The Secretary to Government,
Education and Public Health Department, Madras.

Sir,

Sub:- Presidency College, Madras - Additional Professor
of Botany - Further continuance.

Ref:- G.O.No.669,Edn.,dated 30-4-1945.

In their order referred to above, Government sanctioned the conversion of one of the posts of Assistant Professor in Botany in the Presidency College, Madras into that of an Additional Professor of Botany in the Madras Educational Service. This sanction will expire on 30-6-1947. The conditions which necessitated the creation of the post in 1945 still continue and are also expected to continue permanently in view of the increased admissions in the College. I have therefore the honour to request that Government may be pleased to sanction the continuance of the post for a further period of three years from 1-7-1947.

I have the honour to be,
Sir,
Your most obedient servant.

Re No. 317 K2/47, dated 6-4-1947. 19

Sir,

* Sub: PRESIDENCY COLLEGE MADRAS - Post of additional
Professor of Botany - Permanent retention
- Requesting.

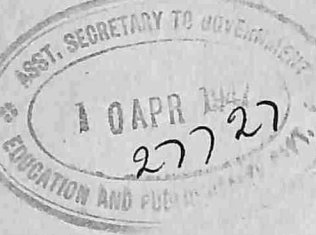

In modification of my recommendation in my
letter Roc.No.317 K2/47 dated 13th March 1947
I have the honour to request that in the circumstances
explained below the Government may be pleased to sanction
the permanent retention of the post of Additional
Professor of Botany, in the M.E.S. with effect from
1st July 1947. I have already stated that the con-
ditions which necessitated the creation of the post
in 1945 still continued and it was also expected to
continue permanently. The post of Additional Profes-
sor of Botany in the Presidency College is definitely
necessary as is the post of Additional Professor of
Zoology and there is no likelihood of the Additional
Professor's post in Botany being abolished at any
time in the future.

2. Moreover, I submit herewith a copy of the
petition received from Sri M.S. Matessa Ayyar,
Officiating Lecturer in Natural Science, Teachers' College
Saidapet. In spite of his having been declared to
have satisfactorily completed his probation in the
Madras Edl. Service as early as 9th March 1945 there is
no vacancy in which he can be confirmed. He is due to
retire from service on 15-12-1947. As he has no chances
of confirmation in the Madras Edl. Service and as he
cannot also have the benefit of counting his higher
officiating pay in the Madras Educational Service for
purposes of calculation of pension in view of there
being no substantive vacancy in the Botany unit
reserved for a War Service Candidate, he will be
entitled only to a small pension compared to his
officiating pay at the time of his retirement. If
the post of Additional Professor of Botany is retained
permanently, he can be confirmed in that post and his
hardship in regard to pension may be minimised. On
this account of mitigating an individual hardship also
I recommend that the Government may be pleased to
sanction the permanent retention of the temporary post
of Additional Professor of Botany, with effect from
1-7-1947.

ENCLOSURES _____

SPARE COPIES _____

Copy of petition from M.S.Natesan dated 25th March 1947.

It is now nearly 32 years since my first entry into the service of the Department on the 10th July 1915 as Assistant Professor of Botany, Presidency College, Madras. The date of my retirement from service from the Department owing to the completion of the fifty fifth year is 15th December 1947.

I was first promoted to the Madras Educational Service on the 18th August 1942 and my probation in that service was completed satisfactorily as early as April 1945. I have not yet been confirmed in the M.E.S. By retiring without a permanent post in the Madras Educational Service, the small pension amount I shall be eligible for, will be reduced by Rs.65/- a month.

The post of the Additional Professor Botany, Presidency College, Madras, was created with effect from July 1945 when I was posted as Professor of Botany in the same College. I request that I may be kindly confirmed in that post. It will be some compensation for me in my old age if I am confirmed as Additional Professor of Botany, Presidency College, Madras, which is vacant.

Note: Finance u.o. for acceptance.

They are unable to approve the proposal that the post should be sanctioned on a permanent basis from 1.7.47. With a view to mitigate the hardship to Sri M. S. Natesan, offg. Lecturer in Natural Science, Teachers College, Sardarpat, it is open to the Director to explore the possibility of confirming him before his retirement in Dec. next and put up proposals.

Pl see Fin. note above. The
DPI has since requested that the post may
be made permanent with effect from 1-7-47
for the reasons stated in his letter on p3cf.
It may be noted in this connection that
no post is ^{originally} made permanent unless it has been
in existence for more than 5 years. The post
of addl. Prof. of Botany in the Presidency College
was sanctioned only with effect from 1-7-45
and as such, it has been in existence for less
than 2 years. Besides in a recent case, Fin.
Dept. pointed out that the Retrenchment and
Reorganisation Committee has expressed
the view that no post should be made

permanent at present before it sends its recommendations on
the necessity for any post. But in February last the Government agreed to
make a post of Prof. of Electrical Communications Engineering, College of
Engineering, Guindy, permanent though it had not been in existence for 5
years. ^{Vide} the papers in memo No. 73124-A.3 Education dated 28-2-1947. It
is for orders whether for the reasons mentioned by the Director in paragraph
3 of his letter on page 3 c.f. and for the reason that the post, as pointed
out by the Director, will have to be continued in any case and eventually
made permanent, the proposal will be supported in this department. It is
likely that it may take time for the 'Re-organization' committee's recommen-
dations to come in.

The file may be sent to Finance Department for remarks before
circulation.

(Previous note of Finance on p2 above)

The post of additional Professor of
Botany in the Presidency College, Madras was
created in sanctioned with effect from 1-7-45.
It is now proposed to make the post permanent
in view of the following considerations:

(i) There is no likelihood of the
Additional Professor's post in Botany being
abolished at any time in future

and (ii) Sri M. S. Natesa Ayyar, officiating
Lecturer in Natural Science, Teachers College
Saidapet is due to retire on 15.12.47; he
has no ^{chances} ~~posts~~ in the Madras Educational Service

3. As regard reason (2), it is submitted that such hardships are not uncommon in Govt. Service and Posts

Our case is
the usual five-year rule may
be relaxed in this case as it is more or
less

less certain for this post with in due
 course before time to be made permanent,
 & the relaxation is hardly desirable to
 mitigate hardship in this particular case - the
 position (when being for it is not
 impossibly to arrange for such mitigation
 when, in view of 'K' above, the breach of
 the integrity of the five-year rule is
 more a matter of form than of substance;
 & as it is not likely that loss of
 precisely this type - pecuniary benefits
 or the loss of service dependent on the
 question of relaxation to five-year rule to
 make the post permanent in a large
 where it is certain that the post will
 eventually be made permanent - with the
 numerous, there is not much risk of this
 being a precedent for large number of
 cases. We may, therefore, press the case.

negative, D.P.I. may be informed as at
 'T' at a later date.

I regret this is a hard case but in the face
 of rules and precedents, how this relaxation can be
 made? The D.P.I. may be informed as at 'T' above.
