Subject:- ADVANCED STUDIES OVERSEAS IN RESPECT OF
MR. G.RAMAKRISHNAN, 1945 MADRAS SCHOLAR;
EXTENSION IN THE PERIOD OF SCHOLARSHIP.

Sir,

I am directed to refer to your letter No. G.264/45, dated 29th November, 1947 on the above subject and to state that Government of India have noted that Mr. G.Ramakrishnan took the B.Sc. degree in Mechanical Engineering at the Michigan University in June 1947 and has since been undergoing practical training in the subject in the United States of America. It may however, be pointed out that Professor O.W.Boston's remarks in para 2 of his letter dated 18th November, 1947 that the scholar has been selected to study for another year from December, 1947, is not quite correct. While Mr. Ramakrishnan's progress there seems to have been very satisfactory, it is not very clear whether the proposed extension in the scholarship period for one year from January 1948 is essential for the completion of the approved course of studies and training. It may be pointed out in this connection that there is no recommendation from M/S Warner Swasey Coy., Cleveland, Ohio, where the scholar is now undergoing practical training at present, testifying to the necessity of the proposed extension beyond December, 1947. Thus there seems to be no clear evidence that, by returning at the end of the normal tenure of scholarship, Mr. Rama-

pp3-4 infra

ps infra

krishnan would be leaving his present programme of practical training in the United States of America, unfinished.

I am, therefore, to request you to forward to this Ministry urgently the detailed particulars of the course of practical training that Mr. Ramakrishnan has already done at M/S Warner Swasey Coy., as also the details of the further training that remains unfinished by him. Also, the firm's definite views as to the further minimum period of training necessary for the scholar for completion of his approved course, may kindly be communicated to this Ministry.

This may kindly be treated as 'urgent'

I have the honour to be,
Sir,
Your most obedient servant,

Sd/-

for Secretary.

Copy by Air Mail to the Secretary to the Government of Madras, Education and Public Health Department, Madras, together with a copy of letter No. G.264/45 dated 29th November, 1947 from the Indian Embassy, Washington, regarding Mr. G. Ramakrishnan's studies, for favour of necessary action. The Provincial Government may kindly consider the proposed extension in his scholarship and communicate their views to this Ministry regarding the proposed extension, particularly from the view point of the type of work the scholar is expected to take up on his return to India, urgently. A further communication will follow on receipt of a reply from the Indian Embassy, Washington.

By order,

D K Hingorani
for Secretary.

(TANEJA)

THE EDUCATION DEPARTMENT
EMBASSY OF INDIA.

635 F Street, N.W.
WASHINGTON, D.C.

29th November, 1947.

Our File G.264/45.

To: Secretary, Ministry of Education,
Government of India,
New Delhi, India.

Attention Mrs. P. Johari.

Subject:- EXTENSION IN SCHOLARSHIP OF MR. G. RAMAKRISHNAN
MADRAS GOVERNMENT SCHOLAR.

Dear Sir:

Reference is invited to the case of the above mentioned scholar who arrived in this country on 28th December, 1945 for higher studies and training at the University of Michigan. After completing his University work towards the B.Sc. degree in Mechanical Engineering in June, 1947, Mr. Ramakrishnan started his practical training program with the Warner Swasey Company in Cleveland, Ohio. The scholar has now petitioned that his scholarship period may be extended by one year to enable him to go through the entire program of this valuable practical training which he has been lucky to obtain with this Company.

A copy of the student's petition together with Professor O.W. Boston's progress report and expert advice is enclosed herewith for your consideration and decision. The normal two years period of the scholarship will expire toward the end of December 1947. Ever since the scholar started his practical training, no University tuition fees or allied expenses have been incurred on his behalf. There will be similar saving to the Government during the period of the extension asked for. Professor Boston has taken a very special interest in the scholar's practical training program, and has very strongly recommended the extension involved. We are glad to

recommend that the extension asked for may be granted.

If there be no objection, the decision of the sponsoring authorities may be communicated to this office at an early date, preferably by cable.

Yours sincerely,

Sd/- A.S.GREWAL,

Deputy Educational Liaison Officer.

(TANEJA)
9.1.

he is still working.

I understand that he has been selected by the Government of India to study further the design and manufacture of machine tools for another year from December 1947. This procedure allowing Mr. Ramakrishnan to study various machine tools such as those for milling, grinding, boring drilling shaping etc., would be most beneficial and prepare him for actual industrial work upon his return to India.

He proved himself to be an excellent student while here at the University and seemed to be extremely interested in the subject of machine tools, and I believe that his training would be crystallized and greatly improved by such an extension of study. I would recommend that his study be extended to December 1948 so as to allow him to study these different types of machines and thereby make him more valuable to India and a greater friend of the United States.

Very truly yours,
O.W.Boston.

October 28, 1947

Educational Liaison Officer,
Government of India
Washington.

My dear Sir:

My subject of study in this country is design and manufacture of Machine Tools. Under Professor Boston at the University of Michigan I had a good many courses covering only some portions of my subject.

During the tours which I made this year to and from the Machine Tool Show at Chicago, I find that I can learn a lot in practical training.

Now I have been with Warner & Swasey from June 1947 (except for August and September 1947 during which period I was on tour) This training helps me to learn quite a good many things.

As my two years in this country will be over by the end of December 1947, to enable me to take some more practical training, I request you to extend my stay for another year.

With my kind regards,

Yours truly,

G. RAMAKRISHNAN.

Letter no. 3214 Cr/48-2 Edu A23¹³~~18~~

To The Secy to the Govt of India,
Ministry of Edu,
New Delhi, 3

Sir,

Sub Overseas Scholarships - 1945-46 -
Mr. C. Ramakrishnan.

pp1-2 CP Ref your Enclt no F.3-11/45-ED 102/12-148.

With ref. to your Enclt cited,

I am directed to state that this Court are not in a position to decide on the ^{details} materials now available whether the extension of the period of Scholarship of Mr. C. Ramakrishnan may be granted and that on receipt of the further Communication promised by the Govt. this Court will examine the case on its merits and communicate their decision to them.

am also to point out, in this connection, that as Mr. Ramakrishnan's normal period of scholarship had already expired by Dec. 47, it is inevitable that his scholarship will have to be extended until such time as the decision is he is asked to return to India and it is presumed that the C.G.I. will, no doubt, bear half the cost of training of the scholar for this period also in case the extension applied for by him is not ^{eventually} granted. The presumption may kindly be confirmed.

Cleveland 3, Ohio.

Dear Mr. Grewal:

Mr. Ramakrishnan has completed his training with us and I thought you would like to know how he spent his time in our plant.

Mr. Ramakrishnan originally came to us on 6-25-47 and was here until July 28, 1947. He returned on October 7th, 1947, and was with us until December 12th, 1947. During these months in our plant he spent time in all of our Assembly Departments and in all of our machining departments: also, our Carboly Department, Final Inspection and our Test Floor. Mr. Ramakrishnan also spent some time in our Sales Engineering Department and in our Standards Department. He spent about an average of one week in each of our departments.

I understand that the time that he was away from our plant during the summer was spent with some other Indian Trainees, traveling and visiting other manufacturing companies. Mr. Ramakrishnan very wisely spent many of his Fridays visiting other companies here in Cleveland. These were such companies as National Acme, Cleveland Twist Drill, Fulton Foundry, etc.,

It was a pleasure to have Mr. Ramakrishnan with us for these months. He was always a very quiet but prompt individual. He asked many questions and made many notes, so that I feel he benefited considerably by his time spent with us.

If there is any further information that I can give you please write me.

Very truly yours,

(signed) C. E. Ponlson
Supervisor of Training.

From

Dr. Tara Chand, M.A., D.Phil.,
Secretary to the Government of India.

To

The Secretary to the Government of Madras,
Education and Public Health Department,
MADRAS.

Sub:- Advanced studies overseas in respect of
Mr. G. Ramakrishnan, 1945 scholar -
Extension in the period of scholarship.

.....

Sir,

I am directed to refer to this Ministry endorsement No. F.3-11/45.O.D.IV dated the 27th February, 1948 on the above subject, and to forward herewith for favour of necessary action, Mr. G. Ramakrishnan's application for Extension in the scholarship period, received through the Indian Embassy, Washington. The scholar has asked for extension of his scholarship upto December 1948, in order to enable him to undergo further practical training in the United States of America.

As Mr. Ramakrishnan has already obtained the Master of Science degree in Mechanical Engineering - Machine Tools at the Michigan University in June, 1947, and has in addition done practical training in the subject with M/s Warner and Swasey Coy., Cleveland from June 1947 to December 1947, and with M/s National Acme Coy., Cleveland since December 1947, this Ministry is of the view that he has achieved a balanced and adequate programme of work. Accordingly, it is recommended that Mr. Ramakrishnan should undergo practical training in the United States of America upto the end of April 1948 only, and return to India by May 1948. In case however, the Government of Madras consider the proposed extension upto December 1948 essential from the viewpoint of the work which Mr. Ramakrishnan is expected to take up on his return to India, they may allow him to continue his studies that time provided they are prepared to bear his full expenditure from May 1948 onwards. I am to request the Government of Madras kindly to communicate their decision to the Government of India telegraphically, as early as possible.

I have the honour to be,
Sir,
Your most obedient servant,

DKH uigram
for Secretary.

Subject:- ADVANCED STUDIES OVERSEAS IN RESPECT OF MR. G.
RAMAKRISHNAN 1945 SCHOLAR - EXTENSION IN THE PERIOD
OF SCHOLARSHIP.

Sir,

I am directed to refer to this Ministry endorsement
of even number dated the 26th April, '48 on the above subject, and
to forward herewith for your information and necessary action, a
copy of D.O. letter No. G-264/45 dated the 15th April, '48 (with
enclosures) from the Deputy Educational Liaison Officer at the
Indian Embassy, Washington regarding Mr. G. Ramakrishnan's stay in
the United States America till the end of July 1948. In view of the
fact that the additional period of extension involved is 3 months
only beyond April 1948, upto which extension has already been *sanctioned*
Govt of India recommend that the scholar should stay in the United States⁷ America
upto the end of July 1948, as proposed by the Indian Embassy, in
order to enable him to complete the practical training with the
Cincinnati Milling & Grinding Machines Inc., and then return to
India in August 1948.

I am to request the Government of Madras kindly
to consider the case and communicate their decision to this Ministry
telegraphically within a fortnight of receipt of this communication.

I have the honour to be,
Sir,
Your most obedient servant,

DK Huigorani
for Secretary

30
18
Copy of a letter No. G. 264/45 dated the 15th April, 1948 from A.M.D. Rozario Deputy Educational Liaison Officer to Mrs. P. Johari, Ministry of Education, Government of India, New Delhi, India.

.....
In continuation of my letter of even number dated 3rd March, 1948, I enclose a copy of a letter dated 8th March, 1948 from Mr. G. Ramakrishnan. I further enclose a copy of a letter dated 5th December, 1947 from the Cincinnati Milling and Grinding Machines, Inc. I am giving Mr. Ramakrishnan permission to join the Cincinnati Milling and Grinding Machines, Inc. until I hear from you.

In view of the practical training which this student has already acquired by now, I would recommend extension only up to the end of July, 1948 unless the sponsoring Governments wish to give extension up to the end of December, 1948. Since the student is at present at the National Acme Company and not Messrs Warner and Swasey Co. and since he is not getting along too well with the Acme Company, I am not asking him to get a recommendatory letter from the Acme Company. Further industrial concerns will only give recommendation for admission to another concern under very exceptional conditions. Therefore, kindly decide the case on its own merits and let me have a decision soon.

.....
Copy of a letter No nil dated the 8th March, 1948 from G. Ramakrishnan 13308 Forest Hill, E. Cleveland, Ohio to the Educational Liaison Officer Embassy of India, Washington, D. C.

Your file No. G.264/45 with reference to our letter dated March 3rd, 1948.

I request your pardon for not explaining the circumstances earlier.

I finished my training at Warner & Swasey Co. on Dec. 12, 1947 and Mr. Poulson in his letter to Mr. Grewal dated Dec. 18, 1947 has given a detailed report.

Then I joined National Acme for training for a month during the intermission period before joining the Cincinnati Milling Machine Co. This I explained to you in my letter dated Dec 16, 1947.

Mr. Grewal, in his letter dated Dec 18, 1947 and in a more recent letter, advised me to continue my present programme until the request for extension is granted so I am still at National Acme.

Prof. Bostan of U. of Michigan, Ann Arbor, one of the leading Machine Tool experts in this country recommended my extension of scholarship to the Govt. So I forwarded the application forms also through him.

I did not receive my remuneration from Warner & Swasey and am not receiving any from National Acme.

In your letter dated Feb 11, 1948, I received only 3 applications forms for extension. I will be glad if you kindly send the other four forms.

Herewith, I am enclosing a letter from Mr. Galdwell, of the Cincinnati Milling Machine Co. I trust they will take me in as soon as you provide me with necessary letter. The Cincinnati Milling Machine Co. is one of the leading Machine Tool Manufacturers in this country and they have an excellent training programme.

With my regards.

.....
Copy of a letter dated the 5th December 1947 from Cincinnati Milling and Grinding Machines, Inc to Mr. G. Ramakrishnan, 13308 Forest Hill, E. Cleveland, Ohio.

.....
In reply to your letter of November 14, our present policy in regard to the training of foreign students required the sponsorship of your Government or some Indian firm. If this can be obtained, and you can arrange to cover your living expenses, we should be glad to hear from you again.

I think you appreciate that we have many requests of this kind, and we find ourselves obliged to restrict ourselves to accept those cases where training is designed to contribute to improvement of the economy of the country of origin of the applicant.

.....

SCHOLARSHIPS FOR ADVANCED STUDIES OVERSEAS - IN RESPECT
OF MR. G. RAMAKRISHNAN, MADRAS GOVERNMENT 1945/46
SPONSORED SCHOLAR.

Sir,

I am directed to refer to this Ministry's letter of
even number, dated the 27th July, 1948 and to say that the Indian
Embassy, Washington, now report that Mr. G. Ramakrishnan, was booked
to sail on the s.s. "New Amsterdam" on the 3rd September, 1948 for the
United Kingdom en-route to India. I am to request that the date of
the scholar's arrival in India may be communicated to this Ministry
in due course.

Yours faithfully,

M. Ann.

December II, '48.

Dear Sir,

I was a Government of Madras scholar selected in 1945 to study Machine Tools in U.S.A. Now I returned from U.S.A. on December 6, 1948, after completion of my studies and training.

I will be very much obliged if you kindly consider my case and give me an early appointment.

I remain,

Yours Truly,

G. Ramakrishnan

Ref.: Allowance after coming
 from U.S.A.

I arrived back in India on
 Dec. 6, 48, after completing my studies
 & Training in U.S.A. It is already
 three months since I have not got
 an appointment yet. The Govt. have
 already increased the waiting period
 for another two months. As I am
 short of funds, may I request you to
 kindly send me the usual allowance
 early? I was a Provincial Scholar
 from Madras to study Machine Tools.

Thanking You.
 Yours truly

Extension in the period of Scholarship.

C.N.: 3214, From the Ctg 9, Encl. No F.3-11/45-6 DIV 12-148

Pl. see the Encl. from the Court of India and its enclosures on pp 1-6 CF. Mr. G. Ramakrishnan is a Scholar Sponsored by this Court in 1945-46 for advanced studies in the U.S.A. ^{for} the subject, "Mechanical Engg - Design and manufacture of Machine Tools" and is intended, after completion of studies, for absorption in Industries (Govt and Private Enterprise). The normal period of Scholarship allowed for each scholar is two years. Mr. Ramakrishnan has already completed the period of two years by the end of Dec. 47, having reached the U.S.A. in Dec. 45. He has applied for an extension in the period of his Scholarship upto Dec. 48 with a view to enable him to take some more practical training from Messrs Warner Swasey Coy, Cleveland with whom he ^{has been} at present undergoing practical training since June 47 when he finished his B.Sc degree course in the Michigan University. Prof. Boston of the Michigan University supports the scholar's request. The ^{Director} ~~the~~ Ed. Officer attached to the Indian Embassy at Washington also recommends that the extension applied for may be granted. The Ctg 9. ~~we~~ have made a ~~cross~~ reference to the Indian Embassy at Washington to clear certain doubts and state that a further communication will follow on receipt of a reply from the Indian Embassy. In the meanwhile, they want this Court to consider whether the proposed extension may be given. It is submitted that the cost involved in the scholar's studies is met

p3 CF R

- do -

p5 CF

pp 3-4 CF

pp 1-2 CF

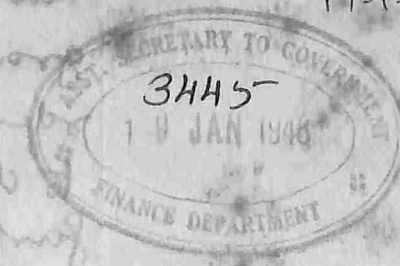

- do -

If it is decided to ~~also~~ allow the extension of studies and if the C.G.I. after a reply from the Indian Embassy is ~~not~~ ^{proposed} refuse to agree to the extension, this Court will be bound to bear the entire cost involved on the extended period of the Scholar's studies. Besides, it may not be possible to judge from the material available whether the extension of studies, if granted, will be useful to the Scholar in his future employment under Govt. or private Industries as the detailed particulars of the practical training which the Scholar is now undergoing and is expected to do for the proposed extension, are not known. In the circumstances, it seems that the C.G.I. may be given a reply that this Court are not in a position to decide on the details ^{now} available whether the extension may be granted and that on receipt of the further communication promised by them, this Court will examine the case on its merits and communicate their decision to the C.G.I. For orders. Anyhow, it is open to the Dev. Dept. who are concerned with the Scholar to take a decision in the matter.

Dev. and Finance may see for remarks before circulation.

 The Govt. of India and its embassies on pp 1-6 of and the notes of the E.P.H. Dept above may be perused. This Dept may agree with the views of the E.P.H. at 'A' above and the file may be passed on to
 19.1.48
 19.1.48

Dev. No 72902/48
 19.1.48

Please see the notes of E.P.H. and Development on pp. 1-2 above. The normal period of scholarship ^{of the scholar's studies} viz. two years of the scholar ^{ship} was over by the end of December 1947. The proposal is now made for extending the above period. ~~With reference to this extension of the period of scholarship it is seen that the question can be decided only on receipt of a further communication from the Govt. of India. Development Dept. are not in a position to decide whether the further extension of the period of the scholarship is necessary from the view point of the type of work the scholar is expected to take up on his return to India. The point at B on p.2 above can be examined on merits on receipt of a further communication from the Govt. of India in the matter. However as the normal period of scholarship is already over (by the end of December 1947) it seems inevitable that the period of scholarship will have to be extended until ^{such time as} the candidate is asked to return to India. Presumably during this period of extension, the Govt. of India will share half the cost of the scholar as usual. This may be mentioned in the reply to the Govt. of India.~~

Subject to the above remarks, this Dept. may agree to the proposal of E.P.H. at 'A' on p.2 above.

Advanced Studies Courses in
respect of Mr. G. Ramakrishnan
this scholar. Extension in the
period of scholarship.

From the C. & D. Ministry of Ind.
No. F.5-115-19/45 & 11.5.45

Mr. G. Ramakrishnan is a scholar
sponsored by this Govt. in 1945-6 for
Advanced Studies in the U.S.A. in "Mechanical
Design & Manufacture of Machine Tools"
and is intended after completion of studies
for absorption in Industries (Govt. & Private
Enterprise). The normal period of scholarship
in this case ended in Dec 47 when the
scholar applied for extension for 1 yr to
complete practical & training. The C. & D.
however considered that the scholar had
already had sufficient practical training and
recommended extension only up to the end of
April 48. This Govt. accepted the recommendation
and allowed the scholar to complete his
training by the end of April 48 and re-
turn to India by May 48.

The C. & D. have now forward
certain proposals from the Civil Division
Officer for further extension of scholarship and
recommended that the scholar should stay in
the U.S.A. upto the end of July 48 in order to
enable the candidate to complete his practical
training and then return to India in Aug
48. Presumably the C. & D. will bear the
cost of this further period of extension. If
this extension is granted the scholar will
have been given a total extension of 7 months.
As the Govt. have granted 1 yr extension
certain other cases. The recommendation of 15

Grd 3 may be accepted with the concurrence of
of Dev & Fin.
