Dear Dr. Savor,

I am desired to say that it is the intention of Government to open at least half a dozen basic training schools in the province. They therefore consider that ten more candidates should be sent to Wardha for training immediately. I am to request you to submit necessary proposals in this behalf at a very early date.

Yours Sincerely,

Education and Public Health Department.

Sir,

Subject: Basic Education - Training of additional
teachers at Wandha.

Reference: Your D.O. Letter No. 68565-B2/46-1 Edn.,
dated 12-11-1946.

I have the honour to submit herewith a statement showing the names of the applicants with their community, qualifications, age etc., who applied for training in Basic Education. These applications were received in July last. As Government want to select the candidates urgently there is no time to call for applications once again. Hence the choice of candidates in regard to Tamil, Kannada or Malayalam candidates was very restricted.

2. I may submit that on the last occasion when the selection of candidates was made (vide G.O.No.Ms.1463 Education dated 26-7-46) the distribution among the several linguistic areas was:--

Telugu	..	2
Tamil	..	5
Malayalam	..	3
Kanarese	..	1
TOTAL..		11

In view of this, I recommend that government may select, 4 Telugu, 4 Tamil, 1 Malayalam and 1 Kanarese candidates. I also recommend that Government may select the required number of candidates they want from among the undermentioned candidates who are arranged in the order of preference:-

No.	Name.	Telugu:	No. in the Annexure.

Two Muslim ladies have also applied and if Government consider that one of them can be selected, I recommend that Miss. Ismath Ara Begum (No.31 in the Annexure) may be selected, the quota for Family Telugu being reduced by one.

As for my qualifications, I beg to submit that I am a graduate of the Madras University with History and Economics as optionals and a B.Ed., (II Class) of the Andhra University - trained in the methods of teaching History. I am a permanent school assistant in the Board High School, Kollipara under the Guntur District Board, drawing a salary of Rs.110/- p.m. plus dearness allowance at 17½%. I am now under orders of reversion from the present officiating Headmaster's post to my permanent appointment in the Board High School, Kollur owing to the return from leave of the permanent incumbent. I am an Andhra and my Vernacular is TELUGU. My age is about 36 years.

I am prepared to undergo training in the Wardha Scheme of Education in case I am selected and deputed therefor, subject to

The Hindustani Talimi Sangh,
Sewagram, D/- 1st January, '47.

My dear Avinashlingamji,

Thanks for your letter dated the 27th December, '46. I spent two days at Sitanagaram Kastur Ba Training Centre and saw the work that is being carried on there. I was very pleased with the atmosphere of the place and efficient organisation of the training centre. Girls are receiving the right type of training for village teachers and sevikas. The practising school has three grades with sixty children. Three trained teachers are in charge of the school. Children are receiving good basic education. Parents are co-operating. But the presence of another Board School is causing difficulties in the way of the natural development of this basic school. Teachers have propaganda against the basic school and attract children by foul means.

I suggest the D.E.O. be requested to meet Smt. Vidya Devi and discuss the policy for starting basic schools in that area. The Board school may be closed and the basic school attached to the Training Centre be recognised.

I was informed that electricity for the Kastur Ba Centre could be obtained from a station close by provided the Government grant sanction. It would help the institution's development, if you can secure the supply of electricity badly needed as the place is ~~is~~ infected with snakes.

I am surprised to know that Mr. K. R. Ramakrishna is not willing to come to Sevagram for training. He seemed very enthusiastic. You may depute another qualified candidate in his place who can assume the responsibility of organising the training school in Kerala.

I consulted Smt. Ashadevi and other members of the staff about taking a few more teachers from Madras for training. I regret that they all think that it would be a great strain to admit fresh students now when the course is so far ~~is~~ advanced. You will kindly excuse our inability to concede to your urgent request.

I have suggested to Mr. Lobo that he may send one candidate for Kerala and one qualified lady teacher for strengthening the Sitanagaram Staff, so that women students can be trained there.

I am leaving for Cuttack on the 9th instant and shall be back on the 18th instant. We are expecting Shri Arunachalam with his wife.

With best wishes from us both for your health and love from Mittu,

Yours affectionately,
Arya Nayakan

It is the intention of the Government to open at least half a dozen training schools throughout the Province for Basic Education. We have sent about 10 candidates to Wardha for training, of whom I understand a lady from Andhra has returned. It is hereby proposed to send ten more. The D.P.I. may be asked to select the candidates and submit to Government immediately. In the meantime this proposal may be sent to Finance. The expenses for these ten candidates may be taken to be nearly half the expenditure of the previous men as the time at their disposal will be only nearly half.

The matter may be treated as urgent immediate and steps taken in that direction.

As far as this deft is aware, Jot have sanctioned the opening of 3 schools and not six. ~~as the~~ EPH may please let this deft see the files in which Jot have sanctioned the opening of six schools. If there is no such proposal file, they may first put up the proposal to Jot separately and get orders for incurring expenditure, which will include also exp^{ts} articles such as there deputations. It is presumed that the number of deft will do for the 3 schools so far sanctioned. If ~~there~~ there is no proposal before Jot for opening 3 more schools in the near future, expenditure on deft's person for the near future may be premature, ~~and will be wasteful~~. unless the case is long (which I do not think is the case). Attention is solicited to the note on pages.17-18 of N
G.O.No. 1363 Edn, dated 15.7.1946, wherein Government have

decided to open three basic training schools in the
Presidency. ^{one} ~~(at)~~ ⁱⁿ ~~for the~~ ⁱⁿ ~~Tamil districts,~~ ⁱⁿ ~~other~~ ⁱⁿ ~~for the~~

regarding

h/s 3 CF regarding the opening of a basic training school at Coimbatore have been issued. Proposals for the opening of the training school for the West Coast have been deferred as the D.P.I. reported that no trained teacher became available for conducting the school. The question of opening a training school at Vinayasramam, Guntur district (for the Andhra area) is under consideration. There are no orders of Govt. regarding the opening of six basic training schools. The

In the orders issued above, there is no mention made of six training schools for this year. It is true that the Government ordered that three training schools may be opened this year for the Basic Education but the intention is to convert as many present training schools as possible into Basic Education Training schools. It is not the intention of Government to open any more Basic training schools than has been done this year, afresh, but it is intended that the present training schools should be ~~very~~ switched on to the basic method from next year as fastly as we can. It is to facilitate this that the present trainees are being sent to Sewagram. Orders on this may be issued soon as it is good for these trainees to get the maximum training possible under the circumstances.

Please see the note of the Deputy Secretary on page 4 above, the subsequent note of E.P.H. and the minutes of

H.M.(Education) above.

So far orders have been issued for the opening of a basic training school at Coimbatore and the question of opening of a training school in Guntur District is under separate consideration. Already 10 candidates have so far been deputed to WARDHA for training. It is not clear whether it is necessary to train another batch of 16 candidates at Wardha, when the number of basic training schools opened so far is only one.

E.P.H. apparently consider that the training of more candidates in basic training is necessary to convert the present training schools into basic training schools, next year. Finance may perhaps suggest that the next batch of candidates may be trained at Wardha after the ten candidates who have already received training at Wardha are absorbed. If E.P.H. wished to press they may take orders of H.P.M.

The position is as under:

Three training schools in the Basic education have been sanctioned in G.O. 1363 Edn. dated 15-7-46. One of them has been opened at Perianaikkenpalayam (Coimbatore District). One intended to be opened in Malabar has been postponed. The opening of the third school in the Andhra area is under consideration.

In G.O.No. 1463 Edn dated 26-7-46, 11 candidates were deputed for direct training at Wardha. It was intended to employ them on return from Wardha as teachers in educational institutions selected by the Govt. for furtherance of the Basic education schemes. (This proposal was treated as a new service)

It is now proposed to depute 16 more candidates for training at Wardha. H.M.(Edn.) has remarked that it is not the intention to open any more Basic training schools as had been done in this year, but that the present training schools should be switched over to the basic method from next year as fast as we can. Apparently this will be the second and last batch of candidates to be deputed for training in the current year. The period of training in this case may perhaps

be a maximum period of 9 months allowed in the previous case in the G.O. at (b). E.P.H. may specify this in the draft.

As the proposal for deputation of candidates has already been included in the General scheme sanctioned in G.O. at (h) and as the deputation of a batch of 11 students has been sanctioned in G.O. at (b), it is not necessary to treat the present proposal as on a 'New Service'. E. & P.H. may, however, be requested to circulate the case to H.P.M. also before issuing orders.

D.S.

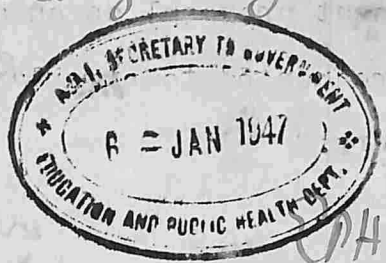

If the intention is as stated at 'P' and 'C' ante, there seems to be little use in sending, for this training, persons who are not already employed in the training schools proposed to be opened or in the basic method, unless, of course, it will be possible to transfer to these schools those persons who have had the training. This will be possible probably in joint institutions and in private institutions, with the consent of the managements. It will be necessary to fix a programme for switching over, then pick out candidates from the schools institutions in the programme or candidates who can be picked out from the institutions, who can by any means be put into the programme after they are trained.

Except in the case of Dr. B. S. P., it would seem to be a waste of public money to train persons in the basic method without first making the necessary arrangements to see that their training will be given in the not distant future. The provision contained in the draft will not be sufficient for itself. If the schools institutions to be switched over are private, it seems that the managements must agree to take in the trained men, sending out the untrained men who will be replaced. In joint institutions too, the question of providing for

8

The repland men will arrive and the entire scheme will have to be planned first. The school in the district is therefore still premature.

The difficulty will arise of course in the case of the 3 new training schools proposed to be opened at the first.

IMMEDIATE:

Secretary, E. & P.H.

Please see herewith a letter from Mr. Ariyanayagam, Secretary of the Hindusthani Talimi Sangh. He has promised to take one more individual from Malabar. The D.P.I. may be asked to send one individual more than what we have already done before. Mr. Ariyanayagam has not found it convenient to take the 17 people whom we recommended in the second list. There is only one Malayalee. The most suitable in the list may be sent to Wardha for training.
