Sir,

Government in their order quoted above directed that Secondary Grade Trained teachers who subsequently improve their general educational qualification and seek admission into Training Colleges should pay a tuition fees of Rs. 100/-. Though repeated representations were made by Secondary Grade Trained teachers to exempt them from the payment of the above fees their requests have not so far been favourably considered by Government.

2. I sympathise with these Secondary Grade teachers who are mostly low paid teachers employed in aided schools. They have often to take leave on loss of pay when they go in for B.T. training. By the time they come for the B.T. training they would have already spent a considerable amount from their meagre savings, if any, for passing their Intermediate and B.A. Examinations. It looks therefore unfair to insist on payment of tuition fees by these people while raw graduates are being admitted to training free. It is to be noted that these secondary grade men have in spite of considerable disadvantage toiled hard to improve their educational qualification in their zeal to equip themselves better for their profession. They are therefore men of spirit and endurance and with their teaching background and experience are bound to prove better teachers than the raw graduates. Therefore, in my opinion they deserve every encouragement. Further by the time these Secondary Grade Trained teachers join a College for the B.T. or B.Ed. training they would in most cases have served the bond period stipulated in the agreement executed by them when they underwent the Secondary Grade training. In these circumstances there is nothing to justify their being treated differently from the other raw graduates.

I therefore request that Government may be pleased to exempt Secondary Grade trained teachers from the payment of tuition fees prescribed in G.O.No.Ms.2110-Education dated 4..11..1940.

Sir,

We, the undersigned Secondary Grade Trained Graduate Teachers, since undergoing the B.T. Course in the Teachers' College, Saidapet, hereby wish to make an appeal to you to have us exempted from the payment of the tuition fees of Rs 100/- charged for the entire Course

With a view to improving our pay and prospects in the Teaching Profession, and with great mental and physical strain, we have qualified ourselves first for the Intermediate and then for the B.A. Degree. That apart, this protracted Course has cost us a great deal. We are not guilty of any exaggeration when we say that this Course has exhausted our already slender financial resources, and that we are now on the verge of an economic ruin. To insist on our paying a tuition fee of Rs 100/- now for the B.T. Course is, to say the least, a great hardship for us, who have a fairly long and loyal record of service to our credit.

The argument advanced on behalf of the Government in levying fees from Secondary Grade Teachers desirous of qualifying themselves for the B.T. Degree is that they did not pay ~~the~~ tuition fees for the Secondary Grade Course. But we may be permitted to point out, in this connection, that after

the Completion of Secondary Training, we have served for three years as teachers, as required by the terms of the Contract; hence we are no longer under any financial liability to the Government.

During the period of our training here, we, big family men as we are, have got to maintain two establishments for which we have perforce to incur debts to the tune of about Rs 2000/- the repayment of which will take not less than ten years, having regard to our notoriously illiberal salaries.

3. In view of the multifarious difficulties in which we are placed at present as detailed above, and in view of the abnormal living conditions obtaining at present, we pray that early orders may be passed cancelling the levying of tuition fees from us and refunding the first instalment paid by us on the day of admission, thereby treating us at least on a par with raw graduates.

4. Hoping that the authorities concerned will readily comply with our reasonable request,

for undergoing the B.T. or B.Ed. course. The Director, therefore, recommends that Secondary grade trained teachers under-going B.T. or B.Ed. training courses may be exempted from payment of tuition fees. The probable loss of fee income on account of the proposal would be Rs. 2,700 per annum recurring.

There is a great demand for trained graduate teachers now for staffing the training schools opened to train the large number of additional teachers required for compulsory elementary education. The cost of living has also increased considerably and the Govt. have ~~also~~ sanctioned increased stipends to candidates undergoing secondary and elementary grade training. In the circumstances this department accepts the proposal of the Director and recommends that the necessary ~~reduction~~ deduction as shown in the summary at the top may be made in the Budget Estimate for 1947-48.

SUBJECT: Secondary Grade Trained Teachers undergoing L.T. or B. Ed. Courses--Exemption from payment of tution fees.

Please see the D.P.I.'s letter on page 1c

The question of ~~exemption~~ exempting secondary grade trained teachers undergoing L.T. orB. Ed. training from the payment of ~~tuition~~ tuition fees was considered in the past. In 1940, it was decided that there was no case for a complete waiver of the fees but that the rate of fees might be reduced to Rs. 100. The question was again examined in 1943 and the decision was that there was no case for reconsideration. The main argument against exempting such students from payment of fees was that they had been trained at Govt. expense once and that they should pay for a second course of training intended to improve their prospects (Please see the notes on pages 6-14 of G.O. 2110Edn. dt. 4-11-4 and 11 to 14 of GO No: 413 Edn of 16.3.43.

Circumstances have changed since 1943. number of training schools have been opened to train the teacher required to implement the Govt.'s plan of ~~universal~~ compulsory edn Trained graduates are required for staffing these training sch Again, additional ~~xxxxxxx~~ ~~training~~ sections have been opened in a number High Schools to cope with the demand for additional ~~xxxxx~~ ~~seats~~ sections and trained graduates are required for these additional ~~xxxxx~~ sections also. The cost of living has increased considerably since 1943 and Govt. have sanctioned increased rates of stipends to candidates undergoing secondary and ~~Higher Grade~~ elementary grade training.

It may be mentioned here that recently a petition was received from students undergoing training in the Teachers' College, Saidapet, requesting permission to wait the Hon'ble Minister for Education to urge their case for a gra of stipends. Please see the notes on pp.1-2 above. As stated by the E.P.H.Dept. the main argument for not exempting the Secondary Grade Trained teachers undergoing training in L.T., B.T. or B.Ed. courses from payment of tuition fees in the past was that they had been trained at Government cost once and that they should pay for a second course of training intended to improve their own prospects. That argument still continues to hold good. The fresh reasons adduced by the E.P.H. dept, in support of the exemption are that there is a great demand for trained teachers, that the cost of training has gone up considerably and that the Govt. have sanctioned increased rates of stipends to candidates undergoing training in Secondary and Elementary grades. The stipends are given not merely because the cost of living has gone up but mainly to attract sufficient number of teachers to undergo training in secondary and elementary grades. It cannot be said that there is a dearth of candidates to undergo training in L.T. or B.T course. As the termination of war has already ~~shut out~~ closed various war-time avenues of employment to the graduates it is likely that in future years there would be a good rush for admission in the training colleges as in pre-war years.

In addition to ~~Simultaneously with~~ the intro duction of Prohibition in 8 Districts the Govt. have already committed themselves to a very large expenditure ~~such as expenditure~~ on food subsidies, post-war schemes etc. The present is not therefore ~~a suitable~~ the proper time for ~~abandoning~~ any avoidable loss of revenues, however small it may be. Since the Secondary grade trained teachers have had one course of training free at Govt cost, and since they undergo the second training (L.T. or B.Ed training) only in order to improve their prospects in life and as there has been no dearth in the number of such candidates applying for the L.T. or B.Ed training, there does not seem to be a call for reconsidering the orders in the G.O.s at pp 16-17 (m) and p14 (S).

recommends that the candidates may be exempted from payment of the fees and this dept supports the proposal. The Finance dept strongly advises against the proposal. That dept suggests that if the proposal is to be pressed, it may be considered as a Part II scheme for 1947-48. If the proposal is to be sanctioned this year the loss in revenue will be Rs3,300. As the academic year has already commenced and the students would have paid their tuition fees already, the proposal need not be sanctioned this year. The Director may be asked to bring it forward as a Part II scheme for 1947-48, including women secondary grade teachers also who are now required to pay a fee Rs 50 for LT or BED training.

It is desirable that these candidates also should be trained free of cost. It is not true to say there is no dearth of candidates. The fact is that many new schools are not able to come up because of want of teachers. As fees must have been paid for this year, the D.P.I. may prepare & submit his proposals in this matter early enough to be included in the budget.

The D.P.I. has renewed the proposal for the abolition of the levy of tuition fees from the secondar grade trained teachers who undergo BT or BEd training. He also recommends that secondary grade trained women teachers who are now required to pay a minimum fee of Rs 50 for the BT or BEd training may be exempted from the payment of tuition fees. The probable loss in fee income to Govt on accounts of the proposals will be about Rs 2,70 per year

2 Training of teachers is one of the schem included in the Govt's Five year plan. The propo may therefore be considered to satisfy the criteria laid down in the Fin dept. u.o. note at Ⓑ. Attention is also invited to the minut of H.M. (Edn) and the H.P.M. on the previo page.

3 The proposals may be supported in this dept and the file sent to the Finance depa for remarks.

2. The E.& P.H. Department recommend that the proposal for the abolition of the levy of tuition fees from the secondary grade teachers who undergo B.T. or B.Ed. training, may be considered as a Part II Scheme for 1947-8. According to the ~~recent~~ instructions recently issued by this Dept. with the approval of ~~[illegible]~~ H.P.M., Part II Schemes for 1947-8 should be restricted to those that are contemplated in the five year post-war development plan or that can be treated as modification of schemes included in the five year plan and that schemes outside the plan should be proposed only if they are required in connection with the Grow-More-Food Campaign or are fully remunerative (e.g. Electricity schemes) or are absolutely essential for running of departments. The E.& P.H. department state that as training of teachers is one of the schemes included in the five year plan, the proposal may be considered to satisfy the criteria laid down for Part II Schemes. They apparently refer to the special priority Scheme No.34 described on page 45 of the book "Post-war Reconstruction and Development Schemes of the Government of Madras". This scheme relates to the training of additional teachers required for the introduction of compulsory elementary education and not to training of teachers in B.T. or B.Ed. courses. ~~[illegible]~~ ~~view to expand Secondary Education~~. The scheme does not satisfy the criteria laid down for Part II Schemes for 1947-8. Further, the scheme was considered many times in the past and dropped. ~~[illegible]~~ The scheme, though desirable, cannot be held to be essential. In August-Sept. ~~[illegible]~~ P.4 above ~~[illegible]~~ H.M. (Edn) and H.P.M. directed that the proposal might be ~~desirable it may be [illegible] circumstances~~ brought forward as a Part II scheme for 1947-8. Subsequently, ~~[illegible] the scheme may be deferred for the present.~~ however, the instructions in this dept. ref. [illegible] 9.10.46 at flag (b) were issued ~~with the approval~~ under the orders of H.P.M. The issue of these instructions to restrict Part II schemes for 1947-8 was necessitated by the fact that, owing to the decision of the Govt. to introduce prohibition in [illegible] districts in the current year and throughout the province within 3 years, the financial position had worsened. It is for consideration whether the E & P.H. Dept. may be requested to recirculate the case to HM (Edn) and HPM for orders with reference to para 2 of their ref. cited at (b).
