2 no teacher should ordinarily be
transferred in the middle of a school year but
if such transfers are absolutely necessary for
administrative purposes, they have to be made. There
appears to be no rule prohibiting the transfer of
teachers in the middle of a year. The Govt have no
information whether transfers in the middle of year
are frequently made in high schools under the
control of local bodies.

2. Local bodies have adopted the M.T.A. Rules for their officers & servants and to on transfer will be admissible under the rules. Unless a transfer is made at the request of the teacher, to will have to be paid. There is no information as to what is actually being done in the case of teachers in the employ of local bodies.
