(P.T.O.)

The distribution of the Report on the working of the Registration of Births, Deaths and Marriages Act (Act VI of 1886) and Malabar Marriages Act (Act IV of 1896) was fixed in G.O. No. 156 Law (Registration) p.2 (E) d. 6.11.35. The Statistical Officer working under the Div. of Industries was added to the list in Memo No. 3095 C-I d. 8.11.37. As there is no upto date corrected copy of the list, the S.G.P. may be asked to check the list in the G.O. referred to above and bring it up to date.

2. According to the distribution list on p.2 of the G.O. (E) besides supply of copies of the Report to members of the Provincial Legislatures and non-official Madras members of the Legislative Assembly and the Council of State, the S.G.P. has to supply copies of the Report to others who are entitled to free supply numbering up to 400 copies of the Report for 1944-45 - G.O. No. 1395 Cdn d. 19.7.46 - were sent to the S.G.P. for distribution. After distributing 271 copies to members of the Provincial Legislatures with reference to the memo on p.25 (E), the S.G.P. asked for an upto date distribution list for the balance of 129 copies with him. He was told to distribute the balance in accordance with the existing distribution list and send the remaining copies, if any, to Govt pending decision on the question of revision of the existing distribution list. Information as to the actual distribution out of these 129 copies may be called for from the S.G.P.

3. The S.G.P. after bringing the distribution list up to date may be asked to pass it on to the Registrar-General of Births, Deaths and Marriages for scrutiny and revision. The Registrar-General's recommendations may be specially called for his attention specially to the unsatisfactory paper portion communicated to him in G.O. No. 1417 Cdn d. 22.7.46.

4. In the Memo on p.20 (E), it was ordered that 350 copies of the Report should be printed for the use of members of the Provincial Legislatures. The balance of 79 copies after making supply to the members was ordered to be kept in stock by the S.G.P. for supply to new members who may enter the legislature by bye-election or otherwise. In future, the number of copies may be limited to 271 the actual requirements plus 26 copies for the non-official Madras members of the Central Legislative Assembly and the Council of State, i.e., 297 in all or 300 in round figures.

5. The Subject 'Malabar Marriage Act' has recently been transferred to the Home Dept. The existing Admin. Report sent by the Registrar-General includes the Report on the working of the Malabar Marriage Act (Act IV of 1896). The distribution list for this Report is separately given in Annexure II to the G.O. at (E). It may now be necessary to split up the existing Admin. Reports of the Registrar-General into two and send the Report on the working of the Malabar Marriage Act to the Home Dept. Home may take up the question with the Registrar-General and incidentally also undertake the revision of the distribution list on the lines proposed in the foregoing paras.

6. The case may be sent to Home for necessary action with reference to para 5 above.

7. A draft on is also submitted with reference to reports paras 1 to 3 above.

The file relates to the revision of the distribution list of the administration report on Births Deaths & Marriages Act and allied Acts. It has been sent to this dept for revising the distribution list of the report on the working of the Malabar Marriage Act. The Subject "Malabar Marriage Act" has recently been transferred to this dept from S. P. H. but on that score there seems to be no justification for breaking up the administration report at (A) which is a general report on Births Deaths and Marriages. Report on Malabar Marriage Act forms only a very small part of that report. On the other hand, it would appear, that as the Subject "Marriage" is dealt with in this dept, a separate report on marriage may be prescribed and the Registrar Genl of Births Deaths and Marriages directed to send the report to this dept.

CV

This report may include details of marriages under the
Judean Christian Marriage Act, Special Marriage Act, Parsi
Marriage Act and ^{the} Malabar Marriage Act and references
to these Acts in the report at (A) may be omitted. If
his suggestion is agreed to relevant extracts may
be taken from this file and the question pursued
separately in this Dept. The question of prescribing a distribution
list for this new report may be taken up later. For orders.

19-1-47 It is hardly worthwhile having
a separate Admin. Report year
concerning the Malabar Marriage
Act. & the other spl. Acts referred to at
A above - please see the last report
at pp. 3-6 of (A). The review
of the report furnished by the Registrar-

with this dept. This procedure may

branches of the Administration were not printed but
only a limited number of typed copies taken of which two
or three were kept in places to which the Public and
the Press had access. Thus free supply of Government
publications was suspended during the war - vide G.O.
No.475 Edn. dated 29-3-1943. Recently the printing
of the Administration Reports from the year 1944-45 was
resumed in view of the meeting the Legislatures and
the need for supplying copies to the Members thereof.

3. Though the War has ended, the paper
position continues to be very unsatisfactory so far as
the supply of paper for Governmental needs are con-
cerned. The scheme of centralised supply of paper by
the Controller of Printing and Stationery (India) from
indigenous production by the Paper Mills continues. The
Controller has very recently reported, after a review
of the paper ~~press~~ position, that there is likely to
be a shortage in the output of indigenous production
during 1947-48 and allotted 550 tons as a share of
this Government in respect of this shortage. The Con-
troller proposes to make good this shortage by import
of paper and states that import is by no means likely
to be very easy.

4. In the circumstances and in view of
it is apparent that strictest economy should be
enforced to limit the distribution of copies of the
Administration Reports printed. Printing and the
revision of the distribution list may however proceed.
The revised list of distributed as forwarded by the
Registrar-General (Births, Deaths and Marriages) may be
