Supplementary Statement of Expenditure for 1947-48.

Grant XV - Education.

Estimate of the amount required for further expenditure.

Summary.

Major head	Minor head	Subheads of appropriation.	Estimated amount of further expenditure for 1947-48 charged	Voted Rs
37. Education	University Govt. Arts colleges	A. Arts colleges - HEW B. Other contingencies	Rs 17,000/-	Rs 17,000/-

Rs 17,000/-
4-8-47
vide (B) 196/197

para 3 on (B) 196/197
and 2040/1

and this amount is included in the Supplementary estimate.

The Presidency College Women Students' hostel was until recently located in a building called "Narayana Castle" in Mylapore. As the owner of the said building was pressing for a long time for its release for his own use, the Govt. have shifted the hostel to another building called "Retreat" in Purasawalkam. To facilitate the conveyance of the hostel inmates from their hostel in Purasawalkam to their college i.e. the Presidency College, the Govt. sanctioned the purchase of a bus for the said purpose at a cost of Rs 17,000/-.

As the expenditure is on a "new service", a ~~take~~ sum of Rs 17,000/- is included in the supplementary estimate for 1947-48.

			Charged	Voted
			Rs.	P.
37 Education - University	b. Government Arts Colleges	A. Arts Colleges - Men. b. Other contingencies	Nil	17,000/-

The Presidency College women Students' hostel was until recently located in a building called 'Nersana Castle', in Mysore. As the owner of the said building was pressing for a long time for its release for his own use, the Government have shifted the hostel to another building called 'Retreat' in Purasawalkam. To facilitate the conveyance of the hostel inmates from their hostel in Purasawalkam to their college i.e. the Presidency College, the Government sanctioned the purchase of a bus at a cost of Rs. 17,000/- and this amount is included in the supplementary estimate. ~~A sum of Rs. 17,000/- is included in the supplementary estimate for 1947-48. The expenditure is on a "new service".~~

M.V. SUBRAMANIAM,
Secretary to Government.

Finance (B.G) Department. (4)

G.O. Note No. 74648 B.G./47-1 dated 17--1--1948.

Supplementary Estimates of Expenditure for 1947--48.

Under paragraph 105 of the Madras Budget Manual, proposals for reappropriation and surrender of funds, or supplementary appropriations are due in the Finance Department not later than the 25th February. According to the Calendar of dates of Budget procedure (1948-9), demands for supplementary grants will have to be presented to the Legislature on the 19th March 1948. As the work in the Finance (Budget) Department during this month in connection with the preparation of the Budget for 1948-9 is very heavy, it will not be possible to present the third batch of Supplementary Statements of expenditure for 1947-8 for token grants to the Legislature at its next session commencing from the 20th January 1948. Consolidated statements both for token grants and additional appropriations will, therefore, be presented to the Legislature only on the 19th March 1948. In order to enable the Finance Department to scrutinise the proposals for the demands, before clean copies of the explanatory notes are sent to them, Departments of the Secretariat are requested to send not later than the 20th / February 1948 without fail (or earlier, wherever possible) all proposals for reappropriation and surrender of funds and for supplementary appropriations, including token grants for expenditure on 'new services', in respect of which token grants have not already been obtained from the Legislature so far, with draft explanatory notes, in the usual form, on supplementary estimates of expenditure, explaining fully the necessity for the additional appropriations. In the case of "new service" schemes, the reasons for treating them as "new services" should also be indicated.

--2--

2. Departments of the Secretariat are also informed that in cases where they require supplementary appropriations under more than one sub-head of appropriation under the same grant, they should, as far as possible prepare a consolidated note for all such sub-heads, giving the additional appropriation required under each sub-head and the reasons for the additional appropriation. Clean copies of explanatory notes on the Demands for supplementary estimates for 1947-8 should reach the Finance Department not later than the 3rd March 1948, in order to enable it to consolidate the demands and to obtain the approval of the Cabinet and print the notes and explanatory memoranda to be sent to the Legislature in time. This date should be strictly observed. It will not be possible for the Fin. Department to take into account copies of notes on supplementary estimates, or corrections to the supplementary estimates, which are received after the date mentioned above.

T.E. Veeraraghavachari,
Additional Deputy Secretary to Government.

To
The Departments of the Secretariat. (all sections)
The Secretariat of the Madras Legislature.

Forwarded/ By order.

Superintendent.

KJ.17/1/48.

(A) Please see the Finance and note on p. 2 ante. A draft note in respect of schemes for which supplementary grant has to be obtained is submitted below. It may be sent to Finance. n.o. for acceptance of the draft note.

In Gov. L. 95 dated d. 29-1-48, the Govt. have sanctioned the payment of a loan of Rs. 1,935 lakhs to the Madras Corporation. Adequate provision for necessary funds is being taken separately. The concerned file was sent to him with the Dept. no. 11670 dated 1 d. 17-2-48.

15504 1914/48. The draft note may be accepted subject to the alterations indicated in pencil. (No savings are available within the grant).

GOVERNMENT OF MADRAS

DEMANDS FOR GRANTS FOR FURTHER EXPENDITURE

AND

DETAILED SUPPLEMENTARY ESTIMATES THEREOF

FOR THE YEAR

1947-1948

As presented to the Legislature on the 19th March 1948

26th March 1948.

ARCHIBALD NYE,
Governor of Madras.

(9)

INTRODUCTORY MEMORANDUM TO THE THIRD SUPPLEMENTARY STATE-
MENT OF DEMANDS FOR GRANTS FOR FURTHER EXPENDITURE IN
THE YEAR 1947-8.

Section 81 of the Government of India Act, 1935, lays down that, if in respect of any financial year further expenditure from the revenues of the Province becomes necessary over and above the expenditure already authorized for that year, a supplementary statement showing the estimated amount of that further expenditure should be laid before the Legislature, and prescribes further that the provisions in relation to the presentation of the annual financial statement and the procedure in respect of it in the Legislature shall have effect in relation to such supplementary statements also.

2. Prior to the 1st April 1937, supplementary demands had to be presented to the Legislature when—

(1) the amount of a Grant voted in the Budget was found to be insufficient for the purpose of the year; or

(2) a need arose for expenditure upon some 'new service' not contemplated in the Budget.

In respect of expenditure of the latter class, the practice was to present a demand for a token sum of Rs. 100 if it was found possible to meet the balance of the expenditure by reappropriation from savings within the Grant.

3. The Government of India Act, 1935, envisages the presentation of a supplementary statement only when it is anticipated that the total expenditure authorized for the year is likely to be exceeded, and does not specifically require the presentation of a supplementary statement for expenditure on new services not contemplated in the Budget.

The Public Accounts Committee of the Madras Legislative Assembly, whose advice was sought, recommended, however, that the procedure of presenting to the Legislature a supplementary statement for expenditure on new services not contemplated in the Budget should continue.

4. The supplementary statement now presented to the Legislature includes some demands on account of the insufficiency of the original Grants concerned for expenditure on standing sanctions based on existing orders and commitments, and also some demands for expenditure on new services sanctioned in the current year and for which there is no provision in the budget estimate for 1947-8. Most of the new service schemes included in the supplementary statement were sanctioned after the presentation of the second supplementary statement to the Legislature in December 1947.

MADRAS,
18th March 1948.

D. W. DODWELL,
Financial Secretary.

SUPPLEMENTARY ESTIMATES OF EXPENDITURE FOR THE YEAR 1947-8.

(1) GRANT I—LAND REVENUE.

Estimate of the amount required for further expenditure.

Voted	RS.
1,35,700	
Total of sums charged	400

Summary.

Major head.	Minor head.	Sub-heads of appropriation.	Estimated amount of further expenditure for 1947-8.	
(1)	(2)	(3)	Charged. (4) RS.	Voted. (5) RS.
(i) 7. Land Revenue.	a. Survey, Settlement and Record operations.	B. Ranges and Mobile staff— 2. Pay of Establishments 3. Allowances		1,02,000 9,900
(ii) Do.	c. Assignments and Compensations.	A. Pensions (in lieu of resumed lands).	400	..
(iii) Do.	d. Charges in England.	II. High Commissioner for India— A. Leave salaries and deputation pay. B. Stores for India C. Other Charges (law charges) ..		7,600 2,800 13,400
Total ..			400	1,35,700

Explanatory Note.

Item (i).—The Government have decided to abolish the zamindari system in this Province by acquiring the estates and converting them into ryotwari. It will be necessary to survey the unsurveyed portions of the estates before they are converted into ryotwari. As no survey parties are working at present, new parties have to be formed. The Government, therefore, sanctioned the recruitment and training of 224 men as field surveyors by starting 8 schools consisting of 28 men each. The cost of the training is estimated at Rs. 1,00,000 in 1947-8. This includes a sum of Rs. 5,900 towards the purchase of survey instruments. The expenditure on this scheme is on a 'new service.'

The amount included in the supplementary estimate is for meeting the above expenditure and the increased expenditure due to the revision of the pay and allowances of the non-gazetted Government servants.

Item (ii).—Some Collectors have intimated that the payments in this year will be slightly more than anticipated originally.

Item (iii).—The demand is based on the latest requirements of the High Commissioner for India, London.

(2) GRANT III—STAMPS.

Estimate of the amount required for further expenditure.

Voted	RS.
3,45,200	
Total of sums charged	Nil.

Summary.

Major head.	Minor head.	Sub-heads of appropriation.	Estimated amount of further expenditure for 1947-8.	
(1)	(2)	(3)	Charged. (4)	Voted. (5) RS.
(i) 9. Stamps—Non-Judicial.	a. Charges for the sale of stamps.	A. Ordinary areas— 1. Presidency Town. 2. Mufassal B. Partially excluded areas—Mufassal.		9,600 2,02,000 2,800
(ii) Do.	b. Cost of stamps supplied from Central Stamp Stores.	A. Ordinary areas ..	..	71,200
(iii) 9. Stamps—Judicial.	d. Cost of stamps supplied from Central Stamp Stores.	A. Ordinary areas ..	..	59,200
(iv) 9. Stamps—General.	e. Superintendence ..	B. Freight charges on stamps.	..	400
Total ..			..	3,45,200

Explanatory Note.

Item (i).—The additional appropriation is required to meet the increased expenditure on account of the revision of the salaries and allowances of the staff and larger expenditure on the discount allowed to private vendors on the sale of general stamps as a result of the raising of the limit of the denominations of stamps sold by them from Rs. 200 to Rs. 400.

Items (ii), (iii) and (iv).—The increase is due to larger indent on the Central Stamp Stores for the supply of stamps than was anticipated while framing the budget.

(3) GRANT IV—FOREST.

Estimate of the amount required for further expenditure.

Voted	RS.
13,64,300	
Total of sums charged	Nil.

Summary.

Major head.	Minor head.	Sub-heads of appropriation.	Estimated amount of further expenditure for 1947-8.	
(1)	(2)	(3)	Charged. (4)	Voted. (5) RS.
(i) 10. Forest ..	b. Conservancy and Works ..	I. Ordinary Areas— (i) Excluding Post-war reconstruction—A. Forest produce removed by Government agency		10,05,100
(ii) Do. ..	Do. ..	(ii) Post-war Reconstruction—C. Extension of Casuarina Plantations—Expenses ..	..	100
(iii) Do. ..	Do. ..	D. Forest Roads in Javadi—1. Roads and Bridges ..	..	1,84,500
(iv) Do. ..	c. Establishments ..	I. Ordinary Areas—(i) Excluding Post-war Reconstruction—A. Pay of Officers		1,28,000
(v) Do. ..	Do. ..	C. Allowances and honoraria		46,600
Total ..			..	13,64,300

Explanatory Note.

Item (i).—The increase is mainly due to the taking up of advance felling on an approved programme in South Coimbatore and Wynad divisions in order to keep up supplies at as high a level as possible for meeting the demands of the Supply Department and for providing timber for the Madras Corporation for house-building schemes and for the Madras House Construction Scheme, to the adjustment of about Rs. 5,50,000 being the value of Supply Department timber taken over by the Madras Government in 1946-7, and to the increase in the rates of labour charges.

Item (ii).—The Government have sanctioned the transfer of 24 panchayat forests in the Chingleput district to the Forest Department and the cultivation of casuarina in a total area of about 6,520 acres in these forests. The scheme is estimated to cost Rs. 92,800 recurring and Rs. 16,500 non-recurring and to yield a net revenue of Rs. 1,03,700 per year after the first seven years. During the first seven years, an annual revenue of Rs. 7,500 is expected from the sale of standing growth and from grazing fees.

The Government have also sanctioned the purchase of wire netting for fencing the casuarina plantations at a cost of Rs. 50,000.

As the expenditure in each case is on a 'new service', a token sum of Rs. 100 is included in the supplementary estimate. The balance of the amount has been met by reappropriation from savings within the Grant.

Item (iii).—The increase is due to:—

- purchase of two road rollers for Rs. 50,000;
- metalling the Mannarghat-Attapady Road on which an expenditure of Rs. 15,400 is expected to be incurred in the current year; and
- improvements to the forest roads in the Javadi.

Item (iv).—The increase is due to:—

- the debit of the pay of the Indian Forest Service Officers under "voted" with effect from the 15th August 1947 consequent on the transfer of power;
- the revision of the scale of pay of Assistant Conservators of Forests ordered in connexion with the general revision of salaries;
- the grant of higher initial pay to the Assistant Conservators of Forests in charge of Divisions;

(d) the creation of eight temporary posts of Assistant Conservators as additional leave reserve consequent on the release of I.F.S. Officers on the transfer of power;

(e) the increase in the rate of stipends payable to probationary Assistant Conservators of Forests under training in the Indian Forest College, Dehra Dun, from Rs. 120 to Rs. 150 from the 1st April 1947; and

(f) the payment of tuition fees and stipends for seven probationers against six originally provided for.

Item (v).—The increase is due to larger expenditure under travelling, dearness and other compensatory allowances on account of the debit to this (voted) head of travelling allowance drawn by the I.F.S. Officers from the 15th August 1947, grant of dearness allowance and allowance to subordinates. A part of the increase in expenditure has been met from savings within the Grant and the balance is included in the supplementary estimate.

(4) GRANT V—REGISTRATION.

Estimate of the amount required for further expenditure.

Voted	RS.
Total of sums charged	3,76,200
	Nil.

Summary.

Major head.	Minor head.	Sub-head of appropriation.	Estimated amount of further expenditure for 1947-8.	
(1)	(2)	(3)	Charged. (4)	Voted. (5)
11. Registration..	b. District charges	A. Ordinary Areas—2. Pay of Establishments		RS.
				3,76,200

Explanatory Note.

The increase in expenditure is mainly due to the revision of salaries sanctioned by the Government in January 1947.

(5) GRANT VI—MOTOR VEHICLES ACTS.

Estimate of the amount required for further expenditure.

Voted	RS.
Total of sums charged	95,000
	Nil.

Summary.

Major head.	Minor head.	Sub-heads of appropriation.	Estimated amount of further expenditure for 1947-8.	
(1)	(2)	(3)	Charged. (4)	Voted. (5)
(i) 12. Charges on account of Motor Vehicles Acts.	d. Other charges—Administrative charges.	1. Central Road Traffic Board ..		RS.
				36,400
(ii) Do.	Do.	3. Regional Transport Authorities—Mufassal.		58,600
		Total ..		95,000

Explanatory Note.

Item (i).—The increase is due to the appointment of the Transport Commissioner, the payment of travelling allowance to the non-official members, purchase of furniture, increased expenditure on service postage and payment of enhanced dearness allowance to the staff.

Item (ii).—The increase is due to the purchase of wheel weighers and traffic signs, the allowance.

(6) GRANT VII—OTHER TAXES AND DUTIES.

Estimate of the amount required for further expenditure.

Voted	RS.
Total of sums charged	18,62,600
	Nil.

Summary.

Major head.	Minor head.	Sub-heads of appropriation.	Estimated amount of further expenditure for 1947-8.	
(1)	(2)	(3)	Charged. (4)	Voted. (5)
(i) 13. Other taxes and duties.	c. Entertainments Tax.	1. Payment of net proceeds to local bodies.		RS.
(ii) Do.	e. Commercial Taxes.	A. Sales-taxes—		13,81,500
(iii) Do.	Do.	2. Pay of establishments		3,49,100
		3. Allowances and honoraria.		1,32,000
		Total ..		18,62,600

Explanatory Note.

Item (i).—The additional appropriation is required for the payment to local bodies of 90 per cent of the proceeds of the Entertainments Tax collected during the last quarter of 1946-7 and the first three quarters of 1947-8. The proceeds of the tax have been greater than anticipated originally.

Item (ii).—The increase is due to the revision of the scales of pay of the subordinates and to the employment of additional staff in the Commercial Taxes Department.

Item (iii).—The increase is due to the employment of additional staff and the grant of dearness allowance to them.

(7) GRANT VIII—IRRIGATION.

Estimate of the amount required for further expenditure.

Grand total ..			..	59,50,600

Explanatory Note.

Item (i).—This is a new work sanctioned by the Government for execution during the course of the year as a Grow More Food measure. The sanctioned estimate of expenditure for the work is Rs. 20,140. The expenditure in the current year will be very small. Hence a sum of Rs. 100 is included in the supplementary estimate for the work.

Item (ii).—This is also a new work sanctioned by the Government for execution during the course of the year. The sanctioned estimate of expenditure for the work is Rs. 14,000. The scheme is intended to improve irrigation facilities to the existing ayacut of 11,445 acres. The expenditure in the current year will be very small. Hence a sum of Rs. 100 is included in the supplementary estimate for the work.

Item (iii).—This is a new work sanctioned by the Government for execution during the current year. The sanctioned estimate of expenditure for the work is Rs. 17,000. The expenditure in the current year will be very small. Hence a sum of Rs. 100 is included in the supplementary estimate for the work.

Item (iv).—The additional appropriation is required to carry out special repairs to the dredger "Akhandra Godavari" and repairs to a floating plant used on the Ramapadasagar and other delta works and for adjustment of hire charges and wages of the crew of steamers.

Item (v).—The additional appropriation is for bringing to proper standards certain portions of banks where gullies are formed.

Item (vi).—The additional appropriation is required for repairing the heavy damages caused to the Nellore anicut by the floods of 1946 and for reconstructing the breached portions of the Sangam anicut.

Item (vii).—The additional appropriation is necessary to meet the cost of construction of Korambus in the Uyyakondan channel and in the river at the head necessitated by the failure of the North-East Monsoon.

Item (viii).—This is a new scheme sanctioned in the current year. The estimate of ultimate expenditure on the staff is Rs. 5,800 per annum. The estimated expenditure on the staff during the current year is Rs. 1,700. A token sum of Rs. 100 is included in the supplementary estimate, as the expenditure is on a "new service". The balance of the amount required for expenditure in the current year will be met from savings within the Grant.

Items (ix), (xxvii) and (xxxiv).—The demand is based on actual requirements.

Items (x) and (xxxi).—The additional appropriation is required on account of the change in accounting procedure by which the contributions from the Central Government in furtherance of the food production campaign are credited as receipts instead of being taken as deduction from charges.

Item (xi).—This is a new work sanctioned in the current year as a Grow More Food measure. The sanctioned estimate of expenditure for the work is Rs. 1,10,000. An additional extent of 600 acres is expected to be benefited by the execution of the scheme. Only a small expenditure is likely to be incurred during the current year on the preliminary items of the work. A token sum of Rs. 100 is included in the supplementary estimate, as the expenditure is on a "new service".

Item (xii).—This is also a new work sanctioned in the current year as a Grow More Food measure. The sanctioned estimate of expenditure for the work is Rs. 35,100. The scheme is intended to provide irrigation facilities to a block of 100 acres in Manchur and Madhavaram villages. Only a small expenditure is likely to be incurred during the current year on the preliminary items of the work. A token sum of Rs. 100 is included in the supplementary estimate, as the expenditure is on a "new service."

Item (xiii).—This is also a new work sanctioned in the current year as a Grow More Food measure. The sanctioned estimate of expenditure for the work is Rs. 4,76,000. The scheme is expected to benefit 549 acres of second crop. Only a small expenditure is likely to be incurred during the current year on preliminary items of the work. A token sum of Rs. 100 is included in the supplementary estimate, as the expenditure is on a "new service."

Item (xiv).—This is also a new work sanctioned during the current year as a Grow More Food measure. The sanctioned estimate of expenditure for the work is Rs. 2,85,000. The scheme is expected to benefit an extent of 870 acres. Only a small expenditure is likely to be incurred during the current year. A token sum of Rs. 100 is included in the supplementary estimate, as the expenditure is on a "new service."

Item (xv).—This is a new work sanctioned by the Government for execution during the course of this year as a Grow More Food measure. The sanctioned estimate of expenditure for the work is Rs. 22,000. The scheme is expected to extend irrigation to an area of 55 acres and to supplement irrigation to 265 acres of wet and 400 acres of dry ayacut. The expenditure in the current year will be very small. Hence a sum of Rs. 100 is included in the supplementary estimate for the work.

Item (xvi).—This is also a new work sanctioned by the Government for execution during the course of the year. The sanctioned estimate of expenditure for the work is Rs. 27,000. The scheme is expected to benefit a block of 100 acres. The expenditure in the current year will be very small. Hence a sum of Rs. 100 is included in the supplementary estimate for the work.

Item (xvii).—This is a new work sanctioned for execution during the current year as a Grow More Food measure. The sanctioned estimate of expenditure for the work is Rs. 40,100. The scheme is expected to benefit an ayacut of 228 acres. Only a small sum is likely to be spent during the current year, and a token sum of Rs. 100 is included in the supplementary estimate, as the expenditure is on a "new service."

Item (xviii).—This is also a new work sanctioned in the current year as a Grow More Food measure. The sanctioned estimate of expenditure for the work is Rs. 1,50,000. The scheme is expected to benefit an extent of 520 acres including 29.5 acres of existing wet ayacut. Only a small expenditure is likely to be incurred during the current year on the preliminary items of the work. A token sum of Rs. 100 is included in the supplementary estimate, as the expenditure is on a "new service."

Item (xix).—This is also a new work sanctioned in the current year as a Grow More Food measure. The sanctioned estimate of expenditure for the work is Rs. 46,000. The scheme is expected to benefit an extent of 555 acres. The estimate of expenditure on the work during the current year is Rs. 10,400. A token sum of Rs. 100 is included in the supplementary estimate, as the expenditure is on a "new service." The balance of the amount required for expenditure in the current year will be met from savings within the Grant.

Item (xx).—The additional appropriation is required to repair the damages caused by the floods of 1946 and 1947.

Items (xxi) and (xxii).—The additional appropriation is required to meet the cost of the newly formed South Kanara Division and subdivisions for the investigation of the schemes in the Malabar and South Kanara districts, the cost of establishment of the Ramapadasagar Circle, etc., due to the deputation of officers to the United States of America in connexion with the Ramapadasagar Project.

Item (xxiii).—The additional appropriation is required for the purchase of tools and plant for the investigation of the Kistna-Pennar Project and for use in the Coimbatore Circle.

Item (xxiv).—The additional appropriation is for meeting the expenditure in connexion with the investigation of new Grow More Food schemes and other irrigation works and for the purchase of tools and plant.

Item (xxv).—This is a new proposal sanctioned by the Government during the current year. The expenditure in the current year will be very small. Hence a sum of Rs. 100 is included in the supplementary estimate for the work.

Item (xxvi).—The increase in expenditure is on account of the Ramapadasagar Project and relates to the purchase of tools and plant, construction of staff quarters at Polavaram and detailed investigation including additional experiments.

Item (xxviii).—The additional appropriation is required with reference to the latest estimate of the High Commissioner for India, London.

Item (xxix).—The additional appropriation is required on account of the execution of repairs to a number of minor irrigation works affected by the floods and on account of the revision of the scales of pay of the staff.

Item (xxx).—The additional demand is for carrying out repairs to damaged tanks and other irrigation works due to the floods of 1946 and 1947.

Item (xxxii).—The additional appropriation is required to meet the outlay on the work during the current year.

Item (xxxiii).—This is a new work sanctioned during the current year as a Grow More Food measure. The sanctioned estimate of expenditure for the work is Rs. 2,84,000. The scheme is expected to benefit an extent of about 2,800 acres. Only a small expenditure is likely to be incurred during the current year on the preliminary items of the work. A token sum of Rs. 100 is included in the supplementary estimate, as the expenditure is on a "new service."

(8) Debt charges.

Estimate of the amount required for further expenditure.

	RS.
Voted	Nil.
Total of sums charged	93,98,500

Summary.

Major head.	Minor head.	Sub-heads of appropriation.	Estimated amount of further expenditure for 1947-8.	
(1)	(2)	(3)	Charged. (4) RS.	Voted. (5)
(i) 22. Interest on Debt and other obligations.	a. Deduct—Interest transferred to Commercial Departments.	(i) Irrigation, Navigation, etc., Works (ii) Electricity Schemes	1,91,300 5,52,400	..
D. Transfers.		Total ..	7,43,700	..
(ii) 23. Appropriation for reduction or avoidance of Debt.	a. Sinking Funds (Provincial Loans) b. Other appropriations.	B. General Sinking Fund .. Repayment of loans taken from the Central Government.	5,05,000 81,49,800	..
		Total ..	86,54,800	..
		Total—Debt charges ..	93,98,500	..

Explanatory Note.

Item (i)—Transfers—Deduct—Interest transferred to Commercial Departments.—Owing to a reduction in the total capital outlay at the end of 1946-7 on which interest is charged, it is now anticipated that the amount debitable to the Commercial Departments by credit to this head will be less than that originally provided for in the budget by Rs. 9,72,400. Of this, a sum of Rs. 2,28,700 has been met by re-appropriation from the savings under the other heads under "Debt charges" and the balance of Rs. 7,43,700 is included in the supplementary estimate.

Item (ii)—Sinking Funds (Provincial Loans)—B. General Sinking Fund.—The amortisation provision required in respect of the 2½ per cent Loan, 1961, to be made in the current year is greater than the provision in the Budget by Rs. 5,05,000 owing to a re-allocation of the proceeds of the loan between the different purposes for which it was utilized on the basis of the actual expenditure in 1946-7. A larger part of the proceeds was used for re-lending and less for capital outlay than had been anticipated.

Other Appropriations—Repayment of loans taken from the Central Government.—In order to finance the State Trading Schemes relating to the purchase and sale of seeds, manure, etc., in connexion with the Grow More Food Campaign, the Government of India gave an interest-free loan of Rs. 85 lakhs, representing one half of the permanent advance of Rs. 170 lakhs placed at the disposal of the Director of Agriculture for the purpose. This loan was taken in two instalments in 1943-4 and 1945-6, and was repayable before the 31st March 1947. The Government of India did not agree to the request of this Government for the continuance of the interest-free concession for a further period of five years and they said that they would charge interest at 3½ per cent per annum. It would have been financially disadvantageous to this Government to retain the loan carrying interest at 3½ per cent per annum, and hence it was decided to repay the entire loan. The decision of the Government of India to charge interest was communicated to this Government after the close of the year and hence the amount could not be repaid in 1946-7. It was actually repaid in May 1947.

On the other hand, there was a saving of Rs. 3,50,200 owing to the lapse of the provision in the budget for 1947-8 for the repayment of a portion of the loans taken from the Government of India for the reclamation of lands in the Tanjore and Chittoor districts. As the actual disbursement of the advances to ryots out of these reclamation loans was very small, the Government decided to treat the entire advances as made out of Provincial funds and repaid the Government of India's loan at the end of 1946-7. The resultant saving of Rs. 3,50,200 has been utilized towards the repayment of a portion of Rs. 85 lakhs, reducing the net additional appropriation required under the head to Rs. 81,49,800.

(9) GRANT IX—HEADS OF PROVINCES, MINISTERS AND HEADQUARTERS STAFF.

Estimate of the amount required for further expenditure.

Voted	RS.

		B. Pay of establishments	..	71,800
		C. Other charges	..	46,100
		Total	..	4,60,100

Explanatory Note.

Item (i).—Consequent on the adaptation to the Government of India Act, 1935, issued in the India (Provisional Constitution) Order, 1947, most of the cases that normally used to be circulated to His Excellency the Governor previously have to be seen by the Hon'ble the Premier. In order to assist him, a post of Secretary to the Hon'ble the Premier of the status of a Secretary to Government was created with effect from the 15th August 1947. Subsequently, the designation of the post was changed into that of Principal Private Secretary to the Hon'ble the Premier. Some time later, the Government decided that the Principal Private Secretary to the Hon'ble the Premier should, in addition to his duties as such, also administer the Firka Development and Hindu Religious Endowments, subjects previously dealt with in the Public Department and the Education and Public Health Department respectively. The staff dealing with these subjects were therefore constituted into a separate Department known as the "Firka Development Department" and the Principal Private Secretary to the Hon'ble the Premier was appointed Secretary to the Government in that Department and *ex-officio* Principal Private Secretary to the Hon'ble the Premier.

The ultimate cost on account of the new post is about Rs. 22,000 a year recurring. The cost in 1947-8 will be about Rs. 11,000.

As the expenditure is on a "new service," a token sum of Rs. 100 is included in the supplementary estimate. The balance of the amount required in the current year has been met by reappropriation from savings within the Grant.

Item (ii).—With reference to the representations of the non-gazetted Government officers asking for a revision of the rates of dearness allowance on the lines of the Central Pay Commission's recommendations, the non-gazetted Government officers were informed that the Government would examine the questions of dearness allowance and house-rent allowance and see whether any liberalization in the rates of dearness allowance of the lower paid staff was necessary. The Government accordingly reviewed the scheme of cost of living allowance and dearness allowance and came to the conclusion that the rates previously sanctioned needed revision. Orders were issued enhancing the rates of dearness allowance of non-gazetted Government servants and reducing the allowance granted to gazetted officers. The temporary increases in pension granted to pensioners whose pensions did not exceed Rs. 100 were also reduced. The revision in all these cases took effect from the 1st January 1948. The net extra cost on account of the revision of the rates of dearness allowance, etc., is estimated at about Rs. 57.50 lakhs a year and about Rs. 9.75 lakhs in 1947-8. As the expenditure is on a "new service," a token sum of Rs. 100 is included in the supplementary estimate.

Item (iii) *Pay of officers.*—The increase is due to the appointment of (a) two Additional Assistant Secretaries, (b) a Special Officer to attend to the work connected with various legislative measures, and (c) a Deputy Collector to act as Secretary to the non-official committee to enquire into the dispute between the Inamdar of Kalipatnam and his ryots. The excess is also due to the fact that the expenditure which was debitable to "Pay of Officers—charged" till the 14th August 1947 has to be treated as 'Voted' after that date.

Pay of Establishments.—The increase is due to (1) the disbursement of arrears of pay on account of the revision of salaries from the 1st January 1947, and (2) the employment of additional staff to cope with the increase of work and of the staff to work under the Secretary to the non-official committee referred to above.

Other charges.—The increase is due to (1) the grant of travelling allowance to an Assistant Secretary for his journeys to and from Ootacamund and Delhi, (2) the grant of arrears of house-rent allowance to the staff, (3) the grant of dearness allowance to the additional staff referred to above, (4) purchase and repair of furniture, and purchase of a bicycle and a steel cabinet, and (5) the charges relating to the committee mentioned above. The excess is also due to the fact that the expenditure which was previously treated as "Charged" has to be treated as 'Voted' from the 15th August 1947.

Item (iv) *Pay of officers.*—The increase is due partly to the employment of three more Assistant Secretaries in the Department during the year to cope with the increase of work, and partly to the employment of a Development Commissioner for the work relating to the Economic Development of Rayalaseema, which is a "new service".

Pay of Establishments.—The increase is due to the employment of additional staff to cope with the increase of work in the department during the year. This also includes the cost of certain additional staff, the expenditure on which was treated as on a "new service".

Other charges.—The increase is due to the payment of dearness allowance to the additional staff, the grant of house-rent allowance to the staff with retrospective effect from the 1st January 1947 and the fact that some expenditure previously treated as "Charged" has to be treated as "Voted" from the 15th August 1947.

Item (v).—The increase is due to the transfer of one Assistant Secretary and staff for the work relating to Planning and Development from the Public Department to the Development Department from the 30th September 1947.

Item (vi) *General remarks.*—The Government decided that, pending the major zamindari abolition legislation, immediate relief should be given to ryots in estates in this Province by reducing to the levels of ryotwari assessment, the high rates of rent now paid by them. Legislation was necessary for this purpose. The Madras Estates Land (Reduction of Rent) Act, 1947, was accordingly passed and published in the *Fort St. George Gazette Extraordinary*, dated the 7th January 1948.

Section 2 of the Act contemplates the appointment of a Special Officer for any estate or estates, for the purpose of determining fair and equitable rates of rent. A Special Officer in the senior scale of the Indian Civil Service with a special pay of Rs. 250 per mensem, was appointed in advance of the passing of the Bill into law, in order that he might attend to the preliminary work relating to the proposed reduction of rents. He was originally given a stenotypist and three peons to work under him.

In order that the rent reduction work might be pushed through and completed as quickly as possible, the Government sanctioned the employment of the following staff to assist the Special Officer:—

Twelve Deputy Collectors for one year from the date of appointment.

Twelve lower division clerks and twenty-four peons to work under the Deputy Collectors during the period of training.

Twelve Deputy Tahsildars, twenty-four lower division clerks and thirty-six peons to work under the Deputy Collectors after the period of training is over.

The Deputy Collector-Assistants were under training for a period of about three weeks and after this preliminary training they have been posted for rent reduction work in the various zonal areas into which the Province has been divided for the purpose. Orders have also been issued sanctioning the employment from the date of appointment of the following staff to work under the Special Officer:—

Two Superintendents on Rs. 140—190 each per mensem.

Four upper division clerks on Rs. 80—125 each per mensem.

Two lower division clerks on Rs. 45—90 each per mensem.

One typist on Rs. 45—90 per mensem.

One peon (Rs. 16—24) per mensem.

A special pay of Rs. 75 each per mensem has also been sanctioned to the twelve Deputy Collector-Assistants.

The Special Officer for rent reduction work has to tour extensively all over the Province, and will on that account be frequently absent from headquarters. The Government have therefore sanctioned the employment for a period of one year from the date of appointment of a Personal Assistant in the grade of Deputy Collector, with two peons to work under him, for attending to office correspondence, etc., and running the office at Madras.

The Deputy Collector-Assistants appointed for the rent reduction work will have to do most of their work in remote villages, not easily accessible by rail or ordinary motor car. The Government have therefore sanctioned the purchase of twelve jeeps, one for each of the twelve Assistants.

As the expenditure on the items referred to above was not contemplated in the budget for 1947-8, the expenditure is on a "new service."

Pay of Officers.—The additional appropriation is also intended to cover the expenditure on account of the following:—

(a) The extension of the term of employment of the Special Officer (Land Tenures) up to the 31st January 1948.

(b) The employment of a number of officers—Assistant Secretary (Comprehensive Irrigation Bill), two Deputy Collectors for Land Tenures work and Special Officer for Agricultural Income-tax in the Board's office for different periods during 1947-8.

Pay of establishments.—The increase in expenditure is also due to the drawal of increased salary consequent on the revision of scales of pay and the drawal of arrears of pay for January to March 1947 during the current year.

Other charges.—The increase in expenditure is mainly due to the following reasons:—

(a) Certain expenditure which was 'Charged' on the revenues prior to the 15th August 1947 has from that date been debited to this 'Voted' sub-head.

(b) Increased rates of dearness allowance sanctioned from January 1948.

(c) Grant of house-rent allowance for Government servants drawing up to Rs. 80 per mensem and the drawal of arrear claims during the year.

(10) GRANT X—LEGISLATIVE BODIES.

Estimate of the amount required for further expenditure.

		3. Other charges	..	11,200
(iii) Do.	w. II—Deduct—Contri- butions from other Governments, Depart- ments, etc.	B. Election Courts	..	4,000
		Contributions recoverable from other Governments, Departments, etc.	..	+ 9,000
Total			..	1,41,400

Explanatory Note.

Item (i).—The increases are due to additional expenditure on account of the following items which was not anticipated when the Budget Estimate for 1947-8 was framed:

(1) (a) Drawal of arrears of salary by certain members.

(b) Posts of Parliamentary Secretaries whose salaries would have been debited to a different head were not filled up during the current year. Consequently there was no reduction in expenditure under this head as originally expected.

(2) (a) Larger number of sittings during this year.

(b) Revision of railway fares from the 1st March 1947 and from the 1st January 1948.

(3) (a) Provision of coir matting in the Assembly Chamber at a cost of about Rs. 4,200.

(b) Repairs to the Hon'ble Speaker's car, purchase of cycles for office use and purchase of a cabinet for the library.

(c) General increase on miscellaneous items under contingent expenditure due to the frequency of Assembly sittings.

(4) (a) Grant of house-rent allowance to some members of the staff with effect from the 1st January 1947.

(b) Revision of dearness allowance with effect from the 1st January 1948.

(c) Dearness allowance paid to the additional staff sanctioned for the library, reporting section and Government House Hostel.

(d) Increase in dearness allowance due to the employment of temporary staff on meeting days.

(e) As this department has foregone vacation in 1947, there has been increased expenditure under leave salary and dearness allowance.

(5) (a) Increase in electric current charges due to a greater number of meetings.

(b) Electric current charges and telephone charges relating to the Government House Hostel have to be met from this head.

(c) Increase under telephone charges due to increase in the number of telephones and extensions.

Item (ii) (A).—An additional appropriation of Rs. 54,500 is required mainly to meet the increase in expenditure on account of the employment of large additional staff in connexion with the special revision of the Madras Legislative Assembly electoral rolls relating to Madras City, which was not anticipated when preparing the Budget Estimate for 1947-8.

Item (ii) (B).—An additional appropriation of Rs. 4,000 is required on account of the larger expenditure on sitting fees, travelling allowance, etc., of Commissioners and the Registrar, Election Court, and the establishment.

Item (iii).—A sum of Rs. 9,000 expected to be recovered from the Government of India for probable bye-elections to the Central Legislative Assembly and the Council of State was taken credit for in the Budget Estimate for 1947-8. As both these Chambers have been dissolved by the Government of India since August 15, 1947, there will be no recovery on this account, and an additional appropriation of Rs. 9,000 is therefore required.

(11) GRANT XI—DISTRICT ADMINISTRATION AND MISCELLANEOUS.

Total ..			..	1,24,32,000

Explanatory Note.

Item (i).—The increase is mainly due to the classification of the expenditure on the pay and allowances of officers as 'Voted' instead of as 'Charged', from the 15th August 1947.

Item (ii).—The increase is due to the revision of the scales of pay of Revenue Subordinates with effect from the 1st January 1947 and to larger expenditure on temporary establishments in Collectors' Offices.

Items (iii) to (vi) and (viii).—The increase is chiefly due to the following causes :—
(1) The revision of the scales of pay of Revenue Subordinates and the grant of house-rent allowances to some of them with effect from the 1st January 1947.
(2) Intensive touring for procuring foodgrains.

Item (vii).—Subscriptions were collected from villagers during the war period and were deposited with the Government of India to be spent after the war on beneficial works in or in the vicinity of the villages from which the subscriptions were collected. The amount provided represents the total of the amounts sanctioned during the current year for expenditure on such works.

Item (ix).—In the schemes approved for the colonization of the Wynaad in the Malabar district and the Araku Valley in the Vizagapatam Agency, provision has been made for the acquisition of lands required for allotment to the colonists and for the various other purposes connected with the schemes. The Board of Revenue recently reported that the progress of land acquisition necessitated the payment of compensation to the awardees in the current year. It applied for an additional appropriation of Rs. 6,60,400 for payment of land acquisition charges for the Wynaad Colonization Scheme and Rs. 3,06,400 for the Araku Valley Scheme. The total amount required for land acquisition charges for the two colonization schemes is Rs. 9,66,800. As sufficient savings are not available under the Grant, the amount is included in the supplementary estimate.

Item (x).—In order to advise the Government in regard to the steps to be taken for further development of Broadcasting in this Province, e.g., adoption of a suitable programme and policy and connected matters, the Government sanctioned the creation of a gazetted post of a Special Officer for the Provincial Broadcasting Department temporarily for a period of six months in the first instance. Sri S. Kasipathi, an officiating News Editor in the Central News Organization, All India Radio, New Delhi, was appointed to the post with a staff of one clerk-typist and two peons. The posts of Special Officer, Provincial Broadcasting, and his staff are being continued, as the work for which the Special Officer has been appointed is not yet completed. The expenditure anticipated in the current year is Rs. 12,600. As the expenditure is on a "new service", a token sum of Rs. 100 is included in the supplementary estimate. The balance of expenditure has been met from savings within the Grant.

Item (xi).—In order to provide employment to ex-tappers, the Government have sanctioned the organization of co-operative societies for the manufacture of jaggery in the districts of Malabar, South Kanara and Coimbatore. For work connected with the organization and

supervision of these societies, a special staff of 13 Senior Inspectors of Co-operative Societies, two Junior Inspectors of Co-operative Societies and 13 peons was sanctioned. The cost on account of the above staff comes to about Rs. 28,000 per annum and Rs. 6,000 in 1947-8. As the cost of the staff exceeds Rs. 20,000 per annum, recurring, the expenditure is on a "new service". A token sum of Rs. 100 is included in the supplementary estimate.

Item (xii).—The increase is due to the credit as receipts instead of as deduction of charges of the Government of India's half share of the subsidy for sinking wells as part of the Grow More Food Campaign.

Item (xiii).—(a) The Government directed that, in connection with the Intensive Rural Reconstruction work in selected firkas and centres, the improvement to village communications and rural water-supply should be taken up immediately. Sanction was accorded to the expenditure of a maximum sum of Rs. 50,000 for village communications and Rs. 50,000 for rural water-supply in each selected firka and centre.

In sanctioning these amounts, the following instructions have been issued to the Collectors :—

(1) If, according to the estimates forwarded by them, a smaller sum is required, only that amount should be expended.

(2) Account should be taken of the voluntary contributions in money, or labour, or materials that might be forthcoming from the villagers.

(3) The total expenditure should not exceed the sum allotted to each firka together with the amount of the village contributions in cash.

(4) As the sanction accorded is a general one, each item of work under 'village communications' and 'rural water-supply' should be taken up separately and the necessary sanction of the competent authority should be obtained before the work is actually started.

(5) The amounts sanctioned should be spent in consultation with the Firka Development Committee constituted in each district.

(6) The amount spent on the schemes in respect of villages should be in proportion to the voluntary contributions of money or labour or materials, which the villagers are willing to make towards the improvements.

(7) In order to avoid duplication of expenditure by taking up one and the same road work under the Firka Development Schemes and also under the "Village Road Programmes" of panchayats and district boards, the local bodies should be consulted before the road work in the selected areas is actually taken up for execution.

The expenditure will be met by withdrawals from the "Fund for Village Reconstruction and Harijan Uplift."

(b) Under the Firka Development Scheme, expenditure on major schemes is being sanctioned by the Government after examination of the reports and estimates submitted by Collectors and Heads of Departments. As regards minor and urgent items of work, which involved small expenditure, Collectors experienced difficulty in executing the schemes, as the orders of the Government had to be obtained on every individual item of expenditure. To obviate the delay in the execution of these minor but urgent schemes of improvement, viz., cutting down of hedges, filling up of pits, closing or opening of small channels or drains, etc., the Government have sanctioned an annual lump-sum grant of Rs. 10,000 to be placed at the disposal of each Collector (except the Collector of Madras) in each of the 34 firkas and centres selected for intensive rural reconstruction and another sum of Rs. 10,000 at the disposal of the Provincial Firka Development Officer for the entire Province. During the current financial year, the grant has been restricted to Rs. 5,000 to each Collector in respect of such firka or centre and Rs. 5,000 in all for the Provincial Firka Development Officer, Madras.

The expenditure likely to be incurred is Rs. 1,75,000 during the year 1947-8 and Rs. 3,50,000 a year in subsequent years. It will be met by withdrawals from the Fund for Village Reconstruction and Harijan Uplift.

(c) In pursuance of their scheme for rural uplift, the Government have, as stated above, selected 34 firkas and centres in the Province for intensive rural reconstruction work. The supply of electric power to these areas will receive high priority. It has been decided that the scheme for the electrification of the selected firkas and centres should be confined for the time being only to a compact group of a few villages in each firka lying in the vicinity of the existing power lines.

The electrification schemes fall under two heads—remunerative and unremunerative. Unremunerative schemes are those which do not yield a revenue of at least 10 per cent of the capital outlay. The Government have undertaken to make good the shortfall in revenue in respect of the unremunerative electrification schemes so far investigated in the selected firkas and centres. The cost on account of this works out to Rs. 2,02,000 per annum recurring. As none of the Firka Electrification Schemes sanctioned is likely to be completed before 1947-8, no expenditure is anticipated in 1947-8.

As the expenditure involved in items (a) and (b) and the commitment to make good the shortfall in revenue in due course in respect of item (c) relate to 'new services', a token sum of Rs. 100 is included in the supplementary estimate in respect of the three schemes. As the expenditure in all these cases is to be met from the Fund for Village Reconstruction and Harijan Uplift, a minus appropriation of Rs. 100 is also shown under this item.

(12) GRANT XII—ADMINISTRATION OF JUSTICE.
Estimate of the amount required for further expenditure.

Voted	..	..	..	..	..	RS.
Total of sums charged	..	..	..	..	..	9,38,700

(vi) Do.	Do.	E. Contingencies		..	49,400	
(vii) Do.	j. Charges in England ..	II. High Commissioner for India—A. Leave Salaries and Deputation Pay		..	28,600	
		Total ..		..	9,38,700	

Explanatory Note.

Items (i) and (iii).—The additional appropriation is required to meet the extra expenditure due to revision of salaries sanctioned by the Government in January 1947.

Item (ii).—The additional appropriation is required to meet the extra expenditure due to appointment of Special First-class Magistrates for trial of special cases.

Item (iv).—The additional appropriation is required to meet the extra expenditure due to the grant of house-rent allowance and enhanced dearness allowance to the staff.

Item (v).—The additional appropriation is required to meet the extra expenditure due to increase in the cost of materials and labour.

Item (vi).—The additional appropriation is required to meet increased expenditure under all items of contingencies (purchase of furniture and books to Assistant Public Prosecutors, etc.).

Item (vii).—The additional appropriation is based on the requirements of the High Commissioner for India, London.

(13) GRANT XIII—JAILS.

Estimate of the amount required for further expenditure.

Voted	..	..	..	..	..	RS.
Total of sums charged	..	..	..	..	..	6,62,000
						Nil.
<i>Summary.</i>						
Major head.	Minor head.	Sub-heads of appropriation.		Estimated amount of further expenditure for 1947-8.

		B. Sterling Overseas Pay		..	35,200	
		C. Stores for India		..	..	
		Total ..		..	2,44,59,600	

Explanatory Note.

Items (i) (ii), (iv) to (viii), (xii) to (xv) and (xvii).—The increase under pay and allowances is mainly due to the fact that the pay and allowances of officers of the Indian Police Service which were previously treated as "Charged" have become votable from the 15th August 1947 and that the scales of pay of subordinate officers of the Police Force were revised from the 1st April 1947. A token supplementary grant was obtained in September 1947 in regard to the revision of the scales of pay of Police Subordinates.

Payment of increased electric current and telephone charges and rent due to the expansion of Madras City, feeding charges of policemen, purchase of wireless sets for the Madras City Police Wireless System, and the construction of bodies for newly purchased lorries account for the increased appropriation for contingencies in item (ii). The stationing of Armed Reserves in disturbed localities, the resultant transport and feeding charges, the purchase of arms for the four Special Armed Police Units and urgent repairs to buildings are the main reasons for the increased appropriation required for expenditure other than pay and allowances.

Items (iii) and (ix).—Under the Madras Home Guards Ordinance, 1948, promulgated on the 12th January 1948, the Government sanctioned the formation in the City of Madras and in the districts of East Godavari, West Godavari, Kistna, Guntur, Kurnool, Bellary, North Arcot, Chingleput, Salem, Coimbatore, Malabar and South Kanara, in the first instance, of a voluntary force known as the Home Guards with a view to raising a disciplined and self-reliant force of citizens to supplement the ordinary Police Force in the maintenance of law and order during emergencies. The strength of the force in each of these areas will be 1,000. The Home Guards will be in the form of platoons; a platoon will consist of four sections, each with a strength of 10, and 4 platoons will make a company. Each platoon will be provided with one lorry. The force in each centre will be in the charge of a Commandant, who will be assisted by an Adjutant. A small ministerial staff has also been sanctioned for each centre.

Training will be given for 1½ hours on four days a week at different training centres for three months, after which the members will be called out once a week for practice. During training and when called out to aid the police, the members of the organization will be paid according to prescribed rates. The ultimate cost of the scheme is estimated at Rs. 18.05 lakhs per annum recurring and Rs. 58.75 lakhs non-recurring.

The amount required for expenditure in the current year is included in the supplementary estimate.

Items (x) and (xvi).—Token grants of Rs. 100 each were obtained from the Legislature for these items in December 1947. As no savings are available within the Grant, the amounts required for expenditure in the current year are included in the supplementary estimate.

Item (xi).—The employment of larger staff in plague-affected areas accounts for the additional appropriation required under this head.

		Total	..	25,73,700

Explanatory Note.

Item (i).—In June 1947, the Government sanctioned the payment of an annual grant of Rs. 300 for a period of five years from 1947-8 to the Numismatic Society of India, Bombay, towards the cost of publication of the journal of the Society. The amount required for 1947-8 is included in the supplementary estimate. The expenditure is on a "new service."

Item (ii).—The Presidency College Women Students' hostel was located until recently in a building called "Narayana Castle" in Mylapore. As the owner of the said building was pressing for a long time for its release for his own use, the Government have shifted the hostel to another building called "Retreat" in Purasawalkam. To facilitate the conveyance of the hostel inmates from their hostel in Purasawalkam to their college, i.e., the Presidency College, the Government sanctioned the purchase of a bus at a cost of Rs. 17,000 and this amount is included in the supplementary estimate. The expenditure is on a "new service."

Item (iii).—The question of reorganization of Secondary Education with a view to providing for vocational courses has been under the consideration of the Government since 1937; but it had to be postponed from time to time on account of the difficulties in securing the required materials such as typewriters, tools and instruments, etc. The Government have since decided that, as an experimental measure, the bifurcated courses should be introduced in 50 selected secondary schools [9 Government schools (4 for boys and 5 for girls), 16 schools under local bodies and 25 schools under private agencies] from the beginning of the next school year.

To enable local bodies and managements of aided secondary schools to meet the extra cost involved in the organization of these new courses, it is proposed to make recurring teaching grants calculated at three-fourths of the net cost of running the courses during the preceding financial year subject to a maximum of Rs. 1,450 per annum for each school for a period of five years after the introduction of the courses and the question of revising the arrangements will be considered at the end of the period. In addition, a non-recurring grant equal to three-fourths of the cost of equipment to be purchased for the courses will also be paid, subject to a maximum of Rs. 5,700 for each school. The cost in 1948-9 on account of the scheme is estimated at Rs. 2,94,800 non-recurring and Rs. 74,850 recurring and the cost in the subsequent years will be Rs. 74,850 each year recurring.

As it is necessary to purchase the equipment required for the new courses before the schools are reopened after the summer vacation of 1948, the Director of Public Instruction has been authorized to incur an expenditure of Rs. 10,000 during the current year on the purchase of equipment required for the introduction of the courses in the nine Government schools from the next school year. As the expenditure is on a "new service", a token sum of Rs. 100 is included in the supplementary estimate and the balance of the expenditure has been met from savings within the Grant.

Item (iv).—In May 1947, the managements of aided secondary schools were asked to adopt for teachers in their employ at least the revised scales of pay fixed for teachers in secondary schools under local bodies. They were not precluded thereby from adopting the higher scales of pay fixed for teachers in Government secondary schools. Certain managements have adopted the Government scales while others have adopted the scales of the local bodies. In fixing the pay of the existing incumbents in the revised scales, some managements have allowed advance increments giving weightage for service up to the 31st December 1946, as it is open to them to give such weightage even though the Government have not insisted on it.

The Government considered the question whether for purposes of assessment of teaching grants to these schools on the basis of two-thirds of the approved net cost of maintenance, the additional expenditure involved in the grant of advance increments should be taken into account and decided that the expenditure incurred on payment of salaries in the revised scales (Government or local bodies' scales) after giving weightage for service should be taken into account for assessment of teaching grant. It is roughly estimated that the managements of 100 aided secondary schools would have allowed advance increments—50 in Government scales and 50 in local bodies' scales—and the extra cost to the Government by way of teaching grant by admitting the expenditure to aid will be Rs. 97,000 a year ultimate and Rs. 79,000 immediate. The additional expenditure by the managements on account of the grant of advance increments in refixing the pay of the staff will be incurred in the current year, and the teaching grant will be assessed and paid only in the next year. As the expenditure is on a "new service", a token sum of Rs. 100 is included in the supplementary estimate.

Item (v).—The Government have increased with effect from the 1st January 1947, the rates of teaching grant payable to teachers in non-Government primary schools. A token supplementary grant was obtained for this purpose in September 1947. Mainly on account of this, the Government have to incur an expenditure of Rs. 2,98,24,900 in the current year as against the sanctioned appropriation of Rs. 2,22,07,900 under this head. The additional amount required for the expenditure is Rs. 76,17,000. A sum of Rs. 50,70,600 has been met from the savings within the Grant and the balance of Rs. 25,46,400 is included in the supplementary estimate.

Item (vi).—The Government have sanctioned the payment of a stipend of Rs. 12 each to the students undergoing training in the Basic Training School at Keelamoongiladi, Chidambaram,

Item (vii).—Text-books for colleges and schools are at present published by private agencies. This system is considered unsatisfactory. The Government have therefore decided to prepare, print and publish text-books for schools and colleges in the Province, so that the best material can be given at the cheapest cost and the profit which now goes to the private publisher may go to the State. The preparation of text-books for Basic Education in Tamil and Telugu has been taken up first. To implement this decision, it has been decided to appoint a Committee consisting of a Chairman and two members, the Chairman to be on the scale of the Madras Educational Service, i.e., Rs. 230—700, and the members to be on the scale of Rs. 200—500 with Madras House Allowance. The Committee is to be assisted by two lower division clerks, two upper division clerks, two typists, one Superintendent and two peons, as and when the necessity for their appointment arises.

To begin with, the Government have sanctioned the employment of a Special Officer in the scale of pay of Rs. 230—700 plus a conveyance allowance of Rs. 75 per mensem with a small staff of one lower division clerk, one steno-typist and one peon in the office of the Director of Public Instruction for a period of six months in the first instance for organizing the writing of text-books in the two languages. The scheme is on a specific new object and as the recurring cost (Rs. 17,626 per annum) exceeds Rs. 2,500 per annum, the expenditure is on a "new service". The expenditure during the current year will be small. A token sum of Rs. 100 is included in the supplementary estimates.

Item (viii)—(a) Grant towards the publication of the Malayalam Lexicon by the Travancore Government.—In 1946, the University of Travancore applied to this Government for a grant towards the publication of a Malayalam Lexicon, at the rate of Rs. 5,000 per year for a period of eight lakhs. The estimated total cost of the work to the Travancore Government is about Rs. 2 at the rate of Rs. 3,000 a year for a period of eight years. After deducting the grants applied for from this Government and the Government of Cochin, the balance of expenditure on this work comes to Rs. 1,36,000, which the Travancore University proposes to meet from its own funds. The Director of Public Instruction recommended the payment of grant by this Government at the rate of Rs. 5,000 a year for a period of eight years. As the work undertaken by the University of Travancore is one of great interest to the Malayalee population in this Presidency, this Government sanctioned the payment of an annual grant of Rs. 5,000 for a period of three years in the first instance to the University of Travancore towards the cost of preparation and publication of the Malayalam Lexicon, subject to the condition that the Travancore University should supply free of cost to this Government 100 copies of the Lexicon on its completion and that the position would be reviewed at the end of the third year. The cost of the scheme at present comes to Rs. 15,000. The expenditure during 1947–8 is Rs. 5,000.

(b) *Grant towards endowment lectures in Lucknow University.*—Dr. Radha Kumud Mookerji, a distinguished educationist, appealed to this Government to make a grant in support of a lectureship in Indian History and Civilization endowed in the Lucknow University. The Government sanctioned as a special case a grant of Rs. 250 for each of the years 1947-8 and 1948-9 in support of the lectureship. The total expenditure involved is Rs. 500 and the expenditure in 1947-8 is Rs. 250.

(c) *Creation of poet-laureateships and award of prizes for books in regional languages.*—With a view to encouraging development of the four South Indian Languages, the Government have sanctioned the creation of poet-laureateships, one for each of the four regional languages of the Province, viz., Tamil, Telugu, Malayalam and Kannada, and one for Sanskrit. They have also instituted prizes for the best books written in various selected subjects in the four South Indian languages. The poets for the laureateships will be chosen once in five years, with the help of committees which will be specially constituted for the purpose, from amongst those who are residents of, and belong to, this Province. The selected poets will be paid Rs. 1,000 a year during the period of their laureateship.

The subject's for the award of prizes have for the present been divided into 12 groups. In these groups, six prizes for the best books for each of the regional languages will be given every year for a period of five years. The value of the prizes will be Rs. 500 for each work in Tamil and Telugu and Rs. 250 for each work in Malayalam and Kannada.

The total cost of the scheme will be Rs. 14,000 per annum recurring. The committees for the selection of poet laureateships referred to above have not yet been constituted. During the current year four prizes of Rs. 500 each have already been awarded to the best books in Tamil in the four groups (1) History, Economics, Politics and Sociology, (2) Physics and Chemistry, (3) Research work and (4) Prose works. The cultural associations or institutions in co-operation with whom the other prizes for the best books in various subjects in the languages should be awarded, as well as the occasions on which the prizes should be given are under consideration. It is not likely that any further expenditure on this scheme will be incurred during the current year.

The total expenditure during the year amounts to Rs. 7,250 and accordingly a sum of Rs. 7,300 roundly is included in the supplementary estimate. The expenditure is on a "new service".

Explanatory Note.

Item (i).—The Drugs Act, 1940, is a Central Act. The Central Government required that it should be implemented by rules framed by the Provincial Governments on the basis of the rules framed by them. The Madras Drugs Rules under the Act were framed in 1945. The rules framed by them. The Madras Drugs Rules under the Act were framed in 1945. The Drugs Act and the Rules framed thereunder by the Madras Government were brought into force with effect from the 1st April 1947, at the instance of the Central Government, for the sake of uniformity in all the Provinces. For implementing the Act and the Rules, it was found necessary to provide for the following :—

- (i) Appointment of licensing authority.
- (ii) Provision of laboratory facilities.
- (iii) Appointment of Government Analysts under the Drugs Act.
- (iv) Appointment of Inspectors.
- (v) Creation of a special department of Biological Control at the King Institute and appointment of additional staff.
- (vi) Appointment of additional staff in the Surgeon-General's office for the administration of the Drugs Act and Rules.

A special department of Biological Control was constituted in the King Institute, Guindy, with effect from the 1st April 1947, with the necessary staff for a period of one year. Similarly, necessary staff was sanctioned in the Surgeon-General's office for the administration of the Drugs Act and Rules for a period of one year from the 1st April 1947. The cost is Rs. 49,200 recurring per annum. As the recurring cost is over Rs. 20,000,

the expenditure is on a "new service". A token appropriation of Rs. 100 is included in the supplementary estimate. The balance of the expenditure in the current year has been met by reappropriation from savings within the Grant.

Items (ii), (iii) and (viii).—The increase in expenditure under "Pay of establishments" in respect of items (ii) and (iii) is due to the revision of the scales of pay, employment of additional staff during the course of the year to cope with the normal increase of work and on account of the increase in the bed strength of certain hospitals, and transfer of the staff of the Government Wellesley Tuberculosis Sanatorium, Bellary, to the Medical Department from the 1st October 1947. A token supplementary grant was obtained in December 1947 in respect of the transfer of the Wellesley Sanatorium to the Medical Department.

The Government sanctioned the temporary creation of 154 posts of nurses for employment in the Government Medical Institutions in the Province, costing ultimately Rs. 3.9 lakhs per annum besides a non-recurring expenditure of Rs. 53,900. The expenditure is on a "new service". The expenditure in the current year is only Rs. 3,200 and it is included in the supplementary estimate.

The Government also sanctioned revised scales of pay to workers employed in Government Medical Institutions and certain improvements in their conditions of service with effect from the 1st January 1948. The ultimate cost involved is Rs. 2,93,180 recurring. As the expenditure is on a "new service", a token sum is included in the supplementary estimate.

The increased expenditure under "Medicines and Hospital necessities" and "Diet" in respect of items (ii), (iii) and (viii) is mainly due to the following reasons:—

(1) Increase of bed strength in some hospitals and increase in the daily average attendance of in-patients.

(2) Local purchase at higher rates of many of the non-tendered diet articles and purchase of tendered diet articles at higher rates than in previous years.

(3) Purchase of drugs and medicines from local firms at higher rates due to their not being available in the Medical Stores Depot.

(4) Provision made for the requirements of the Government Wellesley Tuberculosis Sanatorium, Bellary.

(5) Purchase of Penicillin direct from local firms.

(6) Purchase of refrigerators for certain hospitals.

(7) Purchase of additional Radium needles and other medical stores.

Item (iv).—The Blind Relief Mission, Nagpur, opened a blind relief camp on its own responsibility at Dalmiapuram, Trichinopoly district, from the 24th to the 30th January 1947, and applied for a maintenance grant from this Government. The local Government Medical Officers were present at the camp and their reports submitted individually showed that useful work was done at the camp. The camp was resorted to by poor patients who had not the means to travel to bigger ophthalmic hospitals. Such camps will popularise the system of scientific treatment among the villagers and in course of time do away with "couching", which is still reported to be prevalent in spite of the law against it. The Government have therefore decided to sanction a grant for two camps to be opened by the Mission in this Province at the rate of Rs. 4,000 for each camp. No expenditure is likely to be incurred in the current year. As, however, the expenditure is on a "new service", a token appropriation of Rs. 100 is included in the supplementary estimate.

Item (v).—The Government have sanctioned an expenditure of Rs. 74,000 on the purchase and installation of a gas plant in the Andhra Medical College, Vizagapatam. This scheme is one of the items included in the first priority of the comprehensive scheme for improvements and extensions to the Andhra Medical College and the King George Hospital, Vizagapatam, which were considered very urgent for absorbing the students of the Guntur Medical College which has since been abolished. As the expenditure is on a "new service", a token sum of Rs. 100 is included in the supplementary estimate. The expenditure in the current year will be met from savings within the Grant.

Item (vi).—In order to facilitate the continuance of the pre-clinical studies of the students admitted to the newly opened Madura and Guntur Medical Colleges, the Government sanctioned the employment during the current year of the following staff in the Bio-Chemistry departments of each of the colleges:—

One Professor of Bio-Chemistry (Non-Clinical).

One Assistant Professor (Non-Clinical Tutor or Assistant).

One Assistant Professor (Non-Medical).

One Technician.

One Senior Laboratory Attendant.

One Junior Laboratory Attendant.

One sweeper (in the Madura Medical College only).

The entire staff was employed from the 1st January 1948, the date from which the departments had to function. For organizing the department of each college before that date, a skeleton staff of one Assistant Professor, one Technician, one Senior Laboratory Attendant and one sweeper was employed. As the expenditure is on a "new service", a token appropriation is included in the supplementary estimate. The balance required for expenditure in the current year has been met from savings within the Grant.

Item (vii).—The Government have sanctioned the conversion of the School of Indian Medicine, Madras, into a college and the opening of a Research Department of Indian Medicine at Madras with a view to providing improved facilities for teaching Indian Systems of Medicine and also for carrying out research in those systems. The expenditure involved on the schemes is as shown below:—

	Recurring.	Non-recurring.
	RS.	RS.
College of Indian Medicine	1,13,600	11,000
Research Department	2,40,100	30,000

As the expenditure is on a "new service", a token sum of Rs. 100 is included in the supplementary estimate. The balance of the expenditure in the current year has been met by reappropriation from savings within the Grant.

Item (ix).—The Government have sanctioned the deputation of Medical officers for higher training abroad. As the expenditure is on a "new service", a token appropriation of Rs. 200 (£ 15) is included in the supplementary estimate.

(17) GRANT XVII—PUBLIC HEALTH.

Estimate of the amount required for further expenditure.

Total			..	98,51,800

Explanatory Note.

Item (i).—In November 1947, the Government sanctioned the deputation of one draftsman from the office of the Sanitary Engineer and one draftsman from the office of the Chief Engineer (General) to attend the special course of six months in Public Health Engineering held by the All-India Institute of Hygiene and Public Health, Calcutta, commencing from the 12th January 1948. The candidates have since reported themselves at the Institute and are undergoing the

course. The total probable cost of the deputation of the two draftsmen is about Rs. 2,500. As similar expenditure has not been incurred in the past, it is on a "new service." A token sum of Rs. 100 is included in the supplementary estimate. The balance of expenditure in the current year has been met from savings within the Grant.

Item (ii).—In October 1945, the Government of India stated that, in view of the shortage of Nutrition workers, it would be necessary to send abroad for training, persons whom it was intended to employ in a specialized capacity in the Public Health and Food Departments and on Nutrition Research. They also stated that they would be prepared to assist in making arrangements for such training and desired to be informed of the number of officers whom this Government would wish to send abroad for training. In consultation with the Director of Public Health the names of Dr. P. V. George and Dr. S. M. Ghouse, First Class Health Officers, were suggested to the Government of India for higher training abroad for a period of one year. The Government of India selected Dr. P. V. George and informed this Government that details regarding his study programme and passage would be communicated later on. The receipt of these particulars is still awaited.

In the meantime, the Government of India have forwarded a memorandum of the terms which will be offered to candidates selected for higher training abroad in Nutrition. According to these terms, a candidate who is in the permanent employ of the Provincial Government will be considered to be on study leave from the date on which he is relieved from duty in India up to the date on which he rejoins duty on return to India and will be paid according to certain study leave terms specified by the Government of India.

The Government of India have undertaken to meet half the total expenditure on the basis of these terms. They have, at the same time, stated that it is open to the Provincial Government to grant deputation terms to the candidates but that they would bear, as their share of the cost, only half of such expenditure as is admissible under study leave terms specified by them. In view of the fact that deputation terms have been offered to certain Medical and Public Health Officers already deputed for higher training and the fact that, as Dr. P. V. George will have to maintain his family in India it will be a hardship to him if study leave terms alone are granted, it has been decided that Dr. George will be allowed deputation terms. The extra cost to this Government involved in the proposal is roughly estimated to be Rs. 18,823, exclusive of half the cost on account of payment of travelling allowance from port of disembarkation to the place of instruction abroad and back, and tuition fees. The expenditure during the current year is estimated at Rs. 1,300 roughly. As the expenditure is on a "new service," a token sum of Rs. 100 is included in the supplementary estimate. The balance of the expenditure has been met from the savings within the Grant.

Item (iii).—It has been decided that the concessions to be granted to local board establishments in the plains should also be granted to the staff of the East Godavari Agency District Board. The scales of pay of local boards were revised with effect from the 1st April 1947. The Government have accordingly sanctioned the revision of the scales of pay of the staff (other than teaching staff) of the Agency District Board also with effect from the 1st April 1947. In view of the meagre resources of the Agency District Board, the Government have agreed to meet the entire extra expenditure by a subsidy. A sum of Rs. 1,200 will be required for the purpose under the Public Health establishment of the Board. As the expenditure is on a "new service," a token sum of Rs. 100 is included in the supplementary estimate. The balance has been met from savings within the Grant.

Item (iv).—Malaria is highly endemic along the eastern foot-hill region of the South Kanara district. The question of instituting malaria control measures in one of the taluks therein, viz., the Puttur taluk, was considered in 1929 but very little was done to deal with the problem beyond free distribution of quinine.

In 1946, at the instance of Mr. E. M. Gawne, the then Adviser to His Excellency the Governor of Madras, the Director of Public Health was asked to submit comprehensive proposals for the control of malaria in the malarial tracts of the district. He accordingly submitted a scheme which contemplated the introduction of malaria control measures in selected villages of Puttur taluk in the first instance and the gradual extension of these measures to other taluks in accordance with the degree of endemicity of malaria in those taluks. Ordinarily, schemes of this kind should be carried out by local bodies concerned with the help, if necessary, of a one-third grant from the Government. As the South Kanara District Board is not in a position to meet any portion of the cost of the scheme, the entire cost has to be met from Provincial funds. The total estimated cost of the scheme which has been approved by the Government, is Rs. 57,000 a year recurring and Rs. 20,000 non-recurring. The expenditure during the current year is estimated at Rs. 24,200. As the expenditure is on a "new service," a token sum of Rs. 100 is included in the supplementary estimate. The balance of expenditure has been met from the savings within the Grant.

Item (v).—A supplementary grant of Rs. 100 was voted by the Legislature in December 1947 for the constitution of the Rural Water-Supply Fund in the current year with a contribution of Rs. 1 crore from the Revenue Account. It was then stated by the Government that the balance of the amount required would be provided by obtaining a supplementary grant from the Legislature in March 1948 after taking into account the savings that might accrue under the Grant. It is now found that only a sum of Rs. 1,48,500 will be available as savings under the grant for reappropriation. Excluding the token grant of Rs. 100 already voted by the Legislature and the amount available for reappropriation, a sum of Rs. 98,51,400 is still required for making up the amount of Rs. 1 crore for the Rural Water-Supply Fund. This amount is accordingly included in the supplementary estimate.

Explanatory Note.

Item (i).—In connection with the Grow-More Food Campaign, the following schemes have been sanctioned for introduction in the current year:—

(a) Production of vegetables in urban areas at a recurring cost of Rs. 19,100 per annum. Only a portion of this expenditure will be incurred in the current year, as the staff was sanctioned late in the year.

(b) Opening of a demonstration and nursery farm in the Government House Estate, Mount Road, for vegetable production at a cost of Rs. 14,570. The bulk of this expenditure will be incurred in the current year.

(c) Scheme for conducting crop cutting experiments of paddy during 1947-8 in 17 principal paddy growing districts of the Province at a cost of Rs. 72,000. The cost in the current year is estimated at Rs. 69,800.

(d) With a view to investigating the scope of increased production on temple and mutt lands, the Government have placed the services of three Agricultural Demonstrators under the Hindu Religious Endowments Board for a period of one year. The expenditure involved is Rs. 3,600 per annum.

Item (ii).—A scheme for the multiplication, distribution and marketing of Co. 4. Cotton in the Madras Province has been started from the 1st February 1948. The estimated cost of the scheme is Rs. 1,04,635 recurring and Rs. 15,555 non-recurring. The expenditure in the current year is estimated at Rs. 1,500.

Item (iii).—On account of the failure of the North-East Monsoon in the year, a scheme for the supply of sweet potato vines free of cost to ryots has been undertaken in the current year. The estimated cost is Rs. 23,000.

Item (iv).—A scheme for compost making from waste vegetable matter in villages which is one of the schemes in the Grow More Food Five-Year Plan has been sanctioned and undertaken in the current year. The estimated cost is Rs. 24,000 per annum. Only a part of the expenditure will be incurred in the current year.

Item (v).—A scheme for the control of pests and diseases of crops as contemplated in the Grow More Food Five-Year Plan has been sanctioned in the current year at a cost of Rs. 82,984 recurring and Rs. 60,200 non-recurring. The estimated expenditure in the current year is Rs. 23,800.

Item (vi).—(a) Sanction has been accorded for increasing the dairy herd in the Agricultural College, Coimbatore at a cost of Rs. 18,000 recurring and Rs. 19,000 non-recurring. The estimated expenditure during the current year is about Rs. 28,700.

(b) The Government have sanctioned the purchase of one Massey Harris self-propelled combine for the Central Farm, Coimbatore, at a cost of Rs. 15,750 non-recurring.

Item (vii).—The additional appropriation is required for purchase of agricultural machinery to aid the Grow More Food Campaign in the Province, and for the following schemes which have been sanctioned in the current year :—

(a) Purchase of oil engines from Messrs. Best and Company, Madras, at a cost of Rs. 13,600.

(b) Purchase of pipes, pipe-fittings and tubes from the Iron and Steel Controller, Calcutta, at a cost of Rs. 9,65,200.

(c) Purchase of spare parts for petrol pump-sets from U.S.A. at a cost of Rs. 25,000.

(d) Purchase of pipes and pipe fittings for supply to ryots in connection with Grow More Food Schemes at a cost of Rs. 19,08,190.

(e) Purchase of agricultural machinery consisting of six self-priming diesel and power kerosene engine driven pumping sets at a cost of Rs. 11,000.

(f) Purchase of 100 oil engines for sale or hire to ryots at a cost of Rs. 55,400 recurring and Rs. 4,73,000 non-recurring. The estimated expenditure in the current year is Rs. 4,80,000.

(g) Purchase of 100 tractors for hiring to ryots at a cost of Rs. 8,94,000 recurring and Rs. 25,10,000 non-recurring. The estimated expenditure in the current year is Rs. 19,00,000.

Item (viii).—In order to popularise the use of compost, a scheme for the payment of subsidy during the period from the 1st March 1947 to the 31st March 1948 for distribution of compost from night soil and town refuse has been sanctioned and introduced in the current year. The estimated cost is Rs. 63,000.

Item (ix).—At the instance of the Government of India, sanction has been accorded for the introduction of a Two-Year plan for the study of Ornithology in relation to Agriculture as a post-war development scheme. The estimated cost of the scheme is Rs. 26,310 recurring and Rs. 3,080 non-recurring for the first year, and Rs. 25,210 in the second year.

2. The expenditure on each of the schemes mentioned above is on a "new service". Except under item (vii), only token sums have been included in the supplementary estimate. The balance of the expenditure in the current year will be met from savings within the Grant.

(19) GRANT XIX—VETERINARY.

Estimate of the amount required for further expenditure.

			RS.

(ii) Do. ..	Do.	Post-war Reconstruction—I. Ordinary areas—B. Pay of establishment and allowances.	..	100.
(iii) Do. ..	c. Hospitals and Dispensaries.	Post-war Reconstruction—(Expenditure from the Fund for Village Reconstruction and Harijan Uplift)—Ayurvedic Dispensaries—Grant to Ayurvedic Dispensary at Dendulur firka	..	100.
		Deduct—Charges recoverable from Governments, Departments, etc.	..	100.
(iv) Do. ..	f. Breeding Operations	B. Research Stations—(3) Other Charges	..	2,10,300.
(v) Do. ..	Do.	J. Post-war Reconstruction—District Farms—Other charges.	..	100.
Total ..			..	2,10,600.

Explanatory Note.

Item (i).—The Government have sanctioned the deputation of the Assistant to the Lecturer in Pathology and Bacteriology, Madras Veterinary College, to undergo special training for a period of 12 months at the Indian Veterinary Research Institute, Muktesar, with a view to making him suitable for appointment as Lecturer in Pathology and Bacteriology, Madras Veterinary College. The expenditure involved is estimated to be Rs. 2,600 non-recurring and covers tuition fees, travelling allowance, compensatory allowance, etc., for the Officer. As the expenditure is on a "new service", a token sum of Rs. 100 is included in the supplementary estimate. The balance of the expenditure will be met from savings within the Grant.

Item (ii).—There is a post-war development scheme for the appointment of a Stockman-Compounder for each touring billet of the Veterinary Department. The Government have sanctioned the employment of 21 Stockmen-Compounders during the year 1947-8 on Rs. 35-1-60 temporarily till the 31st March 1949. These posts will form part of the post-war development scheme mentioned above. The total cost involved in the proposal is Rs. 23,200 per annum. As the expenditure is on a "new service", a token sum of Rs. 100 is included in the supplementary estimate. The balance of the amount required for expenditure in the current year has been met from savings within the Grant.

Item (iii).—On the suggestion of Sri Y. Sri Ramulu Chowdary, Ayurvedic Veterinary Doctor, Tenali, Guntur district, for starting Ayurvedic Veterinary dispensaries in all the 34 firkas and centres selected for intensive rural reconstruction work, the Government have decided to open one such dispensary as an experimental measure in Dendulur firka, West Godavari district. Extension of the scheme to other firkas will be taken up later on the successful working of the scheme in the Dendulur firka. The expenditure involved in the scheme is Rs. 1,200 per annum including the cost of medicine and salary for the staff. As the expenditure is on a "new service", a token sum of Rs. 100 is included in the supplementary estimate. The actual expenditure on the scheme will be met from the Fund for Village Reconstruction and Harijan Uplift.

Item (iv).—The additional appropriation is required to meet the increased expenditure consequent on the enhancement of the prices of cattle food and of wages to coolies and the building up of a reserve stock at the Livestock Research Stations at Hosur and Guntur.

Item (v).—The Government have decided to purchase the buildings and other assets of the Military Dairy Farm at Vizagapatam for the use of the Veterinary Department. Pending the formal orders of the Government sanctioning the purchase, the Joint Director of Veterinary Services has been asked to take over the farm immediately. The expenditure involved in the proposal is estimated at Rs. 1,01,400. As the expenditure is on a "new service", a token sum of Rs. 100 is included in the supplementary estimate. The balance of the expenditure will be met from savings within the Grant.

(20) GRANT XX—CO-OPERATION.

Estimate of the amount required for further expenditure.

			RS.	
Voted	..	..	..	100

				RS.
42. Co-operation ..	b. Superintendence	A. General—I Ordinary areas .. —1. Pay of Officers.	..	100

Explanatory Note.

With a view to relieving the prevailing shortage of housing accommodation, the Government sanctioned the starting of co-operative housing schemes throughout the Province in many of the municipalities and major panchayats. They also sanctioned the employment of a Special Land Acquisition Officer (a Deputy Collector) with the necessary subordinate staff for work connected with the acquisition of lands for the co-operative housing schemes for a period of one year. The entire expenditure on account of the employment of the staff is recoverable from the housing societies concerned. It is estimated that the expenditure on the staff will amount to about Rs. 34,000 per annum. Though the entire expenditure is recoverable from the societies, the expenditure has to be met by the Government initially and is therefore on a "new service". A token sum of Rs. 100 is accordingly included in the supplementary estimate.

(21) GRANT XXI—INDUSTRIES.

Estimate of the amount required for further expenditure.

			(4)	(5)
			RS.	
43. Industries	a. Industries	R. Post-war Reconstruction—Polytechnics—Pay of officers.	..	100

Explanatory Note.

As a measure of post-war development, the Government have sanctioned the opening of several Polytechnics in the Province. A token supplementary grant was obtained in March 1947 in respect of the Polytechnics at Cocanada, Madura, Madras, Mangalore and Vuyyuru. But no grant has so far been obtained for the Kerala Polytechnic, Calicut. The non-three years, of which Rs. 7,72,000 will be incurred in the first year. The recurring cost (other than on staff) is estimated at Rs. 1,19,500 per annum.

As the expenditure is on a 'new service', a token appropriation of Rs. 100 is included in the supplementary estimate. The amount required for expenditure in the current year has been found from savings within the Grant.

(22) GRANT XXII—CINCHONA AND FISHERIES.

Estimate of the amount required for further expenditure.

		S. Post-war Reconstruction— (xix) Investigation of fishery marketing.	..	27,300
		(xx) Technical training in the United Kingdom and the United States of America.	..	
Total ..			..	5,62,100

Explanatory Note.

Items (i), (iii) (1), (iii) (2), (iv), (vi) and (ix).—The additional appropriation is required mainly on account of the revision of the scales of pay and the rates of dearness and other compensatory allowances of the subordinate staff.

Item (ii).—The enhancement of the purchase price of bark and the larger receipts of bark at the Quinine Factory account for the increased appropriation required under this head.

Item (iii) (3).—The reduction of expenditure on plantation schemes in respect of which a share is recoverable from the Government of India accounts for the additional appropriation under this head.

Item (v).—The additional appropriation is required for improvements to coolie lines in the Government cinchona plantations.

Item (vii).—The additional appropriation is required on account of the increase in the menial establishment at Mettur and Adyar and the Gourami popularisation scheme sanctioned in the course of the year.

Item (viii).—The additional appropriation is required on account of the larger expenditure anticipated on the purchase and conveyance of salt for fish-curing yards as a result of the increase in the price of salt and gunnies.

Item (x).—The appropriation is required to meet the pay and allowances of the Fishery Marketing Officer and his staff sanctioned late in 1946 and for which no provision could be made in the budget for the current year, and to meet the return passage, leave salary, etc., of the officers sent abroad for technical training.

(23) GRANT XXIII—MISCELLANEOUS DEPARTMENTS.

Estimate of the amount required for further expenditure.

Voted	RS.
26,05,400	
Total of sums charged	Nil.

Summary.

Major head.	Minor head.	Sub-heads of appropriation.	Estimated amount of further expenditure for 1947-8.

(i) 47. Miscellaneous Departments.	a. Labour	A. Direction.—I. Commissioner of Labour— 1. Pay of officers 2. Pay of establishments 3. Other charges 4. Charges payable to other Governments, Departments, etc.	..	19,500 12,300 22,400 57,300
(ii)	Do.	B. District staff— 1. Pay of officers and establishments. 2. Allowances 3. Contingencies	..	26,000 10,600 13,600

Explanatory Note.

Item (i) (2).—The increase is due to the revision of salaries of the non-gazetted Government servants.

- (b) the expenditure on the payment of house rent allowance to subordinate staff.
- (c) the increased expenditure on correspondence; and
- (d) the increase in tour charges, purchase of books and periodicals, increase in telephone charges, etc.

Item (i) (4).—The demand is based on actual requirements.

Item (ii) (1)—The increase is due to the revision of salaries of the non-gazetted Government servants.

Item (ii) (2).—The increase is mainly due to the following reasons :—

(a) payment of house rent allowance to subordinate staff ;
(b) the grant of permission to District Harijan Welfare Officers and Special Inspectors and peons to draw ordinary travelling allowance instead of fixed travelling allowance ; and
(c) appointment of certain additional staff.

Item (ii) (3).—The increase is mainly due to :—
(a) increase in correspondence ;

(b) provision of a jeep for the Labour Officer, Coimbatore, its maintenance charges, telephones, rent, etc. ;

(c) purchase of furniture for the office of the Labour Officer, Vizagapatam; and
(d) payment of rent for some offices of the Labour Officers for which no provision was made in the budget.

Item (iii).—The additional expenditure is due to the appointment of Industrial Tribunals at Madras, Coimbatore, Madurai and Bezwada and Courts of Enquiry for Handloom Industry, Timber and Saw Mills and Rice and Oil Mills, for which no provision was made in the budget.

*Item (iv) (1).—*The increase is due to the revision of salaries of the non-gazetted Government servants.

*Item (iv) (2).—*The increase is due to the sanctioning of additional lump sum boarding grants in the current year to private hostels maintained for the benefit of Harijans. A token supplementary grant was obtained in December 1947 in respect of these grants.

*Item (v).—*The additional appropriation is due to the fact that the deduction made in the budget for probable savings has proved to be too great.

Item (vi)—The Management of the Thakkar Bapa Vidyalaya (Harijan Industrial School) Theagarayangar, proposed to develop the institution during the course of the next few years into an Industrial School for 400 boys, 300 of whom would be accommodated in the hostel attached to

As the expenditure is on a "new service", a token sum of Rs. 100 is included in the supplementary estimate.

Item (viii).—The Government decided to take over the equipment and vehicles belonging to the A.R.P. organization for the use of the Madras Fire Services. The cost of the equipment so taken over is estimated at Rs. 20,70,600. A sum of Rs. 19,57,800 is included in the supplementary estimate and the balance has been met from savings within the grant.

Item (ix).—The Government sanctioned the creation of a special Fire Services section at the Vizagapatam Port consequent on the programme of Import/Export of ammunition. The expenditure on this scheme, which is estimated at Rs. 1,82,968 per annum, is initially borne from Provincial funds and is to be recovered subsequently from the Defence Department. As the expenditure on the scheme is on a “new service”, a token sum is included in the supplementary estimate.

Estimate of the amount required for further expenditure.

Total ..			62,300	1,800

Explanatory Note.

Item (i).—An additional amount of Rs. 19,500 is required in the current year mainly for the provision of furniture to the quarters and the installation of fans. As there are not sufficient savings within the Grant under "charged" to meet the expenditure in full, a sum of Rs. 16,000 is included in the supplementary estimate.

Item (ii).—The buildings and structures including nine hangars in the Naval Stores Depot, Chromepet, constructed by the military during the war are required urgently for the use of several departments of the Government—Industries, Highways, Jail, Transport and Public Works Departments. The Government sanctioned the purchase in the current year of all Rs. 6,25,000. As the expenditure is on a "new service", a token sum of Rs. 100 is included in the supplementary estimate and the balance has been met from savings within the Grant.

Item (iii).—The buildings in the British Evacuee Camp, in the Forest College Estate, Coimbatore, which were constructed by His Majesty's Government, are required for the use of buildings. The Government have, therefore, purchased in the current year all the buildings and the assets in the Camp (excluding hospital equipment and office equipment), for Rs. 2 lakhs. This is one of the post-war development schemes entitled to a grant from the Central Government during the current year. As the expenditure is on a "new service", a token sum of Rs. 100 is included in the supplementary estimate. The expenditure has been met from savings within the Grant. The camp also requires many improvements like provision of water-supply, sanitation, lighting, bathroom, etc., arrangements. The existing sheds and buildings need repairs and alterations. These are estimated to cost roughly Rs. 1 lakh and it is proposed to sanction this expenditure also.

Item (iv).—The Government have purchased from the Government of India, at a cost of Rs. 3,24,320, the land, machinery, equipment and buildings of the Meat Dehydration Factory at Ranipet for locating the Serum Institute of the Veterinary Department. As the expenditure is on a "new service", a token sum of Rs. 100 is included in the supplementary estimate. The balance of the amount required for expenditure in the current year has been met from savings within the Grant.

Item (v).—As the Post-war Road Programme was under revision, a lump-sum provision of Rs. 101.05 lakhs was made in the current year's budget for expenditure on post-war road development works, and it was decided that individual works should be sanctioned as and when plans and estimates were received from the Chief Engineer (Highways). Token grants are now applied for in respect of the works mentioned, as the expenditure on each of them exceeds

Rs. 30,000 and is on a "new service." The further expenditure required on the works will be met by reappropriation from the savings within the Grant. Further details about these works are given below.

Nos. (1) to (8).—These bridges are on important through roads classed as 'Provincial Highways' or 'Major District Roads' and the necessity for the bridges is keenly felt. Nos. (1) and (6) had been previously sanctioned under the Central Road Fund Programme with the approval of the Government of India but postponed on account of the War. No. 2 is also considered urgently necessary for the improvement of communications in Chirakkal taluk in the interests of law and order. The estimated cost in respect of the works is given below. Very little expenditure is likely to be incurred in the current year but commitments may be made.

Name of work.	Estimated cost. RS.
1 Constructing a bridge over the Payaswani river at mile 52/8 of Kalladka-Kanhangad road, South Kanara district.	5,50,000
2 Constructing a bridge over the Kutticole river at mile 5/8 of Balia-patam-Taliparamba section of the Cape Comorin-Bombay Highway in Malabar district.	90,000
3 Constructing a bridge at mile 23/6 of Nellore-Bombay road in Nellore district.	59,000
4 Constructing a bridge over the Kushavati river at mile 3/4 of Kodikonda-Amarapuram road in Anantapur district.	41,000
5 Constructing a causeway across the Hagari river at mile 32/2 of Bellary-Kalyandrug road in Bellary district.	1,09,000
6 Constructing a bridge over the Bharathapuzha river at mile 18/2 of Angad puram-Kuttiapuram-Cochin Frontier road in Malabar district.	11,35,000
7 Constructing a causeway across the Ponnar at Hanumatheertham at mile 47/5 of Salem-Tirupattur road in Salem district.	60,000
8 Constructing a bridge over the Upputeru river at Someswaram in Gudivada-Bhimavaram road in Kistna district.	2,64,000

Nos. 9, 10 and 11.—The stretches of roads taken up for metalling form part of important through roads classed as major district roads. The existing earthen stretches of roads are fit only for light traffic even in dry weather and metalling is urgently necessary in the interests of transport of foodstuffs and other agricultural products in the areas served by them. The estimated cost of each work is given below:—

Name of work.	Estimated cost. RS.
9 Metalling Repalle-Nizampatam road between mile 5/0 and 15/7 in Guntur district.	3,88,000
10 Metalling Iylur-Nidumole-Kowtharam road between mile 14/7 and 18/3 in Kistna district.	95,000
11 Metalling Tiruturaipundi-Vedaram road between mile 26/0 and 29/2 and between mile 36/2 and 39/2 in Tanjore district.	97,800

An expenditure of Rs. 50,000 is likely to be incurred in the current year in respect of No. 11. In regard to other works, very little expenditure is expected to be incurred but commitments may be made.

No. 12.—The Dornal Pass road in Kurnool district between miles 54/4 and 69/0 is in a bad and dangerous condition and its improvement is necessary to facilitate measures to put down crime in the area. It forms part of a Provincial Highway and the Sri Sallam temple, which attracts lakhs of pilgrims every year, is only 16 miles due north from the 60th mile of the road. The road has therefore been transferred from the control of the Forest Department to that of the Highways Department and an estimate of Rs. 2.36 lakhs for improvements to the road has been approved. The recurring annual expenditure on account of the maintenance of the road is Rs. 28,000.

No. 13.—The Vizagapatam-Pendurti-Anantagiri road between miles 2/0 and 3/3 lies in Vizagapatam Municipality and carries 3,661 tons of traffic daily of which 1,438 tons are of iron tyre. The stretch beyond miles 3/3 up to 8/0 has already been provided with conphalt surface. The proposal to provide conphalt surfacing to the stretch under reference is under consideration. The token grant is applied for in order to meet any possible commitments in respect of the work in this year, if sanctioned.

No. 14.—The Vizagapatam-Anantagiri-Araku road between miles 38/2 and 79/2 is an important major district road in the Vizagapatam Agency connecting Vizagapatam, a major port in this Province, with Jeypore and other areas in the Orissa Province. The road is very narrow in certain stretches, particularly in the ghat section between miles 45/2 and 66/0 and there are

several deep and unbridged 'geddas' between miles 68/0 and 79/2, which cause interruption to traffic in the monsoon months. The road has to be improved very urgently in the interests of the Machkund Hydro-Electric Scheme. An estimate amounting to Rs. 15.1 lakhs to improve the road to make it fit for transport of vehicles connected with the Hydro-Electric Scheme has been sanctioned. The estimated expenditure on the work in the current year is Rs. 72,500.

Item (vi) (1).—The appropriation is required to meet the cost of certain additional works to be carried out and to meet the expenditure on dearness allowance to the works-charged establishment.

Item (vi) (2).—The additional appropriation is required to meet the cost of re-wiring of the electric installation in the High Court premises.

Item (vii).—The Government have been experiencing much difficulty in procuring iron and steel and other materials, for use in connection with the many Grow More Food, Electricity and Building schemes in the Province. To tide over this difficult situation, they considered the question of purchasing the surplus materials available at the four Engineering Parks at Arkonam, Avadi, Coimbatore and Vizagapatam and decided to purchase certain selected items of stores, paying controlled prices for controlled categories and book-values for the uncontrolled items at a total cost of Rs. 41,34,269. Similarly, they have sanctioned the purchase from the Engineering Stores Depot, Avadi, of stores to the value of Rs. 24,45,823. They have also sanctioned an expenditure of Rs. 16,850 on the purchase of one self contained punching, shearing, cropping and notching machine for use in the Public Works Workshops, Madras.

On account of the large amount involved, the expenditure on the above items was treated as on a "new service". A token sum of Rs. 100 is included in the supplementary estimate. The expenditure in the current year has been met from savings within the Grant.

(25) GRANT XXV—CIVIL WORKS—ESTABLISHMENT AND TOOLS AND PLANT.

Estimate of the amount required for further expenditure.

Voted	RS.
.. .. .	300
Total of sums charged	Nil.

Summary.

Major head.	Minor head.	Sub-heads of appropriation.	Estimated amount of further expenditure for 1947-8.	
(1)	(2)	(3)	Charged. (4)	Voted. (5)
				RS.
(i) 50. Civil Works.	e. Establishment—Public Works Department.	E. Executive Establishments— I. Ordinary Areas—3. Pay of Establishments—Temporary ..	..	100
(ii) Do.	f. Tools and plant—Highways Department.	A. Excluding Post-war Reconstruction—2. Repairs and carriage—I. Ordinary areas ..	..	100
(iii) Do.	Do.	B. Post-war Reconstruction—1. New supplies—I. Ordinary Areas ..	..	100
		Total ..	..	300

Explanatory Note.

Item (i).—The Minor Irrigation works are now in charge of the Revenue Department. Due to persistent complaints in several districts that these works are not properly attended to, it has been proposed to transfer them to the Public Works Department. To begin with, it has been decided to transfer 339 Minor Irrigation works in the Chingleput district from the Revenue Department to the Public Works Department and to try the experiment over a three-year period. The anticipated expenditure on account of the additional Public Works staff is estimated at Rs. 6,000 per annum against which there will be a saving of Rs. 1,500 per annum under "18. Irrigation—Other Revenue Establishments". As the expenditure is on a "new service", a token appropriation of Rs. 100 is included in the supplementary estimate.

Item (ii).—During the year, the Government sanctioned the grant of dearness allowance in lieu of ration allowance, and daily allowance to drivers, firemen and cleaners on road rollers Rs. 1.16 lakhs ultimately and Rs. 23,600 in 1947-8. As the expenditure is on a "new service", a token sum of Rs. 100 is included in the supplementary estimate. The balance required for expenditure in the current year has been met from savings within the Grant.

Item (iii).—The Government have sanctioned the purchase of 2 break-down lorries at a cost of Rs. 14,000 and 3 workshop lorries at a cost of Rs. 40,000 for use in the Highways Department. As the expenditure is on a "new service", a token appropriation of Rs. 100 is included in the supplementary estimate. The balance of the actual expenditure in the current year will be met from the savings within the Grant.

(26) GRANT XXVI—CIVIL WORKS—GRANTS-IN-AID. Estimate of the amount required for further expenditure.

Voted	RS.
.. .. .	200
Total of sums charged	Nil.

Summary.

Major head.	Minor head.	Sub-heads of appropriation.	Estimated amount of further expenditure for 1947-8.	
(1)	(2)	(3)	Charged. (4)	Voted. (5)
				RS.
(i) 50. Civil Works	g. Grants-in-aid	(i) Excluding Post-war Reconstruction—D. Grants to local bodies for roads and bridges (other than village communications) ..	..	100
(ii) Do.	Do.	(ii) Post-war Reconstruction—J. Grants to local bodies for new road works ..	..	100
		Total ..	..	200

Explanatory Note.

Item (i).—The following three works are required urgently for the maintenance of Law and Order in Chirakkal taluk in Malabar district:—

- (1) Construction of a bridge with Callender Hamilton Company units across the Valakayithodu in Taliparamba-Srikantapuram road.
- (2) Construction of a bridge with Callender Hamilton Company units across the Kayamboyithodu in Srikantapuram-Payyanur road.
- (3) Improvements to Peringome-Payyanur road.

The estimated cost of the first work is Rs. 28,800, that of the second Rs. 25,900 and that of the third Rs. 64,000. All the three works relate to roads in charge of the Malabar District Board and they will be taken up for execution by the District Board on the basis of full grant from Provincial Funds.

As the expenditure is on a "new service", a token sum of Rs. 100 is included in the supplementary estimate. The balance of the expenditure in the current year will be met from savings within the Grant.

Item (ii).—A gross lump sum provision of Rs. 20 lakhs was made in the Provincial Budget for the current year for payment of half grants to district boards for their Post-war Road Development schemes. Out of this provision, grants amounting to Rs. 19,00,270 have been sanctioned to the 24 district boards for the execution of selected road and bridge works under the Post-war Road Development Programme in the current year. As only a lump sum without details of works was included in the budget, the expenditure has to be treated as on a "new service", and a token sum of Rs. 100 is included in the supplementary estimate. A list of works for which the grants have been sanctioned is given in the Annexure to this note.

ANNEXURE.

- 8 Koottingal-Chetwai road, 26 miles 6 furlongs .. 1,20,000

Total .. 1,76,500

III. Other improvements to important roads—

- 1 Widening Nanmanda-Kunnamangalam road (O.D.R.) .. 5,000
- 2 Widening Muttungal-Nadapuram road (M.D.R.) .. 5,000
- 3 Widening Perambra-Kuttiadi road (M.D.R.) .. 5,000
- 4 Widening Vythri-Thavavanna road (M.D.R.) .. 5,000
- 5 Widening Perumbai-Peringhom road (M.D.R.) .. 10,000
- 6 Widening Taliparamba-Irity road (M.D.R.) .. 5,000
- 7 Widening Irity-Nedumpoil road (M.D.R.) .. 5,000
- 8 Widening Kellur-Taravanna road (M.D.R.) .. 2,000
- 9 Widening Kartikulam-Tholpatti road (M.D.R.) .. 3,000
- 10 Improvements to culverts on Thrikalamcode-Tiravalli road .. 6,000
- 11 Constructing a culvert at mile 4/8 of Pulamanthol-Kulathoor road .. 2,500
- 12 Constructing a culvert at mile 1/3 of Elavancheri road .. 10,000
- 13 Metalling with granite metal Ponnani-Tirunavai road .. 10,000
- 14 Constructing revetments at Kumaranallur on Anakara road .. 5,000
- 15 Metalling Koppam-Tiruvegapara road .. 5,000
- 16 Metalling Kottakkal-Kalpakancheri road .. 3,500

Total .. 87,000

IV. Formation of village road—

- 1 Extending the existing road from Manjeri by 3 miles to Elankur .. 15,000

Total .. 15,000

Grand Total .. 4,39,000

1,20,000

CHINGLEPUT DISTRICT BOARD.

I. Bridges—

- 1 Widening Lattice bridge at mile 2/2 of Madras-Tirupporur road (M.D.R.) .. 61,000

Total .. 61,000

II. New village roads—

- 1 Forming a road from Medavakkam to Mambakkam (O.D.R.) .. 23,000
- 2 Forming a road from Parivakkam to Voylanallur (V.R.) .. 23,000
- 3 Forming a road from Coromandal to Pulicat (V.R.) .. 5,000
- 4 Forming a road from Mongodu to Sunappagunta (via) Seliyampedu, Poongulam and Opasamudram (V.R.) .. 10,000
- 5 Extending Mamandur-Suruttal road to meet Conjeeveram-Uttiramerur road (O.D.R.) .. 5,000
- 6 Forming a road from Devadur to Thatchur (O.D.R.) .. 10,000

Total .. 76,000

III. Metalling roads—

- 1 Metalling Orakkadu to Karamodai (V.R.) .. 10,000
- 2 Metalling Minjur-Kattur-Tiruppalavanam road (O.D.R.) .. 56,000
- 3 Metalling Chinnakavanam-Permedu road at mile 1/4-3/6 (V.R.) .. 15,700

Total .. 81,700

IV. Other improvements to roads—

- 1 Graveling Madurantakam-Devadur road (O.D.R.) .. 11,000
- 2 Graveling Padalam-Cheyyar road at mile 2/5-6/0 (O.D.R.) .. 8,000
- 3 Metalling and constructing culverts on Indalore village road (V.R.) .. 4,300

Total .. 23,300

Grand Total .. 2,42,000

61,000

MADURA DISTRICT BOARD.

I. Bridges and culverts—

- 1 Bridging of Manjar at mile 2/3 of Batlagundu-Usilampatti road .. 25,000
- 2 Constructing culverts in dips in Vadamadura-Oddanchatram road .. 25,000
- 3 Constructing culverts in dips in Batlagundu-Usilampatti-Peraiyur road .. 25,000

Total .. 75,000

COIMBATORE DISTRICT BOARD.

(1) Bridges and causeways—

(a) Erode division—

1 Constructing culverts in Dharapuram-Pollachi road at 1/3, 5, 6, 2/6 and 3/2, 6 (M.D.R.)	9,000
2 Constructing a causeway in Erode-Chennimalai road at 8/6 (O.D.R.)	8,000
3 Constructing a bridge at mile 0/5 of Satty-Attani road (M.D.R.)	12,000
4 Constructing a causeway at 10/1, 11/4 on Dharapuram-Pollachi road (M.D.R.)	6,000
5 Constructing a causeway at Periakoduveri at Kemparanickenpalayam at 0/8 (O.D.R.)	10,000
6 Constructing a causeway at 2/1 of Archalur-Vellodu road (O.D.R.)	3,000
7 Constructing culverts on Satty-Mettupalayam road, mile 1 to 15 (M.D.R.)	5,000
8 Constructing culverts in Bhavani-Chellampalayam road at 6/5 and 10/5 (M.D.R.)	5,000
9 Constructing a causeway in Punjaipuliampatti-Satyamangalam road (O.D.R.)	5,000

(b) Coimbatore division—

1 Bridge and causeway on Udamalpet-Senjeri road (M.D.R.) Bus route	22,000
2 Reconstructing the causeway at 2/1 of Agricultural College to the foot of Marudamalai Hills (O.D.R.)	20,000
3 Constructing a causeway in 11/4 of Udamalpet-Komaralingam road (Kuthirayar) (M.D.R.)	10,000

(2) Formation of new roads—

(a) Erode division—

1 Forming a road from 9/4 of Gobi-Kunnathur road to Nichampalayam, 2 miles 4 furlongs (V.R.)	500
2 Forming a road from Kollegal-Lekkahanalli road to Lingapuram, 1½ mile (V.R.)	1,500
3 Forming Mettur-Bhavani road to Varadhanallur Ferry, 1 mile 1 furlong (V.R.)	1,100
4 Forming unformed portion of the road from Chinnaputhur to join Dharapuram-Pollachi road, M. 4/3 to 6/0 + 430' (V.R.)	2,500
5 Pasur-Vellodu road to Injampalli, 6 furlongs (V.R.)	1,000
6 7/0 of Gobi-Kunnathur road to Santhyapalayam, miles 0/6 (V.R.)	750
7 Forming a road connecting Martalli with Kollegal-Chellampalayam road, 3 miles 4 furlongs (V.R.)	5,000
8 Forming a road connecting Mettur-Bhavani road to Sanyasipatti road, 2 miles 6 furlongs (V.R.)	2,750
9 Forming a road connecting at miles 32/4 of Coimbatore-Satty road to Tachaperumalpalayam, 2 miles 4 furlongs (V.R.)	2,500
10 Forming a road connecting Palayam to Uganayam, 1 mile 2 furlongs (V.R.)	1,250
11 Thalimalai-Thalavadi road to Naidalapuram, M. 1-4	1,500
12 Navaneri to Dharapuram-Pulavadi road M. 0-6 (V.R.)	750
13 Dharapuram-Palni road to Bommanallur, M. 1-2	1,250
14 Forming a road connecting Kollegal-Singanallur road with Ikkadahalli, M. 2-0 (V.R.)	3,000

(b) Coimbatore division—

1 Forming the gap from Athipalayam to Vaiyampalayam in miles 5/2 to 6/0 in Tadialur-Koilpalayam road including cost of lands (M.D.R.)	12,000
2 Extending the Tadagam-Kanagarai road to Anaikatty (M.D.R.)	40,000

Additional number of works.		Estimated cost.	Grant sanctioned in 1947-8.

Total "52-A." ..			..	4,38,100
Grand Total ..			..	46,24,300

Explanatory note.

Items (1), (7), (13), (34) and (42).—The increase is due to the revision of salaries of work-charged establishment with effect from the 1st January 1947, the operation and maintenance of West Coast Extensions, normal expansion of the Mettur System, increased cost under maintenance and the provision for the Madras Scheme acquired from the Madras Electric Supply Corporation in August 1947.

Items (2) to (5), (8) to (11), (14) to (17), (20) to (23), (27), (28), (35) to (38), (43) to (46), (50) to (52) and (54).—The increase is due to constitution of additional subdivisions, sanction of additional staff, revision of scales of pay, grant of special pay, house-rent allowance and higher dearness allowance and the provision for the staff of the Madras Electricity Scheme. A token supplementary grant was obtained in December 1947 for the additional staff employed in the Madras Electricity Scheme.

In January 1948, the Government sanctioned the employment till the 31st March 1948 of an Assistant Engineer (Electrical) in each of the central offices of the Pykara, Mettur and Andhra Systems to look after the technical and purchase work in the systems. The extra cost involved works out to Rs. 7,700 per annum recurring. As the expenditure is on a 'new service', a token sum is included in the supplementary estimate under item (2).

In February 1948, the Government sanctioned the employment of additional staff in the Hydro-Metric subdivision and in the office of the Special Officer, Hydro-Electric Surveys. The extra cost works out to Rs. 18,300 per annum recurring. As the expenditure is on a 'new service', a token sum is included in the supplementary estimate under item (51).

Items (6), (12), (18) (24), (29), (39), (47) and (53).—The variation is consequent on the variation in capital outlay.

Items (19), (32), (33) and (41).—The increase is due to provision for works to be carried out during the year.

Items (25), (30) and (48).—The increase is mainly due to the drawal of one oil-testing kit and one oil filter in the Vizagapatam area and provision for the purchase of 5 vans for the Madras Electricity System.

Items (26), (31) and (40).—The variation is consequent on the variation in capital outlay.

Item (49).—The provision is mainly to accommodate expenditure on service connection works, which are not expected to be closed before 31st March 1948 for want of prices of stores taken over from the Madras Electric Supply Corporation.

Item (55).—The provision is for the construction of new measuring weirs, recorders' houses, rain-gauge stations including the cost of all accessories thereto.

Item (56).—The increase is in the contingent expenditure consequent on the sanctioning of increased staff, purchase of furniture and survey apparatus and materials.

Item (57).—The Government have sanctioned the purchase of nine Diesel Generating Sets for use in the Electricity Department at an estimated cost of Rs. 12,60,000. The expenditure will be debited initially to 'Suspense' under "52-A. b. Other Revenue Expenditure connected with Electricity Schemes—Miscellaneous Expenditure (including survey)" and later transferred to "81-A. Capital Outlay on Electricity Schemes," when the sets are allotted to particular schemes. The expenditure is on a 'new service'. A token sum of Rs. 100 is included in the supplementary estimate.

The total additional appropriation required for all the items is Rs. 46,24,300 under "Voted" and this amount is included in the supplementary estimate. This amount also includes the cost of the following items which were treated as 'new service':—

- Staff sanctioned for the Madras Electricity System; and
- Deputation of Sri R. Ramachandra Pillai, Assistant Electrical Engineer, to the United Kingdom.

(28) GRANT XXVIII—FAMINE.

Estimate of the amount required for further expenditure.

	RS.
Voted	13,200
Total of sums charged	Nil.

Summary.

Major head. (1)	Minor head. (2)	Sub-head of appropriation. (3)	Estimated amount of further expenditure for 1947-8.	
			Charged. (4)	Voted. (5) RS.
54. Famine— A. Famine Relief.	d. Miscellaneous	Measures for the protection of cattle.	..	13,200

Explanatory Note.

There is an increase in expenditure under this head mainly on account of the purchase and transport of fodder in the Anantapur and Kistna districts. An additional appropriation of Rs. 73,700 is needed to meet the anticipated expenditure. Of this, a sum of Rs. 60,500 has been met by reappropriation from the savings within the Grant. The balance is included in the supplementary estimate.

(29) GRANT XXIX—PENSIONS.

Estimate of the amount required for further expenditure.

	RS.
Voted	8,51,000
Total of sums charged	Nil.

Summary.

Major head. (1)	Minor head. (2)	Sub-heads of appropriation. (3)	Estimated amount of further expenditure for 1947-8.	
			Charged. (4)	Voted. (5) RS.
55. Superannuation allowances and pensions.	g. Charges in England	II. High Commissioner for India—A. Superannuation and retired allowances.	..	8,51,000

Explanatory Note.

Consequent on the transfer of power by the British Government to the Dominion of India from the 15th August 1947, the expenditure relating to the pay, allowances and pensions of the Officers appointed by the Secretary of State for India, which was previously classified as 'Charged' has been reclassified as 'Voted' from that date. An additional appropriation of Rs. 11,87,600 is therefore required under 'Voted' to meet pensions payable in England by the High Commissioner. Of this, a sum of Rs. 3,36,600 has been met by reappropriation from savings within the Grant. The balance is included in the supplementary estimate. (There is a saving of Rs. 13,15,400 under 'Charged'.)

(30) GRANT XXX—STATIONERY AND PRINTING.

Estimate of the amount required for further expenditure.

Voted	Rs.
10,13,100	
Total of sums charged	1,78,100

Summary.

Major head.	Minor head.	Sub-heads of appropriation.	Estimated amount of further expenditure for 1947-8.	
(1)	(2)	(3)	Charged. (4) Rs.	Voted. (5) Rs.
(i) 56. Stationery and Printing.	b. Purchase of Stationery Stores.	A. Stationery purchased in India ..	..	2,00,000

(iv) Do.	(e) Printing at Private Presses.	J. Printing work done for the Secretarial staff of the Governor and the High Court.	1,78,100	..
(v) Do.	(f) Charges in England.	High Commissioner for India—C. Stores for India—Stationery.	..	2,45,700
			..	5,49,200
		Total ..	1,78,100	10,13,100

Explanatory Note.

Item (i).—The additional appropriation is required towards the payment to be made to contractors for supply of paper and stationery articles.

Item (ii).—The additional appropriation is required mainly as a result of the revision of salaries of the establishment of the Government Press.

Item (iii).—The additional appropriation of Rs. 1,78,100 is necessitated by the adjustment in the current year of payments due in respect of 1946-7 and the printing of High Court case sheets during the current year at private presses.

Item (iv).—The additional appropriation is mainly for the payment in the current year of the liabilities of the previous year to private presses for printing the electoral rolls relating to the Provincial Legislature in the districts and the expenditure on the printing of Sessions court cases at local private presses.

Item (v).—The additional appropriation is required as a consequence of a larger purchase of stationery stores from the United Kingdom.

(31) GRANT XXXI—MISCELLANEOUS.

Estimate of the amount required for further expenditure.

Voted	Rs.
400	
Total of sums charged	Nil.

Summary.

Major head.	Minor head.	Sub-heads of appropriation.	Estimated amount of further expenditure for 1947-8.

(iv) 63. Extraordinary charges.	a. Charges in India ..	E. Establishment for Price Control—II. Industries department.	..	100
		Total ..	..	400

Explanatory Note.

Item (i).—The Government have sanctioned the enhancement of the maintenance grant of the inmates of the Sri Sadana Training Home and Shelter, Madras, from Rs. 12 per head per month to Rs. 20 per head per month with effect from the 1st April 1947 to meet the increased expenditure on account of the rise in prices.

The extra expenditure in the current year comes to Rs. 16,200. As the expenditure is on a 'new service', a token appropriation of Rs. 100 is included in the supplementary estimate. The balance of the amount required will be met from savings within the Grant.

The Government have decided to provincialize the Madras Vigilance Service and when this is done, the grant to the Madras Vigilance Association will be discontinued.

Item (ii).—Refugees from Pakistan.—In September 1947, this Government undertook to accommodate about 10,000 refugees from Pakistan and to provide relief for them in this Province till conditions settled down in the North. A contribution of rupees one lakh was sanctioned for providing accommodation and relief to these refugees. There are three officially sponsored refugee camps in and near Madras now—one at Lutterals Gardens, Kilpauk, another at the Holyday Home, Saidapet, and the third at the Malayan Emigration Depot at Avadi. About 1,100 refugees are accommodated in the camps provided by the Government, though more than 5,000 refugees have arrived so far in this Province. An expenditure of Rs. 1,03,824 has been incurred so far and an expenditure of Rs. 27,500 is anticipated for the rest of the financial year. The entire expenditure is incurred on behalf of the Government of India and is to be recovered from them, except for the grant of Rs. 1 lakh from this Government. The Government of India have agreed to bear all expenditure over and above the contribution of Rs. 1 lakh made by this Government. Only expenditure on maintenance of camps, food and clothing for the refugees is incurred by this Government and all other expenditure by the Refugees Relief Committee, Madras, which is a non-official body.

The Government of India have drawn up a scheme for the grant of loans to non-Muslim refugee students and trainees from Western Pakistan, who have arrived in the Indian Dominion. They forwarded a copy of the scheme to this Government and requested that steps should be taken immediately to introduce this scheme in this Province. This Loans Scheme applies only to technical and collegiate education. In respect of school students, studying in the ninth and tenth classes, the Government of India requested that the following concessions should be awarded:—

- They should be given free seats and no fees should be charged from them;
- They should be exempted from the payment of examination fees; and
- a grant up to a maximum of Rs. 75 may be made to each student for books, apparatus and stationery. This Government have accepted the recommendation of the Government of India and have sanctioned the introduction of the Loans Scheme in this Province. They have also sanctioned the grant of the concessions to school students as recommended by the Government of India. The Director of Public Instruction has been appointed as the authority competent to sanction loans to students taking up collegiate and technical education in the educational institutions in this Province and also to grant the concessions to school pupils studying in the ninth and tenth classes. The Government of India stated that the entire expenditure involved on account of the grant of the concessions as well as all bona-fide losses incurred on the working of the Loans Scheme would be met by them if the Provincial Government so desired; this Government considered that the entire expenditure should be met by the Government of India and have written to them accordingly. The expenditure will in the first instance be met by this Government and later on recovered from the Government of India. It is not possible to estimate the total expenditure involved or the amount of expenditure which is likely to be incurred during the current year.

At the request of the Government of India, this Government have agreed to admit 120 refugee students from Pakistan into the Medical Colleges in this Presidency. Up to December 1947, forty-eight students have joined and more are reported to be coming. The entire expenditure on account of the training, boarding and lodging of these students will be met by this Government and recovered from the Government of India, or the students concerned. The Surgeon-General has estimated the expenditure during 1947-8 at Rs. 22,400 under "Medical" and Rs. 26,900 under "Civil Works".

Madras refugees from Sind.—Representations were made to this Government that owing to the riots in Sind there were many Madras destitutes there who were in urgent need of evacuation. It was decided that arrangement should be made for their immediate evacuation. The Government therefore deputed Sri K. Kodandapani Pillai, Special Officer and Protector of Emigrants (now designated Controller of Emigration), to Bombay and Karachi to study the situation and arrange for the evacuation. An advance travelling allowance of Rs. 1,000 was sanctioned for his journeys to Bombay and Karachi. A sum of Rs. 50,000 was also placed at his disposal for his expenditure connected with the despatch of destitute Madras from Sind to Madras. Free transport was provided from Karachi to Madras for these evacuees. Those evacuees who come on their own to Madras are given railway tickets to their home stations and pocket expenses up to a maximum of Rs. 10 per family. The expenditure incurred on travelling allowance to Mr. Kodandapani Pillai and on evacuation of Madras destitutes in Sind is Rs. 9,680. No further expenditure is likely to be incurred under this item. The Government of India have agreed to reimburse this expenditure also.

Madras refugees from Hyderabad (Deccan).—Owing to the riots in Hyderabad State, there has been an influx of refugees from Hyderabad into the districts bordering that State. A sum of Rs. 1 lakh has been sanctioned for expenditure on relief measures for these refugees, such as temporary free accommodation, food and clothing. An expenditure of Rs. 11,000 has been incurred so far and an expenditure of Rs. 25,100 is anticipated for the rest of the financial year. There is a proposal to recover this expenditure also from the Government of India.

As all the items of expenditure mentioned above are items of expenditure not contemplated in the current year's budget and as similar expenditure has not been incurred in the past, the expenditure has been treated as on a "new service". A token appropriation of Rs. 100 is accordingly included in the supplementary estimate. The balance of the expenditure in the current year has been met from savings within the grant.

Item (iii).—In connection with the Independence day celebrations on the 15th August 1947, the Government sanctioned certain items of expenditure such as the purchase of National Flags, distribution of sweets, biscuits, etc., to school children, illumination of Government buildings and arrangements for Military and Police parades. The Government also directed that the Independence day should be celebrated in a fitting manner by all local bodies and that all schools and other institutions under their control should take their proper share in the celebrations. The expenditure incurred by local bodies and managements of private schools on the distribution of sweets to school children was met by the Government. The other items of expenditure incurred by the local bodies were ordered to be met from their general funds.

The total expenditure incurred by the Government on account of the celebrations throughout the Province as reported by the Heads of Departments is about Rs. 3 lakhs. As the expenditure is on a "new service", a token sum of Rs. 100 is included in the supplementary estimate. The balance of the expenditure has been met by reappropriation from savings within the Grant.

Item (iv).—With the reintroduction of the Iron and Steel (Control of Production and Distribution) Order, 1941, from the 1st September 1946, the Government of India formulated a scheme of distribution of the available quantity of steel and allotted to this Province a quantity of 31,000 tons of steel for 1947 under the "Provincial and State Allotments". Owing to several complaints received in respect of the distribution of iron and steel, the Government issued orders in September 1947 reorganising the distribution of iron and steel with a view to eliminating the defects. They also sanctioned the minimum staff mentioned below for the administration of the control for a period of one year from the date of employment.

One Steel Officer (Gazetted) on Rs. 300—50 2—70 per mensem with a conveyance allowance of Rs. 50 per mensem.

One Steel Assistant on Rs. 200—10—300 per mensem with a conveyance allowance of Rs. 25.

Two Senior Superintendents on Rs. 190—240 per mensem each.

Two Junior Superintendents on Rs. 140—190 per mensem each.

Twelve Upper Division Clerks on Rs. 80—125 per mensem each.

Twenty Lower Division Clerks on Rs. 45—90 per mensem each.

Two typists on Rs. 45—90 per mensem each (with a shorthand allowance of Rs. 35 per mensem to one typist possessing the requisite qualifications).

One attender on Rs. 24—30 per mensem.

Nine peons Rs. 10—25 per mensem each.

The cost in 1947-8 is estimated at Rs. 33,800. As the expenditure is on "a new service", a token sum of Rs. 100 is included in the supplementary estimate. The balance of the expenditure will be met from savings within the Grant.

(32) GRANT XXXIII—CAPITAL OUTLAY ON IRRIGATION.

Estimate of the amount required for further expenditure.

Voted	RS. 500
Total of sums charged	Nil.
Summary.

(v) Do.	h. Tools and plant.	Purchase of excavators from the U.S.A. for use in the Tungabhadra project.	..	100
Total ..			..	500

Explanatory Note.

Item (i).—This is a work sanctioned in April 1946. The scheme is intended for the provision of irrigation facilities to 1,281 acres in Kothapudi, Potlapalem, etc., villages in Kistna district. The sanctioned estimate of expenditure for the work is Rs. 89,650. No provision for the works had been made either in the Budget Estimate, 1946-7 or in that of 1947-8. The contribution recoverable from the ryots was recovered only in July 1947 and the scheme has been taken up for execution during the current year. The estimated expenditure on the work during the current year is Rs. 69,700. A token sum of Rs. 100 is included in the supplementary estimate, as funds for the scheme have not been voted by the Legislature so far. The balance of expenditure has been met from savings within the Grant.

Item (ii).—This is a new work sanctioned during the current year as Grow More Food measure. An additional area of 1,245 acres is expected to be brought under cultivation by the Scheme. The sanctioned estimate of expenditure for the works is Rs. 1,04,500. Only a small sum is likely to be spent during the current year. A token sum of Rs. 100 is included in the supplementary estimate, as the expenditure is on a "new service".

Item (iii).—This is also a new work sanctioned during the current year as a Grow More Food measure. The scheme is intended to provide irrigation facilities to a dry block of about 550 acres in Vaivake and Pedathumudi villages in the Kistna district. The sanctioned estimate of expenditure for the work is Rs. 60,000. Only a small sum is likely to be spent during the current year. A token sum of Rs. 100 is included in the supplementary estimate, as the expenditure is on a "new service".

Item (iv).—This is also a new work sanctioned in the current year. The work has been included in the Grow More Food Programme for this year though provision has not been made in the Budget Estimate for 1947-8. The anticipated additional area to be brought under cultivation by the execution of the scheme is 2,825 acres. The sanctioned estimate of the expenditure for the work is Rs. 4,08,000. Only a small sum is likely to be spent during the current year on the preliminary items of the work. A token sum of Rs. 100 is included in the supplementary estimate, as the expenditure is on a "new service".

Item (v).—A provision of Rs. 12.75 lakhs for special tools and plant is included in the estimate sanctioned for the low level main canal portion of the Tungabhadra Project. The amount under the sub-head as technically sanctioned by the Special Chief Engineer was Rs. 14.5 lakhs. The cost of excavators has since risen and it is also found necessary to indent for a larger number of excavators. It is accordingly proposed to sanction a Revised Estimate for Rs. 32 lakhs for the purchase of special tools and plant for the low level main canal. In view of the large increase over the original provision, the revised estimate has been treated as on a 'new service'. A token provision of Rs. 100 is, therefore, included in the supplementary estimate.

(33) GRANT XXXV—CIVIL WORKS OUTSIDE THE REVENUE ACCOUNT.

Estimate of the amount required for further expenditure.

<i>Estimate of the amount required for further expenditure.</i>			RS.
Voted	..	..	200
Total of sums charged	..	..	Nil.
<i>Summary.</i>			
Major head.	Minor head.	Sub-heads of appropriation.	Estimated amount of further expenditure for 1947-8.
(1)	(2)	(3)	Charged. (4)
			Voted. (5)
			RS.
Capital account of Civil Works outside the Revenue Account.	a. Original Works—Buildings.	Post-war Reconstruction—1. Ordinary areas—A. Education—Major works.	
		Purchase of buildings and other assets of the Meat Dehydration Factory at Anantapur	.. 100
Do.	Do.	B. Medical—Major works—	
		(1) Reconstruction of the old Andhra Medical College block..	} .. 100
		(2) Construction of a two twin operation theatres block in the King George Hospital, Vizagapatam	
		(3) Acquisition of land for the future expansion of the King George Hospital, Vizagapatam.	
Total ..			.. 200

Explanatory Note.

Item (i).—The buildings and other assets in the Meat Dehydration Factory at Anantapur belonging to the Government of India are urgently required for the use of the new Engineering College to be located at Anantapur. The Government have therefore, sanctioned the purchase, in the current year, of all the assets in the factory for Rs. 1,87,000. The Government have also sanctioned an expenditure of Rs. 3,70,000 to carry out the alterations and repairs necessary to the buildings to make them suitable for the College. The opening of an Engineering College at Anantapur is a post-war development scheme and the purchase of these assets is included in the Development programme for 1947-8. As the expenditure is on a "new service", a

token sum of Rs. 100 is included in the supplementary estimate. The balance required for expenditure in the current year has been met from savings within the Grant.

Item (ii).—The Government have sanctioned an expenditure of Rs. 14.78 lakhs on the following works connected with the Andhra Medical College and the King George Hospital, Vizagapatam, which were considered very urgent for absorbing the students of the Guntur Medical College, which has since been abolished.

	RS.
(1) Reconstruction of the old medical college block	7,10,000
(2) Construction of a two twin operation theatres block	6,15,000
(3) Acquisition of land for the future expansion of the hospital	1,53,000
Total	14,78,000

As the expenditure is on a "new service" a token sum of Rs. 100 is included in the supplementary estimate. The expenditure in the current year has been met from savings within the Grant.

			..	7,000
		Total	34,600	33,75,000

Explanatory Note.

Item (i).—In July 1947, the Government permitted the Chief Engineer (Electricity) to place firm orders with the Director-General, India Stores Department, Blackpool, for 27 transformers and 17 oil circuit breakers required in the Pykara, Mettur, Papanasam and Andhra Systems at an approximate cost of Rs. 25.522 lakhs. The expenditure is on a "new service." A token sum is included in the supplementary estimate.

Item (ii).—In November 1947, the Government sanctioned an estimate for Rs. 24.74 lakhs initially, rising to Rs. 27 lakhs in eight years, for the construction of additional electric lines and sub-stations in the Mettur Hydro-Electric Systems to cope with the increase in load likely in the near future in the Kumbakonam, Mayavaram and Chidambaram areas. The expenditure on the scheme is on a 'new service'. No expenditure is likely to be incurred during 1947-8 on

the scheme. However, a lump sum provision of Rs. 1,000 is included in the supplementary estimate to meet any unforeseen expenditure during the year.

Item (iii).—In February 1948, the Government sanctioned an expenditure not exceeding Rs. 3 lakhs for the construction of the Villivakkam-Trivellore 33 K.V. line for connecting the Mettur Hydro-Electric System with the Madras Thermal System in order to give relief to the Mettur Power House. The expenditure on the scheme is on a 'new service'. The amount required during the current year is included in the supplementary estimate.

Item (iv).—Pending sanction of the scheme for 65 K.V. extension from Papanasam to Tinnevely and Kayattar, sanction was accorded to the temporary 11 K.V. extension from Kayattar to Talayuthu to meet the demand of the India Cement Factory of about 250 K.W. immediately needed for construction purposes. The expenditure on the main scheme will be on a 'new service'. An expenditure of Rs. 50,000 is likely to be incurred during 1947-8. Provision for this sum is included in the supplementary estimate.

The General Superintendent, Operating Systems, has submitted a proposal for the extension of electricity for a load of about 573 horse-power for agricultural, industrial and domestic purposes, etc., at Sholavandan, Tenur and Samayanallur villages in Madura District Papanasam Hydro Electric System. The total estimated cost of the scheme is Rs. 2,24,500 of which an expenditure of Rs. 35,000 will be incurred in 1947-8 on the advance construction of 6 miles of 11 K.V. lines to Samayanallur for supply of electricity for construction purposes of the Madura Thermal Scheme already sanctioned in 1946. In view of the urgency of the work, the General Superintendent, Operating Systems, has already taken up the construction of this advance scheme, in anticipation of Government sanction. The scheme is remunerative with a revenue of 11.2 per cent per annum which is more than the minimum revenue of 10 per cent prescribed for extensions undertaken by the Government Electricity Department. As the expenditure is on a "new service" the amount required for expenditure in the current year is included in the supplementary estimate.

Item (v).—In February 1948, the Government sanctioned the purchase of four Diesel generating sets for use in the Electricity Department at a cost not exceeding Rs. 3,93,120. The expenditure on the purchase is on a 'new service'. A token sum of Rs. 100 is included in the supplementary estimate.

Item (vi).—In August 1947, the Government sanctioned the purchase of two 175 K.W. Diesel generating sets for use in the Kurnool Thermal Scheme. The expenditure on the purchase is on a 'new service'. A token sum of Rs. 100 is included in the supplementary estimate.

Item (vii).—In February 1947, the Government sanctioned the acquisition of the Madras Electric Supply Corporation. The undertaking was taken over by the Government from the Madras Electric Supply Corporation on 29th August 1947 and an amount of Rs. 1-1/3 crores was paid initially to the Madras Electric Supply Corporation subject to adjustment on completion of the final valuation of the undertaking. Provision was made in the Budget Estimate for 1947-8 only for a token sum of Rs. 100 for the scheme. Rs. 2,36,100 is included in the supplementary estimate and the balance has been met from savings within the Grant.

Item (viii).—The Government have sanctioned the acquisition of the Cuddapah Company Licensed Electrical Undertaking and the improvement of the supply position at Cuddapah, involving an expenditure of Rs. 7.78 lakhs initially, rising to Rs. 8.77 lakhs at the end of the three years. The expenditure is on a 'new service'. A token sum of Rs. 100 is included in the supplementary estimate.

Item (ix).—The appropriation is towards additional compensation awarded by Civil Courts in land acquisition cases.

Item (x).—In February 1948, the Government sanctioned an expenditure of Rs. 15.266 lakhs on the scheme for the expansion of Electricity Department Workshop at the Mettur Dam in order to make more electrical equipment especially, transformers, switches, insulators, etc. The expenditure on the scheme is on a 'new service'. A token sum of Rs. 100 is included in the supplementary estimate.

Item (xi).—In February 1948, the Government sanctioned an expenditure of Rs. 59.71 lakhs initially, rising to Rs. 101 lakhs in 10 years, for the establishment of a Thermal Station at Nellore for supply of power. The expenditure on the scheme is on a 'new service'. Provision for the expenditure during the current year is included in the supplementary estimate.

(35) GRANT XXXVII—OTHER PROVINCIAL WORKS OUTSIDE THE REVENUE ACCOUNT.

Estimate of the amount required for further expenditure.

	RS.
Voted	50,60,900
Total of sums charged	Nil.

Summary.

Major head.	Minor head.	Sub-heads of appropriation.	Estimated amount of further expenditure for 1947-8.

82. Capital Account of other Provincial Works outside the Revenue Account.	a. Original Works—Bus Service.	1. Cost of Buses 2. Cost of Lands and Buildings 3. Tools and Plant		48,13,700 1,41,300 1,05,900
		Total	..	50,60,900

Explanatory Note.

Cost of buses.—In connection with the scheme of nationalization of passenger Bus Services in Madras City, a token provision of Rs. 100 only was made in the Budget Estimate of the current year. The scheme approved by the Government provides for the running of 300 buses ultimately at an estimated cost of Rs. 67 lakhs. In September 1947, the full details of the scheme were placed before the Legislature and a further token grant was obtained. It was then stated that action would be taken to provide the balance of the amount required in the current year by obtaining a supplementary grant in March 1948. The scheme was introduced in October 1947. It is expected to be completed by the 31st March 1948. The additional appropriation included in the present supplementary estimate is required to meet the expenditure so far incurred and the expenditure likely to be incurred in the current year on account of the additional buses that are to be purchased to make up the full complement of 300 buses.

Cost of lands and buildings and tools and plant.—The Automobile Workshop, which was under the control of the Board of Revenue (Civil Supplies), was transferred to the control of the Transport Commissioner with effect from the 1st May 1947. The additional appropriation included in the supplementary estimate is for the adjustment to be made in favour of the Civil Supplies Department towards the cost of buildings and machinery in the workshop and for the purchase of additional machinery required for the workshop.

(36) GRANT XXXIX—CAPITAL OUTLAY ON PROVINCIAL SCHEMES OF STATE TRADING.

Estimate of the amount required for further expenditure.

(iv) Do.	c. Other Miscellaneous Schemes.	Purchase and sale of Japanese silk	..	100
		Deduct—Amount financed from ordinary revenues	..	300
		Total	..	100

Explanatory Note.

Item (i).—In view of the difficult food situation prevailing in the deficit districts, the Government directed the Board of Revenue (Civil Supplies) to arrange for the speedy procurement of the entire surplus of rice in the Northern surplus districts and for its expeditious movement to the districts in need both by rail and sea before the middle of April 1948. As rail transport is inadequate and as the stocks in Malabar district require urgent replenishment, the Board of Revenue (Civil Supplies) is, in accordance with the orders of the Government, arranging to move 15,500 tons of rice from Northern surplus districts to Malabar district by sea. The extra transport charges involved in the arrangement roughly work out to Rs. 3,35,000. As the policy of the Government is that the extra cost involved in moving foodgrains to deficit areas by expensive means of transport should be borne by them, it is proposed to meet the extra cost of Rs. 3,35,000 by a subsidy.

As the expenditure involved in the scheme is on a "new service", a token appropriation of Rs. 100 is included in supplementary estimate. The balance of the amount required for expenditure involved in the scheme has been met by reappropriation from savings within the Grant.

Item (ii).—The Government of India have allotted to the Madras Province 7,400 tons of Cuban sugar. In the case of all foodstuffs including sugar imported from abroad at the instance of the Government of India, the cost is initially met by that Government and then debited to this Province. The release price of Cuban sugar has been fixed at Rs. 37 per imperial maund or Rs. 1,007-14-0 per ton under instructions from the Government of India. On this basis, the total sale proceeds work out to Rs. 74,52,836 or Rs. 74,52,800 roundly, excluding the commission payable to the distributing agents (Messrs. Parry and Company) and the sales tax due to the Provincial Government. The cost price of the sugar is not known, but it is presumed that it will be about the same as the sale price fixed for it. The entire price of sugar including the commission and the sales tax will be recovered from the dealers to whom the sugar has been distributed, so that the net cost to this Government on this scheme is expected to be nil.

As, however, the transactions have to pass through the Provincial accounts, the large initial expenditure has been treated as on a "new service". A token sum of Rs. 100 is therefore included in the supplementary estimate.

Item (iii).—About February 1946, the Provincial stocks of foodgrains at Guntakal reception centre were being stored in rented buildings. The Collector of Anantapur reported that most of the godowns at Guntakal were requisitioned buildings and that the owners were unwilling to carry out any repairs that were considered necessary. It was therefore considered that it would be more advantageous for the Government to construct their own godowns. In March 1946, the Government accorded administrative sanction for the construction of 4 Lahore type godowns at Guntakal. Due to the non-availability of certain controlled categories of iron and steel, there was delay in the construction of the godowns. The construction of the godowns has since been completed. The total expenditure on the construction of the godowns was estimated at Rs. 81,100. As the expenditure involved is on a "new service", a token appropriation of Rs. 100 is included in the supplementary estimate. The balance of the amount required in the current year will be met by reappropriation from savings within the Grant.

Item (iv).—The Government of India offered to sell one lakh of pounds of filature raw silk to this Government from the quota of silk which they had obtained from Japan. In the interest of the Government Silk Filatures, Kollegal, and of the general sericultural industry in the Province, the Director of Industries and Commerce considered that, if he was permitted to sell at a minimum price of Rs. 35 per lb., the Government might accept the offer. The Government have done so. The Central Government have stated that 20 per cent of the profits are to be given to this Government and that the balance will go to the Silk Development Board to be constituted by the Government of India. The silk arrived in Bombay and there was an urgent need for moving it immediately. The total cost for the initial purchase of the silk including the incidental expenditure was estimated to be about Rs. 30 lakhs. This expenditure was treated as on a "new service". A token sum of Rs. 100 is therefore included in the supplementary estimate. The balance of the net expenditure debitable to the Revenue Account in the current year will be met from savings under Grant XXXI. Miscellaneous.

(37) GRANT XL—INTEREST-FREE ADVANCES.

Estimate of the amount required for further expenditure.

Voted	..	..	..	..	..	..	..	RS.
								11,74,300
Total of sums charged	..	..	..	..	..	..	..	Nil.

Summary.

Major head.	Minor head.	Sub-heads of appropriation.	Estimated amount of further expenditure for 1947-8.

(i) Advances repay-able.	a. Civil advances	A. Objection book advances	..	3,00,000
(ii) Do.	b. Revenue advances—Cost of survey marks.	A. Collectors	..	31,000
(iii) Do.	c. Special advances.	A. Advances to hostels	..	8,400
(iv) Do.	Do.	E. Other advances	..	8,34,900
		Total	..	11,74,300

Explanatory Note.

Item (i).—Advances of pay and travelling allowances made to Government servants on first appointment or on transfer or return from leave or on special duty out of India are shown under this head. The increase is due partly to the drawal of pay at higher rates on account of the revised scales of pay and partly to the large number of transfers made on account of the employment of additional temporary establishments in the various offices.

The provision made in the Budget is Rs. 7,59,000. The actuals to the end of December 1947 were Rs. 8,17,442, and it is anticipated that the total expenditure will be about Rs. 10,60,000. A supplementary appropriation of Rs. 3 lakhs roundly is accordingly asked for now.

Item (ii).—The Budget provision under this head is Rs. 62,000. With reference to the actual expenditure for the first nine months, an additional expenditure of Rs. 31,000 is anticipated in the current year.

Item (iii).—A sum of Rs. 5,000 was provided in the Budget Estimate, 1947-8. The first nine months' actuals were Rs. 10,000 and further disbursements to the extent of Rs. 5,000 are anticipated. The total disbursements for the current year are thus estimated at Rs. 15,000. The increase is due mainly to advances sanctioned for "Prohibition" Training Schools. A sum of Rs. 1,600 has been provided by reappropriation and the balance of Rs. 8,400 is included in the supplementary estimate.

Item (iv).—The reasons for the large additional appropriation required are mentioned below briefly :—

(1) *Advances to Milk Supply Societies.*—No provision was made in the budget for these advances. The Government have authorized the issue of advances to these societies to the extent of Rs. 4.30 lakhs. The Registrar of Co-operative Societies disbursed loans totalling Rs. 4.28 lakhs to end of January 1948. It is anticipated that a total sum of rupees five lakhs will be disbursed before the end of the year.

(2) *Advance to Handloom Weavers' Provincial Society.*—The Government have sanctioned an interest-free loan of Rs. 7,500 to the Madras Handloom Weavers' Provincial Society for starting handloom factories. It is expected that this amount will be drawn before the 31st March 1948.

(3) An allotment of Rs. 2.39 lakhs was sanctioned in the year towards payment of advances to colonists under the Wynad Colonization Scheme in the Malabar district. It is anticipated that a sum of Rs. 1,24,000 will be sufficient for disbursements in the current year.

(4) *Other items.*—In addition to the above items, advances have been sanctioned for various other purposes, such as advances to Government servants for the purchase of mosquito nets, advances to irrigation cess fund, advances for the execution of well works, advances to Government servants on account of malaria epidemic and for evacuation of families, advances to Khadi Schemes and advances to the Madras Provincial Sailors', Soldiers' and Airmen's Board as temporary accommodation.

The additional appropriation required in respect of all the items is Rs. 8,34,900. The Budget appropriation was only of Rs. 91,000.

(38) GRANT XLI—LOANS AND ADVANCES BEARING INTEREST.

Total ..			..	4,13,25,100

Explanatory Note.

Item (i).—During recent years, co-operative organizations such as Co-operative Wholesale Stores, Marketing Societies, etc., have been entrusted with schemes of foodgrains procurement in the districts on a far larger scale than in the past. The District Central Banks which were the financing agencies for these institutions were thus called upon to finance these organizations on an unusually large scale. When they had exhausted all their resources, they applied to the Provincial Bank for funds. Thus the Provincial Bank had to face an unprecedented demand for credit from Central Banks. To meet this situation, the Provincial Bank was permitted to utilise a portion of its Reserve Fund in its own business and also to lower its standard of fluid resources in order to enable it to utilise a greater portion of its existing resources in its business. Notwithstanding these measures, the Provincial Bank was not able to meet all the immediate needs for credit of the Central Banks without Government help. The Provincial Bank therefore applied to the Government for an advance of Rs. 2 crores for disbursement as loans to District Co-operative Central Banks for financing the procurement operations undertaken by the co-operative institutions. In view of the urgent necessity for providing funds to the District Central Banks, the Government sanctioned in the months of April and May 1947 temporary advances to the extent of Rs. 2 crores to the Provincial Bank, bearing interest at 2½ per cent per annum. The Bank repaid the advances in full with interest by October 1947. As the need for credit of the Central Banks was still on the increase especially in the month of December when the harvest of

paddy was in full swing and as the Provincial Bank could not raise funds to the extent required from the money market, the Provincial Bank again applied to the Government for fresh temporary advances to the extent of Rs. 2 crores. In view of the urgency, the Government sanctioned to the Provincial Co-operative Bank the advances applied for by it on the same terms. These advances are re-payable in full by 30th September 1948.

A token grant for Rs. 100 was obtained from the Legislature in September 1947, in respect of these advances, as they were on a "new service." An additional appropriation of Rs. 3,99,99,900 is necessary to meet the balance of the disbursements.

Item (ii).—With a view to relieving the acute shortage of housing accommodation in the Province, the Government have launched a vigorous drive for the construction of houses through Co-operative House Construction and House Building Societies. House Construction Societies have already been registered at Madras, Tanjore, Trichinopoly, Palamcottah, etc., and it is proposed to organize housing schemes in all the municipalities and major panchayats of the Province where there is housing shortage. The Government have permitted the Registrar of Co-operative Societies to sanction loans to co-operative housing schemes up to an extent of Rs. 25 lakhs. The provision originally included in the Budget for 1947-8 for loans to Co-operative Building Societies was Rs. 4 lakhs. The total disbursement as now anticipated by the Registrar of Co-operative Societies is Rs. 27 lakhs. The additional appropriation required is therefore Rs. 23 lakhs. A sum of Rs. 15,74,800 has been met by reappropriation and the balance of Rs. 7,25,200 is included in the supplementary estimate.

Item (iii).—In January 1948, the Government sanctioned the payment to Messrs. the Fertilisers and Chemicals, Travancore, Limited, of an advance of Rs. 6 lakhs to be adjusted towards the cost of ammonium sulphate to be supplied to this Government by the firm during the first six months of 1948. The advance will bear interest at 5 per cent per annum.

As the amount involved is large and as no loan for a similar purpose has been sanctioned so far, the proposal has been treated as on a 'new service' and the amount is included in the supplementary estimate.
