EDUCATION AND PUBLIC HEALTH DEPARTMENT  
(Education)

G.O. No. 962, 9th May 1947

Schools—Local bodies—Buildings—Construction and repairs—Approval of plans by the Director of Public Instruction.

READ—the following papers:—

From the Special Officer, District Board, Mangalore, dated 26th February 1947, Rc. No. 4353-E-7/46.  
From the Director of Public Instruction, dated 25th March 1947, Roc. No. 394-G/47.

Order—No. 962, Education, dated 9th May 1947.

Under G.O. No. 506, Education, dated 2nd April 1945, sanction of the Director of Public Instruction is necessary for all plans and estimates relating to the construction of school buildings even though Government do not provide a subsidy for such construction.

The Special Officer, South Kanara District Board, enquires whether the orders in the Government Order will

be applicable to building works, the expenditure for which is entirely met by subscription from the public or by gift to local bodies. The Government direct that, in such cases, the approval of the Director of Public Instruction should be obtained for the plans alone.

Sir,

Sub: SCHOOLS - Local bodies - Buildings - construction  
and repairs - approval of Director of Public  
Instruction. - certification - requested.  
Ref:- G.O.No. 506-Edn, dated 2nd April 1945.

In The G.O. referred to above, it is stated that the  
sanction of the Director of Public Instruction should be obtained  
also for all the plans and estimates relating to the construction  
of school buildings for which Government do not provide a subsidy.

2. Some of the Local people of this District voluntarily  
offer to construct buildings for the purposes of schools by raising  
subscriptions from the Public and gift them to the Board. In such  
cases no expenditure is incurred by the Board. It is not clear  
whether sanction of the Director of Public Instruction should be

P.T.

obtained for plans and estimates in the case of these works.

2. I, therefore, request that the Government may be pleased to clarify their orders referred to above.

2. If the expenditure is being met entirely by the villagers and the work is carried out by them there is no need for the Director to scrutinise the estimate. The authorities of the District Board or the Municipality should be required to see that the work is done under the supervision of a qualified Engineer who would be responsible for the structural stability of the building. But, in these cases, the plans will have to be scrutinized by the Director with reference to the educational needs and so approval of the plan alone is necessary.
