Sir,

In a communication d. 3 Oct '46 No. 42930-C2/46-5 you intimated that attempts are being made to procure for m a seat in U.K, failing which my seat will be diverted to U.S. Meanwhile I was asked to try on my own for a seat in U.S.

2. Since a considerable time of 10 weeks has elapsed already, I am anxious to know authoritatively at what stage govt. efforts are in the matter, so that coordinated attempt might be made both by the govt and myself.

3. I am at present awaiting cables from California Institute of Technology, Columbia Uny, Uny. of Southern California, and New York Uny - all first grade Institution having study program in my subject - to whom I have sent my full credentials. If Govt. also are seeking facilities for me in the States, it might be useful if the Liaison officer - Prof. Sundaram - is asked to back up the claims already made by me, instead of seeking fresh avenues. Such a step at the right moment might be of great advantage in my efforts. I shall be obliged if you can communicate this to the Govt. of India who, I presume, are making the efforts on your behalf.

2

4. I understand also that Govt. are arranging in some cases temporary visas to be issued to Candidates who have not yet secured admission facilities, so that they may personally try to secure them. I have reason to believe from ~~the~~ many friends in the states, that such a step might be highly useful. May I know if my information is correct, and if so could such a visa be issued to me for going over as soon as possible.

5. You must be aware of how anxious I am to take up the Course of Study overseas and the present fluid position has made it impossible for me to project any specific new task at this stage. I was anxious to be in time for the Spring Session, but I am not so sure now that it is possible.

I shall be obliged if you can inform me about the efforts you are making and coordinate them, as I have suggested, ~~the~~ with those being made by me in the States.

I shall appreciate an early reply.

Sir,

With reference to the above memo and in pursuance of the letter I wrote to you a few days back, I am now pleased to state that Prof. Vern O. Knudsen, Dean, Graduate Division, Uny. of California, Los Angeles, has written to me that he is prepared to admit me for work in the Physics Faculty with specialisation in Acoustics (which is my allotted subject) for the Ph.D. Degree. Prof. Knudsn is a well known authority in Acoustics and it is indeed fortunate for me that I have been able to secure, by myself, facilities under him in a first grade institution. I write this for your ratification.

2. I am enclosing Prof. Knudsen's Letter where he needs some transcripts and records to be sent before he could send the formal admission form. I am doing this but obviously it might take 3 weeks before the form could be rushed to me. Meanwhile, if you ratify my proposal, I could communicate with the shipping agents to whom you direct me and secure passage. I hope now that admission has been secured, high~~t~~ priority will be given to me so as to enable me to leave to be in time for the Spring Session which is just two months away. I am therefore rushing things thro and shall be obliged if you cooperate with me in speeding up matters for my sake. In case, permission has to be secured from Delhi, could you ratify it provisionally and allow me to communicate with American Express Co., for passage pending

5

pending final orders. I am suggesting this so as not to cause unavoidable delay and I hope you will appreciate the suggestion.

3. I shall await your immediate reply; and I hope you will deal with it urgently so as to enable me to reach the States for the spring session.

Thanking you very much,

Vepa Ramakrishna

Dear Mr.Ramkrishtna,

I received your letter of 8th November a few days ago but have delayed my reply pending certain inquiries which I have directed to our Department of Physics. We are so crowded for space that I did not feel at liberty to make any commitment to you until the situation in the Department of Physics was further surveyed. I am pleased to advise you that so far as the Department of Physics ~~was~~ is concerned, it will be glad to undertake the task of providing the necessary facilities for you Graduate study

A Work for the Ph.D. Degree in Physics means much more than specialisation in Acoustics. For example, it will be necessary for you to pass a series of comprehensive examinations in such fields as optics,electricity and magnetism, thermodynamics and heat, and mechanics(including Acoustics).

I am enclosing* an application form for admission to the Graduate Division which you should fill out and return to me together with transcripts of your college records. It will be necessary for us to have this before we can formally admit you to the graduate division.

Sincerely Yours
(Sd) Vern O.Knudsen, Dean

Sir,

With ref. to the above memo, I wish to draw your attention to the fact that should it be necessary for me to join the spring session in the Univ. of California, the time before me is so limited that the matter be speeded up, without waiting for the formal admission form.

I shall send you the original of the letter as soon as I receive it; but meanwhile I suggest that tentative decisions be taken on Prof. Knudsen's personal letter to me, a copy of which I have sent you already.

p 7 ante

I am applying to the Consul for the Visa and to the American Express for passage; and I request that the Govt. also grant me the necessary facilities without delay.

I trust you understand that my anxiety is solely because of my unwillingness to miss the spring session by a few days - and consequently having to wait about 8 months for the next session. Already six months have elapsed without any concrete work having been turned out.

I await your decision on the matter anxiously.

From Vern O.Knudson, Dean of the Graduate Division, Los Angeles(24), California, University of California, March, 21, 1947 to Mr. Ram Krishtna Vepa, Main Road, Vizagapatam, India.

Dear Mr. Vepa,

On March 13 we wrote answering an inquiry concerning a notice you had received from another university, and in this we stated that we had not received your application for admission and transcripts of records. This is to advise that we now have on file the necessary credentials and to inform you that you have been admitted to the Graduate Division of the University of California, Los Angeles, in unclassified graduate status for the semester beginning in September 1947. Registration of new graduate students for that semester will be during the week of September 15, on a date to be announced; no registration will be permitted after that date.

Your admission is provisional, subject to the payment of the application fee upon your arrival at Los Angeles.

Although we shall do everything possible to assist you, we wish to warn you in advance of your coming to Los Angeles of the very critical housing shortage in the vicinity of the University at the present time. The University maintains no dormitories and cannot assume responsibility for finding suitable living accommodations for students. I stronl urge, therefore, that you do not plan to attend this University unless y are able to make definite arrangements in advance for living accommodati upon your arrival in Los Angeles.

Would you kindly refer to your cable dated 9th July 1946, No.F7/8/46/ODII, in so far as it concerns Mr.Vepa Ramakrishna. We submitted his application to 'His Masters' Voice' Works to ascertain whether they would be prepared to afford the desired practical training facilities. As all the H.M.V. educational matters come under the province of the E.M.I. INSTITUTES this enquiry was referred to the Principal of these Institutes. We have now received their reply from Professor Trewman, the Principal, who is prepared to give Mr.Ramakrishna a five day course in recording on cellulose discs. The conditions under which this Scholar is acceptable to the E.M.I.INSTITUTESLtd. are set out in the letter which I append below. We recommend this offer of admission as it is likely that this scholar may be able to study for external Degree of the London University, by attending Evening Classes in one of the Polytechnics here, side by side with the practical training with E.M.I.Institutes Ltd.

Copy of a letter No.E.A.7961, dated 22nd March'47, from High Commissioner, for India, Education Department, India House, London, to Dr. Rozario. A.E.A. to the Government of India, Department of Education, New Delhi.

Would you kindly refer to your cable dated 9th July 1946, No.F7/8/46/ODII, in so far as it concerns Mr.Vepa Ramakrishna. We submitted his application to 'His Masters' Voice' Works to ascertain whether they would be prepared to afford the desired practical training facilities. As all the H.M.V. educational matters come under the province of the E.M.I. INSTITUTES this enquiry was referred to the Principal of these Institutes. We have now received their reply from Professor Trewman, the Principal, who is prepared to give Mr.Ramakrishna a five day course in recording on cellulose discs. The conditions under which this Scholar is acceptable to the E.M.I.INSTITUTESLtd. are set out in the letter which I append below. We recommend this offer of admission as it is likely that this scholar may be able to study for external Degree of the London University, by attending Evening Classes in one of the Polytechnics here, side by side with the practical training with E.M.I.Institutes Ltd.

p42 supra

M

2 I should be grateful if you would kindly let us know whether this offer is acceptable to the Government of India. If so, it may be kindly intimated as to how long the Scholar should have the training with the E.M.I.Institutes Ltd. so that arrangements at this end can be finalised.

Copy of a letter from E.M.I.Institutes Ltd., 43 Grove Park Road, Chiswick, W.4.

17th March 1947.

Further to my letter of March 11th I have now been in touch with our Recording Studios and inform you that it would be possible for us to give Mr.Ramakrishna a five day course in recording studios on cellulose discs. This would include visits to our studios during the recording of concerts, etc. but owing to certain technical reasons cannot include visits to the actual recording machine rooms connected thereto. The five day instruction would be carried out by one of the senior recording engineers and for your information I would mention that cellulose discs are thus used in connection with direct 'Play-back'. The fee for this five days instruction including expenditure of sapphire points, cellulose discs, etc. would be 30 guineas.

There is no course of training with E.M.I.Institutes covering the ground of Accounstics and Sound Technology, so that I regret that I am not in a position to offer any instruction on that side of Mr.Ramakrishnas' requirements. We are contemplating commencing a postgraduate electronics course in October next and this will include Audio-frequency technique but it will, in addition, cover a good deal of the ground which, according to his papers, Mr.Ramakrishna has already mastered. Details of this course have not yet been settled but it is probable that it will last for a year or 18 months and will include a useful period of time in the actual production of our factories.

Sir,

I trust you were in receipt of a registered Cover I sent to you on 31st March, enclosing the notice of admission in original from the Dean of the University of California, Los Angeles.

2. I am anxiously awaiting the issue of ~~auth~~ the Certificate of authorisation, which you promised sometime back, to be sent to the Consul. Since the ratification of the Govt. of India has already been given, I fail to understand the delay.

3. I trust the Shipping agents have been informed about passage for me and that generally all the facilities will be afforded by the govt.

4. I ~~to~~ hope you understand my anxiety as already 9 months have been taken up in this waiting for admission and I am eager to be able to start work without delay.

I shall appreciate if you can let me hear from you early on the subject.

Sir,

I have not heard as yet from you re. the admission notice I sent to you in original more than 3 weeks ago, from the Dean of the Graduate Division, Uny. of California, Los Angeles, admitting me to Graduate Status for work in Acoustics, which is my specialised subject.

2. I have been greatly perturbed ~~ye~~ by the receipt yesterday, of a Govt. of India memo. No F-7-3/46-O.D.IV d. 17th march, communicated to me by you, advising Govt. sponsored scholars not to enter into direct correspondence with educational Institutions regarding facilities. The memo refers however to candidates, who have not yet secured admission so far, and I am wondering why it ~~w~~ should have been sent to me.

3. I would like to invite the attention of the Govts of Madras and India, to your memo No 42950-C2/46-5 d. 3rd Oct. 46, where the Govt. of India, accorded me permission, explicitly, as a special case, to procure a suitable suit by myself, subject to their ratification. Further, in a memo sent from your office (pp 30-31 ante) No 29-C2/47-5. d. 23rd January '47, I was informed by you, that the Govt. of India, had ratified my proposed course of study at the Uny. of California, and wanted me to send the eligibility notice as soon as it was received by me, for arrangements to be made regarding passage.

TNS 24/4

53

4. In view of the above consideration, I presume that the memo. sent to me yesterday does not refer to me; but I should like to have your assurance on th[illegible] point. I might further add that the Univ. of California, is a first grade institution, and Prof. Knudsen, a well known expert in acoustics.

5. I must repeat my request for issue of authorisation, which you informed me would be ~~seen~~ sent as soon as the eligibility notice was received. But tho' I have sent the notice, more than 3 weeks ago, I have not yet had the authorisation which is holding up the visa papers at the Consulate.

6. I hope the travel agents have been informed regarding passage arrangements for me; and as time is valuable, I trust it will be found convenient for me to go in time for the Fall season.

7. I am greatly perturbed by your silence and the memo you sent me yesterday; and I should appreciate if you clarify the point raised in this letter at an early date.

Thanking you very much,

Ramkrishna Vepa

P.S. I trust my anxiety for an early sailing is appreciated, as already nine months have elapsed since the announcement of the scholarships, and now that admission has been secured for the autumn session, I request the govt. to make the necessary passage arrangements in time.

2. I have now heard from Prof. M. S. In any case, I wish to write this in order to remove any apprehension on the part of the govt., that there has been any confusion, at least in this case.

3. I am awaiting information regarding passage from you and also the issue of authorisation.

Sir,

I have the above memo to hand enclosing the copy of the letter of admission of Prof. Knudsen, I sent you.

2. I am not aware why the letter of admission of the Univ. of California has been sent back to me, as it was meant for your files for reference. I have with me triplicate copies of the same and I thought you would like to have one copy with you.

3. The memo mentioned above, throws no light on the exact position of the arrangements being made for me. It has been more than a month since I have intimated to you the definite news of my admission, and by that time the ratification of the Govt. of India had already been accorded to my proposed course of study in U.S. I have however no information as to the steps you have taken for my passage arrangements - whether, for instance, my name has yet been registered with travel agents.

4. Unless early steps are taken in that direction, the prospects of going in time for the Fall session - 4 months away - may be jeopardised. I should at least like to have the Govt's. assurance that they will send me early enough for the Fall session.

6/5

5. I request the govt. to clarify the position so that I might finalise my plans in the light of that knowledge.

Overseas Scholarships - 1946-47

Cur 28, P3/(J) 1. Sri Vepa Ramakrishna is a Candidate selected in 1946-47 for the award of an overseas scholarship for undergoing advanced studies in "Sound Technology, Acoustics and Recording". After completion of his training the Candidate is intended to be absorbed in the 'Industries'. The Dept. A return - file in Dept. A Dept. had suggested ~~an~~ admission at "Northern Polytechnic, London, to be followed by practical training at His Master's Voice Works. The High Commr. in London has not been able p11 CF to secure a seat for Sri Ramakrishna at the Northern Polytechnic or elsewhere in the U.K. for the October 1946 Session. The Govt of p9 CF India wish to know if Sri Ramakrishna may be considered for admission in U.K. for the Oct. 1947 Session.

p205 cf/R 2. In the meanwhile the candidate wrote to Govt. in August 1946, requesting that his venue of study might be changed from U.K. to U.S.A. But the Govt of para 2, p228 cf India, who were addressed in this matter (R) stated that admission in U.S.A. was as difficult as it was in U.K., and that if Ramakrishna's admission in U.K. was not possible, which [illegible] then [illegible] divert to U.S.A. If, however, the Candidate received himself was able to secure a seat in U.S. privately in an institution acceptable to this Govt, the Central Govt had no objection to his diversion to U.S.A. Sri Rama- pp233-234 cf/(R) krishna was informed accordingly.

3. He now ~~informs~~ reports that pp3-5 CF University of California, Dept. of Phys

U.S.A. are prepared to admit him for work in the Physics Faculty with Specialisation in Acoustics for the Ph.D. degree. They have asked him to send an ~~formal~~ appln. with other papers before they formally ~~admitted~~ admit him. Please see the notes on pages 1-2 ante, and the memo. on page 30 c.f.

Sri V. Ramakrishna has now sent the original letter of admission from Prof Knudsen of the University of California and requests his passage arrangements to U.S.A. may now be made. p 36 cf

Thus in the normal course this Govt. would inform the Govt. of India that admission has been secured finally for Sri Ramakrishna in the California University, ~~and~~ that the original letter of acceptance from the University has been checked and that the Central Govt. may therefore ask the Travel Agents to complete the student's passage arrangements to U.S.A. But it so happens the ~~Govt. of India~~ H.C. for India, in London has now informed the Govt. of India that the E.M.I. Institutes Ltd, United Kingdom, (under which comes H.M. Voice' works) are prepared to accept Sri Ramakrishna for practical training in recording studios on Cellulose discs. He recommends this offer of admission as it is likely that the Candidate will be able to study for an external degree of the London University by attending evening classes in one of the Polytechnics in London, side by side with practical training. This arrangement would be just what the Devt. Dept. had suggested for the Candidate in their return. p 40 cf

cf 'A' on plante

It has now to be decided whether admission secured by the Candidate himself California University, U.S.A. ~~then may~~ be ~~[illegible]~~ or whether the admission recommended the H.C. in London may be accepted. Devt. see for remarks. If admission in the U.K. is to be accepted, the Devt. Dept. may be requested to state how long the Candidate should have training with the E.M.I. Institutes Ltd.

draft I

A draft memo. to M

Ramakrishna is put up for appl.

A draft certificate which would be required by Mr. Ramakrishna in connection with obtaining a visa to the U.S.A. from the American Consulate, Madras, is also put up. Recently the American Consul Madras, wrote ~~to~~ this Govt. stating that the Consulate would not accept a certificate from this Govt. as sufficient authority ~~for~~ ~~him~~ to grant ~~the~~ necy. visas to overseas Scholars. The matter was taken up with the G. of India who have addressed the American Consulate to accept the Govt's certificate. Final decision has not been arrived at. There is no objection to granting a certificate to Sri Ramakrishna as in draft II. As he has already got the original letter of admission from the California University there will be no difficulty in his case for obtaining the visa.
