(Teachers' Training) Colleges - Excursion of
students and staff to places of Historical
Interest - Expenditure - Sanction of -
Requesting.

H. 9. 46

I have the honour to invite the attention of Government to para 2 of G.O.No.418 Edn., dated 27-2-1946 and to submit proposals for the conduct of excursions in Government Arts and Professional (Teachers' Training) Colleges.

Though there are no definite University regulations enjoining the Colleges to take out students on excursions, the consensus of opinion of the Principals of the Colleges would indicate that such excursions are very necessary from an academic point of view. For example, the study of Indian History includes a study of Indian Art, Architecture and sculpture and lectures on these topics will doubtless remain unreal unless the students are enabled to see for themselves and to acquire a knowledge of some of the most important monuments of India. Such excursions do considerably contribute to the better understanding by students of subjects taught and training received in the colleges and they do effectively supplement the instructions imparted to them at the College by affording to the Professors an opportunity to explain the subjects in situ. In this connection, I invite the attention of Government to G.O.No.327 Home (Education) dated 12-3-1918 communicating Government of India's letter which expresses the wish that local Government should as circumstances allow help in providing funds for such tours.

In view of these, I propose to instruct the Principals of Colleges - Arts and Professional (Teachers' Training) Colleges to take students on excursions annually from the beginning of the year, 1947-48. These excursions will, in the first instance be confined to students of Indian History and the places to be visited will be mainly places of historical and archeological interest not very far from the colleges. To this end, I request that an amount of Rs.2,500/- may be sanctioned for payment of Travelling Allowance to the staff of the Colleges accompanying the Party of students taken on excursions. If this is done, an amount of roughly Rs.150/- to Rs.200/- a year will be utilised by each College. Whether this amount will be sufficient or not can only be judged when the scheme is carried through and if any revision of the amount is required it will be duly reported to Government. I therefore request that Government may be pleased to approve my scheme and sanction the inclusion provisionally of an amount of Rs.2,500/- in the Budget Estimate for 1947-48 for this purpose. I am including necessary provision in Part II of the Budget Estimate for 1947-48.

Instructional Tours for the Geography students of the B.Ed.
and L.T. courses--Travelling Allowance to the Lecturers in
Geography who accompany the students--Sanction of.

55965
With reference to Government Memorandum No. 7037-A/46-2 dated 23.4.1946, I have the honour to submit proposals for incurring expenditure for the grant of Travelling Allowance to the Lecturers in Geography in the Teachers' Training Colleges at Rajahmundry, Saidapet and Madras, who will accompany the students of the college on excursion. I have already explained to Government in my letter R.C. No. 712-F/45 dated 4.2.1946 the necessity for such excursions and how they are an integral part of the work in Geography. The excursions will be confined to places near the colleges which will afford sufficient facilities for giving instruction to students. For meeting the Travelling Allowance of the lecturers an amount of Rs. 300/- will be required at the rate of Rs. 100/- for each college. I therefore request that Government may be pleased to sanction the inclusion provisionally of an amount of Rs. 300/- in the Budget Estimate for 1947-48 for this purpose. I am including necessary provision in Part II of the Budget Estimate for 1947-48.

C.No. 52893A/46, From the DPE, Bz No. 2088 F. 14/25-9-46

The DPE has submitted the following proposals for consideration in connection with the Part II Scheme for 1947-48:

- (1) That Students of Indiang History in the various Court Arts and Proj. (Teachers Training) Colleges may be taken out every year on excursions to places of historical interest.
- (2) That an expro not exceeding Rs. 2500 may be sanctioned for the purpose from 1947-48 in order to meet the travelling allowances of the members of the staff who will accompany the students.

Attention in this connection is invited to the notes on pp. 2 NF and the C.O. on p. 2 CF of B. In the circumstances now reported by the Director, his proposals may, perhaps, be accepted.

Please see EPH note at A on p. 1 n.f. of B. The acceptance of the proposal would create an inconvenient precedent, in as much as similar expro. may have to be incurred in the case of students of other groups as zoology, Botany etc. The expro, therefore,

It is in the notes in (b) such loss for History & Economics students are considered less valuable than for science students would become considerable. In view of the loss of Revenue on account of prohibition and other large expenditure on post war development schemes, the value and necessity for an expenditure of Rs 2500/- on excursion tours of staff and students is not warranted.

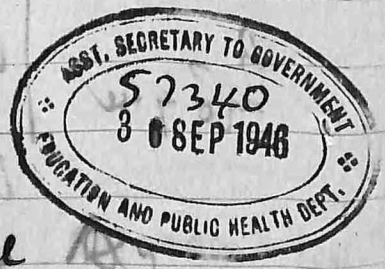

Furthermore, it may be pointed out that the difficulties of railway travel in these days are ^{high} ^{continues to be difficult} definitely not encouraging. It cannot be argued said that these tours are so absolutely necessary at present, as to even outweigh the difficulties in railway travel. For orders, whether in the above view, the proposal may be negatived.

After orders are passed, the case may be returned to Edn & P. H. Dept.

From an academic point of view, it will be generally agreed that excursion tours will be beneficial to the students in supplementing their theoretical knowledge and infusing greater interest in their subjects. It can hardly be said that expenditure on such tours is unnecessary. The amount involved is only

only Rs 2500 per year which could bear no relation to that involved on account of prohibition and post-war development schemes. The argument about the difficulty of railway travel need not be seriously considered especially as normal running of trains has been resumed and the ^{any} difficulties will disappear before long. For orders.

In view of the instructions issued in the Finance no note at (V), it is for consideration whether the proposal ^{should} may be deferred for the present.
