taken to see that ^{Sri} Mr. Sastry also does not supply the articles of equipment at the same ~~time~~.

3. Hostel charges:-

In the statement on p.7 cf., details are given for the sum of Rs. 950/- required for the hostel establishment. The Director points out, that such charges connected with the hostel should be met by students themselves. Apparently Sri Rajagopal Rao wants that the expenditure should be met from Provincial funds.
